Charity Drive Short of Time

Working under the pressure of time, directors of the Arlington Heights United Fund chose officers for the 1964 campaign Monday and planned a belated organizational meeting.

The local appeal is due to start in mid-October if the schedule of past years is followed; but neither the participating organizations nor the campaigners, from drive chairman to block workers, have been chosen.

After a late start last year, which was blamed for sketchy coverage of the village in the campaign's door-to-door solicitation phase, directors of the United Fund organization vowed it would not happen again.

But this year's organizational meeting, tentatively scheduled for the end of this week, is nearly a month later than last year's appointment of a campaign chairman.

NEWLY CHOSEN president of the fund organization, who must face the closing deadline, is C. Fred Leydig, 705 E. Rockwell St., Arlington Heights. Other officers chosen in Monday's meeting at Arlington Heights Federal Savings and Loan Assn. are:

Vice president, Roger Chapman, 531 S. Lincoln; secretary, E. Charles Alft, executive director of the Arlington Heights Chamber of Commerce, and treasurer, W. C. Wolfe, president of the Bank of Arlington Heights.

The executive committee, composed of these officers and directed by Willis Jensen, Herbert Ducey and Norval Stephens, is responsible for appointment of budget, publicity and campaign committees for the 1964 drive.

NEW DIRECTORS for the year were chosen only a week ago under the direction of temporary president Lester McAuliffe after the resignation of Thomas Stewart, president of the United Fund organization during its past two years of operation.

Stewart, who resigned because he had moved from the village, was originally to have set up the mechanics for selection of the new directorate and officers in the spring or early summer.

At that time, most details of the 1963 campaign including late door-to-door solicitations were cleared up, and about $38,000 was distributed to 17 participating organizations.

Goal for that year had been set at $75,000, but a final treasurer's report presented Monday by Paul Collins revealed that total income from the 1963 campaign, including more than $6,000 carried over from the past year, was $45,268.08.

AT THE TIME disbursements to participating organizations were voted, several officers of the United Fund group—among them 1963 campaign chairman Rolland Franzen—expressed the hope that an earlier start in 1964 would bring the drive up to its goal.

Directors now express optimism that the new officers will be able to lick their time deficit. Leydig, member of a prominent Loop law firm, has been active in civic and political affairs in the community for several years. Chapman, who recently moved to Arlington Heights, was previously active in combined appeal work in Rockford and appears to be a likely selection for campaign manager.

In past years, the largest phase of the drive—individual solicitation—has been organized by voting precinct; and workers have been drawn at least partially from the ranks of participating charitable or community organizations.

BUT THE first step is determination of the organizations which will take part. Groups in the community are offered the choice of casting their lots in the combined appeal, staging their own drive, or raising funds by some other means.

The United Fund originated as an effort to combine the community's charitable effort to achieve greater efficiency and economy in collection, but several groups have refused to participate on the grounds that they can collect more money through their own campaigns.

Pedestrian Killed on Rand Rd.

A Palatine man was charged with reckless homicide and failure to yield right-of-way to a pedestrian Aug. 29 after an auto-pedestrian accident on Rand Road west of Chestnut Avenue which resulted in the death of Mrs. John Huege, 50, of Des Plaines.

Carlos Banks, 1242 Linden Ave., Palatine, was picked up by Cook County sheriff's police at the Big House Tavern nearby on Rand Road shortly after the accident.

The accident, which occurred at about 10 p.m. Saturday, was reported to Arlington Heights police by an anonymous caller.

MRS. HUEGE, walking south along the north side of the highway was struck and thrown by the right front fender of the northbound vehicle, which then failed to stop.

Arlington Heights police attended the scene until the county police arrived. Mrs. Huege, who was walking with her husband at the time of the accident, was pronounced dead on arrival at Northwest Community Hospital.

Plans Revised for Street Projects

THE Arlington Heights Board of Local Improvements last week made some revisions in its plans for improvement and extension of streets in the area directly west of the downtown business district.

Temporarily eliminated from the project was the extension of Ridge Avenue north across the Chicago and North Western Railway tracks to where it would merge with Walnut.

But the board decided to proceed with plans for extending Chestnut Street from Campbell a block north to Wing Street. Depending on the route, the extension would involve condemning one or two houses.

Village Engineer Norman Toberman was directed to determine the most suitable route for the street extension.

The plans for the extension of Ridge Avenue, which would give the village another major north-south artery across the railroad tracks, were shelved until an undetermined future date.

The project would involve considerable condemnation proceedings and more expense than the village is willing to assume now, board members determined.

The board made a minor change in its plans to repave Wing Street and widen and repave Ridge Avenue and Salem Avenue. Ridge Avenue will be widened to 36 feet instead of 40 feet from Sigwalt to Campbell.

Ridge is now 36 feet south of Sigwalt; the section from Campbell to Wing will be 28 feet after the improvements are made. Difficulties in obtaining right-of-way have made it impossible to have the street uniform in width.

The section from Sigwalt to Campbell was reduced to lessen the difference in street widths.

A hearing for the project will not be set until the engineer and attorney complete preliminary plans and specifications for the street work, and other problems, such as choosing a route for Chestnut, are solved.

The board has first to ask the village board of trustees for a guarantee for the project.

District 25 Awaits 7,800 Pupils

Race to Finish 2 Schools

About 7,800 students are expected to skip through the portals of District 25 elementary schools in Arlington Heights on the opening days Tuesday and Wednesday of next week, Sept. 8 and 9.

It is a close race to finish two new schools, Greenbrier and Dwyer, in time to accommodate more than 300 of those students, but the administration remains confident in the last days that at least the majority of the work on the buildings will be done.

Up to deadline time, no classroom furnishings or instruction materials had been moved into either school, and registrations are being handled at other nearby facilities.

CLASSES WILL begin Tuesday for children in grades three through eight in all schools, and Wednesday for all children in kindergarten, first and second grades.

With the exception of minor problems at the two schools still under construction, and at Thomas Junior High School completed in mid-August, Asst. Supt. Robert P. Campbell said the first day should be just like any other day.

Registration for pupils new to the district schools has been carried on all summer, he said, in an attempt to avoid any last-minute rush or confusion.

Children in kindergarten, first and second grades have been asked to "bring their parents" to school either this Friday or next Tuesday for conferences with teachers to clear up any problems before opening day.

FEES FOR the elementary students, which are either to be paid at the parent-teacher conferences or sent to school with the students in the upper grades, remain the same as last year for books in all grades.

The single change in all fees is an increase in the towel charge for gym classes in sixth, seventh and eighth grades from $3 to $3:50 per year.

Book fees are: $5 in grades 1 and 2; $7.50 in grades 3, 4 and 5; and $8 in junior high grades.

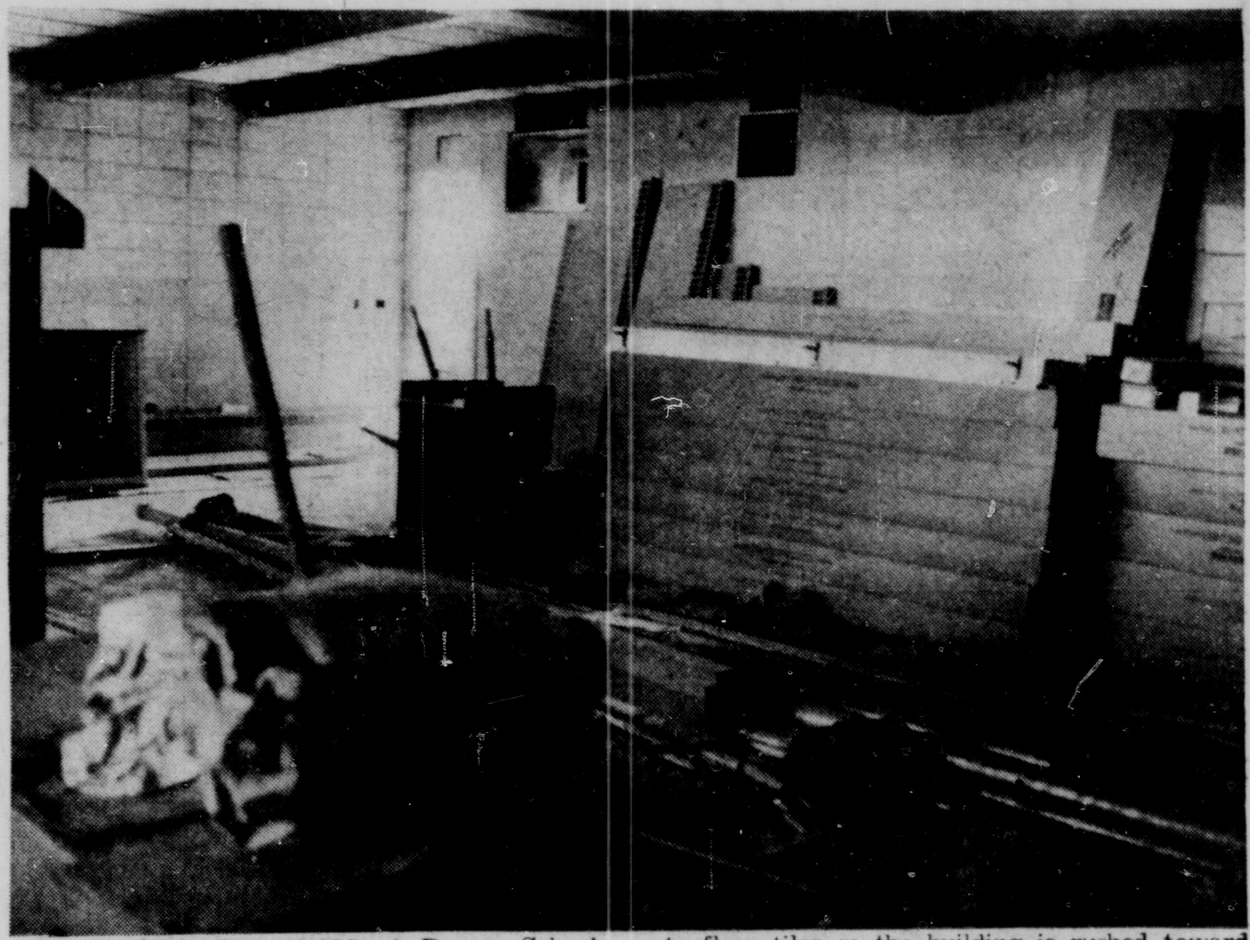
The district has produced a mailing to all parents in the district explaining all fees and procedures, and including a student handbook.

According to projections and past experience, first-day enrollment will be about 150 students lower than the level reached in the first week of October, Campbell said.

HE EXPLAINED that many homes in the district promised for completion by Sept. 1 may be a bit late in completion and occupancy, and that many family vacations may stretch through the first week after Labor Day.

Classes will also begin Sept. 8 in High School District 214, serving the Arlington Heights area with Arlington, Forest View, Prospect and Wheeling High Schools.

Projected enrollment for all District 214 schools, which serve Wheeling and Elk Grove townships, is 8,550 for opening day.



MULTI-PURPOSE ROOM at Dwyer School, under construction on Westgate School site, is still used for storage of everything from fixtures to floor tiles as the building is rushed toward completion.

Weigh Action On Downspouts

The public safety committee of the Arlington Heights village board knows where it wants to go on the problem of downspout connections, but members are not quite sure of how to get there.

There was general agreement at a committee meeting Monday that many residents might have a good point in their objections to a recently-passed ordinance requiring disconnection of downspouts from sewers.

But there was just as much agreement among the engineers, committee members, and Village Mgr. L. A. Hanson that downspouts must be disconnected in some areas to help alleviate problems of basement flooding.

Engineers Bob Peterson and Chuck Tower explained to the committee Monday that roof runoff in short, high-intensity rains may choke lateral sewers if it is not allowed to splash out onto the ground and soak in or run off gradually rather than flow directly through a connection.

THE ENGINEERS agreed that disconnection of all downspouts in the village would be a help, but also noted that there may be many instances in which hardships outweigh advantages.

Hardships would include primarily lots graded toward homes rather than away from them, or closely-spaced homes where spouts would flow into a poor runoff area if disconnected. The result in either case would be direct basement flooding.

Committee chairman Jack Walsh outlined two alternate solutions to the problem — either selective ordinances passed to prohibit downspout connections in certain areas as engineering studies proved the necessity, or a general ordinance with a myriad of exceptions.

THE ENGINEERS and Village Atty Jack Siegel were given the task of coming up with a workable solution which would neither overload the zoning board with variation requests nor overload the village engineering department with surveys.

It was suggested that concrete standards be devised on the basis of which exceptions to a general ordinance could be made.

Study Launched On Garbage Pickup

A citizens' committee to study the pungent question whether garbage pickup in Arlington Heights should be handled at the rear door or curb, or both, is scheduled to meet tonight (Thursday) at 8 p.m. in the municipal building.

The committee of eight was chosen by the Arlington Heights village board to fulfill a pledge that such a determination would be left to the citizens and made before the end of 1964.

Presently, Laseke Disposal Co. offers both types of service, charging a higher price if residents don't want to cart their cans to the curb; but in contract negotiations last fall between Laseke and the village an alternate was offered which would establish uniform rear-door service at a cost between present curb and rear-door rates.

VILLAGE OFFICIALS had suggested the alternate to keep the often-unsightly cans from the view of residents and visitors. Realtors have received frequent complaints that the cans mar the face of the village.

The committee includes one Realtor, Jack Keller, and seven other members from all general geographic areas of the village. In making suggestions, Trustee Norval Stephens selected an even number of those who presently have rear-door service and those who do not.

Other members are: Gerald Beauvais, Elwood Huff, Richard Johnston, Robert Lane, Philip Perkins, Barbara Quinn, and L. Q. Yowell.

Reserve Land for 14 Future Park Sites

The Arlington Heights Plan Commission last week overruled objections from two members and recommended that the village's official map reserve 14 areas as future park sites.

Tom Thornton, the park district superintendent, appeared before the commission to request that the sites be reserved until the district receives approval for their purchase.

Thornton said problems had developed in the past because developers dedicated their least desirable land for parks.

He said reserving these areas on the official map would be a protective device to assure that the district received suitable park sites.

One of the objectors, Clyde Ferry, said he thought the district planned too many parks on the south side of the village, particularly south of Central Road.

FERRY POINTED to the existence of the Busse Woods Forest Preserve nearby, suggesting that a surplus of recreational areas might be created.

The park district plans to purchase seven sites in that area, two major parks and five neighborhood parks.

That area, largely undeveloped, is eyed for future annexation by Arlington Heights.

Ferry found little support for his contention from Thornton or other plan commission members.

THORNTON SAID the village now has less than 100 acres of park land, far under recommended standards of 10 acres per 1,000 population. Even with the purchase of these 200 acres, he said, the village would still be below standards.

Ferry passed when the vote was called. Nick Barkulis, who had said nothing during the debate, voted against the recommendation.

Barkulis afterwards explained ojgt "ctn 'that mobeiaytnoom that "I'm objecting to too many parks. We have to do something with the unused small ones now."

Barkulis said he was aware of a park in the Westgate area which received little use. "The boys play baseball in the street," he said.

The park district plans a referendum sometime this winter for the purchase of much of the 200 acres.

The plan commission's recommendation goes to the village board for final approval.

School's Open Day' Proclaimed

School's Open Day, Sept. 8, was officially proclaimed this week by Village Pres. John G. Woods in an attempt to prepare motorists for the increase of pedestrian traffic.

The proclamation points out specifically that many of the children beginning school next Tuesday or Wednesday may be "entering upon a new adventure," and urges motorists' complete cooperation with school and police officials.

Rhodesian Girl Arrives For Year at Prospect High

Margaret Starr of Bulawayo, Southern Rhodesia, was welcomed into the home of the William C. Tobins on Aug. 19, culminating almost a year of planning by the Prospect High School Student Council, administrative staff and the Foreign Student Exchange Committee, a committee of interested adults in the community, with the American Field Service of New York.

Margaret will be a member of the Tobin family for the 1964-65 school year and will attend Prospect High School as a senior.

The Foreign Student Exchange Committee of Prospect High School was organized last fall to aid the high school in starting a student exchange program. It is the group's aim to interest more people in the community in their work in order to insure the regular exchange of students with other countries.

THROUGH International Fellowship Service this past year they brought a girl from Argentina and a young man from Ecuador to Prospect High School and in exchange Ralph Thompson and Don Jernberg, two Prospect High students, have spent the summer in South America.

Under the American Field Service Americans Abroad Program, a student 16 years of age by June 30, 1965, is eligible for the 1965-66 summer program and school program in the northern hemisphere and those students 16 years of age by Dec. 31, 1964, are eligible for the school program, southern hemisphere, providing the student meets the necessary requirements.

In the AFS summer program the teenagers live with families abroad for 6 to 10 weeks sometime during June, July and August. The school program participants spend from 9 to 13 months abroad depending on the host country.

The 1965 summer program will take participating students from the United States into the following countries: Austria, Belgium, Brazil, Chile, Colombia, Costa Rica, Denmark, Ecuador, Finland, France, Germany, Great Britain, Greece, Guatemala, Iceland, India, Iran, Italy, Japan, Luxembourg, Malagzsy, Malaysia, Netherlands, Norway, Pakistan, Peru, Philippines, Portugal, Spain, Sweden, Switzerland, Syria, Thailand, Turkey, Uganda and Uruguay.

THE SCHOOL program, southern hemisphere, for 1965-66 will take place in Argentina, Australia, Brazil, Chile, Colombia, Costa Rica, Japan, New Zealand, South Africa, Thailand and Uruguay. The school program, northern hemisphere, will send students to Austria, Belgium, Denmark, Finland, France, Germany, Great Britain, Greece, Indonesia, Italy, Netherlands, Norway, Spain, Sweden, Switzerland and Turkey.

Anyone wanting more information or willing to aid in promoting the program should call A. E. Jernberg, CL 3-6074, president of the Foreign Student Exchange Committee.

Deanna Warejcka To Teach in Nigeria

A pretty Arlington Heights girl departed Monday with more than 100 other volunteers to spend two years teaching in Nigeria with the Peace Corps.

Miss Deanna Warejcka, daughter of Mr. and Mrs. Venzel Warejcka, 1009 North Princeton Ave. and the other volunteers have been requested by the Nigerian government to teach in secondary schools and teacher training colleges

There are 330 volunteer teachers currently serving in Nigeria at the secondary and university levels. About the same time the group Miss Warejcka is with arrives another 85 volunteers in community development and agricultural extension will also go to Nigeria.

NIGERIA will remain the largest Peace Corps program in Africa despite the fact that several hundred volunteers are scheduled to come home this summer and fall after completing two years of service.

In addition to teaching duties, Miss Warejcka and other volunteers are expected to assume leadership in initiating extra-curricular projects. Several will be assigned as junior instructors in one of the country's five universities, according to Peace Corps plans.

Miss Warejcka attended nine weeks of intensive preparation at Columbia Teacher's College, Columbia University, New York City.

DEANNA WAREJCKA

Emphasis there was placed on teaching practice and the uniqueness of the Nigerian system of education. She and other volunteers took courses on the history, culture and traditions of the country.

THEY ALSO were given a thorough briefing on living abroad and studied one of the country's four major languages.

There are 6,100 other Americans now working for the Peace Corps in 46 African, Asian and Latin American countries. An additional 5,000 volunteers are being trained to meet requests of these and other nations.

Downtown Ordinance On Agenda

More work is scheduled for tonight (Thursday) on a proposed high-rise commercial and residential zoning classification for the Arlington Heights central business district.

The plaza committee of the plan commission, which presented a working draft of the ordinance to the commission as a whole last night, plans to review its preliminary work to get the document ready for formal hearing continued to Sept. 16.

A FIRST draft was presented for consideration by the plan commission by Village Atty. Jack Siegel at the request of the village board.

The present working copy is much changed from the original, but keeps a height limit of 90 feet as an intended spur to downtown redevelopment.

In the draft's present form, both residential and commercial development would be permitted, though lot area and ground use requirements would favor commercial development.

Jaycees To Solicit Funds for Olympics

The Arlington Heights Jaycees will lend their support to their national organization's drive to raise $1 million for the United States Olympic Team with a special day of solicitation Sept. 5 at Arlington Market shopping center.

The local Jaycee chapter, with the cooperation of the 45th Artillery Brigade at the Arlington Heights Nike Base will display a Nike Hercules missile at the center this Saturday from 9 a.m. to closing.

"Launch the U.S. Olympic Team" will be the theme of the local drive, which is aimed at a contribution of $200 or more toward the national effort.

A "Run for the Money" by the United States Junior Chamber of Commerce began this week on the east coast with the lighting of an olympic torch which is to be carried by Jaycee runners to Los Angeles by Sept. 26.

THE 50,000 Jaycee chapters throughout the nation have been asked to take equal parts in collecting the $1 million still lacking in contributions to finance the Olympic Team's trip to Tokyo this fall.

The Jaycee torch is scheduled to pass through Illinois Sept. 8-9, but not through the Chicago area.

Those wishing to contribute to the Jaycee olympic fund by mail may mail checks to Olympic Fund, Box 1, Arlington Heights. Several members of the local chapter will be on hand Saturday at Arlington Market to take contributions.

Bomb Explodes In Refuse Can

A home-made bomb exploded at 11 p.m. Thursday, Aug. 28, in a refuse can at McDonald's Drive-In, 1592 E. Northwest Hwy., blowing a 9-lb. lid an estimated 15 feet in the air.

An Arlington Heights officer on special duty at the drive-in witnessed the incident, but reported seeing nobody near the can before the explosion.

Investigation revealed the bomb was probably composed of shotgun powder folded in a paper cup from the restaurant, and a wick or fuse.

Rhodesian Girl Arrives For Year at Prospect High

Margaret Starr of Bulawayo, Southern Rhodesia, was welcomed into the home of the William C. Tobins on Aug. 19, culminating almost a year of planning by the Prospect High School Student Council, administrative staff and the Foreign Student Exchange Committee, a committee of interested adults in the community, with the American Field Service of New York.

Margaret will be a member of the Tobin family for the 1964-65 school year and will attend Prospect High School as a senior.

The Foreign Student Exchange Committee of Prospect High School was organized last fall to aid the high school in starting a student exchange program. It is the group's aim to interest more people in the community in their work in order to insure the regular exchange of students with other countries.

THROUGH International Fellowship Service this past year they brought a girl from Argentina and a young man from Ecuador to Prospect High School and in exchange Ralph Thompson and Don Jernberg, two Prospect High students, have spent the summer in South America.

Under the American Field Service Americans Abroad Program, a student 16 years of age by June 30, 1965, is eligible for the 1965-66 summer program and school program in the northern hemisphere and those students 16 years of age by Dec. 31, 1964, are eligible for the school program, southern hemisphere, providing the student meets the necessary requirements.

In the AFS summer program the teenagers live with families abroad for 6 to 10 weeks sometime during June, July and August. The school program participants spend from 9 to 13 months abroad depending on the host country.

The 1965 summer program will take participating students from the United States into the following countries: Austria, Belgium, Brazil, Chile, Colombia, Costa Rica, Denmark, Ecuador, Finland, France, Germany, Great Britain, Greece, Guatemala, Iceland, India, Iran, Italy, Japan, Luxembourg, Malagzsy, Malaysia, Netherlands, Norway, Pakistan, Peru, Philippines, Portugal, Spain, Sweden, Switzerland, Syria, Thailand, Turkey, Uganda and Uruguay.

THE SCHOOL program, southern hemisphere, for 1965-66 will take place in Argentina, Australia, Brazil, Chile, Colombia, Costa Rica, Japan, New Zealand, South Africa, Thailand and Uruguay. The school program, northern hemisphere, will send students to Austria, Belgium, Denmark, Finland, France, Germany, Great Britain, Greece, Indonesia, Italy, Netherlands, Norway, Spain, Sweden, Switzerland and Turkey.

Anyone wanting more information or willing to aid in promoting the program should call A. E. Jernberg, CL 3-6074, president of the Foreign Student Exchange Committee.

League of Women Voters Begins Registration Drive

Using the slogan, "Your Vote Makes a Difference," Arlington Heights League of Women Voters members have begun an extensive campaign to remind area residents to register.

The drive aimed at encouraging everyone — and especially women — to register, will culminate with observance of Women Voters Week from Sept. 13 to 19.

In the next week's registration reminders will be passed out by League members at Arlington Heights and Mount Prospect train stations, in village banks and at Elk Grove, Rolling Meadows and Randhurst shopping centers.

A special leaflet for area newcomers, explaining how to get the Illinois "new resident" ballot listing president and vice president choices only, has already been distributed by the League. It is available from Chamber of Commerce and Welcome Wagon visitors, from Newcomers Clubs and at Elk Grove shopping center stores.

THE NEWCOMER leaflet, called "If You've Just Moved to Town, You Can Still Vote for President," can also be obtained by calling Mrs. Donald Krezek, LWV voter service chairman, at 392-7952.

Plans for the registration drive and general Women Voters Week observance were announced by Mrs. Russell Gardner, Arlington Heights League president.

"Im sure no one in Illinois needs to be told how important each vote is," she commented. "A change of less than one vote in each Illinois precinct in 1960 would have elected Richard Nixon instead of John F. Kennedy."

"And in Minnesota in 1962 the margin was so close that it took four months to find out who the governor really was. In the end Karl Rolvaag was named the winner, but by just 9 votes out of 619,000," Mrs. Gardner pointed out.

"We want to emphasize that in reminding everyone to take time now to register so they can vote Nov. 3," the League President added.

REGISTRATION of women is being emphasized because fewer women register and vote than men. The President's Commission on Voting and Registration Participation found that 10 per cent fewer women vote than men.

Here in the Northwest suburbs, Mrs. Gardner said, most women who don't register are newcomers. They may be too new to Illinois and the area to be eligible to vote at all, or, although they have lived here long enough to qualify, they still don't feel informed on local issues.

To vote the regular slate, by Nov. 3 a person must have lived in Illinois a year, in Cook County 90 days and in his precinct 30 days, and must be registered. Registrations will be accepted by village and township clerks until Sept. 21 and in the county building, Chicago, until Oct. 6.

The state will use this year for the first time a special Presidential-only ballot, available for persons who have not qualified as residents yet but who will have lived in the state 60 days by Nov. 3. That ballot can be applied for only at the county building, and the application must be made by Oct. 4.

Pilot Escapes as Fuel Tanks Explode

A reserve Marine pilot from Arlington Heights escaped from his plane Sunday only moments before it exploded after an unsuccessful takeoff attempt at Glenview Naval Air Station.

Capt. Charles R. Ferree, 30, of 1305 Plymouth Ave., suffered face burns but avoided serious injury in the fire which followed explosion of two fuel tanks slung under the plane's wings.

The plane, an A-4D Skyhawk, came to a halt near the end of the southwest runway after Ferree detected a malfunction just before lift-off and was forced to throttle back.

IT WAS STOPPED several hundred yards short of homes by the pilot's release of a tail hook, which caught an arresting wire stretched across the end of the runway.

Ferree jettisoned the canopy and jumped out after the plane veered and stopped. Comdr. Richard G. Altman, executive officer at the base, said the oxygen mask the pilot wore probably prevented more serious face burns.

A second jet took off successfully at the same time Ferree's plane crashed. The two were to fly in formation. (A

Cyclists Snatch Stroller

In the wake of a summer long wave of bicycle thefts comes a report of something new in the sticky finger department — stroller snatching.

A blue and white baby stroller, property of a north side Arlington Heights grandmother on grandma duty, disappeared last week but not mysteriously.

A NEIGHBOR saw two boys ride by on bikes, deftly hook the stroller between them and ride off into the sunset with it. The neighbor admits it was as neat a heist job as she's ever seen, almost professional in its timing, and wonders if the syndicate has branched out into a new racket — hot go-carts, junior grade.

Grandma wonders if the stroller-rollers would like the rest of their loot, a detachable awning that was detached at the time of the snatch. They can have it by calling on her at 1237 N. Dunton.

Or they might even consider cycling past once more, depositing the stroller where they found it, and riding off into the sunset and some other line of work.

League of Women Voters Begins Registration Drive

Using the slogan, "Your Vote Makes a Difference," Arlington Heights League of Women Voters members have begun an extensive campaign to remind area residents to register.

The drive aimed at encouraging everyone — and especially women — to register, will culminate with observance of Women Voters Week from Sept. 13 to 19.

In the next week's registration reminders will be passed out by League members at Arlington Heights and Mount Prospect train stations, in village banks and at Elk Grove, Rolling Meadows and Randhurst shopping centers.

A special leaflet for area newcomers, explaining how to get the Illinois "new resident" ballot listing president and vice president choices only, has already been distributed by the League. It is available from Chamber of Commerce and Welcome Wagon visitors, from Newcomers Clubs and at Elk Grove shopping center stores.

THE NEWCOMER leaflet, called "If You've Just Moved to Town, You Can Still Vote for President," can also be obtained by calling Mrs. Donald Krezek, LWV voter service chairman, at 392-7952.

Plans for the registration drive and general Women Voters Week observance were announced by Mrs. Russell Gardner, Arlington Heights League president.

"Im sure no one in Illinois needs to be told how important each vote is," she commented. "A change of less than one vote in each Illinois precinct in 1960 would have elected Richard Nixon instead of John F. Kennedy."

"And in Minnesota in 1962 the margin was so close that it took four months to find out who the governor really was. In the end Karl Rolvaag was named the winner, but by just 91 votes out of 619,000," Mrs. Gardner pointed out.

"We want to emphasize that in reminding everyone to take time now to register so they can vote Nov. 3," the League President added.

REGISTRATION of women is being emphasized because fewer women register and vote than men. The President's Commission on Voting and Registration Participation found that 10 per cent fewer women vote than men.

Here in the Northwest suburbs, Mrs. Gardner said, most women who don't register are newcomers. They may be too new to Illinois and the area to be eligible to vote at all, or, although they have lived here long enough to qualify, they still don't feel informed on local issues.

To vote the regular slate, by Nov. 3 a person must have lived in Illinois a year, in Cook County 90 days and in his precinct 30 days, and must be registered. Registrations will be accepted by village and township clerks until Sept. 21 and in the county building, Chicago, until Oct. 6.

The state will use this year for the first time a special Presidential-only ballot, available for persons who have not qualified as residents yet but who will have lived in the state 60 days by Nov. 3. That ballot can be applied for only at the county building, and the application must be made by Oct. 4.

Pilot Escapes as Fuel Tanks Explode

A reserve Marine pilot from Arlington Heights escaped from his plane Sunday only moments before it exploded after an unsuccessful takeoff attempt at Glenview Naval Air Station.

Capt. Charles R. Ferree, 30, of 1305 Plymouth Ave., suffered face burns but avoided serious injury in the fire which followed explosion of two fuel tanks slung under the plane's wings.

The plane, an A-4D Skyhawk, came to a halt near the end of the southwest runway after Ferree detected a malfunction just before lift-off and was forced to throttle back.

IT WAS STOPPED several hundred yards short of homes by the pilot's release of a tail hook, which caught an arresting wire stretched across the end of the runway.

Ferree jettisoned the canopy and jumped out after the plane veered and stopped. Comdr. Richard G. Altman, executive officer at the base, said the oxygen mask the pilot wore probably prevented more serious face burns.

A second jet took off successfully at the same time Ferree's plane crashed. The two were to fly in formation. (A

Cyclists Snatch Stroller

In the wake of a summer long wave of bicycle thefts comes a report of something new in the sticky finger department — stroller snatching.

A blue and white baby stroller, property of a north side Arlington Heights grandmother on grandma duty, disappeared last week but not mysteriously.

A NEIGHBOR saw two boys ride by on bikes, deftly hook the stroller between them and ride off into the sunset with it. The neighbor admits it was as neat a heist job as she's ever seen, almost professional in its timing, and wonders if the syndicate has branched out into a new racket — hot go-carts, junior grade.

Grandma wonders if the stroller-rollers would like the rest of their loot, a detachable awning that was detached at the time of the snatch. They can have it by calling on her at 1237 N. Dunton.

Or they might even consider cycling past once more, depositing the stroller where they found it, and riding off into the sunset and some other line of work.

Move to End Water Shortage in Sherwood

The board of local improvements last week took initial steps toward possible solution of the chronic water shortages in Arlington Heights Sherwood subdivision.

Village Engineer Norman Toberman was directed to prepare plans, specifications, and cost estimates for a system of water mains to connect present dead-end lines to a feeder main in Thomas Street.

Residents of the subdivision, located north of Oakton and adjacent to the Lutheran Home for the Aged, have complained that their taps periodically run dry during summer.

THE VILLAGE'S consulting engineers, Consoer, Townsend and Associates, have refused to guarantee that installation of the mains would solve the problem.

For this reason, board member Russell Colvin suggested that action be postponed. He asked that the board wait until it determines whether a new well being drilled in the area would solve the problem.

Board member Harold Klingner disagreed. "It's only a guess it won't help," he said, "if it does, it's well worth the chance."

Klingner asked that the board take action to prevent the possibility of a fire hazard or health problem.

COLVIN LATER joined the other three board members present to approve the action.

The engineering firm has also suggested that a low water level in the village reservoir which serves that area may cause the problem. The village is considering purchasing a gauge so it can more easily regulate the water level.

The cost of the assessment to install the mains has tentatively been estimated at $20,720.

Most of the assessment would fall on a builder, Morris Wrobel, and possibly one or two other property owners in the area.

Wrobel's firm, Mor - Wel builders, is seeking to build homes on the property where the mains would be installed.

Bickley, Williams To Share Platform

The area's first major political tilt of the November election campaign may well take place Thursday, Sept. 10, before members of the Arlington Heights branch of the American Association of University Women.

Speakers at that meeting, to take place at 8 p.m. in the Arlington Heights Federal Savings and Loan Building, will be John Bickey, Republican state's attorney candidate from Mount Prospect, and Lynn Williams, Winnetka resident and Democratic contender for the 13th Congressional District representative's seat now held by Donald Rumsfeld (R) of Glenview.

ARRANGEMENTS for the program, which will include a question - and - answer period, were made by Mrs. Robert Nelson of Rolling Meadows, first vice president.

"We have asked both men," Mrs. Nelson said, "to emphasize party policies rather than their own particular candidacy during the 20 minutes each of them will speak. Then our members will have a chance to question." Mrs. Nelson will introduce the men.

A third candidate will also appear at the AAUW branch meeting. Eugene F. Schlickman, Republican candidate for a state House of Representatives seat, will attend the meeting to discuss the unprecedented at-large House ballot.

Arrangements for his appearance were made through the Wheeling Township Republican Women's Club, which is offering to provide speakers to explain the House at-large "blanket" ballot.

The politically-oriented AAUW meeting will follow by two days a coffee given by the Arlington Heights branch for prospective members. The coffee, to take place at 8 p.m. Tuesday, Sept. 8, in Pioneer Park fieldhouse was planned by a committee that icluded Mrs. Gilbert Tierney of Arlington Heights, chairman; Mrs. Robert Kocher, of Arlington Heights, invitations chairman; and Mrs. Dan C. Farris of Palatine, food chairman.

Non-members interested in attending the coffee or the general meeting should contact Mrs. B. E. H. Waring of Mount Prospect, membership chairman, at 392-3599.

BICKLEY, A TRIAL attorney, is a partner in the firm of Peterson, Bogucki and Bickley and has served as an assistant U. S. district attorney. Now 34, he holds a reserve commission in the U. S. Marine Corps as a major; was a trustee of the village of Mount Prospect, serving as chairman of its police committee, and has been active in Young Republican and regular Republican organizations. He has lived in Elk Grove township since 1957.

Williams, an educator, attorney, businessman and scientist, is founder and president of Anocut Engineering Co., Elk Grove Village. He was founder and first president of the Great Books Foundation and is a former vice president of the University of Chicago.

Club Founded in 1955 To Promote Gardening

(Another in a series of articles on the aims and activities of member organizations of the Arlington Heights Community Council.)

In 1955 the Arlington Heights Garden Club was founded by Mrs. Irene Lisec, now a resident of Largo, Fla., with the following purpose: "To promote the love of gardening, to cultivate a spirit of beauty in the home grounds, to encourage the study of horticulture, to promote civic beautification and to help in the conservation of wild flowers and bird life."

Since there was no club of this type in Arlington Heights, its charter members planned a place where gardeners and flower arrangers could discuss their gardening problems and give advice to fellow gardeners.

Membership was open to both men and women, a procedure different from the customary organization of this type, and today is composed of residents of Rolling Meadows, Mount Prospect, Prospect Heights and Palatine, as well as Arlington Heights.

Meetings are held on the fourth Monday of each month at Pioneer Park fieldhouse at 8 p.m. Only exception is December when the regular meeting is supplanted by a Christmas workshop held early in December, where instruction is given in making of wreaths and other seasonal decorations and at which wreaths and flower arrangements are made for the library, village hall, park fieldhouses and hospital.

OTHER ACTIVITIES covered by the dues are monthly flower arranging workshops, the main purpose of which is instruction for the annual flower show, and a subscription to Garden Glories, a bi-monthly magazine. Discount prices also are available for garden tools, fertilizer and other flower arranging and garden supplies.

The local club is a member of the Garden Club of Illinois and supports its work with part of local dues.

Primary fund raising project is the annual flower show, scheduled this year on Oct. 3 and 4 with the theme, "Campaign to Champagne." The show consists mainly of artistic flower arrangements and table settings and a horticulture division. In each of these there is a section for juniors from the ages of 6 to 10 and from 10 to 16.

Competition in the artistic division is restricted to members of garden clubs, here or in other cities, but competition in the horticulture division is open to all. Sale of spring bulbs, such as crocus, tulips and daffodils also is conducted. Chairman of this year's show is Mrs. Saunders Reinhard.

ANOTHER fund raising project is a plant sale, customarily held in the spring.

Seeking to help in the beautification of the village, the Garden Club has planted window boxes at the Chicago and North Western Railway station, participated with other clubs in planting of evergreens and shrubs at Northwest Community Hospital, participated in decorating the village at Christmas time by putting wreaths on several municipal buildings and decorations on signposts at the village limits.

This year the club planted petunias at the entrance driveway of Northwest Community Hospital. Members also visited the Hubert Fischer Daylily Garden in Hinsdale.

Move to End Water Shortage in Sherwood

The board of local improvements last week took initial steps toward possible solution of the chronic water shortages in Arlington Heights Sherwood subdivision.

Village Engineer Norman Toberman was directed to prepare plans, specifications, and cost estimates for a system of water mains to connect present dead-end lines to a feeder main in Thomas Street.

Residents of the subdivision, located north of Oakton and adjacent to the Lutheran Home for the Aged, have complained that their taps periodically run dry during summer.

THE VILLAGE'S consulting engineers, Consoer, Townsend and Associates, have refused to guarantee that installation of the mains would solve the problem.

For this reason, board member Russell Colvin suggested that action be postponed. He asked that the board wait until it determines whether a new well being drilled in the area would solve the problem.

Board member Harold Klingner disagreed. "It's only a guess it won't help," he said, "if it does, it's well worth the chance."

Klingner asked that the board take action to prevent the possibility of a fire hazard or health problem.

COLVIN LATER joined the other three board members present to approve the action.

The engineering firm has also suggested that a low water level in the village reservoir which serves that area may cause the problem. The village is considering purchasing a gauge so it can more easily regulate the water level.

The cost of the assessment to install the mains has tentatively been estimated at $20,720.

Most of the assessment would fall on a builder, Morris Wrobel, and possibly one or two other property owners in the area.

Wrobel's firm, Mor - Wel builders, is seeking to build homes on the property where the mains would be installed.

Bickley, Williams To Share Platform

The area's first major political tilt of the November election campaign may well take place Thursday, Sept. 10, before members of the Arlington Heights branch of the American Association of University Women.

Speakers at that meeting, to take place at 8 p.m. in the Arlington Heights Federal Savings and Loan Building, will be John Bickey, Republican state's attorney candidate from Mount Prospect, and Lynn Williams, Winnetka resident and Democratic contender for the 13th Congressional District representative's seat now held by Donald Rumsfeld (R) of Glenview.

ARRANGEMENTS for the program, which will include a question - and - answer period, were made by Mrs. Robert Nelson of Rolling Meadows, first vice president.

"We have asked both men," Mrs. Nelson said, "to emphasize party policies rather than their own particular candidacy during the 20 minutes each of them will speak. Then our members will have a chance to question." Mrs. Nelson will introduce the men.

A third candidate will also appear at the AAUW branch meeting. Eugene F. Schlickman, Republican candidate for a state House of Representatives seat, will attend the meeting to discuss the unprecedented at-large House ballot.

Arrangements for his appearance were made through the Wheeling Township Republican Women's Club, which is offering to provide speakers to explain the House at-large "blanket" ballot.

The politically-oriented AAUW meeting will follow by two days a coffee given by the Arlington Heights branch for prospective members. The coffee, to take place at 8 p.m. Tuesday, Sept. 8, in Pioneer Park fieldhouse was planned by a committee that icluded Mrs. Gilbert Tierney of Arlington Heights, chairman; Mrs. Robert Kocher, of Arlington Heights, invitations chairman; and Mrs. Dan C. Farris of Palatine, food chairman.

Non-members interested in attending the coffee or the general meeting should contact Mrs. B. E. H. Waring of Mount Prospect, membership chairman, at 392-3599.

BICKLEY, A TRIAL attorney, is a partner in the firm of Peterson, Bogucki and Bickley and has served as an assistant U. S. district attorney. Now 34, he holds a reserve commission in the U. S. Marine Corps as a major; was a trustee of the village of Mount Prospect, serving as chairman of its police committee, and has been active in Young Republican and regular Republican organizations. He has lived in Elk Grove township since 1957.

Williams, an educator, attorney, businessman and scientist, is founder and president of Anocut Engineering Co., Elk Grove Village. He was founder and first president of the Great Books Foundation and is a former vice president of the University of Chicago.

DISPUTATION; act of disputing; controversy; debate. "After a lengthy disputation, the members were asked to vote on the question."

Club Founded in 1955 To Promote Gardening

(Another in a series of articles on the aims and activities of member organizations of the Arlington Heights Community Council.)

In 1955 the Arlington Heights Garden Club was founded by Mrs. Irene Lisec, now a resident of Largo, Fla., with the following purpose: "To promote the love of gardening, to cultivate a spirit of beauty in the home grounds, to encourage the study of horticulture, to promote civic beautification and to help in the conservation of wild flowers and bird life."

Since there was no club of this type in Arlington Heights, its charter members planned a place where gardeners and flower arrangers could discuss their gardening problems and give advice to fellow gardeners.

Membership was open to both men and women, a procedure different from the customary organization of this type, and today is composed of residents of Rolling Meadows, Mount Prospect, Prospect Heights and Palatine, as well as Arlington Heights.

Meetings are held on the fourth Monday of each month at Pioneer Park fieldhouse at 8 p.m. Only exception is December when the regular meeting is supplanted by a Christmas workshop held early in December, where instruction is given in making of wreaths and other seasonal decorations and at which wreaths and flower arrangements are made for the library, village hall, park fieldhouses and hospital.

OTHER ACTIVITIES covered by the dues are monthly flower arranging workshops, the main purpose of which is instruction for the annual flower show, and a subscription to Garden Glories, a bi-monthly magazine. Discount prices also are available for garden tools, fertilizer and other flower arranging and garden supplies.

The local club is a member of the Garden Club of Illinois and supports its work with part of local dues.

Primary fund raising project is the annual flower show, scheduled this year on Oct. 3 and 4 with the theme, "Campaign to Champagne." The show consists mainly of artistic flower arrangements and table settings and a horticulture division. In each of these there is a section for juniors from the ages of 6 to 10 and from 10 to 16.

Competition in the artistic division is restricted to members of garden clubs, here or in other cities, but competition in the horticulture division is open to all. Sale of spring bulbs, such as crocus, tulips and daffodils also is conducted. Chairman of this year's show is Mrs. Saunders Reinhard.

ANOTHER fund raising project is a plant sale, customarily held in the spring.

Seeking to help in the beautification of the village, the Garden Club has planted window boxes at the Chicago and North Western Railway station, participated with other clubs in planting of evergreens and shrubs at Northwest Community Hospital, participated in decorating the village at Christmas time by putting wreaths on several municipal buildings and decorations on signposts at the village limits.

This year the club planted petunias at the entrance driveway of Northwest Community Hospital. Members also visited the Hubert Fischer Daylily Garden in Hinsdale.

Current officers are Mrs. Lawrence Brown, 7 N. Forrest, president; Mrs. Donald Castella, Route 3, Palatine, vice president; W. A. Fricke, 103 S. Waterman, treasurer; Mrs. Wilfred Chalifoux Jr., 301 N. Harvard, recording secretary, and Mrs. Joseph Koenen, 529 S. Prindle, corresponding secretary. (A

4 Names Mentioned for GOP Post

Brown Favored To Succeed Church

by **BOB SETLIK**
Staff Writer

The resignation of Ralph Church as the 13th District Republican state central committeeman has produced a hatful of candidates but no winners yet.

Church, an Evanston resident, resigned three weeks ago, citing business and personal reasons. The wild scramble for the post involves the important factions in the party.

He refused to endorse a replacement. Declaring themselves eligible were Cook County Sheriff Richard B. Ogilvie, Alexander MacArthur, Palatine Township committeeman and Ogilvie's chief assistant; Edgar D. Jannotta, of Winnetka, a campaign aide to Charles H. Percy, and David E. Brown, president of the New Trier Republican Organization.

The 13th District contains 10 townships and the 50th Ward of Chicago. It includes the townships of Hanover, Schaumburg, Wheeling, Elk Grove and ranges to the north shore area.

The committeeman will sit on the 24-man state committee, which has never been powerful in state Republican politics but still has an influential rote. It plans the strategy for state and national campaigns, formulates policy, fills vacancies on ballots, and has other housekeeping tasks.

THE 13th DISTRICT has a particularly influential role on the committee. Each committeeman's voting strength is weighed according to the party vote in his district. The 13th and 14th districts deliver the largest Republican vote in the state.

The 10 township and one ward committeeman must meet to choose a replacement. Their votes are weighted, also, according to the Republican vote in their township.

This means that the more populous eastern end of the 13th District, Evanston, New Trier, Northfield, and Niles Township, can elect a replacement by themselves.

But the township committeemen from the North Shore area have failed to agree on a candidate. Neither have the committeemen from the northwest suburban townships.

SHERIFF OGILVIE's entrance into the contest has created a major problem for some committeemen.

"I think the committeemen are taking their time to see whether Ogilvie wants to make a push for it,'' said Tom Houser, Wheeling Township committeeman.

Houser, campaign manager for Republican gubernatorial candidate Charles Percy, is not sure whether Ogilvie is a serious candidate.

Most of the other committeemen have the same doubts. None of those interviewed avowed support for Ogilvie.

Houser is supporting Edgar Jannotta, the Winnetka resident who managed Cong. Donald Rumsfeld's campaign in 1962 and now is an aide to Percy.

OGILVIE supported state treasurer William Scott, Percy's opponent , during the Republican primary.

Another i mportan figure in the Percy campaign explained that Ogilvie could probably have the post without opposition if he really made a push for it.

"If he wants it, I don't think we're going to risk a dispute,'' the spokesman said. "It's not that important an office."

Ogilvie has permitted his chief aide, Alexander MacArthur, the Palatine Township committeeman, to declare himself openly for the position. And, the sheriff lacks the support of his own township committeeman, additional evidance that he may not be a serious candidate.

MacArthur lost to Church in 1962 by 692 votes of over 60,000 cast in the Republican primary.

RALPH CHURCH

MavArthur would like the support of the six committeemen from the western townships, but he has already lost Houser's Wheeling Township. Others interviewed, such as Jesse Lehman of Schaumburg and Eugene Devitt, said they were undecided whom to endorse.

LEHMAN ENDORSED Houser's statements that the uncertainty of Oglevie's intentions and the proliferation of other candidates made a commitment "tricky'' at this time.

William N. Erickson, Evanston Township committeeman and chairman of the district committeemen, is another uncertain factor in the contest.

Erickson has the authority to call the meeting of township committeemen to choose a replacement, but has failed to exercise it.

Erickson Monday said he planned to call a meeting after Labor Day. He attributed the delay to some of the committeemen being out of town for vacations.

SOME OF THE committeemen and other Republicans have suggested that Erickson eyes the post and has delayed calling a meeting to gain time to drum up support for himself.

But Erickson, a veteran Republican leader who sits on the county board and was defeated by Seymour Simon two years ago for the chairmanship, denies that he seeks the post. He claimed to have made no decision on whom to endorse.

Erickson may be waiting for the dust to settle; most of the committeemen appeared to welcome the delay.

However, three weeks later, without Ogilvie making a big push for the post, the nearest thing to a favorite appears to be David E. Brown.

Brown, an unsuccessful candidate for the job in 1962, has the support of New Trier Township Committeeman James W. Good and Northfield Township Committeeman Sam H. Young. Ogilvie resides in Northfield Township.

SUPPORT FROM one more of the eastern townships would put Brown near or over the top. If it doesn't come from Erickson, Niles Township Committeeman Sherwin Willens may have the decision in his hands.

Willens Tuesday said he still had not decided whom to endorse. He called Brown a "real nice guy'' and praised him for helping his (Willens) unsuccessful primary campaign for state auditor.

Brown, a Wilmette resident, heads New Trier Township's Republican organization. He has been the chief Springfield lobbyist for Kemper Insurance.

He ran third in the four man race for the position in 1962.

BROWN IS NOT strongly identified with either the Percy or Scott-Ogilvie factions of the party.

Church, son of long-time and now retired 13th district Congresswoman Marguerite Stitt Church, has most observers believing his stated reasons for resigning. He is a patent lawyer who travels extensively in his work. A partner recently died.

Church is also known to have been disappointed at the outcome of the Republican gubernatorial primary election. He supported Scott, a fellow resident of Evanston. Church has also been a critic of Erickson, the Evanston Township Committeeman, and is thought to have become disenchanted when he saw the veteran Republican was retaining his influence.

Whoever wins the post will be sitting on a board that has the potential to be a powerful force in state politics. Only last week the state central committeemen met to fill four vacancies on the Republican ballet in the coming at-large election.

MOST OF THE time it has the vague function of formulating policy on the state level. The 24-man board includes five members of the so-called West Side Bloc.

Few would recognize the name of the part-time state chairman, Victor A. Smith, of Robinson. However, Ohio is often pointed to as an example of a state with a powerful and effective state central committee. Its chairman, Ray Bliss, is considered to be the most influential Republican in the state.

Local Man Takes Tour Of Europe

Richard Roto of Roto Mercury Sales, Arlington Heights, left this week for a month's trip through the Balkan states of Europe.

Roto flew to Brussels, where a new car was waiting. From there he drives through Germany, Switzerland and northern Italy to Yugoslavia.

Having spent considerable time in these countries during trips in the last two years, he is concentrating on Yugoslavia and Greece.

His route ends in Athens; after a visit there he plans to fly home Oct. 1.

Another i mportan figure in the Percy campaign explained that Ogilvie could probably have the post without opposition if he really made a push for it.

"If he wants it, I don't think we're going to risk a dispute," the spokesman said. "It's not that important an office."

Ogilvie has permitted his chief aide, Alexander MacArthur, the Palatine Township committeeman, to declare himself openly for the position. And, the sheriff lacks the support of his own township committeeman, additional evidance that he may not be a serious candidate.

MacArthur lost to Church in 1962 by 692 votes of over 60,000 cast in the Republican primary.

RALPH CHURCH

MavArthur would like the support of the six committeemen from the western townships, but he has already lost Houser's Wheeling Township. Others interviewed, such as Jesse Lehman of Schaumburg and Eugene Devitt, said they were undecided whom to endorse.

LEHMAN ENDORSED Houser's statements that the uncertainty of Oglevie's intentions and the proliferation of other candidates made a commitment "tricky" at this time.

William N. Erickson, Evanston Township committeeman and chairman of the district committeemen, is another uncertain factor in the contest.

Erickson has the authority to call the meeting of township committeemen to choose a replacement, but has failed to exercise it.

Erickson Monday said he planned to call a meeting after Labor Day. He attributed the delay to some of the committeemen being out of town for vacations.

SOME OF THE committeemen and other Republicans have suggested that Erickson eyes the post and has delayed calling a meeting to gain time to drum up support for himself.

But Erickson, a veteran Republican leader who sits on the county board and was defeated by Seymour Simon two years ago for the chairmanship, denies that he seeks the post. He claimed to have made no decision on whom to endorse.

Erickson may be waiting for the dust to settle; most of the committeemen appeared to welcome the delay.

However, three weeks later, without Ogilvie making a big push for the post, the nearest thing to a favorite appears to be David E. Brown.

Brown, an unsuccessful candidate for the job in 1962, has the support of New Trier Township Committeeman James W. Good and Northfield Township Committeeman Sam H. Young. Ogilvie resides in Northfield Township.

SUPPORT FROM one more of the eastern townships would put Brown near or over the top. If it doesn't come from Erickson, Niles Township Committeeman Sherwin Willens may have the decision in his hands.

Willens Tuesday said he still had not decided whom to endorse. He called Brown a "real nice guy" and praised him for helping his (Willens) unsuccessful primary campaign for state auditor.

Brown, a Wilmette resident, heads New Trier Township's Republican organization. He has been the chief Springfield lobbyist for Kemper Insurance.

He ran third in the four man race for the position in 1962.

BROWN IS NOT strongly identified with either the Percy or Scott-Ogilvie factions of the party.

Church, son of long-time and now retired 13th district Congresswoman Marguerite Stitt Church, has most observers believing his stated reasons for resigning. He is a patent lawyer who travels extensively in his work. A partner recently died.

Church is also known to have been disappointed at the outcome of the Republican gubernatorial primary election. He supported Scott, a fellow resident of Evanston. Church has also been a critic of Erickson, the Evanston Township Committeeman, and is thought to have become disenchanted when he saw the veteran Republican was retaining his influence.

Whoever wins the post will be sitting on a board that has the potential to be a powerful force in state politics. Only last week the state central committeemen met to fill four vacancies on the Republican ballet in the coming at-large election.

MOST OF THE time it has the vague function of formulating policy on the state level. The 24-man board includes five members of the so-called West Side Bloc.

Few would recognize the name of the part-time state chairman, Victor A. Smith, of Robinson. However, Ohio is often pointed to as an example of a state with a powerful and effective state central committee. Its chairman, Ray Bliss, is considered to be the most influential Republican in the state.

Local Man Takes Tour Of Europe

Richard Roto of Roto Mercury Sales, Arlington Heights, left this week for a month's trip through the Balkan states of Europe.

Roto flew to Brussels, where a new car was waiting. From there he drives through Germany, Switzerland and northern Italy to Yugoslavia.

Having spent considerable time in these countries during trips in the last two years, he is concentrating on Yugoslavia and Greece.

His route ends in Athens; after a visit there he plans to fly home Oct. 1.

Vacationers, Birthdays Add to End-of-August Hubbub

Sidelights Of Arlington Heights

Arlington Heights, Scarsdale & Estates, Stonegate

Dorothy Meyer, CL 3-2298 Elsie Jedd, CL 3-5982

The Happy birthday song provided a musical background last week for the pre-school rush that perennially crowds August's final days. Birthdays in bunches compounded the hubbub as away-all-summer families hurried home, and house guests hurried here for final vacation visits. Hardly anybody anywhere was un-busy last week.

Mrs. Dora Meyer, 718 N. Evergreen, celebrated her 85th birthday Sunday, sharing the birthda ysong, cake and candle with her great-granddaughter, Janet Brown, who was three next day. At a party given by Janet's grandpa and grandma and Mrs. Meyer's daughter and her husband, the Edwin Sanders, the two birthday girls received in person congratulations from 12 family members and long-distance best wishes from four more.

In the Sanders' home, 210 N. Beverly, were Mrs. Meyer's son, Walter, and his family, and the rest of Janet's family, all of Arlington Heights, plus Janet's big brother, Jerry, home from the Navy on a 10-day leave. there greetings from South Carolina were the Sanders' other daughter and her family, the Roger Bredas. Janet is the daughter of Mr. and Mrs. James Brown, 107 S. Dwyer, where today Jerry again leaves an empty space as he takes off for his next station, Key West, Fla.

A SUMMER'S end family picnic Sunday brought 52 local and Wisconsin relatives together at the Leonard Fasse home, 202 S. Highland. Just-right weather permitted the planned outdoor get-together, then mosquitoes took over in the late evening hours and the Fasses' full basement really was.

Everyone fit cozily, though, and nobody minded the shift except the mosquitoes. Here from Burlington, Wis. for the out-side-in party were Leonard Kolze and the Robert Koesters, and completing the family circle was the hostess' grandmother, Mrs. George Kolze of Chicago.

The Malvin Ryghs, 215 S. Donald, are home from a 3-week visit with relatives is Sebewaing, Mich., an occasion everyone's been hoping for since last year's trip for the 99th birthday of Mrs. Rygh's grandmother, Mrs. Anna Augh. Grandma made it, bless her, and relatives came to Sebewaing, from California, Maryland and several points between to be part of her centennial celebration.

There were 30 children, grandchildren and great-grandchildren around Grandma Augh on her 100th birthday, Aug. 20, and she was a local celebrity all week long. She admits to "slipping a little lately," but was alert enough and strong enough to enjoy the fame that so rarely comes to anyone.

BEFORE MR. and Mrs. Rygh and the children left for Michigan the first week in August, they had welcomed a happy succession of Philadelphia and west coast relatives, some of whom rejoined them in Sebewaing for Grandma's grand event. First to arrive from California was Mrs. Rygh's sister, Mrs. Robert Kerr, and her family of Covina, who were here for four days.

Then came Mrs. Rygh's brother and his family, the Fred Zimmers of Philadelphia, whose 4-day visit overlapped for one happy-hectic day with that of another sister and family, the Larry Buchholzes of Orange, Calif. Mr. and Mrs. Buchholz and the children were also part of Grandma's celebration, but the Zimmers had to return directly to the East from here. A third sister, Mrs. Joseph Brodie of Livonia, Mich., was on the welcoming committee, waiting for the California and Arlington Heights branches of the family as they arrived at the home of their mother, Mrs. Clara Zimmer, with whom Grandma makes her home.

JEAN RIGHTMIRE, 116 S. Walnut, was 9 years old Sunday and the small family celebration in her honor was smaller than usual. Her grandmother, Mrs. Anna Adam, of the same address, left Saturday for a week's scenic bus tour to Colorado, and Jean's brother, Jimmy, left the previous Saturday for a 2-week vacation in Duluth.

Mrs. Adam's schedule includes brief stop-overs in Omaha, Neb. and Colby, Kan., the respective home towns of two granddaughters. She had an hour-plus in Omaha with Mrs. Douglas Sorensen on the way to Colorado, and will have a lunch-hour visit in Colby with Carol Morris on the return trip. She'll stay put at 116 S. Walnut when she returns Saturday, but Jimmy will be getting ready for his first year at Kendall College in Evanston.

The Edward Johnson family recently returned to 714 S. Walnut after a 2-week vacation that included a visit with former local friends now in Ottawa, Canada, and a short scenic tour that brought them to Niagara Falls on Mr. and Mrs. Johnson's 25th wedding anniversary, Aug. 12. In Ottawa they enjoyed a reunion with the George Paris family, former Mount Prospect residents, who sent back greetings to their many other friends in this area. Paris was an Arlington school board member and well-known here.

The Johnsons saw Parliament in action and the impressive changing of the guard, leaving Canada's capital city much taken with its modern yet beautifully traditional buildings and customs.

Monday the Johnsons' daughter, Barbara, left for Kenosha, where she begins teaching German and history in a Kenosha high school next week.

MR. AND Mrs. Rick Robbins, Jeri and Jimmy spent a few days last week at the U. S. Naval Academy, Annapolis, where their son and brother, John, is a plebe. It was Parents' Week at the academy, and Mr. and Mrs. Robbins came home to 130 N. Gibbons prouder than ever of being a plebe's parents. Although many special events were planned for visiting mothers and dads, one of the most thrilling of all incidents was something that is a matter of routine at Annapolis.

Sunday morning all the men assemble for church, then march to their place of worship as the band plays, "Onward Christian Soldiers." The Robbins say they can still feel the emotional impact of Sunday morning at Annapolis.

The junior John Irmen family, 1135 N. Windsor, returned Friday from a week's vacation in Michigan and Ohio. They spent three days in Dearborn where they toured the famed Greenfield Village, then went on to Toledo to visit a few days with long-time friends, Mr. and Mrs. Steve Nagy.

LISA AND REX Perschbacher, with 4-days-apart late August birthdays have in years past sometimes shared celebrations, had individual parties or none at all, and this year was different, too. Their grandmother, Mrs. B. D. Larsen, who makes her home with the Rex 'n' Lisa family, returned to 310 N. Derbyshire last Thursday after two months in the Orient, and it was like Christmas. It was also Lisa's birthday, her 15th, and the most exciting in her memory.

Mrs. Larsen brought back "happy coats" for everyone, and Lisa's happy birthday happy coat was prettiest of all. There were lots of examples of the exquisite bead work and embroidery that's the pride of Hong Kong's handicraft artists, every piece delicately different. A "happy coat," by the way, is the long, loosely fitted coat worn over the traditional trousers that combine to be the "uniform" of the Orient. The uniform at 310 N. Derbyshire is slightly Oriental now, too.

Mrs. Larsen's tour included a 10-day trip away from the major cities and into the Japanese countryside, one of the highlights of her stay in that country. Exotic foods, such as chrysanthemum leaves, were delightful, too, except as the steady diet that they are in the East. She came home with an unoriental yen for some all-American food.

Rex celebrated his 18th birthday Monday with a small at-home party that was especially meaningful because he won't be at home much longer. He'll leave for Stanford University in another two weeks to begin his first year of college study.

THERE WERE cousins by the dozens among the 47 family members who were guests a week ago Sunday in the home of Mrs. Emma Garms, 1137 N. Mitchell. Guests of honor were Ray Albrecht, formerly of the Arlington Heights branch of the family, his wife and three children, here from Alhambra, Calif. for a 4-day visit with Mrs. Garms. It was Albrecht's first return since he left for the West Coast 19 years ago, and the first time his wife and children have been here.

Palatine cousins included Mrs. Selma Glade, the Richard and Wilbert Glades, the Elmer Rhodes and Edward Frieses who, like the rest, hadn't seen Albrecht since he left here in 1945. Besides catching up to 19 years worth of family progress, the California cousin had an amazing time seeing all the building progress that has gone on in the old home town since he last saw it.

House guests of Mrs. Garms prior to the Albrechts' arrival were her grandchildren, Shelby and Sharon Tinberg of Watertown, Wis., and Linda Meyer of Elgin, who enjoyed a 10-day stay.

THE GEORGE Syoen family, 733 N. Evergreen, is all in one piece again after splintering off on vacations to different places. The Syoens' son, Alex, came home Sunday after a 2-week vacation to Yellowstone National Park with his uncle, aunt and cousins, Mr. and Mrs. Joseph Nessel, Joe Jr. and Charlene of Hinsdale. They enjoyed Yellowstone's natural wonders, then toured the Bad Lands to see Mt. Rushmore and the rest of the sights in the area.

While Alex was gone his Mom took Elizabeth and David, a nephew, Gael Syoen, and a neighborhood friend, Janet McGrath, on a week-long camping trip to Lake Geneva's Big Foot Camp Grounds. They're all home again, too, and now everyone's busy with back-to-school matters and vacation memories.

Mr. and Mrs. Robert Schwake, their daughter, Carol, and Mrs. Schwake's sister, Mrs. Ferdinand Arndt of Des Plaines, returned Saturday night from a full and busy week in New York. Schwake, secretary of the Building Stone Institute, attended a 4-day institute convention that was a well-rounded combination of business and pleasure for conventioneers and their families.

Tours of the World's Fair, into Chinatown, to Lower Manhattan and by way of a sightseeing cruise filled the hours from the moment they arrived in New York. When the convention ended, they used up the rest of the week to enjoy some more of the city's attractions before heading for 2124 S. Arlington Heights Rd.

SINCE THEIR return, the Schwakes have been busy with the final details of getting Barbara ready for college. She'll leave Labor Day for Boulder, Colo. to begin her studies at the University of Colorado.

Mrs. Russell Erikson, 322 N. Harvard, and her sister, Mrs. Ralph Hendrickson of Honolulu, are nearing the end of a 2-week reunion, their first in three years. Three years is such a long time and two weeks go so fast that it's a good thing Mr. and Mrs. Hendrickson got here two days before they were expected. They'll return to Oahu Island this weekend, everyone hoping for a repeat reunion long before 1967.

The Howard Hansen family, 730 S. Mitchell, returned from a 2-week vacation in Rocky Mountain National Park just in time not to miss ex-neighbors, the Ralph Arenas. Mr. and Mrs. Arena left 726 S. Mitchell about two years ago, learning French as fast as they could to prepare for their upcoming residence in Paris. They're back on a month's vacation, their first since they left here, and have been "commuting" to Canton, Ohio and the home of Mrs. Arena's parents.

Since the Hansens' return and between the Arenas' commuting, Mr. and Mrs. Hansen entertained for the "nouveau Francais" with a party that reunited the guests of honor with 28 of their former Mitchell street neighbors. Other likely get-togethers will also be on the hello-goodbye basis, since the Arenas will leave soon for another 2-year stay in Paris.

THE MERTON TAYLOR family returned last week to 439 S. Evergreen, 2900 miles, 10 days and countless camp sites after they left. They followed a scenic camper's trail eastward where they toured Washington, D. C., New York City minus the World's Fair, and visited Niagara Falls. The return route was scenic, unhurried and altogether pleasant.

Two August birthdays in the Taylor family were celebrated before the vacation began with a cousin, Beverly Spoerlein of Buffalo Grove. Beverly shares a mutual birth date, Aug. 5, with Suzy Taylor, and they kindly let Suzy's big sister, Patty, an Aug. 2 birthday girl, have a fair ration of cake and congratulations at a family party in the Spoerlein home. Suzy is 12 and Patty is a new teen.

More to Come

FRIENDS, relatives, the World's Fair and the Canadian Niagara Falls were all parts of the Jack Crumps' recent two weeks in the East. They returned home to 1211 N. Chestnut Saturday, well-travelled, well-visited and well nigh ready for another vacation.

Mr. and Mrs. Floyd Terbell, 402 W. Kirchoff, came home early last week with greetings for local friends from former Arlington Heighters, the James Stoll family, now of Baltimore. The Terbells were in the East to attend an American Bar Associaion convention in New York, and took some convenient extra time to see the World's Fair, visit the Stolls and tour Washington, D. C. Everything was fine and fun, especially the reunion with the Stolls, their much-missed former neighbors.

Mrs. Roland Bolte, 319 W. Mueller, and her sister, Mrs. Jack Brecksnyder of Lombard, were co-hostesses last Wednesday evening at a bridal shower for Sara Troy of Highland Park, bride-to-be of their nephew, Roy Klehm. Although it was a surprise party, friends and relatives made no attempt to park their cars in neighboring driveways; the Bolte home is very near Arlington High School, there was a play at the school that night and cars were bumper-to-bumper parked throughout the neighborhood.

Cars of shower guests were therefore neatly camouflaged by hundreds of other autos, and Miss Troy thought nothing of finding the Bolte driveway full. After a quick "Hi" to her future aunt and uncle, the unsuspecting bride-to-be thought that she and her fiance would also be heading for the high school. The quick "Hi" was followed by the pent-up "Surprise!" shout of all the guests awaiting her appearance, and the play was abruptly forgotten by the startled, happy "victim."

Miss Troy and Klehm, son of the Carl Klehms of Elk Grove Village, will be married Sept. 27 in St. Peter Lutheran Church of Arlington Heights.

THERE WAS A small but happy traffic jam at 913 S. Vail last Thursday when the Erwin Clausings' daughter, Bonnie, came home from a 2-week camping trip and Mrs. Clausing's sister and family, the Julian Krolczyks, arrived from Camerillo, Calif. for a visit. Bonnie had been in Brainerd, Minn. with her uncle, Vernon Clausing and his family of Arlington Heights on a camping-fishing and sometimes freezing vacation.

The California visitors will be here through Labor Day, and there will probably be quite a bit of late-late talking at 913 S. Vail. The sisters haven't seen each other for three years.

Ten neighborhood couples along the 1300 block of N. Mitchell got together Saturday night for an annual hay ride and barbecue to farewell the summer and celebrate the approaching back-to-school date. The Howard Zacharias backyard, 1321 N. Mitchell, held the co-op supper party and all the fun that followed the hayride.

The James Bieser family returned to 815 W. George early last week after a 2-week vacation at a dude ranch in Winter Park, Colo.

MRS. VERNON BOMAN and the children are home again at 107 S. Kennicott, returning last Monday from long stays in Florida and Sister Bay, Wis. Mid-June they left here for Madiera Beach, Fla. where they vacationed almost three weeks with Dr. Boman's parents, Dr. and Mrs. A. L. Boman, and with Mrs. Boman's mother, Mrs. W. T. Butler. They returned just before the Fourth of July, then left right after the holiday for Sister Bay. Dr. Boman was with them for a brief vacation, then commuted weekends.

Next item on the Boman schedule, after all Sister Bay sand is out of the pockets, is to ready Burton for his first year at Lake Forest Academy. He leaves Sept. 14.

Three successive birthdays on N. Dunton last week gave the local candle trade a boost and caused congratulations to ricochet around the neighborhood like buck shot. Vivian "Fee Fee" Weidner and her big brother, Vince, celebrated their respective Aug. 25 and Aug. 26 birthdays at a family party in their home, 1135 N. Dunton, last Wednesday night. Fee Fee was 3 and Vince turned 12.

Steve Kiral, 1322 N. Dunton, was 11 years old last Thursday and four desperate-looking characters were his guests at an evening supper party. Neighborhood buddies came in costume, as per invitation, and nobody dressed like little Lord Fauntleroy.

HAVING DADS with memberships in Airline Pilots Association resulted this summer in exchange visits between an Arlington Heights lad and a young man from France. Scott Schneberger, 319 S. Burton, flew to France late in July with his dad, an Eastern Airlines pilot, to meet Alain Ballini, whose dad is with Air France Airlines. He was with the Ballini family 23 days aboard the Ballini's craft, cruising along the French Riviera, near their family home in Toulon. And according to one who knows, that is not a bad way to spend 23 days.

During Scott's overseas stay, his mother had a quick trans Atlantic trip, too, spending a brief vacation with her husband in Frankfurt, Germany. Mrs. Schneberger returned home Aug. 14, a week ahead of her son and a week and a few days ahead of Alain. Master Ballini arrived a week ago Monday for the France to America half of the exchange visit, and will be with the Schnebergers for another two weeks, and according to another who knows, vacationing for three weeks in the United States is also a tres bien way to while away the summer.

THE W. S. Elliots, 418 S. Dryden, entertained at a brunch Aug. 16, following the christening of their granddaughter, Sarah Dean Froney, in St. Simons Episcopal church. The baby is the first born of the Elliots' daughter and son-in-law, the Merrell D. Froneys of Arlington Heights. Godparents of the infant were her aunt and uncle, Mrs. William Paterson of Hillside and Pfc. 1.C W. S. Elliott Jr.

While vacationing at Green Lake, Minn., the Stanley Normans, 634 S. Dryden, enjoyed brief visits with their newly-married daughter and son and their spouses. While driving to Minnesota, they stopped in Neenah, Wis., where their daughter, Judy, and her husband, Bruce Fahlberg, are living, to spend a few days with them. Mrs. Fahlberg plans to return to Gustavus Adolphus College next week for her final semester, and will graduate in January.

Shortly after arriving at Green Lake, their son, Stan, and his wife, Kay, joined them for two days. They were returning to the University of Minnesota where Stan is in his final year of medical school, from Rochester, N. Y., where he spent the summer "externing" at the University of Rochester hospital.

MR. AND MRS. C. S. Cline. 415 S. Belmont, will be hosts at a large family reunion and picnic Sunday at which a number of happy events will be celebrated. The Clines, just back from two weeks in Hawaii, where they marked their 28th wedding anniversary, will celebrate two birthdays, that of Mr. Cline and their young grandson, Jimmy Cline of Palatine.

It will be an especially happy day for their daughter, Phyllis, who will enter the University of Illinois later this month. Phyllis, who was stricken with polio several years ago, will be a junior in the rehabilitation division program and will major in Sociology.

Guest of honor will be Miss Delia Maneki of Honolulu, who will be Miss Cline's college roommate. The Clines met Miss Maneki and her relatives during their Hawaiian vacation and were entertained in the Japanese home of the Manekis. Among their other guests will be their son, Robert, and his family from Palatine, Mr. Cline's parents, the J. P. Clines of Evanston, an aunt, Mrs. A. J. Cline of Evanston, Mr. and Mrs. R. H. Cline and daughter, Karen of Glenview, the William Evans of Oak Park, Mrs. Mary Summerville and children Gail, Rett, Joe and Paul of Oak Park, Miss Patricia Senn of LaCrosse, Wis., Mr. and Mrs. John Carol of Palatine, and their son John, and the George Sanfords of Mount Prospect.

A FINAL ROUND of parties was held last week for Miss Marilyn Nelson, daughter of the Willard Nelsons of Scarsdale, before her marriage Saturday to Robert Joseph McIntyre, son of the George J. McIntyres of Mesa, Ariz., in St. Simons Episcopal Church.

Mrs. Lowell Christy and her daughter, Linda, the maid of honor, gave a surprise miscellaneous shower Thursday for 25 guests, mostly Arlington High School and Grinnell College classmates in this area, and relatives including Miss Nelson's grandmother, Mrs. A. C. Sandberg of Arlington Heights.

Miss Sandy Hackbarth, Miss Donna Wagner and Miss Ruth Weiland were hostesses at a miscellaneous bridal shower Aug. 12, in the Weiland home in Prospect Heights. Guests included about 25 friends from the Ekco Container Corp., where Miss Nelson worked.

Grinnell College friends, Miss Janet Rodemeyer of Sheffield, Iowa and Miss Ruth Ann Mossback of East Marion, N. Y., who served as bridesmaids, arrived in Arlington Heights Thursday, and were the houseguests of the Nelsons. The rehearsal dinner, a poolside dinner and splash party, was held Friday at the C. Wade Backey home in Mount Prospect.

After their marriage, the young couple will make their home in Ithaca, N. Y., while Mr. McIntyre continues work on his master's degree at Cornell University.

RAY MILLER, son of the Delbert Millers, 411 E. Fairview, and Bill Cook, son of the William Cooks of Arlington Heights, are in California attending the National Convention of Phi Delta Theta Fraternity The 3-day sessions began Sept. 2, and were held in Pasadena. Both young men attend Indiana University in Bloomington, where Bill serves as president of the Indiana University Phi Delta Thheta fraternity and Ray as secretary. After the convention they will go to San Francisco for a brief vacation before returning to their classes.

Mr. and Mrs. G. Mitchell Kendrick, 921 S. Beverly, spent the past two weeks vacationing at the Clearview resort at Castle Rock Lake, Wis. They were joined by Mrs. Kendrick's parents, the Carl C. Andersons, who came from their home in St. Paul for a 6-day visit.

While at the lake, the Kendrick's son, Jim, launched his boat, a 14½ foot "Run About" which he built by himself last winter. Jim will return to Arlington High School as a junior this fall.

Mr. and Mrs. Ray K. Lepinski, 706 Mayfair, returned from Colorado Springs last week, where they had spent two weeks visiting the former's sister and family, the Charles Lays. Enroute home, they toured the Black Hills and spent several days in Minneapolis, their former home, to visit friends.

Weekend houseguests of Mr. and Mrs. Donald Hipple, 417 S. Dryden, were her brother and sister-in-law, Dr. and Mrs. Norman Crossley of Hudson, Iowa, and their four children.

THE BERT JOHNSONS, 417 Grove, and their three children, Neil, Cindy and Sherry, spent a week in Brainard, Minn. at the summer home of Mrs. Johnson's father, Henry Voegel.

Mr. and Mrs. Milton Erickson, 408 Bristol, and daughter, Cathy, recently motored to Denver for a 3 week visit with their two sons, Richard and Robert, and their families.

An interesting visitor at the Willis Jensen home, 418 S. Lincoln, during the past week, was Rev. Fr. E. A. Axer, a long-time friend. Rev. Axer was on his way to Seattle, where he is a teacher of Philosophy and skiing at the Seattle University, after spending the summer teaching Philosophy at Georgetown University in Washington D. C.

Earlier this summer, the Jensens went west to visit relatives and friends in Wyoming and Montana, including former Scarsdale neighbors, the Theodore Susens, who are now living in Missoula, Mont. While in Wyoming, they were guests of Mr. Jensen's parents, the Walter J. Jensens of Laramie, at the latter's summer cabin in the Medicine Bow Mountains.

THE PETER McQuillons, 760 S. Belmont, recently went to Phoenix to attend the Disabled American Veterans Convention. Afterwards, they went to Las Vegas for a few days, and then flew to San Francisco to visit former Scarsdale neighbors, the Hal Wrights, who now live in Carmel Valley. Leaving San Francisco, they went to Los Angeles for a few days and then flew home, arriving in Arlington Heights Sunday.

CRANKCASE VENTILATION

Because vent pipes are hard to get at on most car engines, they're sadly neglected. Our experience has shown that clogged up vent filters will cause an excessive use of oil, and contaminate the motor with gook and grime long before its time.

So, we ask, "When was your car's vent pipe checked last?"

Maybe this is the reason you've been using so much oil.

Make the drive to **JOE'S SUNOCO, 2101 E. Northwest Hwy., Arlington Heights,** and find out. We'll include it in the lubrication or oil change without charge.

Vacationers, Birthdays Add to End-of-August Hubbub

Sidelights

Of Arlington Heights

Arlington Heights, Scarsdale & Estates, Stonegate

Dorothy Meyer, CL 3-2298 Elsie Jedd, CL 3-5982

The Happy birthday song provided a musical background last week for the pre-school rush that perennially crowds August's final days. Birthdays in bunches compounded the hubbub as away-all-summer families hurried home, and house guests hurried here for final vacation visits. Hardly anybody anywhere was un-busy last week.

Mrs. Dora Meyer, 718 N. Evergreen, celebrated her 85th birthday Sunday, sharing the birthda ysong, cake and candle with her great-granddaughter, Janet Brown, who was three next day. At a party given by Janet's grandpa and grandma and Mrs. Meyer's daughter and her husband, the Edwin Sanders, the two birthday girls received in person congratulations from 12 family members and long-distance best wishes from four more.

In the Sanders' home, 210 N. Beverly, were Mrs. Meyer's son, Walter, and his family, and the rest of Janet's family, all of Arlington Heights, plus Janet's big brother, Jerry, home from the Navy on a 10-day leave. there greetings from South Carolina were the Sanders' other daughter and her family, the Roger Bredas. Janet is the daughter of Mr. and Mrs. James Brown, 107 S. Dwyer, where today Jerry again leaves an empty space as he takes off for his next station, Key West, Fla.

A SUMMER'S end family picnic Sunday brought 52 local and Wisconsin relatives together at the Leonard Fasse home, 202 S. Highland. Just-right weather permitted the planned outdoor get-together, then mosquitoes took over in the late evening hours and the Fasses' fuil basement really was.

Everyone fit cozily, though, and nobody minded the shift except the mosquitoes. Here from Burlington, Wis. for the out-side-in party were Leonard Kolze and the Robert Koesters, and completing the family circle was the hostess' grandmother, Mrs. George Kolze of Chicago.

The Malvin Ryghs, 215 S. Donald, are home from a 3-week visit with relatives is Sebewaing, Mich., an occasion everyone's been hoping for since last year's trip for the 99th birthday of Mrs. Rygh's grandmother, Mrs. Anna Augh. Grandma made it, bless her, and relatives came to Sebewaing, from California, Maryland and several points between to be part of her centennial celebration.

There were 30 children, grandchildren and great-grandchildren around Grandma Augh on her 100th birthday, Aug. 20, and she was a local celebrity all week long. She admits to "slipping a little lately," but was alert enough and strong enough to enjoy the fame that so rarely comes to anyone.

BEFORE MR. and Mrs. Rygh and the children left for Michigan the first week in August, they had welcomed a happy succession of Philadelphia and west coast relatives, some of whom rejoined them in Sebewaing for Grandma's grand event. First to arrive from California was Mrs. Rygh's sister, Mrs. Robert Kerr, and her family of Covina, who were here for four days.

Then came Mrs. Rygh's brother and his family, the Fred Zimmers of Philadelphia, whose 4-day visit overlapped for one happy-hectic day with that of another sister and family, the Larry Buchholzes of Orange, Calif. Mr. and Mrs. Buchholz and the children were also part of Grandma's celebration, but the Zimmers had to return directly to the East from here. A third sister, Mrs. Joseph Brodie of Livonia, Mich., was on the welcoming committee, waiting for the California and Arlington Heights branches of the family as they arrived at the home of their mother, Mrs. Clara Zimmer, with whom Grandma makes her home.

JEAN RIGHTMIRE, 116 S. Walnut, was 9 years old Sunday and the small family celebration in her honor was smaller than usual. Her grandmother, Mrs. Anna Adam, of the same address, left Saturday for a week's scenic bus tour to Colorado, and Jean's brother, Jimmy, left the previous Saturday for a 2-week vacation in Duluth.

Mrs. Adam's schedule includes brief stop-overs in Omaha, Neb. and Colby, Kan., the respective home towns of two granddaughters. She had an hour-plus in Omaha with Mrs. Douglas Sorensen on the way to Colorado, and will have a lunch-hour visit in Colby with Carol Morris on the return trip. She'll stay put at 116 S. Walnut when she returns Saturday, but Jimmy will be getting ready for his first year at Kendall College in Evanston.

The Edward Johnson family recently returned to 714 S. Walnut after a 2-week vacation that included a visit with former local friends now in Ottawa, Canada, and a short scenic tour that brought them to Niagara Falls on Mr. and Mrs. Johnson's 25th wedding anniversary, Aug. 12. In Ottawa they enjoyed a reunion with the George Paris family, former Mount Prospect residents, who sent back greetings to their many other friends in this area. Paris was an Arlington school board member and well-known here.

The Johnsons saw Parliament in action and the impressive changing of the guard, leaving Canada's capital city much taken with its modern yet beautifully traditional buildings and customs.

Monday the Johnsons' daughter, Barbara, left for Kenosha, where she begins teaching German and history in a Kenosha high school next week.

MR. AND Mrs. Rick Robbins, Jeri and Jimmy spent a few days last week at the U. S. Naval Academy, Annapolis, where their son and brother, John, is a plebe. It was Parents' Week at the academy, and Mr. and Mrs. Robbins came home to 130 N. Gibbons prouder than ever of being a plebe's parents. Although many special events were planned for visiting mothers and dads, one of the most thrilling of all incidents was something that is a matter of routine at Annapolis.

Sunday morning all the men assemble for church, then march to their place of worship as the band plays, "Onward Christian Soldiers." The Robbins say they can still feel the emotional impact of Sunday morning at Annapolis.

The junior John Irmen family, 1135 N. Windsor, returned Friday from a week's vacation in Michigan and Chio. They spent three days in Dearborn where they toured the famed Greenfield Village, then went on to Toledo to visit a few days with long-time friends, Mr. and Mrs. Steve Nagy.

LISA AND REX Perschbacher, with 4-days-apart late August birthdays have in years past sometimes shared celebrations, had individual parties or none at all, and this year was different, too. Their grandmother, Mrs. B. D. Larsen, who makes her home with the Rex 'n' Lisa family, returned to 310 N. Derbyshire last Thursday after two months in the Orient, and it was like Christmas. It was also Lisa's birthday, her 15th, and the most exciting in her memory.

Mrs. Larsen brought back "happy coats" for everyone, and Lisa's happy birthday happy coat was prettiest of all. There were lots of examples of the exquisite bead work and embroidery that's the pride of Hong Kong's handicraft artists, every piece delicately different. A "happy coat," by the way, is the long, loosely fitted coat worn over the traditional trousers that combine to be the "uniform" of the Orient. The uniform at 310 N. Derbyshire is slightly Oriental now, too.

Mrs. Larsen's tour included a 10-day trip away from the major cities and into the Japanese countryside, one of the highlights of her stay in that country. Exotic foods, such as chrysanthemum leaves, were delightful, too, except as the steady diet that they are in the East. She came home with an unoriental yen for some all-American food.

Rex celebrated his 18th birthday Monday with a small at-home party that was especially meaningful because he won't be at home much longer. He'll leave for Stanford University in another two weeks to begin his first year of college study.

THERE WERE cousins by the dozens among the 47 family members who were guests a week ago Sunday in the home of Mrs. Emma Garms, 1137 N. Mitchell. Guests of honor were Ray Albrecht, formerly of the Arlington Heights branch of the family, his wife and three children, here from Alhambra, Calif. for a 4-day visit with Mrs. Garms. It was Albrecht's first return since he left for the West Coast 19 years ago, and the first time his wife and children have been here.

Palatine cousins included Mrs. Selma Glade, the Richard and Wilbert Glades, the Elmer Rhodes and Edward Frieses who, like the rest, hadn't seen Albrecht since he left here in 1945. Besides catching up to 19 years worth of family progress, the California cousin had an amazing time seeing all the building progress that has gone on in the old home town since he last saw it.

House guests of Mrs. Garms prior to the Albrechts' arrival were her grandchildren, Shelby and Sharon Tinberg of Watertown, Wis., and Linda Meyer of Elgin, who enjoyed a 10-day stay.

THE GEORGE Syoen family, 733 N. Evergreen, is all in one piece again after splintering off on vacations to different places. The Syoens' son, Alex, came home Sunday after a 2-week vacation to Yellowstone National Park with his uncle, aunt and cousins, Mr. and Mrs. Joseph Nessel, Joe Jr. and Charlene of Hinsdale. They enjoyed Yellowstone's natural wonders, then toured the Bad Lands to see Mt. Rushmore and the rest of the sights in the area.

While Alex was gone his Mom took Elizabeth and David, a nephew, Gael Syoen, and a neighborhood friend, Janet McGrath, on a week-long camping trip to Lake Geneva's Big Foot Camp Grounds. They're all home again, too, and now everyone's busy with back-to-school matters and vacation memories.

Mr. and Mrs. Robert Schwake, their daughter, Carol, and Mrs. Schwake's sister, Mrs. Ferdinand Arndt of Des Plaines, returned Saturday night from a full and busy week in New York. Schwake, secretary of the Building Stone Institute, attended a 4-day institute convention that was a well-rounded combination of business and pleasure for conventioneers and their families.

Tours of the World's Fair, into Chinatown, to Lower Manhattan and by way of a sightseeing cruise filled the hours from the moment they arrived in New York. When the convention ended, they used up the rest of the week to enjoy some more of the city's attractions before heading for 2124 S. Arlington Heights Rd.

SINCE THEIR return, the Schwakes have been busy with the final details of getting Barbara ready for college. She'll leave Labor Day for Boulder, Colo. to begin her studies at the University of Colorado.

Mrs. Russell Erikson, 322 N. Harvard, and her sister, Mrs. Ralph Hendrickson of Honolulu, are nearing the end of a 2-week reunion, their first in three years. Three years is such a long time and two weeks go so fast that it's a good thing Mr. and Mrs. Hendrickson got here two days before they were expected. They'll return to Oahu Island this weekend, everyone hoping for a repeat reunion long before 1967.

The Howard Hansen family, 730 S. Mitchell, returned from a 2-week vacation in Rocky Mountain National Park just in time not to miss ex-neighbors, the Ralph Arenas. Mr. and Mrs. Arena left 726 S. Mitchell about two years ago, learning French as fast as they could to prepare for their upcoming residence in Paris. They're back on a month's vacation, their first since they left here, and have been "commuting" to Canton, Ohio and the home of Mrs. Arena's parents.

Since the Hansens' return and between the Arenas' commuting, Mr. and Mrs. Hansen entertained for the "nouveau Francais" with a party that reunited the guests of honor with 28 of their former Mitchell street neighbors. Other likely get-togethers will also be on the hello-goodbye basis, since the Arenas will leave soon for another 2-year stay in Paris.

THE MERTON TAYLOR family returned last week to 439 S. Evergreen, 2900 miles, 10 days and countless camp sites after they left. They followed a scenic camper's trail eastward where they toured Washington, D. C., New York City minus the World's Fair, and visited Niagara Falls. The return route was scenic, unhurried and altogether pleasant.

Two August birthdays in the Taylor family were celebrated before the vacation began with a cousin, Beverly Spoerlein of Buffalo Grove. Beverly shares a mutual birth date, Aug. 5, with Suzy Taylor, and they kindly let Suzy's big sister, Patty, an Aug. 2 birthday girl, have a fair ration of cake and congratulations at a family party in the Spoerlein home. Suzy is 12 and Patty is a new teen.

More to Come

FRIENDS, relatives, the World's Fair and the Canadian Niagara Falls were all parts of the Jack Crumps' recent two weeks in the East. They returned home to 1211 N. Chestnut Saturday, well-travelled, well-visited and well nigh ready for another vacation.

Mr. and Mrs. Floyd Terbell, 402 W. Kirchoff, came home early last week with greetings for local friends from former Arlington Heighters, the James Stoll family, now of Baltimore. The Terbells were in the East to attend an American Bar Asociaion convention in New York, and took some convenient extra time to see the World's Fair, visit the Stolls and tour Washington, D. C. Everything was fine and fun, especially the reunion with the Stolls, their much-missed former neighbors.

Mrs. Roland Bolte, 319 W. Mueller, and her sister, Mrs. Jack Brecksnyder of Lombard, were co-hostesses last Wednesday evening at a bridal shower for Sara Troy of Highland Park, bride-to-be of their nephew, Roy Klehm. Although it was a surprise party, friends and relatives made no attempt to park their cars in neighboring driveways; the Bolte home is very near Arlington High School, there was a play at the school that night and cars were bumper-to-bumper parked throughout the neighborhood.

Cars of shower guests were therefore neatly camouflaged by hundreds of other autos, and Miss Troy thought nothing of finding the Bolte driveway full. After a quick "Hi" to her future aunt and uncle, the unsuspecting bride-to-be thought that she and her fiance would also be heading for the high school. The quick "Hi" was followed by the pent-up "Surprise!" shout of all the guests awaiting her appearance, and the play was abruptly forgotten by the startled, happy "victim."

Miss Troy and Klehm, son of the Carl Klehms of Elk Grove Village, will be married Sept. 27 in St. Peter Lutheran Church of Arlington Heights.

THERE WAS A small but happy traffic jam at 913 S. Vail last Thursday when the Erwin Clausings' daughter, Bonnie, came home from a 2-week camping trip and Mrs. Clausing's sister and family, the Julian Krolczyks, arrived from Camerillo, Calif. for a visit. Bonnie had been in Brainerd, Minn. with her uncle, Vernon Clausing and his family of Arlington Heights on a camping-fishing and sometimes freezing vacation.

The California visitors will be here through Labor Day, and there will probably be quite a bit of late-late talking at 913 S. Vail. The sisters haven't seen each other for three years.

Ten neighborhood couples along the 1300 block of N. Mitchell got together Saturday night for an annual hay ride and barbecue to farewell the summer and celebrate the approaching back-to-school date. The Howard Zacharias backyard, 1321 N. Mitchell, held the co-op supper party and all the fun that followed the hayride.

The James Bieser family returned to 815 W. George early last week after a 2-week vacation at a dude ranch in Winter Park, Colo.

MRS. VERNON BOMAN and the children are home again at 107 S. Kennicott, returning last Monday from long stays in Florida and Sister Bay, Wis. Mid-June they left here for Madiera Beach, Fla. where they vacationed almost three weeks with Dr. Boman's parents, Dr. and Mrs. A. L. Boman, and with Mrs. Boman's mother, Mrs. W. T. Butler. They returned just before the Fourth of July, then left right after the holiday for Sister Bay. Dr. Boman was with them for a brief vacation, then commuted weekends.

Next item on the Boman schedule, after all Sister Bay sand is out of the pockets, is to ready Burton for his first year at Lake Forest Academy. He leaves Sept. 14.

Three successive birthdays on N. Dunton last week gave the local candle trade a boost and caused congratulations to ricochet around the neighborhood like buck shot. Vivian "Fee Fee" Weidner and her big brother, Vince, celebrated their respective Aug. 25 and Aug. 26 birthdays at a family party in their home, 1135 N. Dunton, last Wednesday night. Fee Fee was 3 and Vince turned 12.

Steve Kiral, 1322 N. Dunton, was 11 years old last Thursday and four desperate-looking characters were his guests at an evening supper party. Neighborhood buddies came in costume, as per invitation, and nobody dressed like little Lord Fauntleroy.

HAVING DADS with memberships in Airline Pilots Association resulted this summer in exchange visits between an Arlington Heights lad and a young man from France. Scott Schneberger, 319 S. Burton, flew to France late in July with his dad, an Eastern Airlines pilot, to meet Alain Ballini, whose dad is with Air France Airlines. He was with the Ballini family 23 days aboard the Ballini's craft, cruising along the French Riviera, near their family home in Toulon. And according to one who knows, that is not a bad way to spend 23 days.

During Scott's overseas stay, his mother had a quick trans Atlantic trip, too, spending a brief vacation with her husband in Frankfurt, Germany. Mrs. Schneberger returned home Aug. 14, a week ahead of her son and a week and a few days ahead of Alain. Master Ballini arrived a week ago Monday for the France to America half of the exchange visit, and will be with the Schnebergers for another two weeks, and according to another who knows, vacationing for three weeks in the United States is also a tres bien way to while away the summer.

THE W. S. Elliots, 418 S. Dryden, entertained at a brunch Aug. 16, following the christening of their granddaughter, Sarah Dean Froney, in St. Simons Episcopal church. The baby is the first born of the Elliots' daughter and son-in-law, the Merrell D. Froneys of Arlington Heights. Godparents of the infant were her aunt and uncle, Mrs. William Paterson of Hillside and Pfc. 1.C W. S. Elliott Jr.

While vacationing at Green Lake, Minn., the Stanley Normans, 634 S. Dryden, enjoyed brief visits with their newly-married daughter and son and their spouses. While driving to Minnesota, they stopped in Neenah, Wis., where their daughter, Judy, and her husband, Bruce Fahlberg, are living, to spend a few days with them. Mrs. Fahlberg plans to return to Gustavus Adolphus College next week for her final semester, and will graduate in January.

Shortly after arriving at Green Lake, their son, Stan, and his wife, Kay, joined them for two days. They were returning to the University of Minnesota where Stan is in his final year of medical school, from Rochester, N. Y., where he spent the summer "externing" at the University of Rochester hospital.

MR. AND MRS. C. S. Cline, 415 S. Belmont, will be hosts at a large family reunion and picnic Sunday at which a number of happy events will be celebrated. The Clines, just back from two weeks in Hawaii, where they marked their 28th wedding anniversary, will celebrate two birthdays, that of Mr. Cline and their young grandson, Jimmy Cline of Palatine.

It will be an especially happy day for their daughter, Phyllis, who will enter the University of Illinois later this month. Phyllis, who was stricken with polio several years ago, will be a junior in the rehabilitation division program and will major in Sociology.

Guest of honor will be Miss Delia Maneki of Honolulu, who will be Miss Cline's college roommate. The Clines met Miss Maneki and her relatives during their Hawaiian vacation and were entertained in the Japanese home of the Manekis. Among their other guests will be their son, Robert, and his family from Palatine, Mr. Cline's parents, the J. P. Clines of Evanston, an aunt, Mrs. A. J. Cline of Evanston, Mr. and Mrs. R. H. Cline and daughter, Karen of Glenview, the William Evans of Oak Park, Mrs. Mary Summerville and children Gail, Rett, Joe and Paul of Oak Park, Miss Patricia Senn of LaCrosse, Wis., Mr. and Mrs. John Carol of Palatine, and their son John, and the George Sanfords of Mount Prospect.

A FINAL ROUND of parties was held last week for Miss Marilyn Nelson, daughter of the Willard Nelsons of Scarsdale, before her marriage Saturday to Robert Joseph McIntyre, son of the George J. McIntyres of Mesa, Ariz., in St. Simons Episcopal Church.

Mrs. Lowell Christy and her daughter, Linda, the maid of honor, gave a surprise miscellaneous shower Thursday for 25 guests, mostly Arlington High School and Grinnell College classmates in this area, and relatives including Miss Nelson's grandmother, Mrs. A. C. Sandberg of Arlington Heights.

Miss Sandy Hackbarth, Miss Donna Wagner and Miss Ruth Weiland were hostesses at a miscellaneous bridal shower Aug. 12, in the Weiland home in Prospect Heights. Guests included about 25 friends from the Ekco Container Corp., where Miss Nelson worked.

Grinnell College friends, Miss Janet Rodemeyer of Sheffield, Iowa and Miss Ruth Ann Mossback of East Marion, N. Y., who served as bridesmaids, arrived in Arlington Heights Thursday, and were the houseguests of the Nelsons. The rehearsal dinner, a poolside dinner and splash party, was held Friday at the C. Wade Backey home in Mount Prospect.

After their marriage, the young couple will make their home in Ithaca, N. Y., while Mr. McIntyre continues work on his master's degree at Cornell University.

RAY MILLER, son of the Delbert Millers, 411 E. Fairview, and Bill Cook, son of the William Cooks of Arlington Heights, are in California attending the National Convention of Phi Delta Theta Fraternity The 3-day sessions began Sept. 2, and were held in Pasadena. Both young men attend Indiana University in Bloomington, where Bill serves as president of the Indiana University Phi Delta Thheta fraternity and Ray as secretary. After the convention they will go to San Francisco for a brief vacation before returning to their classes.

Mr. and Mrs. G. Mitchell Kendrick, 921 S. Beverly, spent the past two weeks vacationing at the Clearview resort at Castle Rock Lake, Wis. They were joined by Mrs. Kendrick's parents, the Carl C. Andersons, who came from their home in St. Paul for a 6-day visit.

While at the lake, the Kendrick's son, Jim, launched his boat, a 14½ foot "Run About" which he built by himself last winter. Jim will return to Arlington High School as a junior this fall.

Mr. and Mrs. Ray K. Lepinski, 706 Mayfair, returned from Colorado Springs last week, where they had spent two weeks visiting the former's sister and family, the Charles Lays. Enroute home, they toured the Black Hills and spent several days in Minneapolis, their former home, to visit friends.

Weekend houseguests of Mr. and Mrs. Donald Hipple, 417 S. Dryden, were her brother and sister-in-law, Dr. and Mrs. Norman Crossley of Hudson, Iowa, and their four children.

THE BERT JOHNSONS, 417 Grove, and their three children, Neil, Cindy and Sherry, spent a week in Brainard, Minn. at the summer home of Mrs. Johnson's father, Henry Voegel.

Mr. and Mrs. Milton Erickson, 408 Bristol, and daughter, Cathy, recently motored to Denver for a 3 week visit with their two sons, Richard and Robert, and their families.

An interesting visitor at the Willis Jensen home, 418 S. Lincoln, during the past week, was Rev. Fr. E. A. Axer, a long-time friend. Rev. Axer was on his way to Seattle, where he is a teacher of Philosophy and skiing at the Seattle University, after spending the summer teaching Philosophy at Georgetown University in Washington D. C.

Earlier this summer, the Jensens went west to visit relatives and friends in Wyoming and Montana, including former Scarsdale neighbors, the Theodore Susens, who are now living in Missoula, Mont. While in Wyoming, they were guests of Mr. Jensen's parents, the Walter J. Jensens of Laramie, at the latter's summer cabin in the Medicine Bow Mountains.

THE PETER McQuillons, 760 S. Belmont, recently went to Phoenix to attend the Disabled American Veterans Convention. Afterwards, they went to Las Vegas for a few days, and then flew to San Francisco to visit former Scarsdale neighbors, the Hal Wrights, who now live in Carmel Valley. Leaving San Francisco, they went to Los Angeles for a few days and then flew home, arriving in Arlington Heights Sunday.

"I REMEMBER"

BY *The Old Timers*

From A. B. Stone., Paragould, Ark.: I remember when it took 23 to 25 men and several horses and several days to cut and thresh anywhere from 1,000 to 2,000 bushels of wheat. I doubt very much if many today ever saw an old-fashioned cradle for cutting wheat. It was a scythe about three or four feet long with four wooden fingers and a few braces to make it stronger and a man could either drip it by handfulls, or wind row the wheat where the man binding would have to go along and take his feet and bunch it and then take a handful of wheat and bind it in bundles.

Then they got a binder that cut the wheat and tied it with binder twine, what some hay balers use now. They generally hitched three horses on to the binder. I've heard my dad say the reaper was invented before the binder. It was pulled by two or three horses and had a platform behind the scythe. Two or three men stood on the platform and bound the wheat, with handfulls of wheat, with a twist and a twist underneath the band of wheat—and it would surprise you how securely the bundle was bound.

SUNDAY'S SERMON

Rev. ROBERT H. HARPER

LOVE OF HOME

AT COLLEGE I struggled through the pages of Xenophon's Anabasis which tells of the ten thousand Greeks as mercenaries who followed Cyrus to the heart of Persia in a campaign to wrest the throne from Artaxerxes, his brother. And after the death of Cyrus in battle, the remnant of the Greeks fought their way back through incredible hardship and almost innumerable foes until they reached the sea that would bear them home. And the weary Greeks went into transports of joy. They embraced one another and wept, crying, the Sea, the Sea!

Thus the love of home makes all the world akin. And whether it be the Scotch in outer trenches guarding who chose to sing Annie Laurie, the Englishmen who asked to die with his face toward old England, or the Negro who asked a nurse of the First World War, "Lady, do you know which way is Alabama," and the nurse inquired of him why he wanted to know. He said, "I just want to die with my face toward old Alabama." All were filled with the love of and longing for home.

The American who turned from the maddening throngs of Paris and climbed to his garret and wrote a song that will never die, sang of Home. An old reading relates how two great armies lay facing each other along the Rappahanock one night. The bands struck up, on one side the strains of Yankee Doodle filled the air and back across the stream came the music of Dixie. And when at last each band had exhausted its repertoire and there came a moment of silence, a lone soldier began to sing "Home, Sweet Home" and both armies joined. And on many a soldier's face something trickled down and washed away the powder stain. So may the love of home unite us now.

TRIPLE TIRE GUARANTEE

1 — LIFETIME QUALITY GUARANTEE — guaranteed to be free from defects in material and workmanship for the life of the tread.

2—ROAD HAZARD GUARANTEE—for the number of months specified against cuts, bruises, fabric breaks, and blowouts which render the tire unserviceable.

3—NATIONWIDE GUARANTEE — This guarantee will be honored at all Diamond outlets throughout the U.S.A.

If our examination shows that tire has failed under terms of guarantee we will replace it on a pro rata basis charging only for wear received as proportionate part of original purchase price. Adjustments will be based on remaining tread.

Guarantee does not apply to tires irregularly worn, damage by puncture, fire, collision, chain cuts, or obstructions on automobile, or tires run flat.

Tires used commercially guaranteed only against defects in material or workmanship for life of the tread. Commercial use means other than normal car service.

"I REMEMBER"
BY The Old Timers

From A. B. Stone., Paragould, Ark.: I remember when it took 23 to 25 men and several horses and several days to cut and thresh anywhere from 1,000 to 2,000 bushels of wheat. I doubt very much if many today ever saw an old-fashioned cradle for cutting wheat. It was a scythe about three or four feet long with four wooden fingers and a few braces to make it stronger and a man could either drip it by handfulls, or wind row the wheat where the man binding would have to go along and take his feet and bunch it and then take a handful of wheat and bind it in bundles.

Then they got a binder that cut the wheat and tied it with binder twine, what some hay balers use now. They generally hitched three horses on to the binder. I've heard my dad say the reaper was invented before the binder. It was pulled by two or three horses and had a platform behind the scythe. Two or three men stood on the platform and bound the wheat, with handfulls of wheat, with a twist and a twist underneath the band of wheat—and it would surprise you how securely the bundle was bound.

Sidelights Of Arlington Heights

Arlington Heights, Scarsdale & Estates, Stonegate

Dorothy Meyer, CL 3-2298 Elsie Jedd, CL 3-5982

Mr. and Mrs. August Burnier, 516 E. Fairview, stayed at Niagara Falls, a favorite resort area with them for many years, while they attended the Eastern State Dairymen Conference in Buffalo, Aug. 25 through the 29th.

Mrs. John Lindstrom, 824 S. Beverly, and her daughter, Linne, came home this weekend from a 2-week trip in California, where they visited her parents, Mr. and Mrs. G. T. Stankard of San Francisco. While in California, they visited the Redwood country.

OUT-OF-TOWN guests of the Walter Edelblutes, 209 S. Pine, who came for the wedding of their son, Richard, to Miss Barbara King Saturday in the Westminster Presbyterian Church, are their daughter and family, the Bill Bonnichsens of Minneapolis, and their children, Susan and Jimmy, and a niece, Mrs. Donald Bettine of Beloit, Wis. Also coming for the wedding was their younger son, Bill, who has been attending summer Forestry Camp at the University of Idaho.

The Edelblutes were hosts at the rehearsal dinner Friday for members of the bridal party and out-of-town guests.

Mr. and Mrs. Richard L. Johnson, 425 S. Belmont, joined friends from Clarendon Hills, the Henry Zimbas, to spend a week vacationing near Muskegon, Mich.

Mr. and Mrs. Claude La Rose, 611 Grove, motored to Tampa, Fla., to visit her parents, the Clyde Tebbels. They returned home leisurely, camping for three days at Stone Mountain National Park near Atlanta and spending three days at Cumberland Falls in Tennessee. Their youngest son, Larry, accompanied them.

THE WILBUR Todds, 103 S. Brighton, their three children, Elizabeth, John and Margaret, and their two dachshunds, Gretchen and Heidi, returned home last Thursday from a 3-week camping vacation at Glacier National Park. They spent a week on the American side and a week on the Canadian side in Waterton in Glacier International Peace Park.

Mr. Todd and John took all day hikes and fishing trips into the back country where they saw abundant wildlife, including moose, and always returned to camp with ample amounts of trout and silver salmon for supper.

Recent houseguest of Mr. and Mrs. Frederick Fraizer, 115 S. Brighton, was her niece, Miss Barbara Anderson of New Canaan, Conn., who spent several days here before going on to San Francisco.

The Nat Evanses, 1223 Woodford, welcomed her parents, Mr. and Mrs. Leon W. Miller, who arrived Monday from the East Coast, where they have been vacationing. They will spend several weeks here before returning to Honolulu for the winter.

THE Walter McClures moved from Stonegate Saturday and have taken an apartment in Mount Prospect until their new home is finished. They hope to move into the house they are having built on N. Belmont in North Arlington Heights about Christmas.

Mr. and Mrs. George Rose, 1300 Mayfair, had as their houseguest last week, Mrs. Beatrice Prothero of San Bernadino, Calif.

Mr. and Mrs. Robert Hutchinson, 1218 Woodford, and their sons, Alan and Bob, were in Fort Wayne over the weekend to attend the wedding of their niece, Miss Suzanne McNelley, John Johnson of Fort Wayne.

Accompanying the Hutchinsons was Miss Carol Hall of Arlington Heights and Mrs. Hutchinson's aunt, Miss Lou McNelley, of Chicago.

"I REMEMBER" BY The Old Timers

From Mrs. Grace K. Nelson, Fresno, California: Like Mrs. Boyd Owen, from Pleasant Hill, Mo., I well remember the "anti-over" game. I also remember the little one-room schoolhouse in Union Hill, Arkansas where I played "anti-over" the most. I remember the homemade balls we played with. We would take our dad's socks that had the heels worn out and cut the leg part off and make a ball of the rest, unravel the leg part and wrap it until we had the ball as large as we wanted it.

We would then take a needle and part of the yarn and sew it securely to keep it from coming unraveled and that is the only kind of ball we played with. We also had a game we called cat ball where only four people played, two at the bat and two behind the bat. When they were caught out then the ones behind the bat got to bat. That was the good old days. I never heard of juvenile delinquency in those days.

SUMMER IS OVER. SO MANY THINGS TO DO
The children must be ready for school or college. Their clothes must be mended or new ones bought. Hot weather garments to be stored away and winter things unpacked and aired. September is a busy month.

PREPARE NOW FOR BETTER HEALTH
Before you realize it cold winter months will be here. Unless your body's resistance to disease is strong, changeable weather can cause much trouble. If you will take these few simple precautions you can almost insure good health.

VISIT YOUR PHYSICIAN FOR A CHECK-UP
You are going to have your auto prepared for winter driving. Doesn't it also make good sense to have your body tested for winter living? Let your Doctor advise you how to keep your body strong. You'll be happier when you are healthier.

YOUR PHYSICIAN MAY PRESCRIBE VITAMINS
It is difficult to get all the exact vitamins one needs from food. But a good multi-vitamin formulae taken daily guarantees you will have all you require. You can feel the increased energy you may gain. We always carry a potently fresh stock of the quality vitamins physicians prefer their patients to take.

INSPECT YOUR MEDICINE CHEST NOW
Throw out the unneeded bottles and old medicines. Replace them with your favorite winter needs to be prepared for any emergency. Be sure you have a good thermometer. Make certain your heating pad, hot water bottle and vaporizer are usable. For, with summer gone, winter is not far away.

Out-of-town guests here to attend the Aug. 29 wedding of Carl Massa, son of the Dominick Massas, 1710 W. Olive, were Mary's sister and Dom's nephew, Angie and Charles Massa and their children, David and Richard. The Charles Massas arrived from Edwardsville on Wednesday and returnhome Sunday. David Massa was a member of Carl's wedding party as was Kenneth Massa, Carl's brother, who was an usher. Carl married Janice Blaha.

Mrs. Hassel Savard and daughter, Rosemary, 1222 N. Illinois, returned Friday from a week's visit in Connecticut. They flew east to attend the Aug. 22 welding of Betty's niece, Karen Woodend in Hartford. They visited Betty's mother, Mrs. Mary, Ann Woodend, and also saw Betty's brother while there. From Hartford they traveled to Darien, Conn., to visit Betty's sister in-law and family, the Robert Wrights. While there, Betty's son, Hassel Jr., and his wife and baby came from New Jersey to visit them.

Dennis Rooney, son of the Hugh Rooneys, 1220 N. Chicago, left Saturday for Colorado Springs to begin his senior year at Colorado College.

ROD AND JEAN Clinite and children, Christine, Barbara and Tom, 1244 N. Chicago, attended a dinner in Rockford Friday night to celebrate the golden wedding anniversary of Rod's parents, the L. W. Clinites.

Celebrating his fifth birthday Aug. 26 was Jim Amann, son of James Amanns, 1409 N. Wilkie. His afternoon party guests were Wayne and David Herndon, Peggy and Mike Duda, Howie and Laurie Redding, Jeff Rollefson, and Jim's brother and sisters, Bob, Cathy and Dawn.

On the evening of Jim's birthday, a family celebration took place. Attending were his grandparents, Mr. and Mrs. Ed Amann and Leonard Weidner of Arlington Heights, and Jim's aunt and uncle who are also his godparents, Mr. and Mrs. Richard Amann of Rolling Meadows.

Gary and Faye Gabel, children of the John Gabels, 1252 Yale, celebrated birthdays last week. Gary was 7 Aug. 27 and Faye was 4 Aug. 29. They were honored at a number of parties. On Aug. 23, a family celebration took place at the home of their aunt and uncle, the Ronald Dritleins of Barrington.

On Gary's birthday, a number of his friends were entertained for lunch and then taken to see "Yogi Bear" at the theatre. Party-goers included Reid Lowell, Mark Anderson, Bobby Shelkop, Cliff Brosius and Timmy Sikorske. A luncheon was also given for Faye on her birthday and Scott Anderson, Shelly Lee Fort, Ellyce Jantz and her brother, Gary. On Sunday there was a family celebration. Present were the children's grandmother, Mrs. Lola Gabel, aunts and uncle Jo Gabel of Park Ridge and Kenneth Spangle s of Glen Ellyn.

THE TERRACE bids farewell to Rudolph and Itta Gebauer and their children, Rainer, Robert, Christine and Ronald, who moved from 1405 N. Illinois to the south side of Arlington Heights on Friday.

Door County, Wis., was the vacation site for Jim and Judy Cooney and their children, Julie and Mary Beth, 1237 N. Chicago. They, along with a family from Skokie, spent last week at the Alpine Lodge in Egg Harbor, where they enjoyed horseback riding, water skiing, swimming, golf and a play given by the Peninsula Players.

Ken Petrucci, son of the Bill Petruccis, 1115 N. Wilke, vacationed at Mackinac Island last week with three friends. They camped on the way and visited in Iron Mountain en route. After spending a few days on the island, they took the boat to Milwaukee and returned home Friday.

Aug. 26 was the sixth birthday of Sharon Leister, daughter of the Le Roy Leisters, 1440 N. Yale. She was honored by a party for Billy and Jimmy Gibbons, Mickey and K. C. Moser, Cheryl Speer and her brother, Eddie, and sisters, Marsha and Delores.

Joe and Betty Hanrahan, 1401 N. Race, hosted a family picnic at their home Sunday. Present, in addition to their daughter and family, Mr. and Mrs. Charles Barnes Jr., of Palatine, were the Myron Walendas of Northlake, Edward Newmeses, Robert Purcells and the Charles Rezaaks of Evergreen Park, the Tom Careys, Holmes Lawsons, the James Hanrahans, John Hanrahan, the Emmet Maloneys and the Charles Hugheses, all of Chicago.

Visiting the State Fair in Springfield last weekend were Nancy, Cindy and Jimmy Cates, children of the Hal Cateses, 1334 N. Yale. They stayed with their well in Springfield for the three days, returning home Aug. 24.

IN TOWN for the wedding of their niece, Elaine Blomquist, were Mrs. William Dumstorff and Mr. and Mrs. Harry Hoh of Carlyle, Ill., Elaine, daughter of the John Blomquists, 1248 N. Illinois, married James Bishop on Saturday.

Two birthdays were celebrated by the Bill Jones family, 1227 N. Illinois, last week. Matthew was 3 Aug. 26; Mara was 7 Aug. 31. On Monday, there was a family party. Celebrating were the children's grandparents, Mr. and Mrs. George Wilhelm of Chicago and Charles Peterson of Lake Forest, an aunt, a cousin and two great-aunts.

A group of Mara's young friends helped her celebrate Monday afternoon. Partygoers included Cliff and Greg Brosius, Mark and Mike Maustakis, Kathy Roden, Jo Ann Ninneman, Laurien Knudsen and Kathy Zare.

Dale and Sally Kruse and children, Bobby, Sue, and Russell, 1518 Clarendon, returned home Sunday from a two-week vacation at Pelican Lake in Orr, Minn. They had a cottage on the lake where they enjoyed some fishing. While in Minnesota, they visited Hibbing and Chisholm, where iron ore is mined. They viewed three open-pit mines.

Since Bobby Kruse's seventh birthday was the day he left for vacation, he celebrated early. Attending his party were Lucien La Rue, Mike Stein, Bobby Ninneman, Tom Miller, Paul Robson, Jimmy Gilbey, Chuck Fisher, his sister, Sue, and brother, Russell. A train theme was followed for the cake, favors and table decorations.

SPENDING two weeks in Nebraska recently were Les and Jo Rozdalovsky and their daughters, Shirley and Mary Jo, 1321 N. Race. They visited Les' parents, Mr. and Mrs. William Rozdalovsky in Crete, Neb., and spent some time with friends in Hastings and Lincoln. The children enjoyed visiting a cousin's farm where they rode ponies. The Rozdalovskys returned to Arlington Heights Aug. 22 and then took Jo's parents, the Joseph La Prestis, who had been staying in Arlington Heights, to their home in Milwaukee and spent the week visiting them. They also visited Jo's brother, Ned La Presti in Milwaukee. Other highlights of their week in Milwaukee were a visit to the new zoo, a trip to Manitowoc and a birthday celebration for Jo's father.

Shirley Rozdalovsky, 11 Aug. 22, enjoyed two celebrations, an early one in Nebraska and a family party with her grandparents in Arlington Heights on the day she returned from Nebraska.

Kurt Davis, son of the Dick Davises, 1255 N. Race, was 9 Aug. 27. A party was given for him Sunday. Attending were the Robert Metra family of Broadview, his grandmother, Mrs. Theresa Bujalski of River Grove, his parents and brother, Glenn.

VACATIONING in Wisconsin last week were Ed and Marion Nielsen and sons, Bradley and Scott, 1252 N. Illinois. In Cornell, they visited Marion's sister, Mrs. Phyllis Nielsen, and her brother and family, the Norman Soderstroms. Traveling on to Antigo, they visited Marion's brothers, the Harold and John Soderstroms. In Ogema, Marion's brothers, the Harold and John Soderstroms. In Ogema, Marion's parents, the Carl Soderstroms and her sister and family, the Laddie Vlceks, were visited. Mrs. Carl Soderstrom returned to Arlington Heights with her daughter and family for a visit.

On Aug. 24, Jim and Marilyn Dorsey and children, Kevin, Timothy and Pamela, 1116 N. Yale, returned from a 10-day vacation in Michigan. They visited Marilyn's parents, Mr. and Mrs. Lloyd Stone in Ishpeming, and also spent some time in their cottage near Ishpeming.

Spending their week's vacation at thome last week were the Ralph Wiederholds, 1322 N. Chicago. Ralph took Kim, Kyle, Kevin, Robert and Dwight to Riverview and to the Museum of Science and Industry.

Returning Aug. 30 from a four day vacation in Forrest, Ill., were Le Roy and Velma Leister and children, Marsha, Eddie, Delores and Sharon. They stayed with Velma's parents, Mr. and Mrs. Wesley Yoder and also visited other relatives in the area.

Judge Overrules Campbell Objectors

Legal objections to special assessment paving and improvement of Campbell Street between Ridge and Yale in Arlington Heights were overruled by the Circuit Court last week, but the residents' battle against the project continues.

Long delays in court machinery have now removed any possibility that the improvements will be started this year, according to Kenneth Stonesifer, attorney handling the court battle for the village's Board of Local Improvements.

The $200,000 project including improvements on Campbell and short stretches of Salem, Wing, and Kennicott has met stiff opposition since the beginning from residents who would be affected by the assessment.

The village board passed an adhering resolution on the proposed improvements in August of 1963, and since then only the first step has been taken toward court approval.

HEARING HAS been set for Oct. 20 on benefits and awards in connection with the project — to determine the fairness of the spread of assessments to property owners, the amount of public benefit involved, and the price to be paid for land which must be condemned.

Stonesifer estimated that 70 or more individual parcels of land may be considered in the hearings, which will probably continue through the winter.

In the meantime, residents of the village both on and off of Campbell Street face the prospect of driving the torn and battered street for yet another winter.

Old pavement was torn up between Ridge and Yale for installation of a large storm sewer, and has been replaced over the past two years by innumerable layers of temporary patches.

The paving project would widen Campbell to 37 feet, resurfaced, with curbs and gutters.

Montreal, Quebec, and the New England states are listed as points of interest in the vacation which was concluded last week by the John Molitors, 920 N. Salem. Highlight of the trip, however, was to be in Newport, R. I., for the graduation of their son, John, from the Naval Officers Candidate School. The commissioning of Ensign Molitor was Aug. 21. He then joined his parents and brothers, Brian and Raymond, for the New York portion of their trip in which they went to the World's Fair. The Molitors also stopped at Gettysburg, Pa., en route home.

John's new duty assignment schedules him to attend sonar school in the Florida Keys. In October he will go to the Naval Air Base in Newfoundland.

A Texas size welcome goes to Mrs. H. W. Gerth of San Antonio, who is currently visiting the Martin Munsens at 736 N. Harvard. Virginia's mother arrived Friday for a two-week stay.

Other Harvard Avenue visitors are Ted and Hilda Spiel and their youngsters, Jim and John, from Palm Springs, Calif. They are guesting with the James Spiels, 730 N. Harvard, and other Chicago relatives until Sept. 8.

MARJORIE ANN, daughter of Robert and Dorothy Bolin, 1008 N. Illinois, was baptized at St. James Catholic Church on Aug. 23. Her godparents are an uncle and aunt, Edward and Miss Mary W. Bolin. The party following the baptism was a twofold event, since her sister, Jeanne, was celebrating a first birthday Aug. 25. Guests for the Sunday occasion were the grandmothers and the William McGrath family of Lansing, Ill.

Charles and Phyllis Koehler and their children, Kim and Chip, left for their new home in Sycamore after being residents of Ridge Park for more than three years. Before departing from 720 N. Kennicott Friday, they were given two farewell parties by their neighbors. Dr. and Mrs. George Oliver, 705 N. Kennicott, hosted the first Aug. 21 and Mrs. Maurice Levy, 712 N. Kennicott, held a coffee for Phyllis Thursday evening. The Koehlers' new address in Sycamore is 215 Thomas Drive.

MRS. BART Stull, 823 N. Yale, along with her mother, Mrs. Eleanor Jensen of Arlington, were in Amana, Iowa, for a few days' visit with Bonnie's uncle, Ernie Leischenring and daughter, Debbie, former residents of Rolling Meadows. While there, Mrs. Stull and Mrs. Jensen enjoyed a tour of the Amana freezer plants, the woolen mills and furniture-manufacturing shops.

September at the Robert Read household, 1019 N. Kennicott, means college departure time. Charles, a trainer of the football team at Alma College, left Sunday for the Michigan school to begin practice sessions with the team; Priscilla will leave Sept. 8 to visit her grandparents and friends in Massachusetts before returning to her senior year at Alma; and then Bill will say good-by as he heads for his final year at Colorado State University.

The Norman Walls' 10-day vacation trip began in Dearborn, Mich., where they toured the Ford Museum and Greenfield Village. They also visited former Arlington Heights friends, Mr. and Mrs. Carl Schmitz in Livonia, Mich. The family then drove to Niagara Falls, Ontario, Canada, and up the St. Lawrence Seaway before returning through Canada to Port Huron. Their final stopover was in Holland, Mich., before coming home to 936 N. Ridge in time to celebrate Peggy's 10th birthday.

MRS. LOUISE Lemker has returned to Harvard, Ill., after a two-week visit with her daughter and son-in-law, the T. Merle Pauls of 815 W. Oakton. Also recent visitors were Merle's brother, Elmer and wife, Ruth, of Springfield, Mo., who were in Chicago on a business trip. Accompanied by Ken Hardy, the couples enjoyed a pleasant evening of dining out together.

The John Raitt family, 928 N. Fernandez, included 4,500 miles of traveling in their three-week camping trip to places such as Yellowstone, Denver and Grand Teton National Forest. They were particularly impressed by the scenic view offered from the high elevation of Trail Ridge Road in Rocky Mountain National Park, and this will be among their prized vacation camera shots.

The Raitts report that the most startling thing to happen to them during the trip was to awaken one morning to find snow falling in Yellowstone. This occurred the day after they had been hiking in shorts and summer attire.

ACTIVE people have been the James Kunnens of 1016 N. Fernandez during the summer months. Pat's mother, Mrs. Joseph Maxwell came from Muncie, Ind., to be with the family for a week; the Kunnens then took her to St. Joseph, where they visited Pat's sister and husband before traveling to Milford, Mich., for a stay at the lake. Home again, they greeted out-of-town company and then prepared for more entertaining Aug. 18. On that occasion, Jeffrey invited 18 members of Ridge Park's Little League team, the Owls, for a party and to view movies of their baseball group in action.

Alison Moran, daughter of Thomas and Beth Moran, 933 N. Yale, left last weekend for a week's vacation in Magnolia, Mass. After visiting her grandmother, Mrs. Wilfred H. Ringer, "Sunny" will then return for her junior year at Jackson College for Women, Tufts University in Boston.

California was chosen by the R. J. Splitts, 930 N. Harvard, for the trip which was just completed. With the exception of several days in San Francisco, most of the time was spent as guests of Howard and Louise Trendel, former Ridge Park neighbors, in Fullerton. According to the Splitts, a more excellent "tour director" than Howard Trendel has yet to be found, since he pointed out the virtues of sightseeing better than any California guide.

ALSO ON their schedule was a dinner visit with the Jack Searfoss family in Arcadia. Ridge Parkers will recall them as former residents of Harvard and Elm. After their return to Illinois, the Splitts wound up their three weeks by a jaunt to Springfield and the New Salem area.

Birthdays have been coming at such a rapid rate for the members of the William Thrashers, 919 N. Kennicott, that it's hard to keep up with the baking of the cakes. Billy began the march in July, as he turned 6; Barry was 18 Aug. 23, while Mary and Chris had Aug. 26 birthdays and became 8 and 3, respectively. Event forthcoming for the family is Sept. 8, date of departure for Barry for his first semester at Wisconsin State College in La Crosse.

FROM SHERWOOD

A welcome is offered to the new residents of 1110 W. Clarendon, Francisco and Muriel Ponce de Leon, who came to Sherwood in June after 10 years of living in the east. While Muriel originally is from Chicago, Francisco is formerly from Montevideo. He is an industrial chemist and corporate buyer for John Sexton & Co. By profession, Mrs. Ponce de Leon is a musician and worked with the ABC Radio network in Chicago for a number of years. In addition to her mother, Mrs. Charles Meinken, who will reside with them, the family includes Maria, 13, Francisco III, 5, and Toni, 3.

"If you're ready for the better things in life, you're ready for electric heat"

(and the rates are down 50% since 1958!)

That's Bob Appel talking. His RCA Associates, Inc., have built more than 600 homes in the North Aurora area.

Like an ever-growing number of his friends in the building trades, Bob Appel believes that electric heat is today's great home improvement.

And, if you are ready for the better things in life, no other heating system at any price comes close to giving you all the benefits of electric heat.

It's clean, safe, the most comfortable heat by a wide margin. Separate thermostats let you control the heat in every room. And because electric heat burns no fuel, there's nothing to create dirt, dust, and fumes. Walls, ceilings, curtains, and furniture stay clean longer. And there's little or no maintenance.

Besides—what else can you think of that costs 50% less today than it did in 1958?

Mr. and Mrs. August Burnier, 516 E. Fairview, stayed at Niagara Falls, a favorite resort area with them for many years, while they attended the Eastern State Dairymen Conference in Buffalo, Aug. 25 through the 29th.

Mrs. John Lindstrom, 824 S. Beverly, and her daughter, Linne, came home this weekend from a 2-week trip in California, where they visited her parents, Mr. and Mrs. G. T. Stankard of San Francisco. While in California, they visited the Redwood country.

OUT-OF-TOWN guests of the Walter Edelblutes, 209 S. Pine, who came for the wedding of their son, Richard, to Miss Barbara King Saturday in the Westminster Presbyterian Church, are their daughter and family, the Bill Bonnichsens of Minneapolis, and their children, Susan and Jimmy, and a niece, Mrs. Donald Bettine of Beloit, Wis. Also coming for the wedding was their younger son, Bill, who has been attending summer Forestry Camp at the University of Idaho.

The Edelblutes were hosts at the rehearsal dinner Friday for members of the bridal party and out-of-town guests.

Mr. and Mrs. Richard L. Johnson, 425 S. Belmont, joined friends from Clarendon Hills, the Henry Zimbas, to spend a week vacationing near Muskegon, Mich.

Mr. and Mrs. Claude La Rose, 611 Grove, motored to Tampa, Fla., to visit her parents, the Clyde Tebbels. They returned home leisurely, camping for three days at Stone Mountain National Park near Atlanta and spending three days at Cumberland Falls in Tennessee. Their youngest son, Larry, accompanied them.

THE WILBUR Todds, 103 S. Brighton, their three children, Elizabeth, John and Margaret, and their two dachshunds, Gretchen and Heidi, returned home last Thursday from a 3-week camping vacation at Glacier National Park. They spent a week on the American side and a week on the Canadian side in Waterton in Glacier International Peace Park.

Mr. Todd and John took all day hikes and fishing trips into the back country where they saw abundant wildlife, including moose, and always returned to camp with ample amounts of trout and silver salmon for supper.

Recent houseguest of Mr. and Mrs. Frederick Fraizer, 115 S. Brighton, was her niece, Miss Barbara Anderson of New Canaan, Conn., who spent several days here before going on to San Francisco.

The Nat Evanses, 1223 Woodford, welcomed her parents, Mr. and Mrs. Leon W. Miller, who arrived Monday from the East Coast, where they have been vacationing. They will spend several weeks here before returning to Honolulu for the winter.

THE Walter McClures moved from Stonegate Saturday and have taken an apartment in Mount Prospect until their new home is finished. They hope to move into the house they are having built on N. Belmont in North Arlington Heights about Christmas.

Mr. and Mrs. George Rose, 1300 Mayfair, had as their houseguest last week, Mrs. Beatrice Prothero of San Bernadino, Calif.

Mr. and Mrs. Robert Hutchinson, 1218 Woodford, and their sons, Alan and Bob, were in Fort Wayne over the weekend to attend the wedding of their niece, Miss Suzanne McNelley, John Johnson of Fort Wayne.

Accompanying the Hutchinsons was Miss Carol Hall of Arlington Heights and Mrs. Hutchinson's aunt, Miss Lou McNelley, of Chicago.

"I REMEMBER" BY The Old Timers

From Mrs. Grace K. Nelson, Fresno, California: Like Mrs. Boyd Owen, from Pleasant Hill, Mo., I well remember the "anti-over" game. I also remember the little one-room schoolhouse in Union Hill, Arkansas where I played "anti-over" the most. I remember the homemade balls we played with. We would take our dad's socks that had the heels worn out and cut the leg part off and make a ball of the rest, unravel the leg part and wrap it until we had the ball as large as we wanted it.

We would then take a needle and part of the yarn and sew it securely to keep it from coming unraveled and that is the only kind of ball we played with. We also had a game we called cat ball where only four people played, two at the bat and two behind the bat. When they were caught out then the ones behind the bat got to bat. That was the good old days. I never heard of juvenile delinquency in those days.

SUMMER IS OVER. SO MANY THINGS TO DO
The children must be ready for school or college. Their clothes must be mended or new ones bought. Hot weather garments to be stored away and winter things unpacked and aired. September is a busy month.

PREPARE NOW FOR BETTER HEALTH
Before you realize it cold winter months will be here. Unless your body's resistance to disease is strong, changeable weather can cause much trouble. If you will take these few simple precautions you can almost insure good health.

VISIT YOUR PHYSICIAN FOR A CHECK-UP
You are going to have your auto prepared for winter driving. Doesn't it also make good sense to have your body tested for winter living? Let your Doctor advise you how to keep your body strong. You'll be happier when you are healthier.

YOUR PHYSICIAN MAY PRESCRIBE VITAMINS
It is difficult to get all the exact vitamins one needs from food. But a good multi-vitamin formulae taken daily guarantees you will have all you require. You can feel the increased energy you may gain. We always carry a potently fresh stock of the quality vitamins physicians prefer their patients to take.

INSPECT YOUR MEDICINE CHEST NOW
Throw out the unneeded bottles and old medicines. Replace them with your favorite winter needs to be prepared for any emergency. Be sure you have a good thermometer. Make certain your heating pad, hot water bottle and vaporizer are usable. For, with summer gone, winter is not far away.

According to the Splitts, a more excellent "tour director" than Howard Trendel has yet to be found, since he pointed out the virtues of sightseeing better than any California guide.

ALSO ON their schedule was a dinner visit with the Jack Searfoss family in Arcadia. Ridge Parkers will recall them as former residents of Harvard and Elm. After their return to Illinois, the Splitts wound up their three weeks by a jaunt to Springfield and the New Salem area.

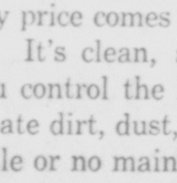
Birthdays have been coming at such a rapid rate for the members of the William Thrashers, 919 N. Kennicott, that it's hard to keep up with the baking of the cakes. Billy began the march in July, as he turned 6; Barry was 18 Aug. 23, while Mary and Chris had Aug. 26 birthdays and became 8 and 3, respectively. Event forthcoming for the family is Sept. 8, date of departure for Barry for his first semester at Wisconsin State College in La Crosse.

FROM SHERWOOD

A welcome is offered to the new residents of 1110 W. Clarendon, Francisco and Muriel Ponce de Leon, who came to Sherwood in June after 10 years of living in the east. While Muriel originally is from Chicago, Francisco is formerly from Montevideo. He is an industrial chemist and corporate buyer for John Sexton & Co. By profession, Mrs. Ponce de Leon is a musician and worked with the ABC Radio network in Chicago for a number of years. In addition to her mother, Mrs. Charles Meinken, who will reside with them, the family includes Maria, 13, Francisco III, 5, and Toni, 3. (A

"If you're ready for the better things in life, you're ready for electric heat"

(and the rates are down 50% since 1958!)



That's Bob Appel talking. His RCA Associates, Inc., have built more than 600 homes in the North Aurora area.

Like an ever-growing number of his friends in the building trades, Bob Appel believes that electric heat is today's great home improvement.

And, if you are ready for the better things in life, no other heating system at any price comes close to giving you all the benefits of electric heat.

It's clean, safe, the most comfortable heat by a wide margin. Separate thermostats let you control the heat in every room. And because electric heat burns no fuel, there's nothing to create dirt, dust, and fumes. Walls, ceilings, curtains, and furniture stay clean longer. And there's little or no maintenance.

Besides—what else can you think of that costs 50% less today than it did in 1958?

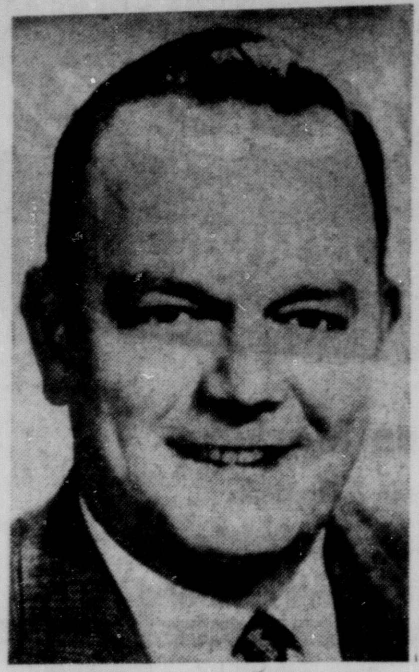
Meet the Rivals for Circuit Court Clerk

McDonough Played Tackle for Irish



JOSEPH J. McDONOUGH

The first person you're likely to encounter on entering the office of the Clerk of the Circuit Court of Cook County may look more like a member of the Chicago Bears than a county worker.

But make no mistake, he's not a lineman or a linebacker for the Bears. He'se Joseph J. McDonough, the Clerk of the Circuit Court.

You won't make any mistake if you think this man could have played for the Bears. McDonough stands an erect 6 feet 1 inch and weighs in at a solid 220 pounds. That's 40 pounds less than when he was a varsity tackle for the University of Notre Dame in 1937 and 1938.

ALTHOUGH he's only 45 — he was born in Chicago Feb. 23, 1919 — McDonough holds one of the most responsible positions in the administration of law in the State of Illinois.

As Clerk of the Circuit Court, his name goes on every document of the court. Unfortunately, that includes every traffic ticket given out in Cook County — at least 2,300,000 a year — and many of the drivers assume that McDonaugh personally gave them the ticket.

McDonough attended the Nativity of Our Lord grade school and De LaSalle High School in Chicago. He played football at De LaSalle, too. After all, his father, the late Joseph McDonough, formerly county treasurer, had been a sandlot football player on Chicago's south side for many years, playing against such notables as Knute Rockne, who later became the immortal Notre Dame player and coach.

McDonough was graduated from Notre Dame in 1940 with a B. S. degree in accounting and, among other things, became football coach for St. Mel's High School in Chicago. The job didn't last long, for in 1942 the army gobbled him up.

HE LANDED with the 103d Infantry Division in Southern France in 1944. Before the war in Europe ended he was entitled to wear five battle stars.

Returning to civilian life in 1946, McDonough became an employee of the Ford Motor Co. in its business management field. He stayed with the company in factory division and retail sales field until 1955, when he became deputy purchasing agent for the city of Chicago.

In 1957 he was promoted to deputy city comptroller of the City of Chicago. In this job he supervised the installation of a completely automated accounting system for the office, and was acting City Comptroller for several months before he was elected in November, 1960, as Clerk of the Munecipal Court of Chicago.

IN COOPERATION with the Northwestern University Traffic Institute, McDonough modernized the city's traffic court. He installed a new IBM system for the court, established night courts', and installed a new internal control system for the Traffic Court. These and other changes in his first two years as Clerk of the Municipal Court increased the city's revenue in the Traffic division from $4,500,000 in 1960 to $9,600,000 in 1962.

McDonough was selected as clerk of the new Circuit Court of Cook County when the courts were reorganized. He was appointed Interim Clerk of the new court on Oct. 15, 1963, and last Jan. 2 became the full clerk of the court. His term ends in November.

McDonough has had the tremendous job of revising the procedures of the Clerk's office to keep pace with the modernization of the courts under the Judicial Reform Article. The job involves working closely and constantly with Chief Judge John S. Boyle and the many committees of judges who have worked out details of the new court's operations.

Kucharski Won First Race in '47

Edmund J. Kucharski, Republican Candidate for Clerk of the Circuit Court, has consistently proven the truthfulness of Benjamin Disraeli's statement: "In politics, the best repartee is a majority."

Kucharski has generally drawn a majority of the voters since he first entered politics in 1947. In that year, he became the first Republican to be elected alderman from the 12th Ward after upsetting a powerful Demacratic opponent, Bryan Hartnett, in a hard contest.

He entered the city council at the same time as a number of other outstanding leaders in the fight for good government, such as Robert E. Merriam, and John J. Hoellen.

IN A memorable battle during his first term, Kucharski defied hoodlum elements who were attempting to influence the election of the chairman of the powerful finance committee.

The attendant publicity and his other work in the city council contributed greatly to his reelection to the council in 1951.

Kucharski was elected a clerk of the Superior Court of Cook County in 1952, receiving more votes in the county than President Dwight D. Eisenhower, who led the Republican ticket. During the campaign, he was endorsed by every Chicago metropolitan newspaper, and numerous civic organizations.

As a Superior Court Clerk and member of the inner councils of the Republican party, Kucharski was one of the first to advocate that the party support Robert E. Merriam for mayor of Chicago and played a prominent part in his campaign.

IN 1956, Kucharski was nominated for the office of Recorder of Deeds. He again faced one of the strongest vote getters of the Democratic party — the party which had held the office for almost half a century.

But Kucharski's prowess as a candidate toppled his opponent, the late Joseph Ropa. Kucharski — who has received again the endorsement of the four Chicago dailies — as well as civic organizations — drew more than 1,149,597 votes in Cook County.

As Recorder of Deeds, he obtained passage of legislation requiring that all essential records be microfilmed, and duplicate copies placed in the archives at Springfield.

This was not only an important achievement from an efficiency standpoint, it also represented a long range economy accompjlishment.

Kucharski was the only Cook County official to show an actual reduction in his 1959-60 budget. For this and other achievements, he received special commendation from the Civic Federation of Chicago — a watchdog on government for the taxpayers.

In 1960, he ran 200,000 votes ahead of Vice President Richard Nixon in Cook County. Again, the major Chicago newspapers and civic groups supported Kucharski.

In 1961, Kucharski was appointed a trustee of the Sanitary District to fill the unexpired term of the late William F. Nordberg.

In 1962, Kucharski became the top assistant to Sheriff Richard B. Oglivie. As undersheriff, he is responsible for the entire adoffice. He has worked closely with Sheriff Ogilvie in revamping the office, which has become a showcase of efficiency and professional competence.

KUCHARSKI, who is a member of the executive committee of the Republican Party of Cook County, has been one of the leaders in moves to eliminate the influences of the West Side bloc and to strengthen the GOP's role in the two-party system in Cook County.

EDMUND J. KUCHARSKI

A life-long Chicagoan, Kucharski was educated at Henderson Grammar School, and Lindbloom High School. He took pre-legal work at the University of Illinois, 1935-36, and Lewis Institute, 1936-37, then earned an LL. B. degree from John Marshall Law School in 1941. After graduation, he became a real estate and insurance broker.

He is married to the former Irene Vascura, and they live at 6301 S. Kolin in the city. They have two children — a daughter, Mrs. Joseph Vogrich, 21, and a son, Edmund F., 17.

Freedom School Debaters Discuss Problems of Negro

by TOM EDWARDS

(Editor's Note; Tom Edwards, a news editor and staff writer for Paddock Publications suburban newspapers, recently returned from a 9-day tour of Mississippi where he assisted civil rights workers and viewed first-hand the trouble racial situation in that state.)

HATTIESBURG, MISS.—"Violence doesn't prove who's right; it only proves who's left."

This was a statement made by a 15-year-old Hattiesburg, Miss., boy. The occasion was a debating contest marking the end of the Freedom School sessions in that city. The subject was whether Negroes should use violence in their civil rights struggle.

I wondered if such subjects would be permitted in a classroom in Chicago's northwest suburbs, particularly if they were local problems.

In Hattiesburg such topics were not only being recognized, they were being debated.

The youthful debaters discussed violence, civil disobedience (sit-ins, rent strikes. etc.), and civil rights with a clarity, objectivity and understanding that would put many legislators to shame.

With twice as much money being spent on the schools for white children in Mississippi, I wondered if they were getting half the education these Negro children were.

If education can be defined as helping to make individuals aware and encouraging them to think and reason, then the hard realities of Mississippi's environment are doing just that for the Negroes there.

And the Freedom Schools are bringing their thoughts to the surface where they can be acted on, as well as teaching reading, writing. arithmetic, and the Negro history left out in their regular educations.

If education is defined as training and indoctrination, Mississippi must be dishing out plenty of it to its white children. Some of the subject matter recommended by the White Citizens Council is:

"Negroes use their own bathrooms. They do not use white people's bathrooms ... This is called the Southern Way of Life ...One of the main lessons of the Old Testament of our Bible is that your race should be kept pure ... Chickens do not mix. A friend has 100 white chickens and 100 reds. All the white chickens got to one side of the house, and all the red chickens got on the other side of the house ... God meant it to be that way ..."

Public education in Mississippi is windowless in more than the architectural sense.

In contrast, "The purpose of the Freedom Schools is to provide an educational experience for students which will make it possible for them to challenge the myths of our society, to perceive more clearly its realities, and to find alternatives, and ultimately new directions for action."

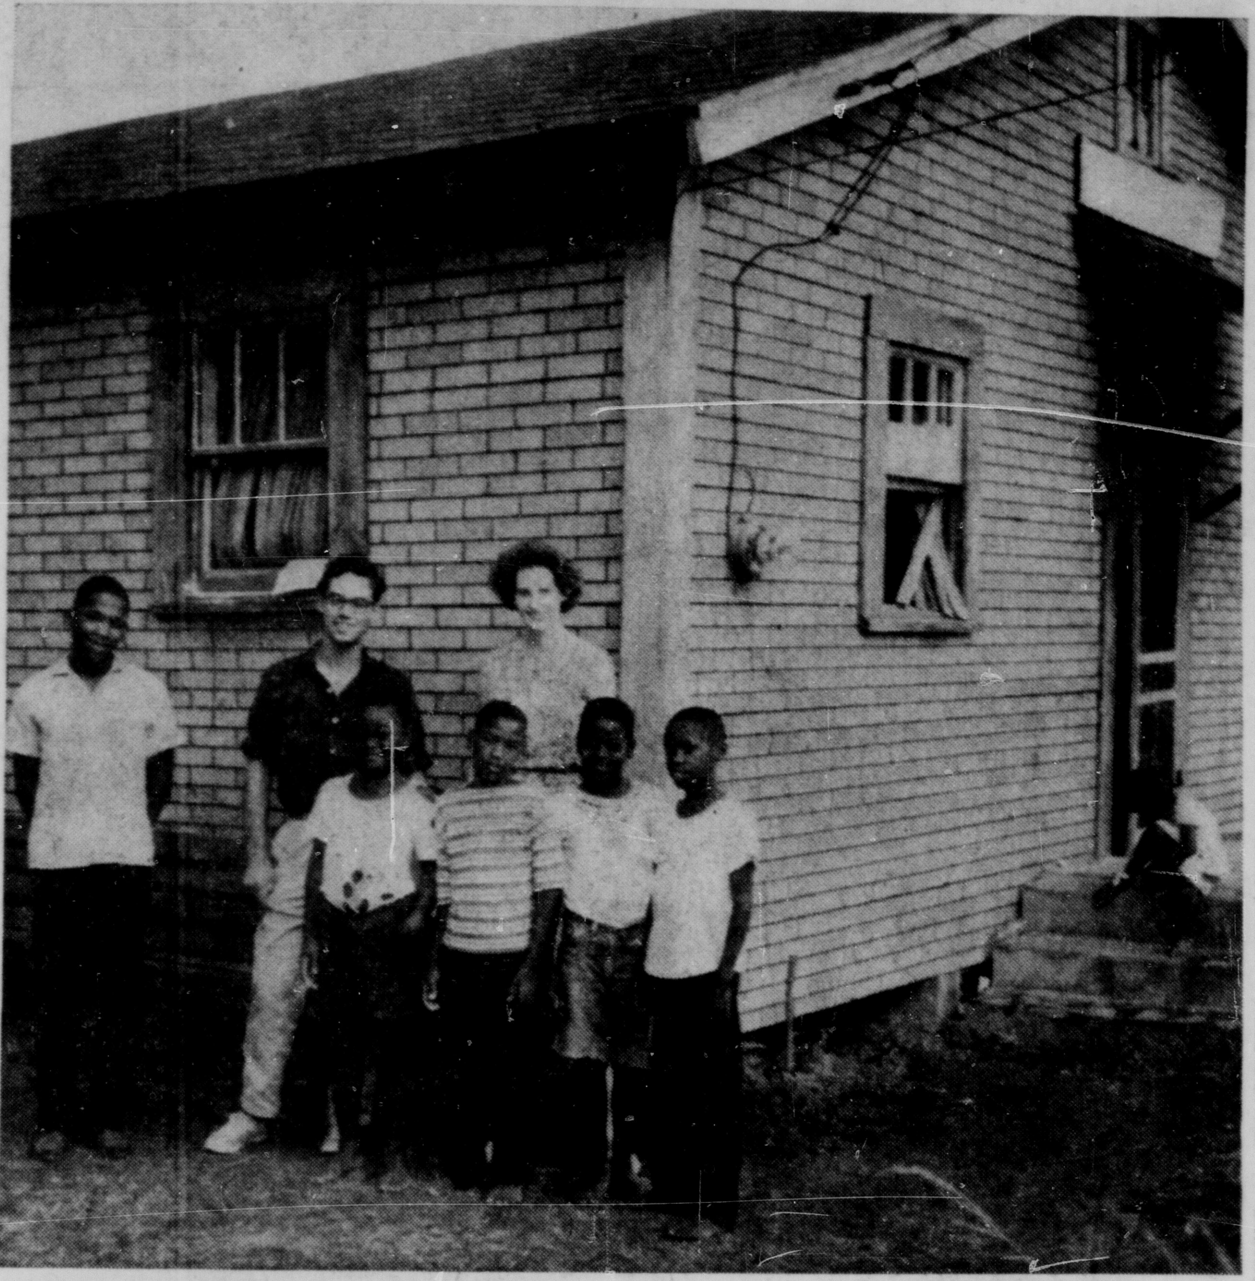
Here are some other statements made by the Freedom School debaters:

—"Civil disobedience is one of the strongest weapons ... It does not seek to humiliate or destroy."

—People "can all be reached some way."

—"Just because the whites bomb churches isn't any reason for the Negroes to do it."

—"Will I give my life to be free? Life is a precious thing."



CENTER OF COFO'S freedom activities at Palmer's Crossing, Miss., this summer was the above building, which served as a makeshift school and community center. This center and many more like it throughout the state will be kept in operation through next summer, at least. About 300 volunteers are planning to stay to continue working through the year, it was reported. The two instructors above are David Bailin of London, England, a physics instructor at Princeton University for the last two years who is taking similar job at Oxford University this fall, and Mary Sue Gellatly of Oregon, who just graduated as a music major from Willamette College in Oregon.

SECURITY STRONG FOR 44 YEARS

$40 Billion Spent

Recreation Is Big Business

Recreation, or America at play, is now one of our biggest businesses, the Taxpayers' Federation of Illinois said this week.

Figures from government and private sources indicate that the American public is now spending upwards of $40 billion a year on a wide diversity of sports and recreational activities from the stay-at-home variety to the great outdoors.

This sum, which includes many tax dollars, is more than a tenth of the entire consumer spending dollar.

THERE ARE few classifications of personal consumption expenditures that match or exceed this total. Only food, shelter and transportation qualify in this respect. For comparative purposes, the nation's entire bill for clothing and shoes, for example, is some $10 billion smaller than the aggregate amount spent on recreational pursuits.

And with the automobile industry establishing new records each year, the $22 billion total for sales of automobiles and parts last year was only around half the recreation tab.

All of the expenditures for recreation are not spent on the active sports and games. Much of these expenditures represents the quiet comparatively inactive type of diversion—television, curled up with a book at home or going to the movies. However, a large part falls into the energetic forms of recreation.

RACE TRACK attendance now runs to more than 60 million annually and baseball spectators number over 30 million during the season. In all, admissions to spectator amusements add up to $2 billion a year.

Boating, the number one family participation sport, costs its 40 million enthusiasts around $2 billion a year. The more than 30 million fresh and salt water fishermen spend about $3 billion a year.

There are 30 million bowlers and 20 million hunters with their outlays placed at a billion dollars a year in each case. Gardening (who said this was recreation) ranks as a $2 billion a year nerve soother.

VACATIONERS, who spend an amount that is variously estimated at $20 to $25 billion a year, visit many of the federal, state and local parks and recreational areas—234 million acres of such areas in the United States.

While recreation helps the economy and the well being of the person, it also aids the governmental tills because a part of what is spent represents many tax dollars. A15

265 Drown In Illinois During '63

A total of 265 persons drowned in Illinois during 1963, Dr. Franklin D. Yoder, director of the Illinois Department of Public Health, has reported.

Drowning is the fourth leading type of fatal accident and each year in the nation about 6,400 persons are drowned. Of these victims, about two-thirds are not swimming at the time of the accident: they fall into the water. About two-thirds are children and young adults and most are males. Drowning is second only to pedestrian - motor accidental deaths in the 5-to-24 year age group.

DURING the last 15 years in Illinois, one out of five drownings involved a pleasure boat and the sites of drownings have remained unchanged. Each year the same kind of a location claims its usual quota of lives of the unwary, the careless, the unprepared, Dr. Yoder said.

"About 300 lives have been lost in Illinois waters each year for the last 15 years," Dr. Yoder concluded. "Not until everyone becomes conscious of water safety will this needless loss of life be reduced." (A15

Fund Drive Organized

Fund drive captains participating in the 1964 cystic fibrosis door-to-door campaign during CF weeks, Sept. 1-15, include three northwest suburban women.

They are Mrs. William Ellingson, 906 N. Belmont, Arlington Heights; Mrs. Robert Atherton, 378 Meadow Lane, Palatine; and Mrs. William Rosenbaum, 643 Merle Lane, Wheeling.

The Chicago chapter of the National Cystic Fibrosis Research has a fund drive goal of $100,000 needed to fight against the mysterious lung and digestive disease which attacks children.

The disease affects about one in every 1,000 children. Half of the victims die before they reach the age of five. (A15

3 Residents Named To Lions Cabinet

Three area residents are among the district cabinet officers whose selection was announced this week by Robert G. Clendenin of Riverwoods, newly elected governor of Lions International District 1F.

Roger V. Aiman, 1411 Barberry Lane, Prospect Heights, and Lynn A. Brauer, 422 Comfort Lane, Palatine, were named deputy district governors. Don Walker, 30 Ridgewood, Elk Grove Village, was appointed a zone chairman.

CLENDENIN announced that the annual district cabinet meeting would be held Wednesday, Sept. 9, at Fox Lake Lions Club in Fox Lake. Newly elected officers will be given instruction at this time.

Walker will assist with the instruction for Lions members from Rolling Meadows, Arlington Heights, Prospect Heights, Mount Prospect, Des Plaines, Schaumburg, Hoffman Estates, Elk Grove Village and Palatine.

Lions members from Wheeling will be among those whose instructors will include Brauer. Aiman will help with still another group of Lions from other northeastern Illinois communities within District 1F.

More Join Area Group For Johnson

More than 75 persons now have joined the area citizen's organization, Americans for Johnson, according to Mrs. Bernard Masler of Wheeling, membership chairman.

Roselle, Deerfield and Chicago are now represented in the 18-town organization, she reporttd.

Norbert Necker of Wheeling, chairman of Americans for Johnson, told an executive committee meeting in Palatine that similar but non-affiliated groups supporting President Johnson have been formed. He attended the official opening last Saturday of headquarters for Southeast Citizens for Johnson, made up of Chicago South Shore residents.

Other areas to have organized supporters of Johnson include New Trier Township, Highland Park and DuPage County, centered in Glen Ellyn.

Spacemobile 'Held Over' At Museum

The Spacemobile, a travelling space science demonstration unit sponsored by the National Aeronautics and Space Administration (NASA), will return to the Chicago Park District Adler Planetarium and Astronomical Museum Tuesday, August 25, for an extended additional period, according to Robert I. Johnson, director.

Daily demonstration lectures will be held through September 3.

Aboard the Spacemobile are scale models of rockets and satellites, such as Tiros, Syncom, Alouette, Apollo Nimbus, Surveyor, Gemini and Ranger, the sensational space craft that recently photographed the moon.

BY EMPLOYING the models, Roland Revello and Robert Knutson, scientific consultants from NASA, will discuss the NASA programs in the area of communication and weather, scientific exploration, and manned and unmanned space craft.

The 50-minute lectures are presented free in the lecture hall on the lower floor of the Astronomical Museum.

On Saturday and Sunday they will be held at 11:30 a.m., 1, 2:30 and 4 p.m. On Tuesday through Friday, lectures are scheduled for 12:20, 1:30, and 3:30 p.m. No lectures will be held Monday. (A15

Suppose your phone goes out of order during the evening, and you're expecting an important call. Or, someone in the family becomes ill over the weekend, and you need a telephone at the bedside.

Can you get service? Where do you call?
The answer: Call Repair Service and tell us your problem. We will do everything we can to solve it. We're guided by this principle:

If it's an emergency to you... it's an emergency to us
We have improved our after-hours service by creating several new regional service centers. They handle your calls whenever your local office is unattended. The centers are staffed by experienced people who have the authority and ability to care for your needs. If necessary, they can dispatch crews immediately to repair or install telephones. If immediate action is not required, they can take the report and see that it is cared for promptly on the next regular work day.

Call Repair Service
So, if you need a phone repaired or installed after-hours or on weekends, call Repair Service. You can find the number in the front pages of your local telephone directory. Remember, when your phone needs fixing, we'll fix it fast—and with no extra charge. It's one of the values you receive with your telephone service.

More Join Area Group For Johnson

More than 75 persons now have joined the area citizen's organization, Americans for Johnson, according to Mrs. Bernard Masler of Wheeling, membership chairman.

Roselle, Deerfield and Chicago are now represented in the 18-town organization, she reporttd.

Norbert Necker of Wheeling, chairman of Americans for Johnson, told an executive committee meeting in Palatine that similar but non-affiliated groups supporting President Johnson have been formed. He attended the official opening last Saturday of headquarters for Southeast Citizens for Johnson, made up of Chicago South Shore residents.

Other areas to have organized supporters of Johnson include New Trier Township, Highland Park and DuPage County, centered in Glen Ellyn.

For information, call Mrs. Masler, 537-5731. (A-15

Spacemobile 'Held Over' At Museum

The Spacemobile, a travelling space science demonstration unit sponsored by the National Aeronautics and Space Administration (NASA), will return to the Chicago Park District Adler Planetarium and Astronomical Museum Tuesday, August 25, for an extended additional period, according to Robert I. Johnson, director.

Daily demonstration lectures will be held through September 3.

Aboard the Spacemobile are scale models of rockets and satellites, such as Tiros, Syncom, Alouette, Apollo Nimbus, Surveyor, Gemini and Ranger, the sensational space craft that recently photographed the moon.

BY EMPLOYING the models, Roland Revello and Robert Knutson, scientific consultants from NASA, will discuss the NASA programs in the area of communication and weather, scientific exploration, and manned and unmanned space craft.

The 50-minute lectures are presented free in the lecture hall on the lower floor of the Astronomical Museum.

On Saturday and Sunday they will be held at 11:30 a.m., 1, 2:30 and 4 p.m. On Tuesday through Friday, lectures are scheduled for 12:20, 1:30, and 3:30 p.m. No lectures will be held Monday. (A15

Tax Rates for Village Purposes Hold Steady

Some Towns Have None at All–Yet

by DAN PRIBILSKI
Staff Writer

Want to know how a village can avoid having a tax levy? Or, avoid having a rising tax levy?

Several ways exist. An easy way is to have 80 or 90 per cent industry. Another way is to have the sources of income come out of high service fees (don't call them taxes) such as water or electricity.

The problem, of course, is a village just can't wish itself as much industry or commercial development as it needs or wants. And a practical limit exists as to how hard a utility user can be socked for services.

Actually, the village governments are not the culprits for rising tax rates. In fact, most village levies in this area are holding steady or dropping.

Schools and special districts represent the facto in the rid represent the factor in the rising tax rates where they occur. It has been well documented in previous months that school needs are far outstripping their incomes—hence, increasing levies.

AMONG THE northwest suburbs that actually experienced drops in their levies from 1962 to 1963 are Arlington Heights, Wheeling, Palatine, Elk Grove Village, Hoffman Estates, Hanover Park, Roselle, Bensenville, Addison and Wood Dale.

And for all practical purposes. the Mount Prospect tax rate held steady, jumping only one cent per $100 assessed valuation. Buffalo Grove's rate remained the same from 1962 to 1963.

Rolling Meadows had an increase from .244 to .30. And Itasca jumped from .280 to .305.

Predictions by many village officials indicate that the rates will hold steady (for instance, Arlington Heights) or drop for 1964 (Palatine would be an example).

Mount Prospect may realize a slight increase to pay interest on $500,000 in bonds used for a fire station, fire equipment and a public works building.

However, Village President C. O. Schlaver maintains the rate should remain the same and funds for the bond interest should come from increased or new fees. The fees, has has said, would be applied to juke boxes, higher bowling alley licenses and pool hall licenses and cigaret sales.

So what about no levy at all? Not likely. Village services and the demand for them will keep levies in existence.

But, strange as it may seem, three villages in Cook County do not have any levies at all.

They are Countryside, west of Chicago; Rosemont, around the O'Hare Airport complex; and Schaumburg.

IN THE CASE of Countryside (population 2,400), income for village expenses comes from sales tax revenues. The village is highly commercial and realizes $120,000 a year through sales tax revenue. Its budget is $76,000.

Rosemont is more unique. It is 90 per cent commercial and industrial. Being near O'Hare, it has several large national companies and many large hotels and motels.

Rosemont invokes an Illinois law which permits a municipality to have a five per cent tax hooked onto the total bills which the electric and gas companies charge customers.

The city of Rosemont gets a three per cent tax added to the utility bills. This is sufficient to run the government which has a budget close to $350,000.

Schaumburg had a levy scheduled for 1963, but canceled it. It would have been the village's first levy in its history.

Its president, Robert O. Atcher, says he hopes the village can avoid a tax levy for several more years.

Schaumburg is largely rural and has only one main subdivision, Weathersfield. It lives off of water connection fees ($250 a home paid by a private utility company. Weathersfield Utility Co.) and building permits which average $100 a building.

The problem is that building has dropped off in the past few years. This makes financing tighter.

CERTAIN drawbacks exist. The water bills are high. In Schaumburg the minimum rate is $36 a year. As a comparison, the minimum rate in Arlington Heights is $12 (with a .518 levy) and Palatine is $14 (with a levy of .68).

Proportionately, each figure would be somewhat higher since it's doubtful if anyone, but anyone, just uses the minimum. (The Weathersfield Utility minimum is 4,000 gallons for one month.)

Also Schaumburg does not have a fire department. It is served by the Roselle Rural Fire District. This will tend to kick the fire insurance rates up.

Essentially then, when considering a village tax rate, a homeowner must consider the added fees, the extra liabilities for lacking a particular service (such as fire department) and the commercial and industrial background.

Here's How Area Tax Rates Compare

Languages, Wines, Parties Make News

After designing a cover on the woes of party giving, artist Whitney Darrow Jr., decided to expand the fruits of his own experience into an essay, too. For instance — should you plan to have more people than chairs, or more chairs than people at your next party?

It's worth thinking about, and Darrow thinks this out as well as other riddles on how to and how not to throw a party in "Come on In and Stand Up" in the September issue of Suburbia Today coming to you with next week's editions of Paddock Publications' 15 suburban newspapers.

It's frustrating, all right, to spend years conjugating French verbs (or any verbs, for that matter) and end up being able to say nothing more than "comment allez-vous?" This month, Emily Kimbrough, the famous author of "Our Hearts Were Young and Gay," "Pleasure By The Busload," and others, and the forthcoming book about Greece, "Forever Old, Forever New," asks "Why Can't Our Children Get a Real Second Language?"

Then she answers the question with news of methods now being tried in our public schools, where the child is "brought up" in a second language from his first year in school through his high-school graduation.

IF YOU ARE tired of wine snobs who would sooner talk a glass of wine to death than drink it, you'll enjoy Fred Beck. In "How - And How Not - To Judge American Wines" he'll give you some common sense heresy on enjoying our domestic wines.

Suburbia Today has a beautiful lady on its mind this month, her name is Brassavola Nodosa (commonly called - "Lady Of The Night") and she's gorgeous and better yet, an easy-to-grow Orchid. Blooms are about three inches across, greenish white in color and giv off a delightful fragrance after dark. For all its delicate beauty, it needs less care than you'd give an African Violet. In "Orchids the Easy Way," you'll find out how you can grow these beautiful blooms right in your own home.

Ask any woman what her favorite season for new clothes is, and she'll probably say fall. Somehow the crisp weather and new activity of September seems to call for a new look to drape yourself in. With this in mind, Suburbia Today's Fashion Editor has chosen some tempting new outfits in tweed, mohair, camel hair and wool jersey, and for your first party this fall, a dress of heavy cotton lace.

HERE ARE SOME hot and spicy dishes to try as a change from the light, cooler ones you've been serving all summer. Food Editor Melanie De Proft has prepared five recipes in "The Classic Spanish Style." There is lamb barbacoa, brussels sprouts with gypsy rice, spicy stuffed flank steak, turkey mole pueblano and Spanish lemon and lime (a cooking drink to take the heat off).

When the Japanese thought up a garden to meditate in, they made it easy to care for too — more time left to think and all that. With winter just a few months away (what a thought) Garden Editor, John Brimer, tells how you can design your own "30-by-30 Feet of Tranquility" — an oriental garden that will look great any season of the year, with hardly any work to it.

The news column, "Getting Around" presents some little known facts learned straight from where the crabgrass grows. Do you know, for example, which profession has the highest anxiety level? And that a suburb in Illinois has almost an exact replica of the Leaning Tower of Pisa? (A15

IF YOU ARE tired of wine snobs who would sooner talk a glass of wine to death than drink it, you'll enjoy Fred Beck. In "How - And How Not - To Judge American Wines" he'll give you some common sense heresy on enjoying our domestic wines.

Suburbia Today has a beautiful lady on its mind this month, her name is Brassavola Nodosa (commonly called - "Lady Of The Night") and she's gorgeous and better yet, an easy-to-grow Orchid. Blooms are about three inches across, greenish white in color and giv off a delightful fragrance after dark. For all its delicate beauty, it needs less care than you'd give an African Violet. In "Orchids the Easy Way," you'll find out how you can grow these beautiful blooms right in your own home.

Ask any woman what her favorite season for new clothes is, and she'll probably say fall. Somehow the crisp weather and new activity of September seems to call for a new look to drape yourself in. With this in mind, Suburbia Today's Fashion Editor has chosen some tempting new outfits in tweed, mohair, camel hair and wool jersey, and for your first party this fall, a dress of heavy cotton lace.

HERE ARE SOME hot and spicy dishes to try as a change from the light, cooler ones you've been serving all summer. Food Editor Melanie De Proft has prepared five recipes in "The Classic Spanish Style." There is lamb barbacoa, brussels sprouts with gypsy rice, spicy stuffed flank steak, turkey mole pueblano and Spanish lemon and lime (a cooking drink to take the heat off).

When the Japanese thought up a garden to meditate in, they made it easy to care for too — more time left to think and all that. With winter just a few months away (what a thought) Garden Editor, John Brimer, tells how you can design your own "30-by-30 Feet of Tranquility" — an oriental garden that will look great any season of the year, with hardly any work to it.

The news column, "Getting Around" presents some little known facts learned straight from where the crabgrass grows. Do you know, for example, which profession has the highest anxiety level? And that a suburb in Illinois has almost an exact replica of the Leaning Tower of Pisa? (A15

Gifts Start 2 Boys on Path to Blue Ribbons

by HOWARD HARMENING
Staff Writer

Acceptance of a gift rarely means additional work for the receiver, but it has for Two DuPage County farm youngsters.

As far as Dale Webb, 15, of Itasca and Dave Fansher, 12, of Roselle are concerned, though, you won't hear a mutter of criticism against the increased responsibility.

Both 4-H Club members, the two boys have found that their gifts have led to honors at county and state fairs.

Webb, for example, has averaged at least two trophies for each of the past six years for his pigs after being given a sow by J. B. Cook, owner of Sunny Hill Farm which Webb's parents manage.

Fansher, on the other hand, is a comparative newcomer to competition on the fair-circuit, but has so far made a fine showing.

One of Fansher's heifers, Rosewood N. Princess, was champion in the junior division of the open class show of the state fair this year.

LIKE WEBB, Fansher's success story began with a gift two years ago from W. H. Odlum, owner of Rosewood Farm which his parent's manage.

Marvin Fansher, the boy's father, then bought him another heifer, Fame Molly, at the state junior sale last year at Champaign.

The presents, though, were given to the boys to be used as their 4-H projects, — something which they did admirably.

Following in the footsteps of his older brother Robert, Webb says he can't even begin to count all of his prizes and trophies earned over the past six years.

Building a reputation as the youngster to beat in 4-H competition at the county fair, he's twice claimed the showmanship trophy, the first in 1961 and the last this year.

The showmanship trophy is awarded to the handler, not the animal, and is judged on such things as management of the animal in the ring, courtesy to the judges and other contestants and cleanliness of the animal.

A junior this year at Willowbrook High School, Webb is treasurer of the Northern Lights 4-H Club and has been a junior leader — a youngster who takes over when the leaders are gone — for the past three years.

In addition, he's been a member of the state judging team for the past five years. As a member of this team, this means Webb first had to match the opinions of the judges at the county fair with their appraisal of hogs, sheep and beef cattle.

MEMBERS OF THE judging team then go to compete for the state title at Champaign, where Webb's team this year got an A-rating.

Webb, who says he wants to stay in farming, has few hobbies outside of the farm itself, according to his mother, Mrs. Roger Webb.

Other than bowling and hunting, his interests are few, he admits. Near show-time, he spends approximately a month carefully measuring the food intake of his pigs and works out with them often to ensure they don't bolt on him in the ring.

Managing a pig in the ring under the careful scrutiny of the judges is no easy matter, either. All Webb has to control the animal is a cane and a lot of patience in working before the show.

Webb's numerous prizes this year in 4-H competition at the state fair included second place in a Berkshire pair of middleweight barrows and a Berkshire heavyweight barrow; thirds in a Berkshire lightweight barrow and Berkshire senior spring litter; fifth in Berkshire senior spring board and 11th in Berkshire senior spring gilt.

In addition, his only entry in open class competition won ninth in Berkshire lightweight barrow.

This year marked his third trip to the fair at Springfield, while, for Fansher, it was his first visit to the fair as an exhibitor.

A SEVENTH-GRADER this year at Keeneyville School, Fansher took on the additional responsibility of taking care of one of the farm's heifer barns when he got "The Princess," a 20-month-old guernsey junior yearling heifer.

"When I got 'The Princess,' " he explains, "she was kept in that barn, so I just asked to take care of the rest of the heifers there, too, since I had to take care of 'The Princess' anyway."

Among his other duties in the barn, Fansher feeds the stock, "beds them down and keeps the place clean."

The work, though, has paid off handsomely. "The Princess" has won first place twice in both 4-H competition and open class in the last two county fairs.

In addition, "The Princess" was Guernsey heifer champion and reserve grand champion in 1963 at the county level in open class competition.

"The Princess" then went downstate for the second time (she was shown in 1963, taking eighth in the open class, but the owner didn't attend) and placed second in her class in the 4-H show besides winning the open class championship this year.

Fame Molly, a 13-month-old Guernsey senior heifer calf that forms the other half of Fansher's herd, won first place in her class in both 4-H and open class competition at the county level and finished ninth in 4-H in the state.

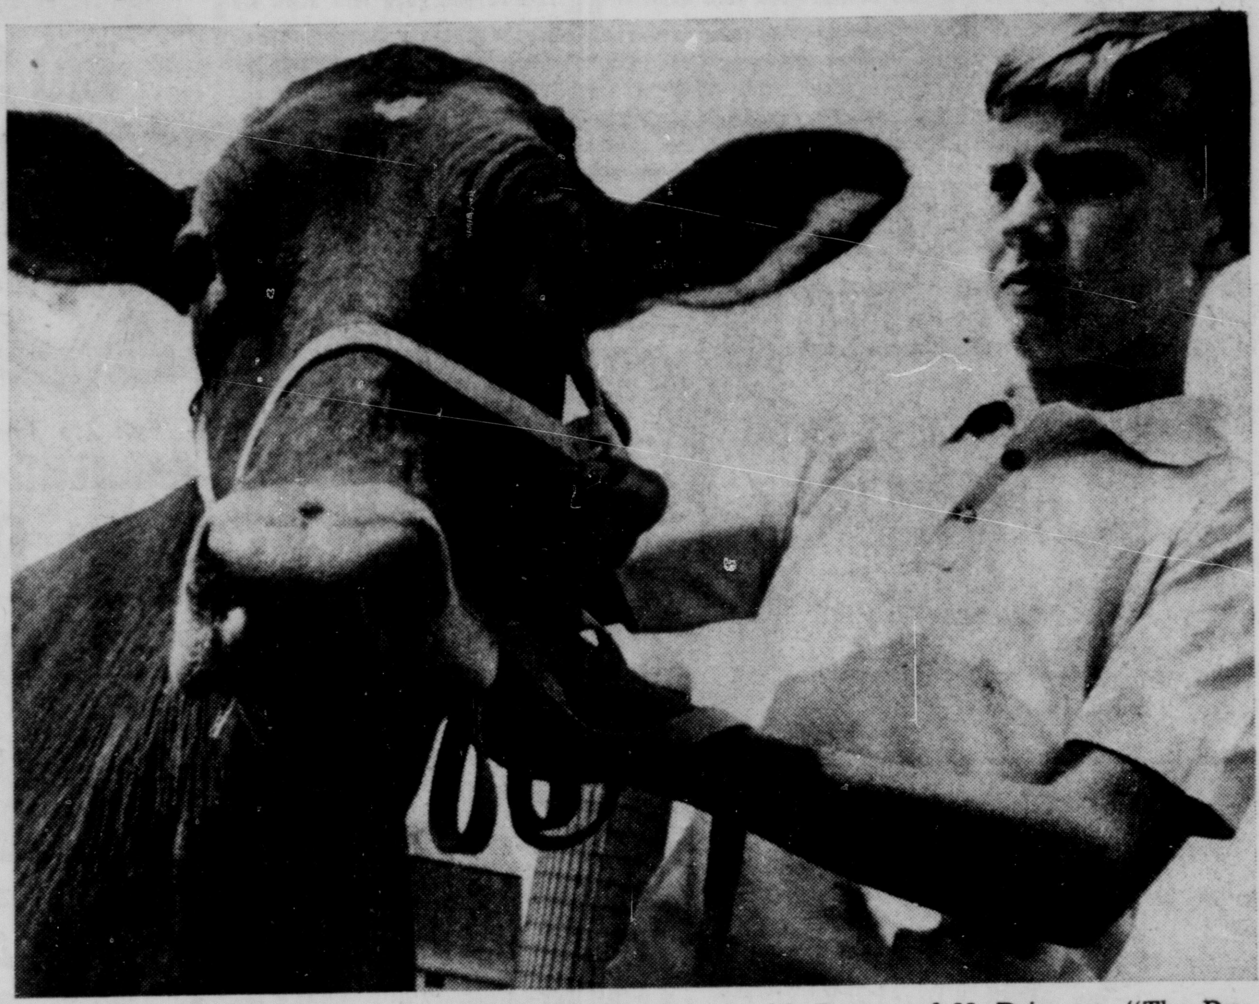
Unlike Webb, whose father was president of the county fair this year, Fansher asserts he doesn't want to be a farmer when he gets older.

"If my math improves," he adds, "I want to be an engineer."

A MEMBER OF the "This 'N' That" 4-H Club for the last two years, Fansher says he's interested in engineering because he likes "to work with designs."

Like many Midwestern farm boys, Fansher included among his other interests boating, swimming and "building models — mainly ships."

But, unlike many Midwestern farm boys, he replied, "Nah," when asked if he wanted to join the Navy when older. (A15



DAVE FANSHER, 12, of Roselle took second place in the 4-H contest at the Illinois State Fair in the guernsey junior yearling heifer class with Rosewood N. Princess. "The Princess" was also champion in the open class show at the state fair. (Staff photo)

IN SIX YEARS, Dale Webb, 15, of Itasca has built the reputation of being a consistent winner at the DuPage County and state fairs. Note the cane, the only instrument Webb uses to direct his pigs while in the ring under the careful scrutiny of the judges. (Staff photo)

Council Seeks Safe Expressway Driving

An intensive effort to help raise the caliber of expressway driving in the Chicago metropolitan area will be started this fall by the Neighborhood Newspaper Safety Council in cooperation with city, county, state police and highway officials.

A special committee of the Council, headed by Hubert Messe, publisher of the Leader Newspapers in Chicago, met recently to discuss with city and state officials steps to be taken to improve even further the outstanding safety record being compiled on area expressways.

Enforcement procedures and traffic engineering signing on the expressways were explained to the committee by Capt. Francis Rowder, Central Traffic bureau, Chicago Police department, and by Robert Kronst and George March, expressway engineers for the Illinois Division of Highways.

MAJOR AREA of discussion centered on how to make the "too-slow" motorist aware that minimum speed laws do exist on all area expressways. It was pointed out by Gordon Lindquist, safety and traffic engineering director for the Chicago Motor Club, that the expressway driver who violates the minimum speed law is as great a safety hazard as the habitual speeder and should either keep up with the traffic flow or avoid using the high speed expressway system.

Capt. Rowder agreed that the minimum speed violator presented a distinct safety problem, and said his men have been pulling aside the "too-slow" expressway driver and suggesting that either he maintain at least the minimum speed or leave the expressway. He also said motorists have been ticketed for this violation, and that such enforcement will continue.

Lioner Kramer, secretary of the Council and public relations director for the Chicago Motor Club, suggested that an educational safety campaign conducted by the more than 100 Chicago area community and suburban newspapers could play a major role in easing this expressway traffic problem.

CHAIRMAN MESSE said his committee would work cosely with the Chicago Motor Club and all interested traffic officials and engineers in preparing a series of feature articles and cartoons on "How To Improve Your Expressway Driving."

Herbert Bassman, publisher of the Citizen Newspapers in LaGrange, suggested that the committee develop a comprehensive expressway driving educational program to be ready for presentation at the next meeting of the entire Council Oct. 9. (A15

INSIDE RANDHURST

Two Art Shows Set for Mall

by BEVERLY TUTTLE

What will be next? What will happen now? The "wheels" are "spinning" and plans are being made for the next exciting event. September is "Art" month at Randhurst. "Easel-in" everyone for oils, watercolors, pastels, chalks, and charcoals! The curtain is about to open to easels, canvases, brushes, berets, and artists all on Randhurst's mall.

This year two exciting shows will be presented on Randhurst's beautiful mall. First of all, on Sept. 13 the United States Naval Reserve will present the Combat Art Exhibit in an exclusive appearance in the Chicago area. In this exhibit you will see combat drawings and paintings done by Navy men and assembled in an official Navy collection. This show will last one week and should be one of the most exciting programs we have had at Randhurst.

On Sept. 24, Randhurst will present the third annual Autumn Art Exhibit. This show will be held Sept. 24-27 on the mall. Any artists interested should ask for an entry form through the Randhurst' Art Gallery, 999 Elmhurst Road, Mount Prospect, Attention: Art Committee. This show promises to be even bigger and better than our past art shows.

Judges for this show are Chester Roseen, director of Randhurst Art Gallery; Nota K[illegible]wsky, prominent artist; and Peter Lencioni, proprietor of Armando's Restaurant in Chicago.

Be sure to be at Randhurst for these two beautiful shows which become even more colorful in the tropical setting of Randhurst's spacious climate-controlled mall.

Mark these dates down — Sept. 28 through Oct. 2! The Tuberculosis Institute X-ray unit will be at Randhurst offering free chest X-rays to all of the persons living in our area. This is the season's last appearance of this exceptional service in the northwest suburban area.

TRAVEL ACCIDENTS
ARE
COVERED
BY
Paddock Publications
Suburbanite Emergency Protection
Personal Accident Policy

ISSUED EXCLUSIVELY TO OUR SUBSCRIBERS AND THEIR FAMILY HOUSEHOLD MEMBERS

- The number of travel accidents is frightening. Practically everyone uses public or private conveyances such as automobiles, trucks, buses, taxis, trains, airplanes, boats and elevators. Pedestrians while walking or standing on public streets and highways are often struck, knocked down or run over by vehicles. Crowded and outmoded streets and highways, speeding, reckless drivers, blowouts and bad weather conditions cause accidents that kill or injure people every minute. If for no other reason, everyone should have protection for travel accidents when you think how much time is spent each day on transportation. At vacation time no one should be without the protection of this policy.
- The entire family should have this protection—man, woman and children.
- Policy will help pay those expenses resulting from bodily injury—whether simple or serious—when accidents strike at home, while traveling, at work, on the farm, at school, or at play.
- Subject to its provisions, the policy includes indemnity for: Loss of Life, from $500 to $10,000; Loss of Limb, $250 to $10,000; Loss of Sight, $175 to $10,000; Total Disability, up to $500, pro-rated on a daily basis; First Aid, up to $5 for non-disabling injury; Ambulance, up to $10 for this service; Hospital, up to $200, pro-rated on a daily basis; X-Ray, up to $10 for injury examination.
- Issued without medical examination.
- No age limits (Specific Loss and Total Disability Indemnities are reduced fifty per cent (50%) when insured is or becomes age 70 or over).
- Pays in addition to other personal accident insurance carried.
- Pays on work accidents that are covered by State Compensation Laws.

Gifts Start 2 Boys on Path to Blue Ribbons

by HOWARD HARMENING
Staff Writer

Acceptance of a gift rarely means additional work for the receiver, but it has for Two DuPage County farm youngsters.

As far as Dale Webb, 15, of Itasca and Dave Fansher, 12, of Roselle are concerned, though, you won't hear a mutter of criticism against the increased responsibility.

Both 4-H Club members, the two boys have found that their gifts have led to honors at county and state fairs.

Webb, for example, has averaged at least two trophies for each of the past six years for his pigs after being given a sow by J. B. Cook, owner of Sunny Hill Farm which Webb's parents manage.

Fansher, on the other hand, is a comparative newcomer to competition on the fair-circuit, but has so far made a fine showing.

One of Fansher's heifers, Rosewood N. Princess, was champion in the junior division of the open class show of the state fair this year.

LIKE WEBB, Fansher's success story began with a gift two years ago from W. H. Odlum, owner of Rosewood Farm which his parent's manage.

Marvin Fansher, the boy's father, then bought him another heifer, Fame Molly, at the state junior sale last year at Champaign.

The presents, though, were given to the boys to be used as their 4-H projects, — something which they did admirably.

Following in the footsteps of his older brother Robert, Webb says he can't even begin to count all of his prizes and trophies earned over the past six years.

Building a reputation as the youngster to beat in 4-H competition at the county fair, he's twice claimed the showmanship trophy, the first in 1961 and the last this year.

The showmanship trophy is awarded to the handler, not the animal, and is judged on such things as management of the animal in the ring, courtesy to the judges and other contestants and cleanliness of the animal.

A junior this year at Willowbrook High School, Webb is treasurer of the Northern Lights 4-H Club and has been a junior leader — a youngster who takes over when the leaders are gone — for the past three years.

In addition, he's been a member of the state judging team for the past five years. As a member of this team, this means Webb first had to match the opinions of the judges at the county fair with their appraisal of hogs, sheep and beef cattle.

MEMBERS OF THE judging team then go to compete for the state title at Champaign, where Webb's team this year got an A-rating.

Webb, who says he wants to stay in farming, has few hobbies outside of the farm itself, according to his mother, Mrs. Roger Webb.

Other than bowling and hunting, his interests are few, he admits. Near show-time, he spends approximately a month carefully measuring the food intake of his pigs and works out with them often to ensure they don't bolt on him in the ring.

Managing a pig in the ring under the careful scrutiny of the judges is no easy matter, either. All Webb has to control the animal is a cane and a lot of patience in working before the show.

Webb's numerous prizes this year in 4-H competition at the state fair included second place in a Berkshire pair of middleweight barrows and a Berkshire heavyweight barrow; thirds in a Berkshire lightweight barrow and Berkshire senior spring litter; fifth in Berkshire senior spring board and 11th in Berkshire senior spring gilt.

In addition, his only entry in open class competition won ninth in Berkshire lightweight barrow.

This year marked his third trip to the fair at Springfield, while, for Fansher, it was his first visit to the fair as an exhibitor.

A SEVENTH-GRADER this year at Keeneyville School, Fansher took on the additional responsibility of taking care of one of the farm's heifer barns when he got "The Princess," a 20-month-old guernsey junior yearling heifer.

"When I got 'The Princess,' " he explains, "she was kept in that barn, so I just asked to take care of the rest of the heifers there, too, since I had to take care of 'The Princess' anyway."

Among his other duties in the barn, Fansher feeds the stock, "beds them down and keeps the place clean."

The work, though, has paid off handsomely. "The Princess" has won first place twice in both 4-H competition and open class in the last two county fairs.

In addition, "The Princess" was Guernsey heifer champion and reserve grand champion in 1963 at the county level in open class competition.

"The Princess" then went downstate for the second time (she was shown in 1963, taking eighth in the open class, but the owner didn't attend) and placed second in her class in the 4-H show besides winning the open class championship this year.

Fame Molly, a 13-month-old Guernsey senior heifer calf that forms the other half of Fansher's herd, won first place in her class in both 4-H and open class competition at the county level and finished ninth in 4-H in the state.

Unlike Webb, whose father was president of the county fair this year, Fansher asserts he doesn't want to be a farmer when he gets older.

"If my math improves," he adds, "I want to be an engineer."

A MEMBER OF the "This 'N' That" 4-H Club for the last two years, Fansher says he's interested in engineering because he likes "to work with designs."

Like many Midwestern farm boys, Fansher included among his other interests boating, swimming and "building models — mainly ships."

But, unlike many Midwestern farm boys, he replied, "Nah," when asked if he wanted to join the Navy when older. (A15

DAVE FANSHER, 12, of Roselle took second place in the 4-H contest at the Illinois State Fair in the guernsey junior yearling heifer class with Rosewood N. Princess. "The Princess" was also champion in the open class show at the state fair. (Staff photo)

IN SIX YEARS, Dale Webb, 15, of Itasca has built the reputation of being a consistent winner at the DuPage County and state fairs. Note the cane, the only instrument Webb uses to direct his pigs while in the ring under the careful scrutiny of the judges. (Staff photo)

TRAVEL ACCIDENTS
ARE
COVERED
BY

Paddock Publications
Suburbanite Emergency Protection
Personal Accident Policy

ISSUED EXCLUSIVELY TO OUR SUBSCRIBERS AND THEIR FAMILY HOUSEHOLD MEMBERS

- The number of travel accidents is frightening. Practically everyone uses public or private conveyances such as automobiles, trucks, buses, taxis, trains, airplanes, boats and elevators. Pedestrians while walking or standing on public streets and highways are often struck, knocked down or run over by vehicles. Crowded and outmoded streets and highways, speeding, reckless drivers, blowouts and bad weather conditions cause accidents that kill or injure people every minute. If for no other reason, everyone should have protection for travel accidents when you think how much time is spent each day on transportation. At vacation time no one should be without the protection of this policy.
- The entire family should have this protection—man, woman and children.
- Policy will help pay those expenses resulting from bodily injury—whether simple or serious—when accidents strike at home, while traveling, at work, on the farm, at school, or at play.
- Subject to its provisions, the policy includes indemnity for: Loss of Life, from $500 to $10,000; Loss of Limb, $250 to $10,000; Loss of Sight, $175 to $10,000; Total Disability, up to $500, pro-rated on a daily basis; First Aid, up to $5 for non-disabling injury; Ambulance, up to $10 for this service; Hospital, up to $200, pro-rated on a daily basis; X-Ray, up to $10 for injury examination.
- Issued without medical examination.
- No age limits (Specific Loss and Total Disability Indemnities are reduced fifty per cent (50%) when insured is or becomes age 70 or over).
- Pays in addition to other personal accident insurance carried.
- Pays on work accidents that are covered by State Compensation Laws.
- Specific Loss Indemnities increase in value ten per cent (10%) each year during first 5 years of consecutive renewal.
- The policy is issued by Old Republic Life Insurance Company, Chicago, Illinois. Protection begins at NOON on the actual date of issuance of the policy.

Council Seeks Safe Expressway Driving

An intensive effort to help raise the caliber of expressway driving in the Chicago metropolitan area will be started this fall by the Neighborhood Newspaper Safety Council in cooperation with city, county, state police and highway officials.

A special committee of the Council, headed by Hubert Messe, publisher of the Leader Newspapers in Chicago, met recently to discuss with city and state officials steps to be taken to improve even further the outstanding safety record being compiled on area expressways.

Enforcement procedures and traffic engineering signing on the expressways were explained to the committee by Capt. Francis Rowder, Central Traffic bureau, Chicago Police department, and by Robert Kronst and George March, expressway engineers for the Illinois Division of Highways.

MAJOR AREA of discussion centered on how to make the "too-slow" motorist aware that minimum speed laws do exist on all area expressways. It was pointed out by Gordon Lindquist, safety and traffic engineering director for the Chicago Motor Club, that the expressway driver who violates the minimum speed law is as great a safety hazard as the habitual speeder and should either keep up with the traffic flow or avoid using the high speed expressway system.

Capt. Rowder agreed that the minimum speed violator presented a distinct safety problem, and said his men have been pulling aside the "too-slow" expressway driver and suggesting that either he maintain at least the minimum speed or leave the expressway. He also said motorists have been ticketed for this violation, and that such enforcement will continue.

Lioner Kramer, secretary of the Council and public relations director for the Chicago Motor Club, suggested that an educational safety campaign conducted by the more than 100 Chicago area community and suburban newspapers could play a major role in easing this expressway traffic problem.

CHAIRMAN MESSE said his committee would work cosely with the Chicago Motor Club and all interested traffic officials and engineers in preparing a series of feature articles and cartoons on "How To Improve Your Expressway Driving."

Herbert Bassman, publisher of the Citizen Newspapers in LaGrange, suggested that the committee develop a comprehensive expressway driving educational program to be ready for presentation at the next meeting of the entire Council Oct. 9. (A15

Two Art Shows Set for Mall

by BEVERLY TUTTLE

What will be next? What will happen now? The "wheels" are "spinning" and plans are being made for the next exciting event. September is "Art" month at Randhurst. "Easel-in" everyone for oils, watercolors, pastels, chalks, and charcoals! The curtain is about to open to easels, canvases, brushes, berets, and artists all on Randhurst's mall.

This year two exciting shows will be presented on Randhurst's beautiful mall. First of all, on Sept. 13 the United States Naval Reserve will present the Combat Art Exhibit in an exclusive appearance in the Chicago area. In this exhibit you will see combat drawings and paintings done by Navy men and assembled in an official Navy collection. This show will last one week and should be one of the most exciting programs we have had at Randhurst.

On Sept. 24, Randhurst will present the third annual Autumn Art Exhibit. This show will be held Sept. 24-27 on the mall. Any artists interested should ask for an entry form through the Randhurst' Art Gallery, 999 Elmhurst Road, Mount Prospect, Attention: Art Committee. This show promises to be even bigger and better than our past art shows.

Judges for this show are Chester Roseen, director of Randhurst Art Gallery; Nota K[illegible]wsky, prominent artist; and Peter Lencioni, proprietor of Armando's Restaurant in Chicago.

Be sure to be at Randhurst for these two beautiful shows which become even more colorful in the tropical setting of Randhurst's spacious climate-controlled mall.

Mark these dates down — Sept. 28 through Oct. 2! The Tuberculosis Institute X-ray unit will be at Randhurst offering free chest X-rays to all of the persons living in our area. This is the season's last appearance of this exceptional service in the northwest suburban area.

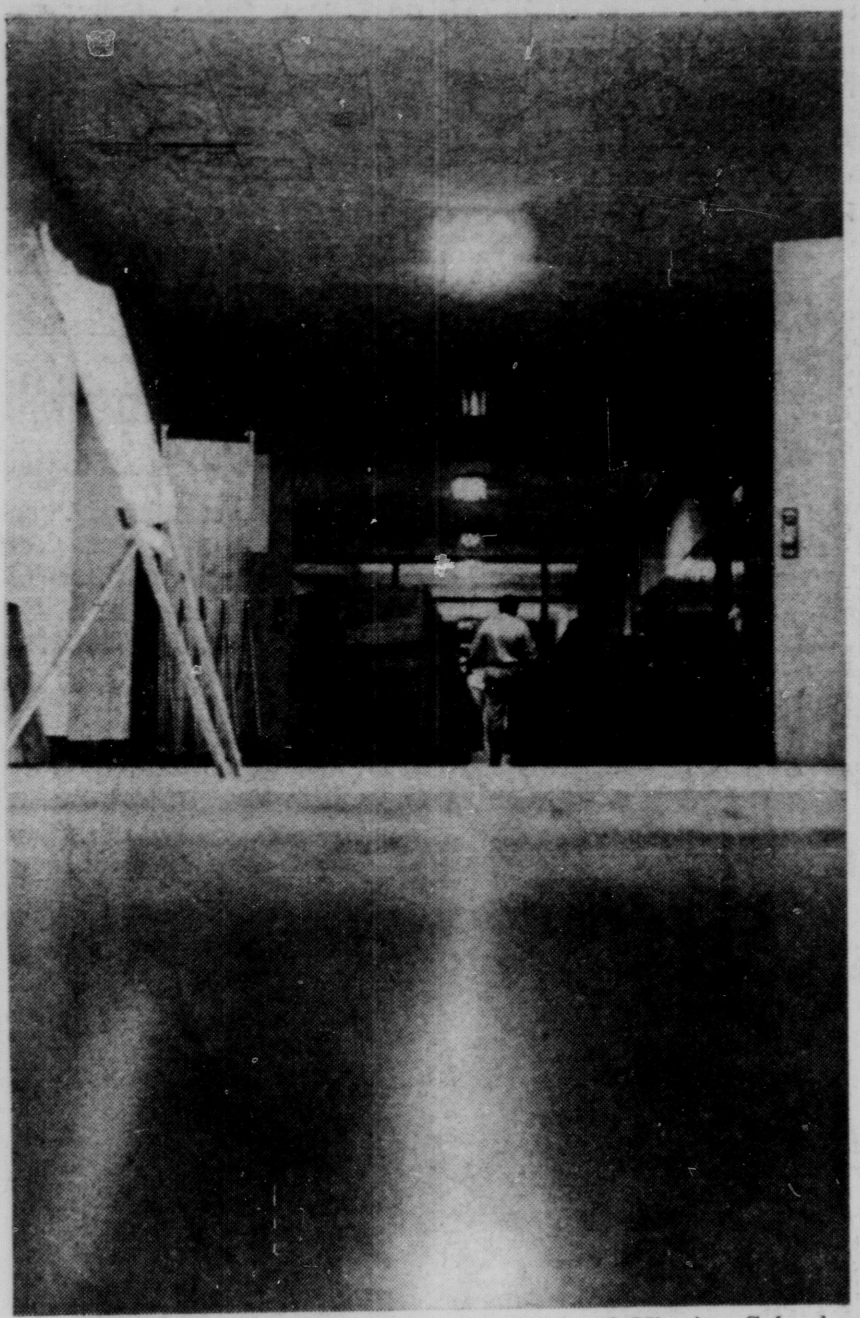
Higgins School Sale Breaks Link with Past



SILENT HALLS mark change of status of Higgins School from an educational center to surplus property. The Elk Grove building has been sold and will be used for industry. Meanwhile, it is empty except for District 59 maintenance workers. (Staff photo)

Once It Was Only School in District

BY DAN BAUMANN
Staff Writer

When the Elk Grove Board of Education sold Higgins School last month, it was like a parent discarding the swaddling clothes of a growing child.

The school had served District 59 in its infancy; while the physical plant remains sound for the most part, the school has become increasingly inappropriate to the needs of the district.

Built in the mid-1920's, the original Higgins School had four classrooms to serve the district's 100 or more students. Even when District 59 was consolidated with several other rural districts 20 years later, Higgins School was adequate to serve children living within the consolidated district's 20 square country miles.

HIGGINS SCHOOL was constructed for that same rural area which has become one of the most bustling parts of northwest suburbia. It has grown steadily more inappropriate to today's District 59, despite classroom additions in 1951 and 1959.

Planners of the 20's could hardly foresee the magnificent Northwest Tollway cutting a broad swath through neighboring farmland. Nor could they foresee the location of O'Hare International Airport which would surround the school with industrial buildings. Nor the screaming of jets headed for O'Hare's main runway only a quarter mile away.

Even less within their scope of vision were the changes in ethnic and economic patterns which would create a form of de facto segregation, making Higgins a school for "trailer court kids" and Mexican-American youngsters.

But those changes did take place, and more were to come: the widening of Higgins Road will bring that highway to within 40 feet of the structure. The implementation of a new School Fire Safety Code by the state would have required spending $50,000 or more in new safety features.

FACED WITH that outlook, the board after two years' discussion, placed the school on the market early this year. The school and site were bought by an industrial developer in August for a net gain of $189,000 to the district. District 59 will continue to use the site for maintenance and school bus parking until next July, after which it will be turned over for industrial development.

No children will enter the building this fall. The 237 children, who had to be bussed to Higgins because of the highway pattern in the area, will go to three schools in the northern part of the district.

With Higgins will go one of the few reminders of the district's old character. Today district 59 operates 13 schools, housing 6,100 children.

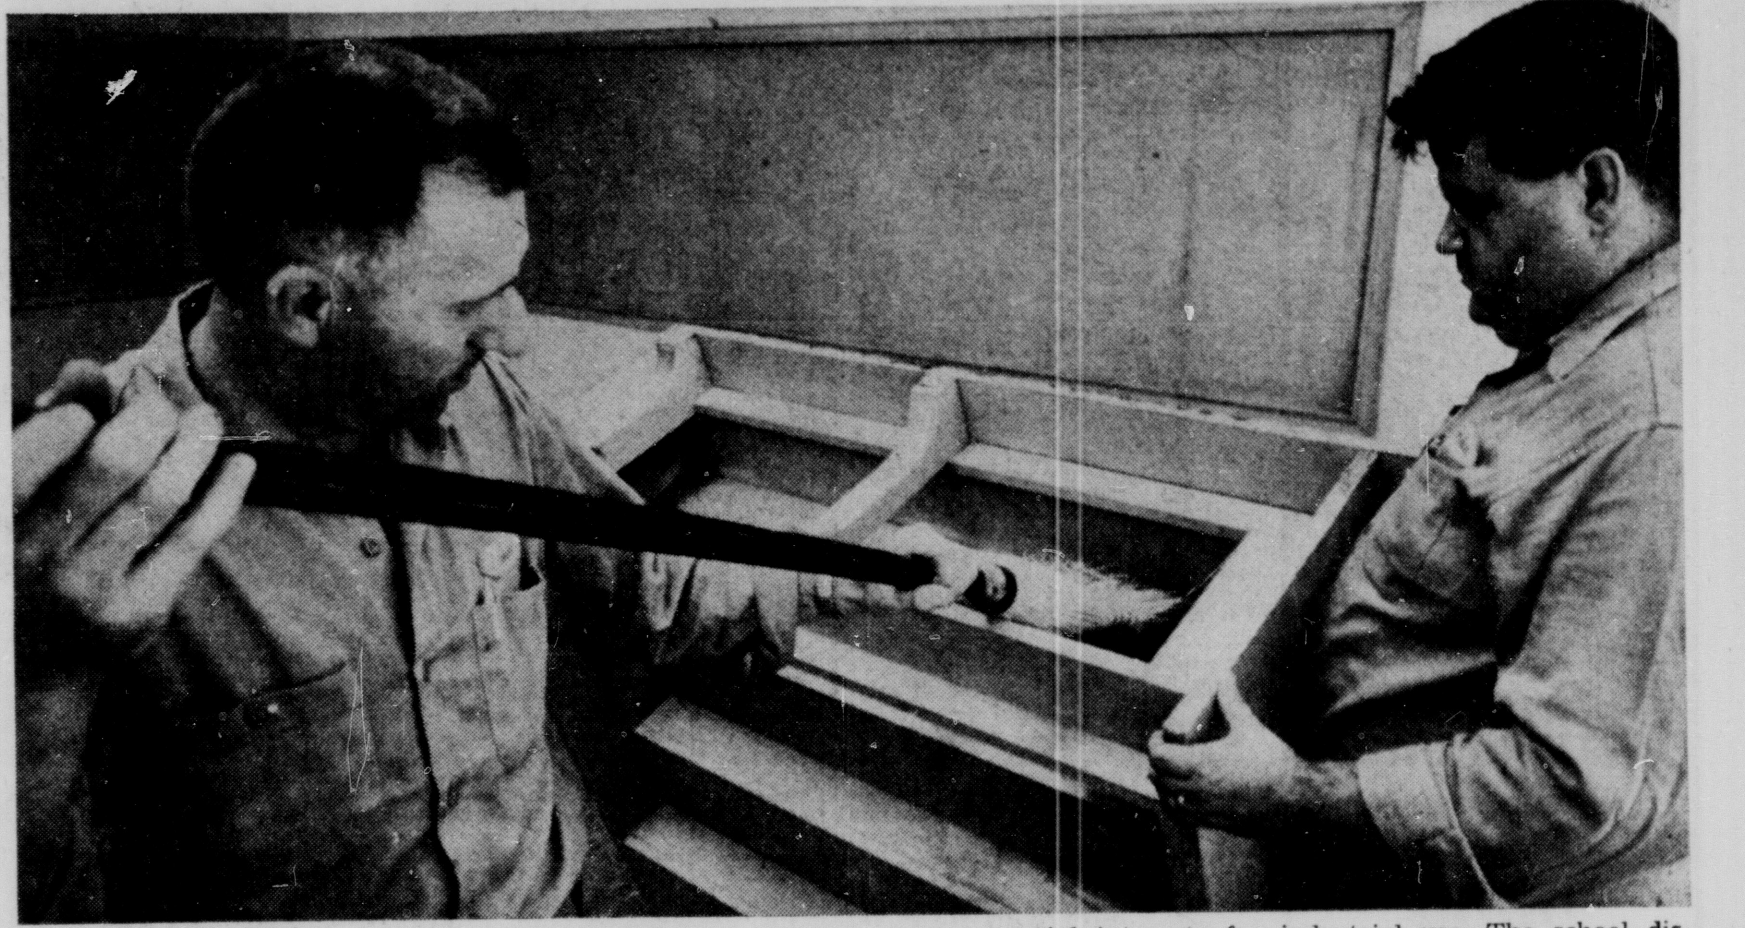
It's area covers not only Elk Grove Village but parts of Des Plaines, Mount Prospect and Arlington Heights.

ALL THESE AREAS have undergone rapid suburbanization since they were brought into the district and new developments seem ever on the planning board. These developments all have influenced — and, at times, played havoc with the plans of District 59. Still, the problems they created could be handled. New school sites could be located (the district currently has its eye on six sites) to take the schools into new areas where they are needed.

Higgins presented a special problem because it was in an area apart from housing developments. It became a surplus property of the district.

Soon it will become a part of history for the district. But even in its death, Higgins School will serve the educational needs of District 59's children of suburbia. School officials will use proceeds from its sale for books, educational materials and other needed items in the schools of District 59. (A15

IN STORAGE, tables, chairs and other equipment of Elk Grove School District 59 are kept in the gymnasium of Higgins School. The building will be turned over to new owners next July. Until then, the district will use it for parking school buses and for storage. (Staff photo)



CUSTODIANS SWEEP out a bookcase, part of the equipment of Higgins School in Elk Grove, which has been sold to commercial interests for industrial use. The school district retained the right to strip the building of its equipment.

Lawyers To Study Drafting of Wills

A course entitled "Drafting Wills and Trust Agreements," will be presented at the Arlington Heights Municipal Building, September 12, for practicing attorneys of the Arlington Heights area.

Sponsor is Institute on Continuing Education of the Illinois Bar.

The course will consist of a discussion and examination of the various aspects of the simple will, the marital deduction jwill, the use of life insurance estate planning, and the living trust.

ATTORNEYS WHO specialize in the estate planning practice will be speakers on the various topics.

In addition to the topics discussed by the speakers, each registrant will receive the manual, "Drafting Wills and Trust Agreements in Illinois," written especially for this course by four Chicago attorneys, Addis E. Hull, Loren Juhl, David P. Wood Jr., and George T. Bogert.

Courses similar to the Arlington Heights program will be presented in Chicago on September 9 and 26 at the National Design Center in Marina City.

Registration fee for the course is $20, which includes the manual. Registrations or requests for information should be directed to the Institute on Continuing Education of the Illinois Bar, P.O. Box 2360, Springfield.

$300 Theft Reported at Gas Station

More than $300 worth of tires and oil was taken Saturday night from a locked storage shed at Jack's Marathon Station, 300 W. Northwest Hwy., Arlington Heights.

According to police report, the burglar clipped the lock with bolt cutters and took six cases of oil, 12 snow tires, a power mower and a motorbike.

The burglary occured between the time the station closed at 9 p.m. Saturday, and a rain at 2:30 a.m. Sunday, police surmised because the lock was rusted on the clipped ends when the loss was discovered Sunday morning. (A

Friends and neighbors express their sympathy to Mr. and Mrs. Donald Wenstrom and daughter, Mary Crol, 506 Hatlen Ave., on the death last week of Mr. Wenstrom's father, Mr. George Wenstrom of New York. Mrs. Wenstrom and Mary Carol flew to New York City for the funeral. Mrs. George Wenstrom returned home with them to spend a week and to visit Donald who was hospitalized with a broken leg.

Jerry and Connie Pagliuca, Laura and Randy, Martha Lane, vacationed for a week at the Wisconsin Dells. They visited Storybook Gardens, water ski show and the Indian ceremonial dances at Stand Roack and other attractions.

Saturday Bill and Nadine Cameron, Martha Lane, entertained the senior Camerons of Elmwood Park and Miss Joyce Zapel from Colorado. Sunday the Norman Gistels of Cicero brought slides of their western vacation for viewing.

BRUCE AND Marlene Douglas, Martha Lane, flew to Mexico City for a week. While there, they took a tour to Cuernavaca and Taxco.

Mrs. Arlene Lowe of Martha Lane entertained eight neighbors Wednesday evening.

The August Neitzel family, Martha Lane, spent their first week of vacation going here and there. They visited Grandma Volk in Itasca, went to Adventureland and visited Mrs. Neitzel's sister, Mrs. Edward Mikan in Lockport.

Kristie and Mrs. Norman Stava, 1717 Robbie Lane, had a birthday party for Norman on Saturday. Early in the day he went golfing with his father-in-law, James Anderson. Evening guests were Carol's parents, Mr. and Mrs. James Anderson, her grandmother, Mrs. Emma Gustaffon, all of Chicago, and sisters and their husbands, the Ronald Kruzes of Chicago and Mr. and Mrs. Ed Murry of Lincoln Avenue.

Sympathy is extended to Mr. and Mrs. Gary Langus, 1715 Robbie Lane, on the death of Gary's grandmother, Mrs. Margaret Clark of Bensenville.

The Eugene Ross family, S. Douglas, attended a reunion of Charlotte's relatives in Crystal Lake Sunday.

Birthday greetings go to Penny Menard, George Menard, Lynda Hill, Tommy Turner, Joe Mueller Jr. and Jim Larson.

Anniversary greetings go to the Wally Fredericks. (AME

ONE OF A SERIES OF SHORT COURSES IN MONEY MANAGEMENT

QUESTION:
"Why should I finance my new car at The Palatine National Bank?"
ANSWER:

Because you'll save money! Our low cost auto loans leave you more to put into the car and extra equipment. And by making a "cash deal" on that new model, chances are you will save additional dollars!

Because your loan is made quickly, easily and confidentially. Monthly payments are arranged to fit your budget. You can even include your auto insurance in the payments.

Because you'll build useful BANK CREDIT. This can be very helpful should you ever wish to borrow again.

Because you save time by financing where you bank. It's easy to make loan payments while making deposits in your checking and savings accounts at Palatine National — the big bank that's 20 years young — and growing!

If you're "new car thinking" why not stop in soon and talk over a bank auto loan with our loan officer, John Hughes. We know you'll be glad you did!

P. S. We also make other kinds of loans including personal, home improvement, business, mortgage and collateral loans.

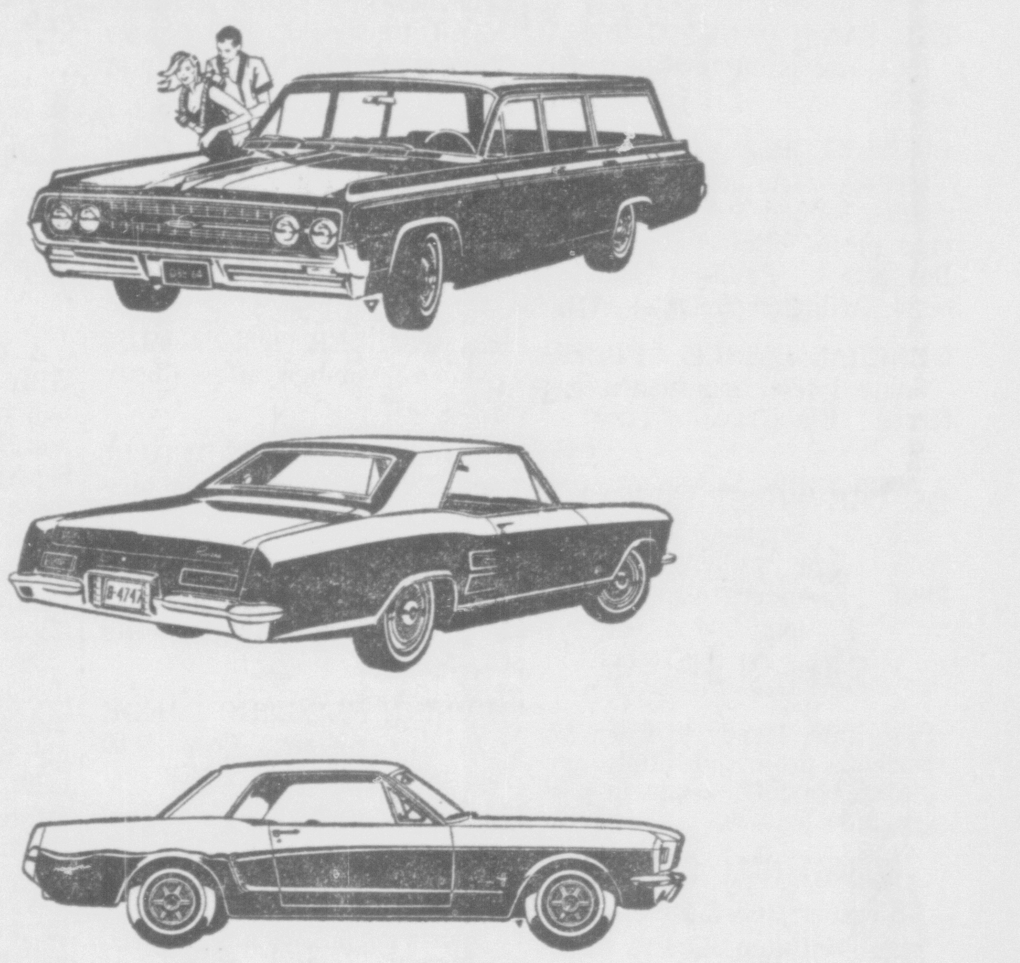
QUESTION:
"Why should I finance my new car at The Palatine National Bank?"



ANSWER:

Because you'll save money! Our low cost auto loans leave you more to put into the car and extra equipment. And by making a "cash deal" on that new model, chances are you will save additional dollars!

Because your loan is made quickly, easily and confidentially. Monthly payments are arranged to fit your budget. You can even include your auto insurance in the payments.

Because you'll build useful BANK CREDIT. This can be very helpful should you ever wish to borrow again.

Because you save time by financing where you bank. It's easy to make loan payments while making deposits in your checking and savings accounts at Palatine National — the big bank that's 20 years young — and growing!

If you're "new car thinking" why not stop in soon and talk over a bank auto loan with our loan officer, John Hughes. We know you'll be glad you did!

P. S. We also make other kinds of loans including personal, home improvement, business, mortgage and collateral loans.

Notes from Arlington Acres

Marie Marshall **CLearbrook 5-2936**

If Mr. and Mrs. Edward Krauss, 524 S. Phelps, have a hard time getting back into the daily routine, it will be understandable because their annual vacation was spent with Odette's parents, the Jules Sennepins who live just outside of Paris, France. It was Mr. Krauss' first trip to France and their month-long visit gave Mrs. Krauss plenty of time to show him around her native Paris, while their 9-month-old son Alan Scott was left in the care of his doting grandparents, who are already looking forward to their next visit.

After a preview of fall weather. Mr. and Mrs. Ralph Obuchowski, 409 S. Forrest, were happy to see summer return Saturday to contribute to the success of a party they gave for business associates of Mr. Obuchowski. More than 30 people enjoyed the dinner cooked and served outdoors.

WHILE MOST OF the area residents were attending the national conventions via television screens, Raymond O'Donnell, 405 S. Gibbons, was viewing the excitement first hand. As a representative of United Air ines, he attended both the Republican and Democratic National Conventions.

When the Dexter Ashbrook family, 416 S. Forrest, goes "home" for a visit they make the most of the few days they allow themselves. Last weekend they drove to central Illinois to see Marjorie's mother, Mrs. Earl Howell at Princeton, the senior Ashbrooks at Normal and Dexter's brother, Jim and his family at Washington. When they returned Sunday they left 4-year-old Nancy in Princeton to spend a few days with Grandma Howell while her sisters, Janie and Susan, get ready to return to school.

THE JOHN Brunsfelds, 416 S. Phelps, have been preparing for months for their summer vacation by outfitting their bus to serve as living quarters for themselves and three of their children, Mike, Steve and Susan. With beds and bunks installed, and a camp stove and cooking equipment ready, they left for a trip west, which included campsites in the Badlands and the Black Hills, Yellowstone National Park, the Grand Tetons and Glacier National Park.

Their return trip was timed to get them back to celebrate the second birthday of their daughter Gail, who enjoyed a vacation with her grandparents more than she would have enjoyed a camping trip.

The Gust Hermanson family, 437 S. Forrest, ended their vacation in time for Greta and Mark to get their books and pencils together for school's opening day. After taking a few short trips around the area, the Her manso nspra cked their ca Hermansons packed their car and took off for the Ozarks to spend a week at Redbird Lodge on the Lake of the Ozarks near Camdenton, Mo. Blue gills and crappies were plentiful for the fishermen and swimming was enjoyed by every member of the family, including Duchess, the canine member who surprised everyone by paddling after them to the raft.

ON THE RETURN trip, the Hermansons detoured through Hannibal to give the children a chance to see Mark Twain territory, including the fence painted through Tom Sawyer's strategy and the Becky Thatcher house.

The Howard Richardsons, 520 S. Phelps, spent a week's vacation in northern Michigan with the senior Richardsons at their summer home, enjoying all the fun associated with cabin vacations. One side trip was made to Mackinac Island, where Linda, James and their dad toured the resort on bicycles. Their mother and brother, Bruce, joined them later for a carriage ride around the island, a "must" for all visitors.

The family returned home in time for Howard and Elizabeth to celebrate their 13th wedding anniversary by dining out and taking in a show.

MR. AND MRS. Lyle Longrie, 429 S. Forrest, were honored guests at a special anniversary party to mark their Aug. 29 wedding date. Party planners were their children, Marcia Ann, Mark and Keith, and a niece, Joan Karkocki of Elmwood Park who was spending a week with the Longries. A festive cake, baked and decorated with no outside help, was the piece de resistance of the affair, which will always be one of Helen and Lyle's happiest memories.

Mr. and Mrs. James Moller, 416 S. Prindle, celebrated their eighth wedding anniversary, Aug. 25, quietly at home.

Another couple for whom congratulations are in order are Mr. and Mrs. George Williams, 424 S. Waterman, whose wedding anniversary is Aug. 28.

The best wishes of friends and neighbors went with Mr. and Mrs. F. D. McGuire and their sons, Jeff, Kevin and Darrell, who moved from 409 S. Gibbons Thursday to a home in Scarsdale Estates.

Arlington Greens

The 1964-65 season for Arlington Greens round robin bridge tournament will begin the first Friday in October. Schedules are being prepared for the year and bridge players interested in this activity are asked to call by Sept. 15. Mr. and Mrs. Don Helbling, CL 3-8279, are in charge.

A five-day vacation for the Francis Coleman family of N. Beverly Lane took them touring through Missouri's Ozark country, into Arkansas, through Tennessee and into Louisville, Ken. for more sightseeing. Last Wednesday found them heading for home.

A jet flight to the West Coast began a week's vacation in August for Mr. and Mrs. Bill Smits of N. Douglas. Taking advantage of a business trip to the Los Angeles area for her spouse, Mrs. Smits went along to enjoy her first visit to Disneyland, Knotts Berry Farm and Marineland. Sailing on the Paciric with friends also added to the pleasure of their stay.

HOUSEGUEST in the John Hedberg home on N. Pine Court on a recent weekend was an aunt, Mrs. Eva Blanchard of Oshkosh, on a vacation visit with relatives in the Chicago area.

The two-week vacation scenery for the George Roby family of N. Beverly Lane changed every two or three days, beginning with the Wisconsin Dells. Back in Illinois, they visited Springfield, the State Fair, the Lincoln Memorial in New Salem, White Pines State Park and Illinois Beach State Park before heading home Friday.

Saturday ended a two-week vacation for the Don Helblings of E. Clarendon, who swam, fished and sunned in Wisconsin's Tomahawk area. Windup of the holiday for the children was a before school visit with grandparents, the A. S. Helblings in Spring Grove and Mrs. Bessie Ducey in Richmond, beginning last week end.

More vacation returnees last weekend were the Don Tyrells of E. Olive. The BadLands, Black Hills and Little Big Horn were among their stops, with a week left over to enjoy Yellowstone. Highlight for the family was an early snowstorm in Wyoming's Poder Pass and a romp in that "white stuff" for the children, Paul and Karen.

WEEKEND guests of the Don Wilczynskis on N. Hickory were grandparents, Mr. and Mrs. Larry LeFevre of Toledo. Going back with her parents was Jean, who enjoyed a two-week visit with her sister and family.

Owl Lake in the Webster, Wis. area was the vacation choice for the Ken Woehlck family of N. Pine Court. Guests of the senior Woehlcks, they fished, relaxed and visited friends. Also vacationing nearby were former Greens neighbors, the Bob Foremans.

Visiting friends and the family since mid-August is Michael Sedlak of E. Clarendon, home on a three-week leave from Otis AFB, Mass.

New residents in the Greens are Duane and Marilyn Yetter at 1146 N. Dryden. They moved here Aug. 10 from Quincy. A famly party on Sunday celebrated Jeff's ninth birthday, with 10-year-old Cathy, Ann, 2, and 8-month-old Andy helping observe the occasion in their new home.

Mr. Yetter is assistant credit manager with the Packaging Corporation of America with offices in Evanston.

The first gathering of the Hickory Meadows bridge round robin will be held in the 1437 N. Douglas home of Ted and Frances Kries on Sept. 25, at 8 p.m.

Newcomers to the Meadows, singles or couples, interested in joining, may contact Lorry Miller CL 9-2478 not later than Sept. 15. Bridge lessons are offered to those willing to learn.

Residents at 801 E. Jules since last spring are Preston and Elizabeth Olsson. Before Before moving here Downers Grove was home for the couple and their children, Robert 13, Susan, 11, Linda, 10, Christine, nearly 8, and 4-year-old David. Mr. Olsson is employed by the Dearborn Chemical Company in Chicago.

Also spending the summer in their new home are James and Arlene Michael, 718 E. Jules. Originally from Riverdale, they and their sons, Craig, 4, and Glenn, 2, lived in Mount Prospect for a year. Mr. Michael is a chemist with the National Dairy Products Corporation in Glenview.

STILL MORE newcomers to E. Jules, at 901, are the Wendts, James, Mary and the children, Michael, 9, Mary Louise, 8, Theresa, 6, and Julie, 4. Originally from Dubuque and Waterloo, Iowa, they moved here from Webster Groves, Mo. in July. Mr. Wendt is zone manager with Procter and Gamble in Chicago.

A five-day stay at Brown's Lake resort near Burlington, Wis. was the vacation choice for Mrs. Jean Schramm and son, Jeffrey, of E. Thomas. They joined her mother, Mrs. Thyra Stebel, and sister, Mrs. Elaine Hoeger, both of Wilmette, for the swimming and relaxing. On Sunday, a niece, Bonnie Hoeger, arrived from Wilmette for a week's visit with the family.

Vote Improvements For Olive Street

The Board of Local Improvements last week decided to proceed with improvements for two and a half blocks along Olive Street east of the Northwest Highlands.

The board indicated it would proceed with work in this area rather than wait to include it in a special assessment project planned eventually for the Northwest Highlands subdivision.

Board members said they understood residents living on Olive were willing to begin the improvements immediately.

VILLAGE ENGINEER Norman Toberman was directed to obtain preliminary cost estimates for the work, which will affect the area between State and Dunton.

The work will incude installation of sewer and water mains, and street paving.

The mains can now be tied-in to a nearby subdivision's facilities; building of this subdivision makes it unnecessary to wait until tie-in points are available in Northwest Highlands.

Notes from Arlington Acres

Marie Marshall **CLearbrook 5-2936**

If Mr. and Mrs. Edward Krauss, 524 S. Phelps, have a hard time getting back into the daily routine, it will be understandable because their annual vacation was spent with Odette's parents, the Jules Sennepins who live just outside of Paris, France. It was Mr. Krauss' first trip to France and their month-long visit gave Mrs. Krauss plenty of time to show him around her native Paris, while their 9-month-old son Alan Scott was left in the care of his doting grandparents, who are already looking forward to their next visit.

After a preview of fall weather. Mr. and Mrs. Ralph Obuchowski, 409 S. Forrest, were happy to see summer return Saturday to contribute to the success of a party they gave for business associates of Mr. Obuchowski. More than 30 people enjoyed the dinner cooked and served outdoors.

WHILE MOST OF the area residents were attending the national conventions via television screens, Raymond O'Donnell, 405 S. Gibbons, was viewing the excitement first hand. As a representative of United Air ines, he attended both the Republican and Democratic National Conventions.

When the Dexter Ashbrook family, 416 S. Forrest, goes "home" for a visit they make the most of the few days they allow themselves. Last weekend they drove to central Illinois to see Marjorie's mother, Mrs. Earl Howell at Princeton, the senior Ashbrooks at Normal and Dexter's brother, Jim and his family at Washington. When they returned Sunday they left 4-year-old Nancy in Princeton to spend a few days with Grandma Howell while her sisters, Janie and Susan, get ready to return to school.

THE JOHN Brunsfelds, 416 S. Phelps, have been preparing for months for their summer vacation by outfitting their bus to serve as living quarters for themselves and three of their children, Mike, Steve and Susan. With beds and bunks installed, and a camp stove and cooking equipment ready, they left for a trip west, which included campsites in the Badlands and the Black Hills, Yellowstone National Park, the Grand Tetons and Glacier National Park.

Their return trip was timed to get them back to celebrate the second birthday of their daughter Gail, who enjoyed a vacation with her grandparents more than she would have enjoyed a camping trip.

The Gust Hermanson family, 437 S. Forrest, ended their vacation in time for Greta and Mark to get their books and pencils together for school's opening day. After taking a few short trips around the area, the Her manso nspra cked their ca Hermansons packed their car and took off for the Ozarks to spend a week at Redbird Lodge on the Lake of the Ozarks near Camdenton, Mo. Blue gills and crappies were plentiful for the fishermen and swimming was enjoyed by every member of the family, including Duchess, the canine member who surprised everyone by paddling after them to the raft.

ON THE RETURN trip, the Hermansons detoured through Hannibal to give the children a chance to see Mark Twain territory, including the fence painted through Tom Sawyer's strategy and the Becky Thatcher house.

The Howard Richardsons, 520 S. Phelps, spent a week's vacation in northern Michigan with the senior Richardsons at their summer home, enjoying all the fun associated with cabin vacations. One side trip was made to Mackinac Island, where Linda, James and their dad toured the resort on bicycles. Their mother and brother, Bruce, joined them later for a carriage ride around the island, a "must" for all visitors.

The family returned home in time for Howard and Elizabeth to celebrate their 13th wedding anniversary by dining out and taking in a show.

MR. AND MRS. Lyle Longrie, 429 S. Forrest, were honored guests at a special anniversary party to mark their Aug. 29 wedding date. Party planners were their children, Marcia Ann, Mark and Keith, and a niece, Joan Karkocki of Elmwood Park who was spending a week with the Longries. A festive cake, baked and decorated with no outside help, was the piece de resistance of the affair, which will always be one of Helen and Lyle's happiest memories.

Mr. and Mrs. James Moller, 416 S. Prindle, celebrated their eighth wedding anniversary, Aug. 25, quietly at home.

Another couple for whom congratulations are in order are Mr. and Mrs. George Williams, 424 S. Waterman, whose wedding anniversary is Aug. 28.

The best wishes of friends and neighbors went with Mr. and Mrs. F. D. McGuire and their sons, Jeff, Kevin and Darrell, who moved from 409 S. Gibbons Thursday to a home in Scarsdale Estates. (A

MOUNT EMBLEM

"Illinois' Most Beautiful Cemetery"
Site of the
OLD DUTCH MILL
Built in 1850

The DuPage County Historical Society presented an AWARD OF HONOR to MOUNT EMBLEM in 1956 for preserving the Old Dutch Mill as an educational and historic exhibit.

Visitors to the Old Dutch Mill are always welcome.

COMPARE! This is our invitation to you!

Only by comparing will you know that you are making the right choice — the choice of no regrets.

You purchase cemetery property but once in a lifetime — it deserves your most careful consideration.

Planned ahead, buying cemetery property is easy and simple.

Let us show you what Mount Emblem has to offer in value, service, maintenance, and superb landscape. You will find our prices are moderate. It costs no more to own the best.

Persistent Nurse Shortage Worries Hospitals

THE NURSING shortage means hospitals must attempt new ways to attract women to the profession. Flexible working hours are one way to lure women raising families. Mrs. John Cogburn, nursing supervisor at Northwest Community Hospital in Arlington Heights, interviews Mrs. Raymond Sochacki, who will be hired for a nursing position. All the area hospitals report a need for more nurses. (Staff photo)

A nursing shortage exists.

Yet hospital administrators are reluctant to talk about a nursing shortage unless they are discussing it on a national level. If they discuss the situation locally, they worry that the general public will expect they will get inadequate nursing care when they are hospitalized.

Yet the nursing shortage, always worse in the summer, has meant Lutheran General Hospital in Park Ridge had to close down one of its operating rooms for three weeks. Northwest Community Hospital in Arlington Heights delayed the opening of its intensive care section because of staffing problems.

National statistics show 550,000 nurses working; by 1970 a need for 850,000 registered nurses will exist, said Leonard Genung, administrative assistant at Northwest Community Hospital.

THE HOSPITAL officials view with concern figures showing only 5.2 per cent of girl graduates from high school enter nursing whereas a six per cent entry in the field is needed to keep up with hospital growth.

The Illinois Hospital Association has listed 1,07 7registered nurse vacancies.

Because of the nursing shortage, the national surgeon general has changed the rule that a hospital staff should have 50 per cent registered nurses, lowering the figure to 38 per cent.

NO ONE seems able to pin the nursing shortage to one cause. One hospital administrator frankly admitted that nursing schools often lose students because "they're too smart or they're too dumb." They either cannot make the grade or are bored by the program.

The attrition rate is figured at one third of the entering class.

A major problem in nursing is that many girls marry and leave the profession. The Chicago Hospital Council estimates that 50 per cent of the trained nurses are working. Of the 50 per cent not working, half have not kept their license current. This would involve payment of a $5 license fee annually.

Many doctors believe the way to solve the nursing shortage is to pay the nurses more money.

Genung disagrees with this viewpoint. He points out that the Illinois Hospital Association showed the average annual raise for employes in the 1946 to 1951 period was 81 per cent while hospital employes wages were increased 173 per cent.

WAGES DEPEND on the ability of the community to pay," said Genung. He doubts that people can afford more for hospitalization.

He cited Chicago Hospital Council statistics that the average family spends $418 per year or $1.14 per day for health care. This would include dental care and pharmaceutical supplies. Raises in salary of nurses would increase this figure, he said.

Northwest Community Hospital, Elmhurst Memorial Hospital, and Lutheran General Hospital all pay their nurses comparable salaries. The base salary varies from $390 to $400 a month. Working a rotating shift can mean an increase to about $450 since the nurses are paid extra for afternoon and night work as well as holiday hours. The top salary a nurse could expect, if she were head nurse, would be about $550 to $600.

A nurse can receive a higher salary if she works in a city hospital since the salary is used to compensate for less desirable working conditions.

LUTHERAN General Hospital's nursing staff situation is improving though hospital officials are uncertain about the reason. Robert Nast, administrator at Lutheran General, believes the hospital's research program and in-service training may be attracting nurses to Lutheran General.

Miss Marguerite Paetznick, director of nursing at Lutheran General, believes an interested nurse "needs stimulation and direction to develop an interest in a patient as a whole." The hospital is developing an active on-going program to keep its nurses up to date in the field.

Northwest Community Hospital is trying to eliminate the trivia that keeps the nurse away from the patient. It has installed an imprinter device to eliminate the need for a nurse to fill out numerous duplicate forms.

With fewer nurses, the hospital has other personnel doing work once considered part of nurses' duties. Aides and other personnel make beds; dietary personnel handle delivery of trays to patients.

Many women attracted to the field are motivated by the humanitarian aspects of nursing, Genung said.

GENUNG suggests that the nurse has transferred some of her routine duties to others but doctors have delegated some of their tasks to nurses.

Mrs. Juanita Jones, acting director of nursing at Northwest Community Hospital, said nurses need more skill to handle more complicated equipment.

Resurrection Hospital near Park Ridge is one of the few hospitals that has installed television monitoring equipment in its pediatric ward. This allows better utilization of nurses.

"But it's like being able to afford a Cadillac — we can't," admitted Genung.

Lutheran General will automate some laboratory work in an effort to better utilize its specialized nurses.

Most hospitals are making a detailed analysis of nurses' functions. On this basis many hospital administrators are finding the need for more licensed practical nurses program.

Niles Township High School is one of the few high schools in the suburban areas with such a program. Miss Paetznick sees a practical nursing course as one of the biggest needs in the community.

IN FLORIDA and Michigan several hospitals are experimenting with another approach —having a ward manager handle the administration, food, and housekeeping. This would relieve the supervising nurse of such duties.

To attract nurses most hospitals try to arrange working hours so women can handle their home duties, also. Directors of nursing agree most women leave their staffs because of home problems or childbearing.

"We can't afford to be arbitrary in our hours," admitted Miss Dorothy Gioielli, administrative assistant for patient services at Elmhurst Hospital. About 50 per cent of the nursing staff is part time.

Northwest Community Hospital does not have its nurses work a rotating shift. The hospital also allows part time personnel to work as little as two days or two nights per week.

None of the hospital administrators likes having as large a part-time nursing staff but this is the situation with which he must work.

PRIVATE companies are beginning to lend help to solve the nursing shortage. The Allstate Foundation, for example, is offering scholarships that would permit a student to take a two-year course in a junior college, a three-year course in a hospital school of nursing, or a four-year college course. The maximum grant would be designed to cover average tuition charges in a hospital nursing school.

The federal government is proposing a multi - million dollar plan to encourage students to enter the profession and improve nursing training. The hospital industry is the fifth largest industry in the nation. Its assets are greater than those of General Motors, Ford, and Chrysler Corp.

Though a nurse's training is considered less costly than four years of college, costs are increasing. Lutheran General Hospital's school of nursing program will cost a student $1,250 in tuition and $1,629 in room and board for the three years, beginning September, 1965. This will be the first year the school will charge for room and board.

Costs of her education may increase but a girl's nursing cap probably will guarantee a continued demand for her services in the job market. Hospital administrators will be trying to convince girls of this fact. (A15

Talk on Brain Damage Set by Other Child Assn.

Arlington High Boasts Improved Facilities

Returning Arlington High School students will find some improvements in the building next Tuesday.

Principal Bruno Waara reports that extensive work has been done in the older section of the school and with some of the athletic facilities.

The corridors have been painted, as have 25 classrooms. New heating units have been installed in parts of the industrial arts wing; new light fixtures have been added to the mechanical arts drawing room; and a new hot water heater will eliminate the necessity of firing the boiler on warm days.

MORE noticeable will be the enlargement of the parking lot on the east side of the school. By clearing an additional lot, resurfacing, and re-painting, the school hopes to realize a 30 per cent increase in number of parking spaces.

"This will be good news to adult education students and parents attending night functions," Waara said. Plans call for the installation of lights in both parking lots.

Administrative offices have been revamped in anticipation of the opening of the central administrative offices being constructed on the Prospect High School property.

THE BOYS' gym floor has been re-finished, and a new scoreboard was installed.

Bigger news to athletes however, was the installation of an all-weather resilient track surface, replacing the old cinder track north of the building.

According to athletic director Howard Lester the ne track is composed of rubber, sand, and asphalt, and will provide near perfect friction for rubber sole track shoes, although runners may wear indoor track shoes with spikes.

THE SURFACE has a slant to provide drainage toward the inside curb. Head track coach Russ Attis, whose racers have often splashed through puddles on the old track, is naturally excited about the new track, first to be constructed in Illinois.

Other work performed during the summer included the renovation of the girls' gym stage into a workshop for dramatics sets, and the modernization of a boys' wash room in the older section of the building.

"With the construction of new high school buildings in District 214, we often forget that Arlington High, originally built in 1922, is aging," Supt. H. L. Slichenmyer explained.

"We have done much this summer to improve the building," he concluded. (A

Senior Citizens Plan Busy Program

The senior citizens of the Arlington Heights area are busy planning their schedules for the coming year's program.

Mrs. Elizabeth Meyer will again serve as director for the Over 50 Club, which meets the second and fourth Thursdays of each month. Luncheons, tours, bus trips, lectures, social hours and other special events are on the agenda.

The Drop-In Center will be in operation during the month of September on the first and third Thursdays at Recreation Park, where Mrs. Meyer can be contacted concerning any of the Over 50 Club activities.

THE ROOMS AT Recreation Park are available for watching television, playing cards, billiards, shuffleboard and other games, as well as social gatherings.

The building is open to members from noon to 4 p.m. Facilities are arranged that enable the members to bring sack lunches and spend the remainder of the day.

Men and women with talents and interests along the artistic lines may join the ceramics and arts and crafts classes held every Wednesday at Pioneer Park from 10 a.m. to 3:30 p.m.

Recreation Park has been reserved every third Saturday for the Over 50 Club dance. A square dance caller will be available to give instructions to those desiring them. Other types of music will be furnished for various types of dancing.(A

THE EISENHOWER TROPHY for the most outstanding Army National Guard unit in Illinois was recently awarded to Battery B, 1st Missile Battalion (Nike Hercules). 202nd Artillery, based at the Addison Nike site. Accepting the trophy is Capt. James A. Feely, (right) Battery B commanding officer, from Lt. Col. Schwartz, battalion commander of the 1st Missile Battalion. This is the second year a unit of the 1st Missile Battalion, 202nd Artillery of the Illinois Army National Guard has won the trophy.

The Illinois Hospital Association has listed 1,07 7registered nurse vacancies.

Because of the nursing shortage, the national surgeon general has changed the rule that a hospital staff should have 50 per cent registered nurses, lowering the figure to 38 per cent.

NO ONE seems able to pin the nursing shortage to one cause. One hospital administrator frankly admitted that nursing schools often lose students because "they're too smart or they're too dumb." They either cannot make the grade or are bored by the program.

The attrition rate is figured at one third of the entering class.

A major problem in nursing is that many girls marry and leave the profession. The Chicago Hospital Council estimates that 50 per cent of the trained nurses are working. Of the 50 per cent not working, half have not kept their license current. This would involve payment of a $5 license fee annually.

Many doctors believe the way to solve the nursing shortage is to pay the nurses more money.

Genung disagrees with this viewpoint. He points out that the Illinois Hospital Association showed the average annual raise for employes in the 1946 to 1951 period was 81 per cent while hospital employes wages were increased 173 per cent.

WAGES DEPEND on the ability of the community to pay," said Genung. He doubts that people can afford more for hospitalization.

He cited Chicago Hospital Council statistics that the average family spends $418 per year or $1.14 per day for health care. This would include dental care and pharmaceutical supplies. Raises in salary of nurses would increase this figure, he said.

Northwest Community Hospital, Elmhurst Memorial Hospital, and Lutheran General Hospital all pay their nurses comparable salaries. The base salary varies from $390 to $400 a month. Working a rotating shift can mean an increase to about $450 since the nurses are paid extra for afternoon and night work as well as holiday hours. The top salary a nurse could expect, if she were head nurse, would be about $550 to $600.

A nurse can receive a higher salary if she works in a city hospital since the salary is used to compensate for less desirable working conditions.

LUTHERAN General Hospital's nursing staff situation is improving though hospital officials are uncertain about the reason. Robert Nast, administrator at Lutheran General, believes the hospital's research program and in-service training may be attracting nurses to Lutheran General.

Miss Marguerite Paetznick, director of nursing at Lutheran General, believes an interested nurse "needs stimulation and direction to develop an interest in a patient as a whole." The hospital is developing an active on-going program to keep its nurses up to date in the field.

Northwest Community Hospital is trying to eliminate the trivia that keeps the nurse away from the patient. It has installed an imprinter device to eliminate the need for a nurse to fill out numerous duplicate forms.

With fewer nurses, the hospital has other personnel doing work once considered part of nurses' duties. Aides and other personnel make beds; dietary personnel handle delivery of trays to patients.

Many women attracted to the field are motivated by the humanitarian aspects of nursing, Genung said.

GENUNG suggests that the nurse has transferred some of her routine duties to others but doctors have delegated some of their tasks to nurses.

Mrs. Juanita Jones, acting director of nursing at Northwest Community Hospital, said nurses need more skill to handle more complicated equipment.

Resurrection Hospital near Park Ridge is one of the few hospitals that has installed television monitoring equipment in its pediatric ward. This allows better utilization of nurses.

"But it's like being able to afford a Cadillac — we can't," admitted Genung.

Lutheran General will automate some laboratory work in an effort to better utilize its specialized nurses.

Most hospitals are making a detailed analysis of nurses' functions. On this basis many hospital administrators are finding the need for more licensed practical nurses program.

Niles Township High School is one of the few high schools in the suburban areas with such a program. Miss Paetznick sees a practical nursing course as one of the biggest needs in the community.

IN FLORIDA and Michigan several hospitals are experimenting with another approach —having a ward manager handle the administration, food, and housekeeping. This would relieve the supervising nurse of such duties.

To attract nurses most hospitals try to arrange working hours so women can handle their home duties, also. Directors of nursing agree most women leave their staffs because of home problems or childbearing.

"We can't afford to be arbitrary in our hours," admitted Miss Dorothy Gioielli, administrative assistant for patient services at Elmhurst Hospital. About 50 per cent of the nursing staff is part time.

Northwest Community Hospital does not have its nurses work a rotating shift. The hospital also allows part time personnel to work as little as two days or two nights per week.

None of the hospital administrators likes having as large a part-time nursing staff but this is the situation with which he must work.

PRIVATE companies are beginning to lend help to solve the nursing shortage. The Allstate Foundation, for example, is offering scholarships that would permit a student to take a two-year course in a junior college, a three-year course in a hospital school of nursing, or a four-year college course. The maximum grant would be designed to cover average tuition charges in a hospital nursing school.

The federal government is proposing a multi - million dollar plan to encourage students to enter the profession and improve nursing training. The hospital industry is the fifth largest industry in the nation. Its assets are greater than those of General Motors, Ford, and Chrysler Corp.

Though a nurse's training is considered less costly than four years of college, costs are increasing. Lutheran General Hospital's school of nursing program will cost a student $1,250 in tuition and $1,629 in room and board for the three years, beginning September, 1965. This will be the first year the school will charge for room and board.

Costs of her education may increase but a girl's nursing cap probably will guarantee a continued demand for her services in the job market. Hospital administrators will be trying to convince girls of this fact. (A15

Arlington High Boasts Improved Facilities

Returning Arlington High School students will find some improvements in the building next Tuesday.

Principal Bruno Waara reports that extensive work has been done in the older section of the school and with some of the athletic facilities.

The corridors have been painted, as have 25 classrooms. New heating units have been installed in parts of the industrial arts wing; new light fixtures have been added to the mechanical arts drawing room; and a new hot water heater will eliminate the necessity of firing the boiler on warm days.

MORE noticeable will be the enlargement of the parking lot on the east side of the school. By clearing an additional lot, resurfacing, and re-painting, the school hopes to realize a 30 per cent increase in number of parking spaces.

"This will be good news to adult education students and parents attending night functions," Waara said. Plans call for the installation of lights in both parking lots.

Administrative offices have been revamped in anticipation of the opening of the central administrative offices being constructed on the Prospect High School property.

THE BOYS' gym floor has been re-finished, and a new scoreboard was installed.

Bigger news to athletes however, was the installation of an all-weather resilient track surface, replacing the old cinder track north of the building.

According to athletic director Howard Lester the ne track is composed of rubber, sand, and asphalt, and will provide near perfect friction for rubber sole track shoes, although runners may wear indoor track shoes with spikes.

THE SURFACE has a slant to provide drainage toward the inside curb. Head track coach Russ Attis, whose racers have often splashed through puddles on the old track, is naturally excited about the new track, first to be constructed in Illinois.

Other work performed during the summer included the renovation of the girls' gym stage into a workshop for dramatics sets, and the modernization of a boys' wash room in the older section of the building.

"With the construction of new high school buildings in District 214, we often forget that Arlington High, originally built in 1922, is aging," Supt. H. L. Slichenmyer explained.

"We have done much this summer to improve the building," he concluded. (A

Senior Citizens Plan Busy Program

The senior citizens of the Arlington Heights area are busy planning their schedules for the coming year's program.

Mrs. Elizabeth Meyer will again serve as director for the Over 50 Club, which meets the second and fourth Thursdays of each month. Luncheons, tours, bus trips, lectures, social hours and other special events are on the agenda.

The Drop-In Center will be in operation during the month of September on the first and third Thursdays at Recreation Park, where Mrs. Meyer can be contacted concerning any of the Over 50 Club activities.

THE ROOMS AT Recreation Park are available for watching television, playing cards, billiards, shuffleboard and other games, as well as social gatherings.

The building is open to members from noon to 4 p.m. Facilities are arranged that enable the members to bring sack lunches and spend the remainder of the day.

Men and women with talents and interests along the artistic lines may join the ceramics and arts and crafts classes held every Wednesday at Pioneer Park from 10 a.m. to 3:30 p.m.

Recreation Park has been reserved every third Saturday for the Over 50 Club dance. A square dance caller will be available to give instructions to those desiring them. Other types of music will be furnished for various types of dancing.(A

THE EISENHOWER TROPHY for the most outstanding Army National Guard unit in Illinois was recently awarded to Battery B, 1st Missile Battalion (Nike Hercules). 202nd Artillery, based at the Addison Nike site. Accepting the trophy is Capt. James A. Feely, (right) Battery B commanding officer, from Lt. Col. Schwartz, battalion commander of the 1st Missile Battalion. This is the second year a unit of the 1st Missile Battalion, 202nd Artillery of the Illinois Army National Guard has won the trophy.

At Fort Knox

Army Pvt. Ernest E. Scharhau Jr., whose parents live at 43 S. Park St., Roselle, completed eight weeks of advanced training as a reconnaissance scout at Fort Knox, Ky., Aug. 14.

The 18-year-old soldier entered the Army in March 1964 and completed basic combat training at Fort Knox.

He attended Lake Park High School in Medinah.

YOU CAN KNOCK
ON EVERY DOOR . . .

Did you know that over 40,000 families in the northwest suburbs write Want Ads and place them in Paddock Publication newspapers? This proves that those little fellows really work.

The amazing thing about Want Ads is that the results are excellent and the cost is so low. It would literally be impossible to knock on every door served by Paddock Publications for the small cost of a Want Ad.

Try a Paddock Publication Want Ad this week and see for yourself why over 40,000 families know that Want Ads work for them.

Showered with gifts for her new home was Caroline Neas for whom wedding bells will ring Sept. 12. All her Brighton Place neighbors, many of whom have seen Caroline grow up, gathered at the home of Pat Christofferson, 1116 E. Miner St. last Thursday night with their gifts for the surprise party.

Caroline's fiance, Jame Neumann, from Milan, Ill., has spent several weekends in Arlington recently making plans for the wedding which will take place at Our Saviour's Lutheran Church. The young couple will live in Champaign where Caroline will enter her junior year. Mr. Neumann is a graduate of the University. She is the daughter of Mr. and Mrs. Edgar Neas of 201 N. Brighton Place.

Wisconsin friends of the William Richters of N. Dryden Avenue came to town last Thursday to attend the races with the Richters. The James Showalters came from Saukville and their son and daughter-in-law, Ronny and Betty Showalter, came from Port Washington. The junior Showalters reported that the tornado which struck Port Washington recently leveled all their trees and shrubs and blew in the windows in the bedroom where their baby was sleeping; fortunately, the child was not hurt.

SUNDAY THE Richters were hosts to their pinochle crowd from Park Ridge and Des Plaines. After a 12 o'clock dinner the group settled down at the card table and not till 9 o'clock at night did they decide they'd had enough!

An Edgerton family reunion in Yale, Michigan sparked off a week's vacation for Mr. and Mrs. William Edgerton and their son, Bob, of 630 N. Dryden. Between the reunion and a boat trip, they sandwiched in a tour of the Kellogg plant in Battle Creek, something they always intended to do, but never quite got around to. They found it very interesting and recommend the tour highly.

From Muskegon the Edgertons took the Milwaukee Clipper across the lake to Milwaukee; the delightful cool, breezy ride providing a perfect end to a 2pleasant week of visiting with relatives and old friends.

WHILE THE Stephen Coha family are no longer at home at 704 N. Beverly Lane, they didn't move very far away — just a matter of several hundred feet to the west where they are now living in a larger home they recently built, fronting on Hawthorne Street. Bob and Lorraine Forsyth from Mount Prospect are the new owners of 704 and their Eastwood neighbors welcome them to the Community.

The Cohas are busy readying up their new home in anticipation of a visit Saturday from their good friends, Ray and Margaret Vicker from London. Mr. Vicker is the European Bureau Chief of the Wall Street Journal and this trip is a regular every-three-year journey back home.

Son Peery was the senior Peery Duderstadts' chauffeur all the way on their vacation trip to the recently opened Lodge of the Four Seasons at the Lake of the Ozarks. First stop on their way to the Ozarks was a several day stopover at the Holiday Inn in Springfield.

PEERY CELEBRATED his 18th birthday at the lodge and was treated to his one request — steak for breakfast. In the evening, after a buffet dinner, a cake with candles was presented to Peery while the dining-room-full of guests sang the happy birthday song.

Making full use of the pool, a marina trip around the lake, golf and sightseeing were all on the agenda for the Duderstadts. Another stopover in Springfield, this time at the State House Inn, was the last stop before they returned to Lincoln Lane.

Atlanta, Ga. will be the new home of the Kenneth Manchee family of N. Beverly Lane. Mr. Manchee's company, DuPont, is transferring him to that city, and after 10 years in Arlington, the Manchees and their children, David, Peter, and Linda, will leave about September 15. New residents of their Beverly Avenue home will be Mr. and Mrs. Herman Carnitz from Chicago. (A

PERUVIAN FLAG symbolizing connection between Arlington Heights and Latin-American sister city Comas, Peru, is raised on new pole near the village's commuter station by Donald F. Arlington Park Site For Comas Day Fiesta

Plans for a Comas Day Fiesta under sponsorship of the Arlington Heights Inter-American Friendship Program were given a boost this week with the donation of Arlington Park Race Track as a site.

The fiesta has been planned for Oct. 10 as part of a weekend of fun-raising and fund-raising activity to aid Arlington Heights' sister city, Comas, Peru.

Residents of Arlington Heights and the entire Chicago area will be able to attend the all-day affair now, according to the program's "fun-raising" chairman Mrs. Ruth Patton. "There will be no space problems at the Park."

In granting the Friendship Committee's request for use of the facilities, the Arlington Park operating committee commended the village as a whole for its participation in the aid program.

PLANS ARE still not firm for all events of the fiesta, but it is slated to include entertainment, games, sale of Peruvian merchandise, free camel rides for kids, and displays outlining the culture of the Peruvian city.

The Pan American Assembly and Peruvian Arts Assn. of Chicago will be assisting in preparations.

A fund-raising goal of $10,000 has been set for the Comas Day Fiesta and a $10 per person dinner-dance will be held in conjunction.

Time and place for the dance, which is to be limited to 200 persons, have not been established yet, Mrs. Patton said.

TICKETS TO the fiesta will be $1 for adults. Children are to be admitted free.

The Chicago and North Western Railway is providing special commuter train service from Chicago to a special Arlington Park stop Oct. 10, and to Chicago from the Park that evening.

Departure times will be 10:30 p.m. from Arlington Park. a.m. from Chicago and 6:31 The Friendship Committee was scheduled to meet late this week to develop further plans for the fiesta and dinner-dance.

Report Prowler Attempts Entry

Arlington Heights police have received a complaint from Mrs. Judy Schierer, 1348 S. Evergreen, that repeated attempts have been made in the last week to gain entry to her home.

The complaint led to reports that several other residents of the 1300 block on Evergreen have had similar experience but have not called the police.

Mrs. Schierer called police Monday night, but police had received a previous call from a neighbor complaining of a suspicious person in the area.

Residents of the same block apprehended a Peeping Tom more than a month ago. (A

Wilson to Retire From Savings Post

Charles H. Wilson will retire as chairman of the board of Arlington Heights Federal Savings and Loan Assn. at the regular board meeting of the association Sept. 14.

CHARLES H. WILSON

Wilson was one of the organizers and founders of Arlington Heights Federal Savings, and he has been a director since its inception in 1953. He was elected president of the association in 1954 and chairman of the board in 1958.

In his statement to the other directors, Wilson said his decision to retire completely from community business life was prompted by his arrival at retirement age and the fact that Mrs. Wilson and he have "wanted to do some extensive traveling through this country of ours for some time now."

EVENTUALLY, the Wilsons will spend a great deal of their time in Southern California.

As board chairman, Wilson was a member of all the committees of the board of directors and, thus, he was active in all operational areas of the institution.

Paul E. Collins, president of the savings association, said "Charles H. Wilson will be missed on our board of directors," but announced also that Wilson has agreed to accept the position of director emeritus.

THE RETIRING chairman has been an active member of the community since 1943. He headed his own real estate firm, Charles H. Wilson Realtors, until its sale in 1961. He has also held various officer positions in the Lions Club, the Arlington Heights Chamber of Commerce, the Northwest Suburban Board of Realtors, the village zoning board and other organizations.

In the statement announcing his retirement, Wilson praised the corporate future of the association, and termed his connection with it "one of the most enjoyable and rewarding experiences of my professional career." (A

53-Acre Plan Taken To Rolling Meadows

Rolling Meadows officials have been asked to consider annexation of more than 53 acres of land north of Algonquin Road and east of Wilke Road for a combination development of single family residences, apartments and general retail business section.

The proposal was rejected two weeks ago by the Arlington Heights Plan Commission. Its recommendation will come before the village board next Tuesday for a final decision.

It is the second time around for Rolling Meadows officials. When the original presentation was made some months ago, they advised the promoters to talk to Arlington Heights officials, since the two towns have discussed a boundary agreement in the area.

THE LAND belongs to Mr. and Mrs. Fred Hildebrandt and Mr. and Mrs. Raymond Pingel. They are represented in the negotiations by John A. Bolger of Barrington.

Bolger's plans include apartments along Algonquin Road and 12 acres of three-bedroom duplexes. Arlington Heights officials would like to see a continuation of the pattern of light industrial development set a little farther east along Algonquin.

Bolger told the Arlington Heights planners that the proposed apartment buildings along Algonquin Road, which were a focal point of commission apposition, were designed to provide a cushion from noise and traffic for the residential property.

It would be the most advantageous development as far as the developers are concerned," he said. "Within a few years there will be a much greater demand for these apartments," he claimed. He said interest had already been expressed in the two-family flats development in the area.

The commission advised Bolger the village board would have the final say, but the commissioners unanimously approved a motion to "recommend to the board of trustees that we adhere as closely as we can to the 'Recommended Zoning Classifications of Land Suitable for Annexation' . . . and deny the petitioner's request for zoning except for the general retail business district portion requested."

Arlingdale Subdivision Close To Water Contract

Residents of the Arlingdale Subdivision indicated last week that they were near to completing a private contract for installation of a water system in that subdivision.

The residents told Board of Local Improvement members that they needed agreement from four more property owners to begin work on a three block section of the project.

They said 38 property owners have paid their share of the cost.

THESE RESIDENTS have decided to withdraw from the special assessment project, which affects 55 lots in the subdivision. Those who have not joined them will be assessed by the village.

Cost estimate for the entire project as a special assessment has been set at $60,404. It is considerably cheaper when done under private contract, which allows elimination of special assessment fees and other expenses.

Because of the lower expense involved, some residents indicated at a formal public hearing in July that they would seek to do part of the work under private contract.

MOST OF THE subdivision, located north of Euclid, west of Wilke, and south of Northwest Highway, is not connected to the village water system. Most of the homes have their own wells.

The project incudes installation of water mains, fire hydrants, and valves and valve basins.

The Board of Local Improvements continued the hearing to Sept. 12 to give the residents time to obtain agreements from the four property owners.

At that time the work which can be done privately will be eliminated from the special assessment project. (A

Rule Death From Fall Accidental

A coroner's jury ruled Monday that the death of George Gibbs in a fall down basement stairs at Tony and Mary's Tavern, 33 W. Campbell St., was accidental.

Gibbs fell last Friday and hit his head on the concrete basement floor. He died two hours later.

Gibbs, 63, resided at 305 W. Campbell St. (A

Bonds Suggested to Insure Apartment Work Completed

Arlington Heights may require performance bonds to guarantee outside apartment building improvements because of problems with some developers.

Problems have apparently developed with some builders who become reluctant to complete promised improvements once their buildings are occupied.

The village loses its main level to force improvements — withholding of the occupancy permit — because people often are allowed to move in before the permit is issued.

Village Engineer Norman Toberman and plan commission members sought a solution to the problem at last week's meeting of the commission.

TOBERMAN and the commission members refused to blame the building department for the problem.

Chairman Harold Carlson said he thought the building department had "good reason" for allowing the people to move in.

He said to do otherwise would often be a hardship for these people because their other lease people because their other leases had expired.

The suggestion for a performance bond to require outside improvements came from member Clyde Ferry. Toberman was asked to meet with Village Atty. Jack Siegel to discuss inclusion of such a provision in village ordinances.

Toberman had pointed to the Eastwood Apartments, Miner Street and Lincoln, as an example of incomplete outside improvements.

HE SAID the developer, Edward Albright, had permitted the construction of an "extremely poor" driveway and wanted to eliminate a combination curb and walk along the back parking lot.

Albright has completed one building, and plans a second. He is expected to come before the plan commission at its next meeting to request changes from his original plans for the building.

Carlson suggested that the commission would not consider any requests that disagree with Toberman's recommendations. (A

IT'S AS American as the flag to take your dinner out-of-doors to a breezy, tree-shaded corner of the patio, porch or back yard. Food just seems to taste better served outside, especially when it's simply seasoned, cooked just right and there's plenty of it!

If you're cooking meat outside and your attention is needed at the grill, it might be wise to bake a vegetable casserole which needs no checking in the range.

Helen's Favorite Marinated Vegetables (Serves 4)

- **8 canned artichoke hearts**
- **8 large fresh mushroom caps**
- **8 small cooked onions**
- **4 small firm ripe tomatoes**
- **4 small cooked potatoes**
- **1 small green pepper, cut in squares**
- **¾ cup salad oil**
- **¼ cup vinegar**
- **1 teaspoon salt**

Place vegetables in single layer in large shallow pan. Combine oil, vinegar and salt. Pour over vegetables. Let stand, basting often, 2 to 3 hours. Drain, saving marinade. Thread vegetables alternately on 4 skewers. Grill over glowing coals or under broiler unit of oven, basting with marinade, about 10 minutes, or until heated through.

Vegetables can be so good when you treat them a bit differently from the old ways! In these days when barbecuing is so popular, why not skewer them and roast over the charcoal, as you do meats, for example?

In any recipe where the ingredients are many, most women prefer to double the recipe and thus have two meals out of it.

Arlington Park Site For Comas Day Fiesta

Plans for a Comas Day Fiesta under sponsorship of the Arlington Heights Inter-American Friendship Program were given a boost this week with the donation of Arlington Park Race Track as a site.

The fiesta has been planned for Oct. 10 as part of a weekend of fun-raising and fund-raising activity to aid Arlington Heights' sister city, Comas, Peru.

Residents of Arlington Heights and the entire Chicago area will be able to attend the all-day affair now, according to the program's "fun-raising" chairman Mrs. Ruth Patton. "There will be no space problems at the Park."

In granting the Friendship Committee's request for use of the facilities, the Arlington Park operating committee commended the village as a whole for its participation in the aid program.

PLANS ARE still not firm for all events of the fiesta, but it is slated to include entertainment, games, sale of Peruvian merchandise, free camel rides for kids, and displays outlining the culture of the Peruvian city.

The Pan American Assembly and Peruvian Arts Assn. of Chicago will be assisting in preparations.

A fund-raising goal of $10,000 has been set for the Comas Day Fiesta and a $10 per person dinner-dance will be held in conjunction.

Time and place for the dance, which is to be limited to 200 persons, have not been established yet, Mrs. Patton said.

TICKETS TO the fiesta will be $1 for adults. Children are to be admitted free.

The Chicago and North Western Railway is providing special commuter train service from Chicago to a special Arlington Park stop Oct. 10, and to Chicago from the Park that evening.

Departure times will be 10:30 p.m. from Arlington Park. a.m. from Chicago and 6:31

The Friendship Committee was scheduled to meet late this week to develop further plans for the fiesta and dinner-dance.

Report Prowler Attempts Entry

Arlington Heights police have received a complaint from Mrs. Judy Schierer, 1348 S. Evergreen, that repeated attempts have been made in the last week to gain entry to her home.

The complaint led to reports that several other residents of the 1300 block on Evergreen have had similar experience but have not called the police.

Mrs. Schierer called police Monday night, but police had received a previous call from a neighbor complaining of a suspicious person in the area.

Residents of the same block apprehended a Peeping Tom more than a month ago. (A

KICKIN' IT AROUND

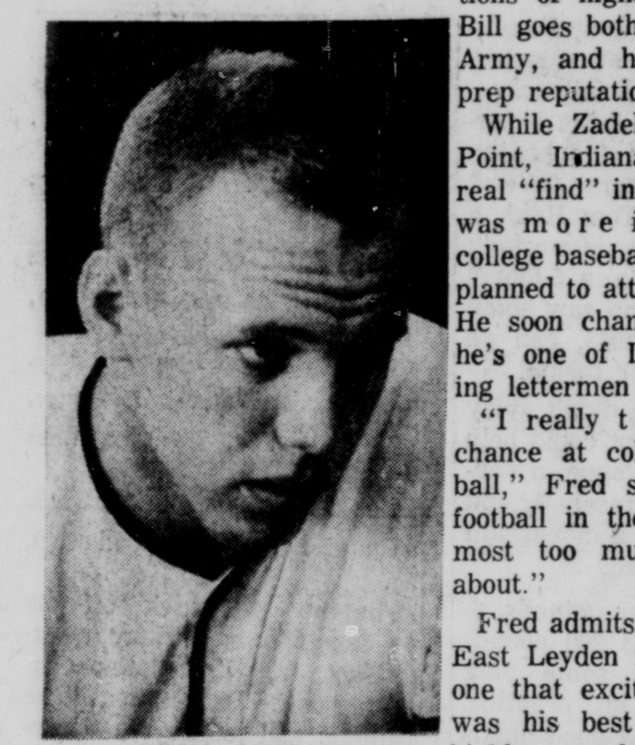
THEY CAME to look at a 205-pound lineman. They weren't disappointed. He was big, strong, and moved well. A definite college football prospect.

They also saw a scrambler at quarterback. He was firing passes with pin-point accuracy and dashing for sizeable gains. This kid looks good, they thought.

That was the situation three summers ago when Indiana University football scouts assembled to look over a film of a high school contest involving Prospect and East Leyden high school.

The lineman was Bill Zadel. The quarterback was Fred Lussow.

The scouts were familiar with Zadel. So were several institutions of higher learning. Today, Bill goes both ways at tackle for Army, and he's lived up to his prep reputation.



FRED LUSSOW

While Zadel was lost to West Point, Indiana came up with a real "find" in Lussow. Fred, who was more interested in trying college baseball than football, had planned to attend Bowling Green. He soon changed his mind, and he's one of Indiana's 24 returning lettermen this fall.

"I really thought my best chance at college was in baseball," Fred says. "And playing football in the Big Ten was almost too much to even think about."

Fred admits that the game with East Leyden in high school, the one that excited Indiana scouts, was his best as a prep. With highly regarded Prospect trailing 13-0 with 9:31 left in the first half Lussow took charge. He engineered the Knights to two quick touchdowns and a 14-13 halftime lead, and Prospect went on to win 21-13.

Lussow completed nine of 10 aerials against Leyden, hitting seven strikes in a row in a sustained drive that covered 75 yards. He had a scoring run of 56 yards that Prospect fans still talk about.

It was mid-way in the second period. Fred rolled out to the right looking for a receiver. Four Leyden linemen converged on him near the sideline. Fred turned back and headed across the field with the four in hot pursuit.

As he reached the far sideline he received a timely block from teammate Bruce Andrise, turned the corner, hading downfield, then cut back toward the near sideline.

Blockers appeared. Fred cut back near the Leyden 30 and outraced a lone defender into the end zone for the Knights' first touchdown. Prospect was back in gear now thanks to Lussow's dazzling maneuver.

The Lussow story, a smash hit in high school where he earned all-conference honors in three sports, wasn't an immediate success on the Big Ten scene.

After laboring with the Hoosier freshman squad where he turned in a creditable performance, Fred was relegated to the bench as a soph behind some seasoned backs. He didn't play a minute.

Fred came to Indiana as a quarterback but was switched to wingback in his frosh year as head coach Phil Dickens began to utilize the popular Wing-T offense.

There was no idleness last fall as this well-built 5-foot-10, 190-pounder logged 119 minutes. He started against Iowa and finished as the squad's leading pass receiver for the season.

He's enthusiastic over the prospects for 1964. Although he's not listed on the No. 1 slot as fall drills begin, Fred should see extensive action for Dickens' charges. It wouldn't shock veteran Indiana grid observers if Fred would be elevated to that No. 1 position before too long.

Lussow, the third of three football-playing brothers, had a good spring practice until sidelined with torn ligaments and a separated bone in his ankle. He's fully recovered and ready for his senior year.

Fred is a convincing young man when he says don't sell Indiana short in Big Ten football this fall.

"We have experience at every position," he emphasizes. "And even though we had a 3-6 record last fall we were right in every game. Pass defense was our major problem but they've simplified the system and there should be quite a bit of improvement."

Lussow also points to a favorable schedule which shows the Hoosiers tackling Northwestern, Iowa, Michigan State, and Minnesota at home and only Ohio State and Purdue on the road. Indiana doesn't play pre-season favorite Illinois, Michigan, or Wisconsin.

Indiana alumni are excited. They've had losers for four straight years (only nine wins in that period), and they're hungry for a winning team.

Don't be surprised if the Hoosiers give their fans a lot to talk about this fall.

And don't be surprised if Fred Lussow plays a big part in this Indiana resurgence.

Prospect Uses New Blocking Device in Early Grid Drills

A newly developed blocking device, invariably called "the monster" by its users, is getting a good workout at Prospect High School football drills these days.

The two-by-four wood structure stands 43 inches off the ground and is four feet wide by six feet long. It is roofed, divided into seven stalls, and is designed to keep linemen as low as possible.

"With a roof over their heads, the boys can't raise themselves any higher than the 43 inches," head coach Don Williams explained.

"We also have another new piece of drill equipment, a 20 yard rope net. This net is for the purpose of keeping the legs high while running.

"OUR OTHER drills are the same as you might find anywhere," Williams added. "We have the regular blocking sleds, and we use the various types of established football exercises."

Williams has been encouraged by the initial workouts. Tht Knights used pads for the first time Tuesday with a scrimmage slated for today (Thursday). "So far we've just been conditioning," Williams said at the outset of the week.

Don has been impressed by the spirit exhibited by the Prospect varsity but admits it's too early to tell much about the club. The squad has been free from injuries.

PROSPECT HAS been working twice daily, from 7 to 9:15 in the morning, and from 3:30 to 5 in the afternoon.

"Every position is wide-open and it's a healthy situation," Allen continued. "There's a battle—and a good one at that—for every job. At no position does one boy stand out above another."

Allen and his staff have done some shifting of personnel in the early stages of practice with co-captain Mike Frase, a quarterback as a junior, shifting to fullback. Mike completed 17 passes in 43 attempts for 234 yards last fall and will be ready to step back into the quarterback slot if needed.

JUNIOR TOM LeStarge and sophomore Steve Allen are the top candidates at quarterback with junior Thad Woodard, a transfer from Texas, also available. Head coach Allen has Woodard, a 5-foot-10, 165-

Expect Gross Over $200,000

Prairie State Stakes At Arlington Thursday

The Arlington-Washington Lassie, which, with an expected gross of better than $200,000, will be the richest race ever presented for two-year-old fillies in the history of thoroughbred racing, draws this week's national spotlight to Arlington Park as the Washington Park Jockey Club presents its fourth week at the suburban oval.

Saturday's Lassie will be preceded this week by Wednesday's $20,000-added Meadowland Handicap and Thursday's $10,000-added Prairie State Stakes for Illinois-bred two-year-old colts and geldings.

With an anticipated value to the winner of around $65,000, the six and one-half furlong Lassie wll be one of the outstanding juvenile attractions of American racing this season. Many of the crack performers, like Rhodie, Money To Burn, Dedicated A., Mr. B's Sister, Real Sweet Deal and Sculptured are already locally stabled.

A HEAVY eastern invasion is also expected and could include Queen Empress, Bold Experience, Marshua and Candalita. Interestingly enough, seven of the aforementioned ten would have to be made supplementary entries at a fee of $15,000 each. The estimated gross of $200,000 includes just one supplementary so that such an estimate is somewhat conservative at this writing.

Rhodie and Money To Burn captured their respective divisions of the recent split Lassie Trial. For Mrs. Milton Erlanger's Rhodie, it was her fourth triumph in five starts. The New Jersey Futurity heroine's lone setback came in the $50,000-added Sorority at Monmouth, in which she finished second to Bold Experience.

Her Trial success was Money To Burn's fifth in seven outings. She won her first four, including the Miss Chicago Stakes here, and was third in Dedicated A.'s $25,000-added Mademoiselle.

DEDICATED A., along with Queen Empress and Sculptured, are among the 226 juvenile fillies automatically eligible to the Lassie. In addition to her Mademoiselle score, Dedicated A. was second to Mr. B's Sister in the $25,000-added Majorette Stakes, August 5.

Mr. B's Sister's Majorette was her second straight stakes victory coming after her defeat of colts and geldings in the Freshman Derby at Hazel Park last month. All told, she has won half of her six lifetime starts.

The west coast hopeful, Real Sweet Deal, won the second division of Hollywood Park's Cinderella Stakes and was second in both the Nursery and Hollywood Lassie. In her last local appearance, Real Sweet Deal finsihed thrid in Money To Burn's division of the Trial.

A RELATIVE latecomer to the Lassie picture is Sculptured who did not start until July 14. In three races since then, she won by nine lengths, finished third in the Majorette and was beaten just a neck by Money To Burn in the Trial.

A check of the credentials of the possible invaders finds a pair of Bold Ruler daughters with outstanding records. Queen Empress has won six of eight starts and has never been worse than third while Bold Experience has captured four of seven and has never been worse than second.

Queen Empress had won six straight, including the Fashion Stakes, the National Stallion Stakes, the Astoria and the Colleen, before bowing to Bold Experience and Rhodie in the Sorority. She was second to Candalita in her last, the $20,000-added Adirondack.

BOLD Experience was second in the Fashion, won the Rancocas at Garden State by six lengths and was second in the Colleen before her brilliant Sorority triumph at Monmouth on August 1.

Candalita won the Adirondack and was second to Marshua in the Schuylerville at Saratoga, August 5. Marshua was second in the three stakes before her last two meetings with Candalita. She was second to Bold Experience in the Rancocas, beaten a nose in the Polly Drummond and was runner-up to Queen Empress in the Astoria.

Scott Satisfied With Forest View Sessions

Bob Scott is satisfied.

"Practice has been real good. The team shows a lot of hustle and drive. We're on schedule," says the head football coach at Forest View High School.

Scott is hopeful his charges can improve on their standing of last year and also show a repeat victory in the non-conference opener with Palatine.

The contest with Palatine on Saturday, Sept. 19, at Forest View will launch the Falcons' 1964 schedule.

SCOTT EXPECTED to send his candidates through some controlled scrimmages this week as the tempo of drills picked up.

"As far as how the team looks," Scott said, "it's just too hard to tell anything yet. I really can't get a good picture until we start working more as a unit."

Scott did indicate that such youngsters as Alan Inzerello (center and guard), Jack McRae (halfback), Bill Wright (center), and Bill Grunwald (tackle and center) have looked good in the early sessions.

"OTHER BOYS who have proven themselves so far and who bear watching," Scott said, "are end Gary Deberge, end Bill Croutch, and defensive back Dave Lueck."

Scott has done some switching of positions with more expected depending on the situation. He's moved Steve Carponelli from end to tackle. John Edie has taken over the punting duties in addition to working at a guard slot.

In addition to the season lidlifter with Palatine, Forest View will also tackle Glenbrook North (Sept. 26), Wheeling (Oct. 10), and Glenbrook South (Oct. 24) in home games. The game with Glenbrook South will serve as Homecoming.

Lassie Stakes Tops Arlington's Card

Sports

BY BOB FRISK

KICKIN' IT AROUND

THEY CAME to look at a 205-pound lineman. They weren't disappointed. He was big, strong, and moved well. A definite college football prospect.

They also saw a scrambler at quarterback. He was firing passes with pin-point accuracy and dashing for sizeable gains. This kid looks good, they thought.

That was the situation three summers ago when Indiana University football scouts assembled to look over a film of a high school contest involving Prospect and East Leyden high school.

The lineman was Bill Zadel. The quarterback was Fred Lussow.

The scouts were familiar with Zadel. So were several institutions of higher learning. Today, Bill goes both ways at tackle for Army, and he's lived up to his prep reputation.

FRED LUSSOW

While Zadel was lost to West Point, Indiana came up with a real "find" in Lussow. Fred, who was more interested in trying college baseball than football, had planned to attend Bowling Green. He soon changed his mind, and he's one of Indiana's 24 returning lettermen this fall.

"I really thought my best chance at college was in baseball," Fred says. "And playing football in the Big Ten was almost too much to even think about."

Fred admits that the game with East Leyden in high school, the one that excited Indiana scouts, was his best as a prep. With highly regarded Prospect trailing 13-0 with 9:31 left in the first half Lussow took charge. He engineered the Knights to two quick touchdowns and a 14-13 halftime lead, and Prospect went on to win 21-13.

Lussow completed nine of 10 aerials against Leyden, hitting seven strikes in a row in a sustained drive that covered 75 yards. He had a scoring run of 56 yards that Prospect fans still talk about.

It was mid-way in the second period. Fred rolled out to the right looking for a receiver. Four Leyden linemen converged on him near the sideline. Fred turned back and headed across the field with the four in hot pursuit.

As he reached the far sideline he received a timely block from teammate Bruce Andrise, turned the corner, hading downfield, then cut back toward the near sideline.

Blockers appeared. Fred cut back near the Leyden 30 and outraced a lone defender into the end zone for the Knights' first touchdown. Prospect was back in gear now thanks to Lussow's dazzling maneuver.

The Lussow story, a smash hit in high school where he earned all-conference honors in three sports, wasn't an immediate success on the Big Ten scene.

After laboring with the Hoosier freshman squad where he turned in a creditable performance, Fred was relegated to the bench as a soph behind some seasoned backs. He didn't play a minute.

Fred came to Indiana as a quarterback but was switched to wingback in his frosh year as head coach Phil Dickens began to utilize the popular Wing-T offense.

There was no idleness last fall as this well-built 5-foot-10, 190-pounder logged 119 minutes. He started against Iowa and finished as the squad's leading pass receiver for the season.

Lussow, the third of three football-playing brothers, had a good spring practice until sidelined with torn ligaments and a separated bone in his ankle. He's fully recovered and ready for his senior year.

"We have experience at every position," he emphasizes. "And even though we had a 3-6 record last fall we were right in every game. Pass defense was our major problem but they've simplified the system and there should be quite a bit of improvement."

Sportsman's Notebook

by
Jim Carns

Red Lake, Ontario, is the end of the line on Queen's Highway 105; but for thousands of anglers from the United States it is only a starting point. It is not just the excellent fishing which takes so many people away from the highways and several other comforts of civilization.

After a year at the typewriter, it was not only the fishing which took me nearly 1,000 miles to that starting point. Perhaps it was more the notion that central Ontario is now what the whole continent was once — unspoiled.

WHATEVER THE motivation, five days in a canoe was worth the hard bed of a rock island and the bugs of a muskeg swamp on the old water freight route between Red Lake and Pakwash Lake.

The routs, which roughly parallels Highway 105 south of Red Lake, is a lazy man's portage trip — close enough to civilization to make alone without fear, but far enough removed that deer, bear and moose spotted along the way far outnumber humans.

There are fly-in camps on the route's lakes and some camps to which roads have been built; but there are more loggers than fisherman along the Chukuni River.

The fishing, in fact, was excellent. The Canadian foursome playing gin in the Ontario Central Airlines office in Red Lake the Sunday I arrived said August was a bad month. None of the residents fish in July or August, they said.

BUT THE WHOLE week showed me the type of every-other-cast action on northerns which makes me want to go back in the spring or fall when they're biting.

Yes, northerns and walleye strike well on artificials there, but that only justifies the many fishing camps and lodges sporting conveniences and access roads. The fishing is just as good there, or nearly as good.

For those who canoe, fly, and jump off the Canadian National Railway in desolate and forsaken spots, there is another attraction placed squarely atop a platter of fish.

It is a composite of the trapper's cabin, the decaying rails and ramps which rise out of rivers to show the novice how a freight barge was carried over rapids and falls, the cut logs which still jam many river bends.

IT IS THE LOG cabin chinked with mud and grass of 100 years ago. Or was it 10? There is no calendar on the wall, and a papoose rack or dog harness in one of these cabins may be deceiving.

Ducks, deer and bear can make you think they have never seen a gun; and a single night loud with insects and nocturnal birds can put the Age of Reason years away.

The aluminum tackle box, the spinning reel, the weedless spoons and pork rind seemed a bit out of place. The aluminum canoe was too shiny, and the binoculars were somehow a cheat against the hawk and the raven.

But after the canoe had passed downstream, and a fish had been caught and released, only rippled water was left behind.

The signs of civilization are not coming to the Red Lake area by canoe; they are creeping off Highway 105 behind a bulldozer. There will soon be a provincial park at Snowshoe Portage on the Chukuni River where there was no road until a dam was built to tame the water.

There will be more cabins and more parks to provide convenient recreation for the growing population of the United States and Canada, and rightly so.

But Canadian and United States authorities have already taken the first step on the right path in the Quetico-Superior area toward saving out a chunk of the wild country before it has to be reclaimed.

There is room in Canada for many more pieces to be carved away and set aside, and it has become apparent that the bulk of the burden must be carried by the northern country while the bulk of the use comes from the south.

Wheeling High

(Cont. from Preceding Page)

University of Michigan.

NYREN IS the head coach at the new Maine South School, and it's possible that Marv, indoctrinated in the single wing since his prep days, will be utilizing this formation in 1964.

Wheeling will kick off its season on Friday, Sept. 18, against Maine South.

Sandwiched in between those two tussles with Maine schools will be the Mid Suburban conference opener with Niles North on Saturday, Sept. 26.

DALETSKI'S charges will engage in four home games in 1964, tackling Niles North, Prospect (Saturday, Oct. 7), Deerfield (Saturday, Oct. 31), and Glenbrook South (Saturday, Nov. 7) at the Wheeling stadium.

Road trips will be made to Maine South, Maine West, Forest View (Saturday, Oct. 10), and Glenbrook North (Friday, Oct. 23).

Daletski has been encouraged by the early Wildcat drills but admits it's still too early to give an accurate appraisal of the varsity outfit. He'll know more after this week when the candidates engage in actual contact work.

Wheeling will stage two sessions daily until the start of school next Tuesday, Sept. 8.

FOREST VIEW HIGH School features only two returning football lettermen this fall, but one is reliable back Jack McRae. The Falcon standout compiled 242 yards in 50 carries last fall for a 4.8 per carry average. Forest View will kick off its 1964 schedule against neighboring Palatine on Saturday, Sept. 19.

Prospect Bank Defeats Meeske's For Second Place Honors, Trophy

With first place in the Friday Night Twilight League at Mount Prospect Country Club all wrapped up two weeks ago by Capt. Dick Wood and his Doyno Motormen, all of the drama in the final night of the season centered around the pitched battle for second place that saw Capt. Dudley Hartman and his Mount Prospect State Bankers outlast Capt. Al Gilso's Meeske's Super Marketeers to button up the second place trophy for the season.

Separated by only half a point going into Friday night's play, the contest turned into a hot potato match as both teams were beaten in their matches, and, as it materialized, second place went to the team that lost by the narrower margin.

CAPT. HARTMAN and his Mount Prospect State Bankers went to the post against Capt. Harold Lins and his gallant band of Kruse-men holding the slimmest of margins and just a finger hold on second place.

In the captain's match, Lins began the humbling defeat for Bankers by downing Hartman one up over Mount Prospect's front nine to put one of the winning points on the board.

Kruse's Dick Haden then made second place seem further away for the Bankers by sinking Ed Pool four and two for another three points. Stan Peterson countered with the first Banker's win of the evening by polishing off Dr. Ed Luzwick two and one for the first Banker win of the evening.

JORDAN Italia added another point for Kruse's with a two and one win over Dick Stone only to have Joe Szostek add two points for the Bankers with a three and two defeat of Charles Kovacs.

The final tally was eight points for Kruse's and four for the Mount Prospect State Bankers, and at this point the Bankers had backed out of second place.

But it was hot potato night on this last night of the 1964 season and the season-long second place Meeske Super Marketeers went out to prove it against Capt. Joe Wylie's Pro Sport quintet.

WYLIE BEGAN carving up the Meeske-men as he leveled a two and one win at substitute coptain Dick Scott for two points on the scoreboard. Ed Berset then kept the pressure the Meeske-men as he downed Don Bertrand two and one for another two point win. Al Glover played follow-the-leader with an almost perfect five and three win over Len Berquist to add still another three points on the board.

Bob Carrol added the last points of the evening by taking the fourth match win with his three and one win over Ingve Bloomquist. Only the number five man for the Meeske Super Marketeers, Ken Arnold, managed to save face for the pretenders to the second spot in the standings as he wrestled a two up win from Bob Gits for the only match win of the evening that saw the Pro Sport Shoppers hammer out a 9½-2½ win.

And thus, Al Gilso's Meeskemen had backed themselves out of second place and Hartman's Mount Prospect State Bankers had backed in to the second rung on the ladder.

AND WHILE the Alphonse and Gaston act was being played for second place, the 1964 Friday Night Twilight League champions, Capt. Wood and his Doyno Motormen were going through the motions as they dropped an eight to four match to the Keefer Pharmacists that saw the Pharmacists nail down the fourth spot in the standings by only one tenth of a point.

Doyno's Wood posted two points in his no-contest tour of Mount Prospect's back nine. Bob Tesmer added the first three points for the Keefer Pharmacists as he bested Herman Falldin three and oweithn man Falldin three and one with a card that included a bird on the par five 485 yard 15th.

Frank Sagadine compounded two more points for the Keefermen as he downed George Miscevich three and one. John Burke then posted the second no-contest win for the Doyno five. Frank Maher closed off the scoring for the Pharmacists with a four and three card over Bob Rinehart that was good for two more points and guaranteed fourth place for the Keefer five.

FIFTH PLACE went to the Kruse-men led by Harold Lins and close behind came the F.B.K. Realtors led by Capt. Warren Collier who helped his team's cause with a fine 36 - 4 - net 32 card that included birds on the par four 342 yard tenth and the par four 263 yard 13th holes.

The biggest jump in the final standings came as Capt. Bob Glader moved his Wille Fuel and Lumbermen from ninth to seventh place with a 7½ to 4½ Williams-Gray Co. quintet.

The only other bird of the final night's play was posted by Arlington Camera's Don Quigley as he fired a duece on Mount Prospect's par three 155 yard 13th in his losing match to F.B.K. Realtor Carl Campbell.

Juniors, Sophs Must Fill Vacancies In Pirate Forward Wall

Head coach John Ellis figures Palatine will go as far in the Des Plaines Valley football race as its young talent will carry it.

Ellis, a rookie head coach but veteran member of Pirate grid staffs, knows approximately what to expect from his veterans. His squad, however, is liberally dotted with sophomores and juniors and they will have to provide the depth.

The first segment of training ended last Saturday and the Pirates put on the pads for the first time Monday. The aggressive play of three interior lineman has been the most pleasant surprise of the early drills.

CHARLEY TENGLIN, Duane Hosimer and John Blanchard were the trio cited for their play. Tenglin is a 220 pound letterman who will be a regular either at center or in the middle of the defensive line. Hosimer, also 220, didn't show much with the sophs last year, but improved his strength and confidence with a weight program in the off season. He figures to find a job in the defensive line. Blanchard is a 170 guard up from the sophs. His fine start has muddied the guard situation, but is a pleasant problem for line coach Arv Herstedt.

As Ellis sees things now, the starting offensive eleven will look like this:

Mixed Doubles Net Tourney Slated for Arlington's Courts

The Fourth Annual Paddock Publications Mixed Doubles tennis tournament will get under way Saturday morning at the Arlington High School courts.

Entries were still coming in this week, and tourney director Don Johnson of Elk Grove Village indicated that the starting time will be determined by the number of competitors.

Anyone interested in additional information on the tourney or inthe possibility of filing a late entry should contact Johnson, past president of the Arlington Tennis Club, at 437-1927.

Bob and Margorie Fink have taken the Paddock title for two straight years, and they filed their entry early this week.

THE TALENTED husband an wife duo, top-seeded in the 1963 attraction, stopped Yvonne Foley of Mount Prospect and Johnson of Elk Grove in the finale 4-6, 7-5, 6-2.

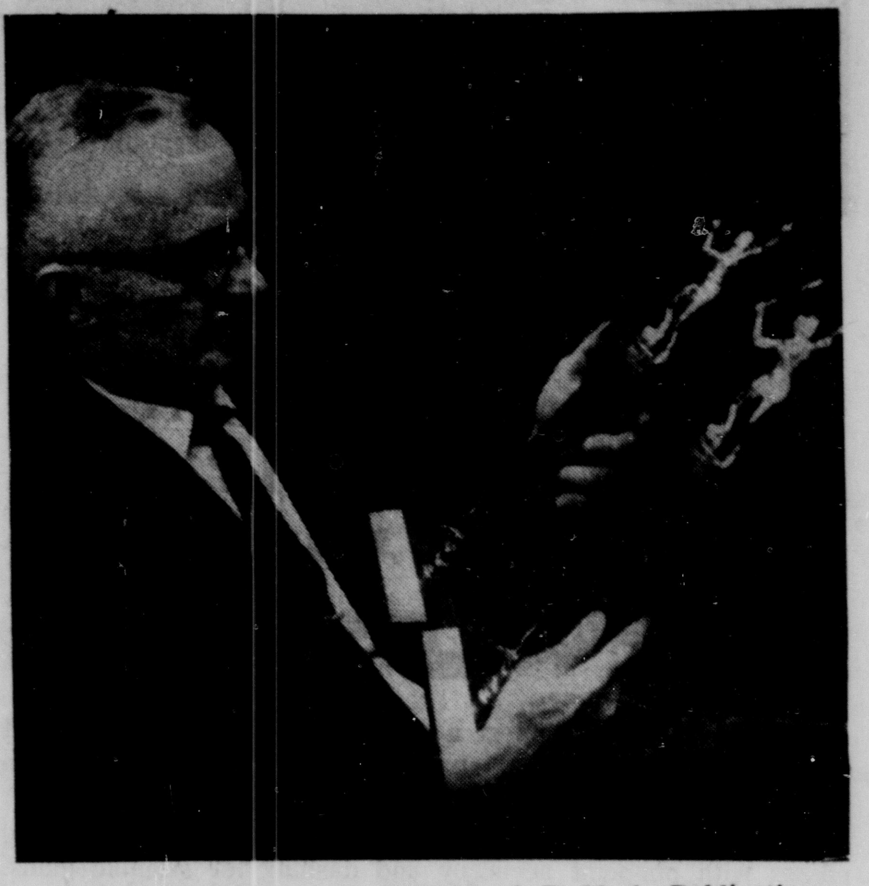
Mrs. Foley, who has competed in the championship match for three years, may not be able to participate this weekend. She is the former Danish Women's Jr. champion.

In the first Paddock tourney in 1961 Mrs. Foley and Bill Thompson of Arlington Heights captured the top prize with a 6-4, 6-2 victory over Larry Brown and Ruth Rees of Arlington.

The champs eliminated the Finks of Palatine en route to the finals, 9-7.

In 1962 the Finks claimed their first title with a 6-3, 6-4 conquest of Mrs. Foley and Larry Brown of Arligton Heights. They were second-seeded heading into the meet.

The Paddock Mixed Doubles champions each receive a handsome trophy.



BOB PADDOCK, vice-president of Paddock Publications, Inc., displays the two trophies that will go to the winners of the Paddock Mixed Doubles tennis tournament this weekend at the Arlington High School courts. Competition is scheduled to get under way Saturday morning.

Prospect Angler Hooks Prize Northern Pike

H. Wiedman, 806 W. Lincoln St., Mount Prospect, has been named a "Master Angler" of the Province of Manitoba after landing a trophy fish from provincial waters.

Mr. Wiedman earned his award with an 18 pound one ounce northern pike he caught in Kississing Lake in Northern Manitoba. He receives a bronze "Master Angler" badge and a special certificate marking his catch.

Kississing Lake is located north of the mining town of Flin Flon and is accessible by rail or air but not by road.

Two boys who didn't play football last year but could help are fullback Rich Hoppe, a varsity letterman in baseball, and end Charley Lloyd, a monogram winner in basketball.

LLOYD, a senior, stands 6-feet-7½ and weighs 200 pounds and has exhibited some pass catching ability in practice. "He's shown he has good hands and he certainly gives the quarterback a good target," Allen says.

Four sophomores currently are turning in strong bids for starting assignments with the varsity. In addition to quarterback Allen (6-2, 160), other highly regarded sophs are tackle Kim Markshausen (6-3, 222), and halfbacks Steve Conley (6-1, 178) and Dave Lockwood (6-0, 175).

Arlington will kick off its 1964 schedule on Friday evening, Sept. 18, with a home contest against Barrington. The Cardinals will journey to Riverside-Brookfield on Saturday, Sept. 26, in their first West Suburban Conference game.

The Cards face an attractive home slate which includes Barrington (Sept. 18) on Booster Night, York (Friday, Oct. 2) on A Club Night, Maine East (Friday, Oct. 16) on Homecoming, and Glenbard West (Friday, Nov. 6) on Dads' Night.

Eyes Opener

Willowbrook's varsity football team, which is actually one intact former jayvee squad, has now completed a full week of drills and controlled scrimmages under the guidance of coach Vic Lesch.

The squad has two practice sessions a day now, from 8-10:30 in the morning and from 4-5:30 in the afternoon.

"We haven't had any injuries to the key personnel so far, and everyone is playing the same position as they did on the jayvee team," said Lesch.

"We have had some of the boys move out of town, though, but they were substitutes."

"OUR FIRST real scrimmage will be held this Saturday, but that one, too, will be controlled. Not until the following Saturday will be have a big scrimmage. That's the Saturday before we open up against York."

"The team is quick as a whole," Lesch continued. "We have no real outstanding players as yet, though. The team moves fast on both defense and offense."

Sportsman's Notebook

by
Jim Carns

Red Lake, Ontario, is the end of the line on Queen's Highway 105; but for thousands of anglers from the United States it is only a starting point. It is not just the excellent fishing which takes so many people away from the highways and several other comforts of civilization.

After a year at the typewriter, it was not only the fishing which took me nearly 1,000 miles to that starting point. Perhaps it was more the notion that central Ontario is now what the whole continent was once — unspoiled.

WHATEVER THE motivation, five days in a canoe was worth the hard bed of a rock island and the bugs of a muskeg swamp on the old water freight route between Red Lake and Pakwash Lake.

The routs, which roughly parallels Highway 105 south of Red Lake, is a lazy man's portage trip — close enough to civilization to make alone without fear, but far enough removed that deer, bear and moose spotted along the way far outnumber humans.

There are fly-in camps on the route's lakes and some camps to which roads have been built; but there are more loggers than fisherman along the Chukuni River.

The fishing, in fact, was excellent. The Canadian foursome playing gin in the Ontario Central Airlines office in Red Lake the Sunday I arrived said August was a bad month. None of the residents fish in July or August, they said.

BUT THE WHOLE week showed me the type of every-other-cast action on northerns which makes me want to go back in the spring or fall when they're biting.

Yes, northerns and walleye strike well on artificials there, but that only justifies the many fishing camps and lodges sporting conveniences and access roads. The fishing is just as good there, or nearly as good.

For those who canoe, fly, and jump off the Canadian National Railway in desolate and forsaken spots, there is another attraction placed squarely atop a platter of fish.

Ducks, deer and bear can make you think they have never seen a gun; and a single night loud with insects and nocturnal birds can put the Age of Reason years away.

The aluminum tackle box, the spinning reel, the weedless spoons and pork rind seemed a bit out of place. The aluminum canoe was too shiny, and the binoculars were somehow a cheat against the hawk and the raven.

But after the canoe had passed downstream, and a fish had been caught and released, only rippled water was left behind.

The signs of civilization are not coming to the Red Lake area by canoe; they are creeping off Highway 105 behind a bulldozer. There will soon be a provincial park at Snowshoe Portage on the Chukuni River where there was no road until a dam was built to tame the water.

There will be more cabins and more parks to provide convenient recreation for the growing population of the United States and Canada, and rightly so.

The final tally was eight points for Kruse's and four for the Mount Prospect State Bankers, and at this point the Bankers had backed out of second place.

But it was hot potato night on this last night of the 1964 season and the season-long second place Meeske Super Marketeers went out to prove it against Capt. Joe Wylie's Pro Sport quintet.

Four sophomores currently are turning in strong bids for starting assignments with the varsity. In addition to quarterback Allen (6-2, 160), other highly regarded sophs are tackle Kim Markshausen (6-3, 222), and halfbacks Steve Conley (6-1, 178) and Dave Lockwood (6-0, 175).

Arlington will kick off its 1964 schedule on Friday evening, Sept. 18, with a home contest against Barrington. The Cardinals will journey to Riverside-Brookfield on Saturday, Sept. 26, in their first West Suburban Conference game.

The Cards face an attractive home slate which includes Barrington (Sept. 18) on Booster Night, York (Friday, Oct. 2) on A Club Night, Maine East (Friday, Oct. 16) on Homecoming, and Glenbard West (Friday, Nov. 6) on Dads' Night.

1964 Schedule

Eyes Opener

Willowbrook's varsity football team, which is actually one intact former jayvee squad, has now completed a full week of drills and controlled scrimmages under the guidance of coach Vic Lesch.

The squad has two practice sessions a day now, from 8-10:30 in the morning and from 4-5:30 in the afternoon.

"We haven't had any injuries to the key personnel so far, and everyone is playing the same position as they did on the jayvee team," said Lesch.

"We have had some of the boys move out of town, though, but they were substitutes."

"**OUR FIRST** real scrimmage will be held this Saturday, but that one, too, will be controlled. Not until the following Saturday will be have a big scrimmage. That's the Saturday before we open up against York."

"The team is quick as a whole," Lesch continued. "We have no real outstanding players as yet, though. The team moves fast on both defense and offense."

Juniors, Sophs Must Fill Vacancies In Pirate Forward Wall

Head coach John Ellis figures Palatine will go as far in the Des Plaines Valley football race as its young talent will carry it.

Ellis, a rookie head coach but veteran member of Pirate grid staffs, knows approximately what to expect from his veterans. His squad, however, is liberally dotted with sophomores and juniors and they will have to provide the depth.

The first segment of training ended last Saturday and the Pirates put on the pads for the first time Monday. The aggressive play of three interior lineman has been the most pleasant surprise of the early drills.

CHARLEY TENGLIN, Duane Hosimer and John Blanchard were the trio cited for their play. Tenglin is a 220 pound letterman who will be a regular either at center or in the middle of the defensive line. Hosimer, also 220, didn't show much with the sophs last year, but improved his strength and confidence with a weight program in the off season. He figures to find a job in the defensive line. Blanchard is a 170 guard up from the sophs. His fine start has muddied the guard situation, but is a pleasant problem for line coach Arv Herstedt.

As Ellis sees things now, the starting offensive eleven will look like this:

Shoot Aces

Two Palatine golfers have become eligible to win a trip to Scotland for two and $1,000 by scoring holes-in-one.

Bill Iber, 1902 W. Baldwin Rd., and C. R. Johnson, 283 S. Firth, shot aces at the Inverness Golf Club to enter the Old Smuggler Hole-in-One Sweepstakes, an annual competition for golfers.

The winner will be announced at the end of the year.

Sophs Getting Crack At Varsity Spots in Lion Grid Workouts

Don't be surprised if sophomores find themselves in key positions on St. Viator's varsity football team this fall.

Head coach Joe Gliwa indicated at the outset of the week that he was taking a long look at several second year performers.

"We're giving them a chance to show what they can do with the varsity," Gliwa said. "We have some sophs who have looked good, but it's still pretty early."

JOE GLIWA

THREE OF THE sophomores who have been impressive in drills are Denny Forston, Tim Beck, and Larry Snyder.

Forston, whose brother Gary also operates on the varsity, is a 237-pounder who could see extensive action, particularly with the defensive unit.

Beck, a fullback, and Snyder, a halfback, are pushing for starting assignments in the offensive backfield. Beck has been running with the No. 1 team.

GLIWA HAS been satisfied with the progress of drills in the Lion camp but admits there is still a lot of work to be accomplished. St. Viator will kick off its schedule on Saturday, Sept. 19, with a home game against Glenbrook South.

An end position weakened by the loss of veteran Jim Vidt suffered another blow this week when junior Paul Dumke and senior Dick Helmer dropped from the squad. Gliwa had been counting on both boys for service this fall.

Mike Laird, a junior fullback transfer from St. Ignatius, has been shelved with a torn cartilege in his knee.

GLIWA REPORTED that the quarterback problem, created by the graduation loss of vets Bill Roche and Joe Heitz, may have an answer in either Mike Campana or Dennis Wilkinson. The Lions' head coach has been pleased with both boys in the workouts.

St. Viator will play two of its home games at Prospect and two at Arlington High School in the 1964 campaign.

Scheduled for Arlington are the contest with Glenbrook South (Sept. 19) and Crane Tech (Sept. 26). The Lions will play at Prospect against St. Mel (Oct. 11) and Holy Cross (Nov. 8).

Gliwa and his staff are conducting one session daily now with the start of school this week.

1964 Schedule

Saturday, Sept. 19, Glenbrook South (H), Arlington High field.
Saturday, Sept. 26, Crane Tech (H). Arlington High field.
Saturday, Oct. 3, Lake Park (T), Medinah.
Sunday, Oct. 11, St. Mel (H), Prospect High field.
Sunday, Oct. 18, St. Patrick (T), Hanson Park.
Sunday, Oct. 25, DeLaSalle (T), Eckersall Stadium.
Sunday, Nov. 1, St. George (T), Winnemac Park.
Sunday, Nov. 8, Holy Cross (H), Prospect High.
Nov. 14-15, OPEN.

Seeking Game

St. Viator High School is seeking a varsity football game for the weekend of November 14-15. Anyone interested should contact head coach Joe Gliwa at the school (392-4050).

Telephone Co. Rings Repeat Softball Title

General Telephone Directory Co. repeated as champion of the Northwest Suburban YMCA Industrial Softball League as they trounced Symons Mfg. 15-8 last week. Symons, new to the league, had fought their way into the playoffs after a slow league start.

Hitting home runs for General Telephone were Ralph Duttko, Rich Oberg, and John Jachac. Duttko had a perfect day with three for three. Ray Cianciola hit one for Symons, and Watson had three for four in a losing cause.

Symons scored five runs in the fourth to catch up, but General Telephone got five back and tucked the championship away safely.

Next on the schedule is the Industrial Basketball League which will play at 5:30 p.m. on weekdays this year.

Jake's Pizza Cops 16-Inch Softball Crown

Jake's Pizza, winner of the Red Division in the Mount Prospect Park District Men's 16-inch softball league, defeated Doretti Pharmacy 17-12 for the play-off championship.

Earlier, Jake's beat Wille's Tavern 18-6 and Doretti Pharmacy beat N. W. Covenant 10-5 to reach the finals. Jake's Pizza has won the championship the last three years.

For the consolation trophy, Schimming Oil beat L & S Standard 14-10. Earlier Schimming Oil beat Alpha Engineering 20-18, while L & S Standard moved by St. Paul's 12-9.

For 40 Days

Duck Season Opens Oct. 31

A 40-day duck season, opening at sunrise, Oct. 31, and closing at sunrise, Dec. 9, has been announced by William T. Lodge, director of the Illinois Conservation Department.

The daily bag limit of four ducks may not include more than two wood ducks, two mallards, two canvasbacks, or two redheads or one of each. The possession limit of eight ducks may not include more than two wood ducks, four mallards, two canvasbacks, or two redheads or one of each.

The daily bag limit on coots is 10 and possession limit is 20. The limits on American, redbreasted and hooded mergansers in the aggregate of these species are five daily and 10 in possession, of which not more than one daily and two in possession may be hooded mergansers.

A 70-day split season was selected by the department for the taking of geese. The season for the taking of geese in all counties except Union, Jackson, Williamson, and Alexander Counties will be from sunrise, Nov. 4 through sunset, Dec. 9.

In the counties of Union, Jackson, Williamson, and Alexander the season will begin at sunrise, Nov. 16, be closed Dec. 24, 25, 26 and reopen, Dec. 27, extending through 3 p.m., Jan. 15, 1965.

HOWEVER, THE season may be closed prior to Jan. 15, if the established harvest quota of 15,000 Canada geese is reached.

The daily bag and possession limit is five but may not include, in the alternative, more of the following species than two Canada geese of subspecies, two white fronted, or one Canada goose or subspecies and one white fronted goose.

NIU Grid Practice To Begin Sept. 1

Halfback Don Meyer and center Bill Altier, 1963 graduates of Arlington High School, will report to Northern Illinois University pre-season football drills beginning Monday, Aug. 31.

The 1964 charges of Coach Howard Fletcher will assemble on campus on Sunday night, go through physicals and a press-picture day session on Monday, then get down to serious work on Tuesday, Sept. 1. Two-a-day sessions on the field will run to Wednesday, Sept. 16, and the first game of the season will be at Whitewater, Wis. College on Saturday night, Sept. 19.

NIU FINISHED the 1963 campaign with an undefeated, united season, including victory in the Mineral Water Bowl game at Excelsior Springs, Mo., for a perfect 10-0 mark.

Missing this year are George Bork, former Arlington High star quarterback who was the number one passer in the collegiate ranks the past two years, plus his two favorite receivers, Hugh Rohschneider and Gary Stearns.

Attis Seeking Candidates for Cross Country

Arlington High School cross country coach Russ Attis issued a call for more candidates, freshmen included, this week as the Cardinals engaged in their first week af practice.

Any boy interested in cross country should report to Attis at Pioneer Park today (Thursday) or Friday at 9 a.m. The squads will work out after school next week.

John B er, fourth in the state cross country run as a junior, is the leading Cardinal returnee. Brunner was an All-Stater in track after placing sixth in the state mile finals.

Arlington will launch its 1964 season on Wednesday, Sept. 23, with a road meet at Notre Dame.

Holds Championship Race

The Great Lakes Dragaway at Union Grove, Wis. will hold the 8th annual "Midwest Championship" drag races this coming Labor Day weekend. It will be a two day event with a complete separate race program each day, Sunday, Sept. 6, and Labor Day, Sept. 7.

Competition from eight states has already been entered and indications are for one of the fastest and largest fields of nitro fuel dragsters ever assembled. Five cars entered have hit the 200 m.p.h. mark.

ILLINOIS LEADS on entries with 67 drivers already signed. Included are three cars and drivers ranked among the top 10 in the nation. Chuck Hepler, of Champaign, the 1964 national champion will drive the "Fugitive." Ranked No. 4 is the perennial favorite, Chris Karamesines, of Chicago, and his famed "Chizler." Karamesines was the 1962-63 national champion and has been in the top 10 since 1959. Known as the "Golden Greek" he is one of the most colorful figures in drag racing. He has recorded wins over every name driver in the nation and is generally tabbed as the driver to beat wherever he races.

Hold Third Annual Mid-America Race

More than 100 cars and drivers from throughout the midwest will gather at Meadowdale International Raceway over the weekend of Sept. 19 and 20 to compete in the third annual Mid America championships for sports cars, final event of the season at the Carpentersville Road course.

Sanctioned by the Midwestern Council of Sports Car Clubs, the races will be run on Meadowdale's new two one half mile "short" track, one of the most demanding in the United States. This layout combines the tricky Monza Wall, Meadowdale's landmark, and a hairpin turn at the end of the high-speed grandstand straightaway.

FORTY OR more makes of sports cars, running the gamut of power and size, will be seen in action. At one end will be the mighty midgets, the Formula Vees and Formula Jurs. and at the other the Ferraris, Cobras, Coopers, Corvettes and Lotus Fords.

All will have a chance to show their stuff, with a special handicap race scheduled for Saturday and six trophy contests on Sunday.

The Mid-America Championships will ring down the curtain on the greatest year in Meadowdale's history during which the track presented the most complete program of automotive events in the midwest. Events included:

Kart races under the auspices of the International Kart Federation; national championship motorcycle races sanctioned by the American Motorcycle association; 250-mile new model stock car race which brought Daytona Speedway drivers to Meadowdale for the first time; and the United States Road Racing Championships of the SCCA.

Scuba Classes

To train divers in the finer points of diving and to recruit new volunteers for an Underwater Search and Recovery Team is the object of the Northwest Suburban YMCA's advanced course in Scuba Diving.

Candidates for the course which runs from Sept. 11 to Nov. 27, must have successfully completed an accredited course, must have completed open water dives, and must have had a physical examination recently.

The course will consist of lectures and pool practicums including rigging and lifting a car from the pool.

Enrollment is limited to 24 persons and must be made at the Northwest Suburban YMCA desk in Des Plaines. The fee for members is $20 and the fee for non-members is $32.

Illini Launch Practice With Veteran Squad

Coach Pete Elliott lined up an all-junior offensive backfield and an all-senior line in Champaign Monday as Illinois' defending Big Ten champions gathered to begin preparations for the 1964 campaign.

Twenty-two lettermen are on hand, two at each position. Promising newcomers and returning squad members must displace the veterans by showing clear superiority on the practice field if they are to move up to the first two units.

When the first organized practice is held Tuesday morning, quarterback Fred Custardo, halfbacks Sam Price and Ron Acks, and fullback Jim Grabowski will comprise the offensive backfield. The line will have ends Dave Mueller and Rich Callaghan, tackles Archie Sutton and Bill Minor, guards Wylie Fox and Ed Washington, and center Dick Butkus.

THE SECOND-TEAM on offense shows Gregg Schumacher and Eddie Russell at end, Gary Eickman and Brian Duniec at tackle, Dave Powless and Lynn Stewart at guard, Bruce Capel at center, Dick Dorr at quarterback, Wayne Paulson and Dick Kee at halfback, and Tony Parola at fullback.

"We'll have some specialists, and the rest of the squad will practice both offense and defense," Elliott explained. "The specialists are George Donnelly at defensive safety, substituting for the quarterback, Fred Custardo at quarterback, and Don Hansen, a linebacker who will substitute for the fullback. In addition, we plan to divide our halfback corps into offensive and defensive specialists, with a few going both ways.

"At present, Acks and Price are considered offensive specialists, with Paulson, Kee and sophomore Doug Harford playing both offense and defense. We'll try to develop veteran squad member Art McCaskill and sophomores Al Waters and Phil Knell as defensive specialists.

"**WHEN THE** first game rolls around, we may tend much more to complete offensive and defensive platoons. We experimented with the new substitution rule in our spring game, and we concluded that we can play platoon football without too much risk of getting caught with the wrong team on the field."

Elliott has a fine group of sophomores, and there is hope that some have talent to move into the first two units. In addition to Harford, Knell, and Waters, newcomers who show promise of developing rapidly include ends Bob Trumpy and Bo Batchelder, tackles Kai Anderson, Jim Gruber, and Will Radell, guard Ron Guenther and center Bob Beightol.

Elliott admits a major need for development at halfback, particularly on defense. Another primary aim in pre-season drills will be improvement of the kicking game, an important factor in the success of the 1963 club.

ILLINI HAVE lost punter Mike Taliaferro and placekicking and kickoff specialist Jim Plankenhorn. At end of spring practice, Donnelly had emerged as the probable punter, Custardo as the placekicker, and Paulson as the kickoff man. However, Elliott will welcome all squad members who wish to practice those talents in preseason drills.

The squad which gathered here numbers only 64, smallest in the Big Ten.

"An injury or two could cripple us at several positions and make it difficult to have good practices," the coach pointed out. "we'll push hard on conditioning at first. Last year we did that, and we felt it was an important factor in our later successes."

Prospect Savings Takes Title; Enzer Individual Crown

Mount Prospect Savings and Loan won top slot in the Monday Night Mount Prospect Golf League with one of the strongest finishes in the league's 24 year history.

The association downed Keefers Pharmacy 8½-1½, making a total of 37 points of a possible 40 for the last four games.

J AND B finished in second place by defeating the Mount Prospect State Bank 8-2.

Keefer's dropped from second to third by virtue of their one sided loss, and J & B's big win.

Busse Motors whitewashed Busse-Biermann 10-0. Picket Paint and Karlsen's Pharmacy split at five points each. Moler's Barber Shop took five and one-half points from Van Driels Drugs, and Carl's Coin-Op Dry Cleaners took six points from Morton Pontiac.

BUD ENSZER won the individual scoring race with 21 points. Don Petelle, Herb Scott, and Paul Gunther tied for second place with 20 points each.

A PAIR OF straining Arlington football prospects lift the two man sled in a Monday practice session. The Cardinal football squad, 64 squad, has been at work since last Wednesday, but Monday's practice was the first with full gear. Al Allen's Cards opens an eight game schedule on September 18 when they entertain defending North Suburban champion, Barrington.

Hoffman Men's Golf

Hoffman Standard Routs Snyder Drugs

Hoffman Estates Standard Service can hardly be accused of backing into the 1964 championship of the Hoffman Estates Men's Golf League.

In their finale they lowered the boom on Snyder's Drugs 18-0 to record the only shutout of the entire season. They were fittingly led by Captain Ray Larson whose 37 was the week's low gross was the week's low gross. The new champs, Captain Larson, Paul O'Dea, Art Dern, Charley Davey and Bill Hanson, swept just about everything in sight this year and won by a record margin.

Kiczula Insurance clung to second place although they bowed to Rainbow Inn 9½-8½. Scott MacEachron and Angie Patel combined to win five and one-half points between them and they picked up the three point bonus. Rog Leland, Nick Checkron, and Lindy Clark won three apiece for Rainbow, and Newell Mann chipped in one-half.

Hoffman Estates Liquors handed Schaumrose Inn a 12-6 shellacking to wind up in third spot. Bob Stevens led the way for the "boozers" with a fine 42 which earned him the week's low net at 31. The "whiskey drummers" also copped team low net bonus with 178. Don Specht and Duane Smeryage each swept three for the winners but in spite of his low net Stevens was held to a 2-1 win by Tony Montikas' 42. John Rosenberger added a point. Dick Thompson earned three and John Milke added a pair for Schaumrose.

ROSELLE State Bank awarded permanent possession of the cellar to Frank's Beauty Salon, blasting the "beauties" 15-3 and moving into a fourth place finish tie with Plaza Shell. Harvey Goetsch, Scooties Glessner, Dick Krey, and Jim Lemar won three pointers for the bankers and Cheif John O'Connell swept the lone three for Frank's.

Plaza Shell held its position by nipping Roselle Color Center 10-8. Harry Grover, Jim Smith and Glen Hoffman turned in three-pointers for Shell. John Aquino won three for the painters and John Murray added two.

Jupiter Cleaners edged Monroe Auto Equipment 7-5. Jim Gannon and George Robb gathered three apiece and Dave Powers earned one for the cleaners. Chuck Verba swept three and Roy Palmer added two for the shockers.

Thus ends the regular season play. It will be every man for himself on September 26 in the league tournament at Golden Acres. And much roaring may be heard that evening as the wives will join for dessert and coffee.

Travelers To Open At Sheboygan

The Elmhurst Travelers football squad opens its season in Sheboygan, Wis. this Sunday, Sept. 6, at the Legion Field Starting time is 2 p.m.

This year's team, consisting of 44 players, is quarterbacked by the former Northern Illinois University gridder Tom Beck. Beck, now a coach at Leyden West High School, was senior quarterback at NIU when George Bork, a 1964 NIU graduate, was a freshman.

The League this year has lost the Calumet Steelers from Indiana, but it has accepted a Madison, Wis., team as a replacement. The Chicago Panthers, Racine, and Manitowoc round out the League.

On Sept. 11, the Travelers will play the Panthers in Soldier Field in a televised contest.

Former Arlington Swimmer Qualifies For 1964 Olympics

Six years ago a story in the sports section of the Arlington Heights Herald praised the swimming accomplishments of a young man named John Nelson.

"A 10-year-old Arlington Heights boy is being groomed as a future swimming champion," the story began.

How prophetic that statement was. Today, six years later, John Nelson is a member of the United States Olympic swimming team.

NELSON, who now lives in Pompano Beach, Fla. with his family, qualified for the Olympics Sunday with an impressive third place finish in the men's 400 meter freestyle event at the Olympic trials.

Roy Saari of El Segundo, Calif. placed first in the event with a time of 4:13.5. Don Schollander of the Santa Clara Swim Club was second at 4:14.1, and Nelson was third at 4:14.9.

Nelson will also try to qualify in the 1500 meter freestyle later this week.

NELSON, who lived at 409 N. Douglas in Arlington Heights, learned how to swim at the Recreation Park pool under the guidance of Art Holland, then pool director.

As a seven-year-old he started his competitive swimming as a member of the Arlington Park District team. Nelson joined the Park Ridge YMCA and also worked out with the Glenview Playdium in an effort to engage in year-round training.

The Nelson family moved to Pompano Beach, Fla. five years ago, and John started swimming with the Pompano Beach Swim Association. National records have become a habit with this young man.

AS A 12-YEAR-OLD he placed first in the nation in 16 individual events and set national marks in 13. While swimming in the 13-14 age bracket he went on to set six national marks.

Last summer, when John was 15, he qualified to swim the 400 meter freestyle, 1500 meter freestyle, and 400 meter individual medley in the Men's National Swimming and Diving meet but failed to place.

Nelson tried again in July in the Men's National and was one of the outstanding performers in the meet. He placed third in the 400 meter freestyle, fifth in the 1500 meter freestyle, and fifth in the 200 meter freestyle.

IN FLORIDA John was a member of his high school team, and he captured state championships in the 200 and 400 yard freestyle events, setting records in both. He covered the 200 free in 1:48.5 and the 400 in 3:54.3.

John Nelson has come a long way since he initiated his competitive swimming nine years ago.

Hard work has been rewarded with a trip to Tokyo for the 1964 Olympics.

Heaviest, Lightest

Heaviest member of the Illinois varsity gridders is senior tackle Archie Sutton, 249 pounds. Lightest is Dick Kee, a 161 pound junior halfback.

THESE GALS GOT TOGETHER for the photographer after completing a successful season in the Arlington Heights Park District summer softball league. Front row, left to right, Kathy McVicker, Sue Rogers, Wendy Hedberg, Kerrie Kruesch, Carolyn Croak, Deanette Draut, Linda Angeloff. Back row, Georgiana Tosch, Mary Jane Meyers, Jan Liszewski, Mary Roth, Denise Van Huele, Peg Weber, Chris Greene.

O'Hare Stadium Features 200-Lap Race Saturday

One of Chicagoland's longstanding stock car racing classics, the O'Hare 200-lapper, will be presented for the fifth straight year this Saturday night, Sept. 5, at O'Hare Stadium, Mannheim and Irving Park Roads. First race on the full program is at 8:30 p.m.

There will also be a full profrom on Sunday night. Both nights will present both the high powered late model convertibles as well as amateur cadets with both men and women driving with feature races and preliminary races for both these divisions.

No driver has ever won the grueling 200-lapper more than once, but three of the past winners will be seeking a second win Saturday. They include former two-time champion Roy Czach of Chicago, the winner in 1960, current point leader Bill Lutz, who won the next year, and defending champion Gene Marmer, who set a new track mark as he won last year. Lutz is from Melrose Park, and Marmor hails from River Grove.

Among other top challengers shooting for their first '200' wins Saturday will be LeRoy Roberts of Elmwood Park, Whitey Gerken, of Melrose Park, Rob Chauncey, of Elk Grove, John Kennedy, of Village Park, Phil and Hal Lehman, of Des Plaines, Elmer Musgrave, of Niles, Barry Fritche of Glenview, and some 30 others.

Are You Planning To Attend College Football Games?

If you're planning to attend any football games this fall, drive safely, or you may find yourself sidelined or in the "dead" end zone.

A drive to and from a college football game can be safe and pleasant if fans take certain precautions well in advance of the football weekend and follow certain basic rules of good driving, advises Edward R. Klamm, accident prevention director of the Allstate Motor Club.

"**PREPLANNING** your weekend trip should include a thorough check of the car's condition, especially brakes, lights and windshield wipers," Klamm says. "And, always allow enough time to make the trip without rushing or taking chances."

An advance look at a large scale map of the state will refresh a fan's memories of the best way to reach the campus and stadium.

When one approaches the stadium area, special care should be taken to observe all traffic laws. Watch for police directing traffic at busy corners. Plan ahead and signal for turns off the arterial streets. Keep alert for parking facilities.

AFTER THE game, take it easy in heavy traffic. Watch for dangerous road conditions where other cars or the weather are creating accident hazards. The emotional letdown after a game tends to dampen a driver's awareness of danger.

Klamm recommends that fans postpone their celebrations until they complete their driving if that festive occasion includes intoxicating beverages. Postgame traffic, shorter days and excitement combine to pose special dangers to all motorists. The addition of alcohol to this condition is deadly, just as drinking drivers are accident hazards throughout the year.

Beverly Handles Jim's, Gains Slot In Colette Playoff

Beverly Lanes took over first place in the St. Colette golf league last week with an impressive conquest of Jim's Service.

Bill Austin, Bob Wirth, Bill Rademacher and Mike Engerman routed their opponents for Beverly. Engerman shot his best round of the year with a 41-10-31 to capture low net.

Beverly will meet Lortie Plumbing, first round champion, in an 18-hole playoff to determine the final winners.

Other matches last week showed Lortie beating Quadriga Manufacturing Co. 3½ to 2½. Lortie's wins were taken by Wally Ignarski, Gene Folks and Jim Padal.

F. J. Die Mold split even with the Imprinting Service. Al Austin and Phil Jarczyk won matches for F. J. while Syl Seick captured the lone tally for the Imprinters.

Clark Brass took all six points from Irving's to move out of the basement. Jim Houldsworth, Bill Hickey, Lorrie Likewise and John Gens took top honors for Clark.

Illini Launch Practice With Veteran Squad

Coach Pete Elliott lined up an all-junior offensive backfield and an all-senior line in Champaign Monday as Illinois' defending Big Ten champions gathered to begin preparations for the 1964 campaign.

Twenty-two lettermen are on hand, two at each position. Promising newcomers and returning squad members must displace the veterans by showing clear superiority on the practice field if they are to move up to the first two units.

When the first organized practice is held Tuesday morning, quarterback Fred Custardo, halfbacks Sam Price and Ron Acks, and fullback Jim Grabowski will comprise the offensive backfield. The line will have ends Dave Mueller and Rich Callaghan, tackles Archie Sutton and Bill Minor, guards Wylie Fox and Ed Washington, and center Dick Butkus.

THE SECOND-TEAM on offense shows Gregg Schumacher and Eddie Russell at end, Gary Eickman and Brian Duniec at tackle, Dave Powless and Lynn Stewart at guard, Bruce Capel at center, Dick Dorr at quarterback, Wayne Paulson and Dick Kee at halfback, and Tony Parola at fullback.

"We'll have some specialists, and the rest of the squad will practice both offense and defense," Elliott explained. "The specialists are George Donnelly at defensive safety, substituting for the quarterback, Fred Custardo at quarterback, and Don Hansen, a linebacker who will substitute for the fullback. In addition, we plan to divide our halfback corps into offensive and defensive specialists, with a few going both ways.

"At present, Acks and Price are considered offensive specialists, with Paulson, Kee and sophomore Doug Harford playing both offense and defense. We'll try to develop veteran squad member Art McCaskill and sophomores Al Waters and Phil Knell as defensive specialists.

"**WHEN THE** first game rolls around, we may tend much more to complete offensive and defensive platoons. We experimented with the new substitution rule in our spring game, and we concluded that we can play platoon football without too much risk of getting caught with the wrong team on the field."

Elliott has a fine group of sophomores, and there is hope that some have talent to move into the first two units. In addition to Harford, Knell, and Waters, newcomers who show promise of developing rapidly include ends Bob Trumpy and Bo Batchelder, tackles Kai Anderson, Jim Gruber, and Will Radell, guard Ron Guenther and center Bob Beightol.

Elliott admits a major need for development at halfback, particularly on defense. Another primary aim in pre-season drills will be improvement of the kicking game, an important factor in the success of the 1963 club.

ILLINI HAVE lost punter Mike Taliaferro and placekicking and kickoff specialist Jim Plankenhorn. At end of spring practice, Donnelly had emerged as the probable punter, Custardo as the placekicker, and Paulson as the kickoff man. However, Elliott will welcome all squad members who wish to practice those talents in preseason drills.

The squad which gathered here numbers only 64, smallest in the Big Ten.

"An injury or two could cripple us at several positions and make it difficult to have good practices," the coach pointed out. "we'll push hard on conditioning at first. Last year we did that, and we felt it was an important factor in our later successes."

Mt. Prospect Electric Defeats 'G' Men For Match And Top Spot

Mount Prospect Electric Construction Co. last week came up with the most timely victory of the 1964 Twilight Golf season, defeating the invincible "G" Men of Mr. "G" Room 8-2, which knocked the "G" Men out of first place where they had smugly resided since early June, and gave the Electricians the first place trophy of the Tuesday division.

The victory was a most timely and irrevocable one, since it occurred on the last night of league play, giving the "G" Men no opportunity to bounce back which has been their forte all season. This was position night, where first place is scheduled against second, third against fourth, etc., which was the opportunity the second place Electricians were ready for, as it gave them a chance to avenge a July 21 defeat at the hands of the "G" Men by an identical 8-2 score.

THE INJURY of the defeat to the "G" Men's pride was further compounded by Winkleman's Shell Service, who continued their late season surge by hammering Kirchhoff Insurance for seven and one half points, which gave the Service Men a sufficient point total to put them in second place by one fourth point. Thus, the "G" Men were not only knocked out of first place, but had to settle for a third place finish.

Incidentally, but for a missed three-foot putt by Joe Danna of Winklemann's, which cost him his match, the Service Men would have finished with nine and one half points, which would have given them the first place trophy.

Individual results of the "G" Room — Mount Prospect Electric match: Bill Christensen of the Electricians took two points from Len Johnson, George Kratsch clobbered Pat Danna for three points, and Jim Foster took two from captain Pete Petersen. Hal Wolff was the only winner for the "G" Men, defeating alternate Karl Pohl for two points.

THE ELECTRICIANS were masterminded from the sidelines by their captain, Hy Gieseke, who had the night off along with the other "E" position players.

In other position night matches, Annen & Busse Realtors moved up a notch as they edged Wille Lumber & Fuel 5½-4½; Kerstings' Garden Center hung on to take Thunder Bird Bowl 6-4; and Illinois Range came up with another big win as they hammered Licht's Paint Store 8½-1½.

In the final match, George L. Busse & Co., in defeating Kruse's Tavern 8½-1½, settled the Schlitzers securely in last place, thus carrying out one of the requests of the late Henry Kruse, original sponsor of the team and one of the league's earliest supporters who often expressed the wish that if his team couldn't finish first, he would prefer it to finish dead last rather than lost somewhere in the middle of the pack. His team did just that by 2-1/3 points.

Low socre for the evening was 39, turned in by Glen Adams and Ron Scherer. Birdies were reported by Rudy Recher, no. 13, Walt Peterson, no. 15, and Glenn Adams no. 18.

Nelson Triumphs Over Peters For Match And Title

For the past few weeks three or four teams have been battling for title in the Old Orchard Scratch. The outcome was decided last Friday night when the Nelson Realty team captured a six and one half point win from Peters Realty, who were the leaders the previous week.

Nelson was led this week by Schaffer's 36 and Cecconi's 39. Other rounds for the winners were a 40 by Don Hager; 41's for Bill Hugo and John Neubauer. For Peters the best round was a 38 for Avery Harris. Busse Flowers took five and one half points from Lohr's Pharmacy. Mike Spinello had an even par 35 for the losers and Arnold a 36 for the Busse team. Jim Neubauer also fired a fine 37 for the winners.

Black's held on to fifth place by picking up five and one half points from Beverly Lanes. The best rounds turned in were a pair of 39's by Bokelmann, for Black's, and Bob Kronn for Beverly Lanes.

Other fine rounds for the league were 37's by Bob Reiland, Jim Summers, John Keeley and Dan Musser; 38's by Wayne Rolfs, and Joe Conley; 39's by Mike Graft, Reat, Dave Borgardt, Litt and Meyers.

Len Arnold led the league with a 36.20 average. Following Len are Mike Spinello, 36.70, Dick Bokelann, 37.10, Don Hager, 37.30 and Bill Hugo, 37.40.

THIRTY-TWO of the 60 regulars shot under 40 this year.

Bob Sabin's 31 and Don Hager 32 were the low individual scores for the year.

Final standings:

Jane Dern Wins 59ers Golf Crown

Jane Dern was the winner of the 18-hole tournament held by the Hoffman 59ers Ladies Golf League to conclude the 1964 season. She scored a net of 71 in the event held on Aug. 25 at Golden Acres Country Club.

Runner-up was Mary Sayad with a net of 76. Kay Wojcik came in third with a net of 77, while Erika Grover and Barbara Sherman tied for fourth netting 78 each.

Posting nets of 79 for a 3-way tie for fifth place were Sharon Koppari, Bernadine Busch, and Dorothy Sicher.

Following them were Dorothy Broadstock—82, Nancy Lyerla—84, Jane Davey and Ann Walder—85 each, Jean Witt and Clara Gerker tied with nets of 87, and Barbara Ross and Berneil Thornton netted 88 each.

A total of 29 women golfers participated in this annual event. Prizes will be awarded at the 59ers' luncheon at Golden Acres on Sept. 15.

Sports Jamboree

Sandi Clark of Wheeling, took second place in the Junior Girls High Jump, and Peggy Rowland of Buffalo Grove, managed a sixth place in the Midget Girls Baseball Throw in the Illinois Sports Jamboree held last week in Sterling.

Not Due to Passing

Illinois varsity gridders ranked first in the Big Ten last year in total points scored on the average per game, and ranked ninth in pass completions average and pass offense average.

Why be "teed off" when you can tee right off at Pheasant Run? Chances are—even on Sundays—there'll be an open hole or two ahead, and clear sailing all around!

Only $4.00 Saturdays, Sundays and Holidays . . . $3.00 all other days! Lockers, showers, towels (only 50¢ for all three!) give you fine "club" privileges with daily fee overhead. Electric and "man-powered" carts always available.

Arlington Twilight

Horcher's Cops Title With 9-3 Triumph

Friday night concluded the Arlington Heights Twilight Golf League play for 1964 and perhaps a more appropriate name for this night would be pressure night.

Horcher Decorators, led by their team sponsor Bud Horcher, turned in a 9-3 victory over New Emerald Cleaners to win the league title for 1964.

Horcher who virtually had the top No. 4 man position in the bag, proved that without pressure there is nothing to this game of golf by shooting a fine 39 which was by far his best round of the year.

The second place team, National Conveyor & Supply, almost let pressure knock them out but managed to salvage three and one-half points against eight and one-half points by Stan's Shell Service to take second place by a half point over the third place finisher Lohrs Pharmacy.

The closest battle was between Lohrs and City Welding Supply which Lohrs won 6½-5½ to take third place by a half point over the Welders.

KOOPS MUSTARD made a last ditch rush to down Lauterburg and Oehler by 9-3, and Arlington Steel really turned on the heat to down Complete Insurance, 10-2. Other results were Crest Heating & Air Conditioning 9-3 over Harris Pharmacy.

In the individual races pressure again seemed to play an important part with Doc Ward managing to settle down after four-putting the first hole to shoot a respectable 40 and by so doing winning the top No. 1 man position by a half point over John Andrup.

In the battle for the top No. 5 man, with five men having a chance to take all the marbles, only Bill Gappet Sr. and Joe McGrath improved their position with Gappert squeezing through with a half point margin over McGrath.

Joe Wundsam who had a good chance of winning the top alternate spot will probably never forget the three par third hole where he managed to shoot a 12. There was however one golfer on Lohrs Pharmacy team who certainly was shooting under pressure conditions but apparetnly was out to win and that was Gale Webber who was two down with three holes to go and managed to win all three holes.

Low Gross for the night was a par 36 shot by Ken Seeger Jr. while low net of 32 was turned in by Bud Horcher and Hank Styczykowski.

The birdie brigade was led by Seeger Jr. with three birds while Jamison, Styczykowski, Dunteman, and Gene Borgeson had two birds each. Single birds were shot by Scott, Appleby, Wiltgen, Horcher, Wundsam, Haughey, Bill Magnuson, Kleinofen, McGrath, Behrens, Simmons, and Seeger Sr.

INDIVIDUAL winners for the year were Doc Ward No. 1 man, Don McGowan No. 2 man, Len Dunteman No. 3 man, Bud Horcher No. 4 man, Bill Gappert Sr. No. 5 man, and Robert Scott, top alternate.

Tomorrow night, Sept. 4, there will be a best ball tournament with a high handicap player being matched with a low handicap player.

The final tournament will be held on Sunday Sept. 20, starting at 9:30 a.m., and if there are still some league members who have not signed up for starting times they should contact Don McGowan, the league secretary.

Final Standings:

Horcher Decorators	121½
National Conv & Supy Co.	111½
Lohrs Pharmacy	111
City Welding Sales	110½
Koops Mustard	109
Arlington Steel	106½
Harris Pharmacy	100½
Crest Htg & Air Con	99½
Stan's Shell Service	96

Officers Elected

Jordan to Head Classic League

Al Jordan, manager of Rolling Meadows Bowl, was elected president of the Paddock Classic Traveling League Saturday evening at a special meeting at Jeffery Lanes in Wheeling.

Jordan has been associated with the PCTL for three seasons and holds the second highest average among bowlers still active in the division.

In 167 Paddock Classic games Jordan has compiled a 194 average with a high game of 256 and high series of 701.

Other officers elected Saturday were John Emmert, vice-president; George Schmidt, secretary; and Hector Haley, treasurer.

IN ADDITION to the newly elected officers, members of the PCTL rules committee for 1964-65 are Norb Leja, Tony Sasso, Ernie Koche, Paul Zubak, and Herman Simonis.

The Paddock Classic division launched its season at Jeffery with a Kickoff Sweeper. Actual league play gets under way on PCTL opperating on a home-and-home basis. Two teams will compete at each of four houses.

Position rounds involving all eight teams will be held at River-Rand Oct. 31, Country Lanes Dec. 26, Casares Pro Bowl Feb. 20, and Gunnell's April 17.

The league will also operate under a seven-point system this year, instead of four as previously, with two points given for each victory and one point for high series.

Oak Brook Polo Team Meets Tulsa

The National Open Tournament, the blue ribbon event which features the outstanding teams and players in polo, will begin Sunday when Tulsa, Okla., defending champions, encounter a strong Oak Brook team at 3 p.m. on International Field at Oak Brook.

Tulsa's formidable four includes John Oxley, two goals, Bob Beveridge, six, Harold Barru, nine, and Billy Mayer, eight. The Oak Brook team will have Buddy Linfoot, six goals, Charles Smith, four, Julio Muller, eight, and Jackie Murphy, six.

IN ADDITION to Tulsa and Oak Brook the Open teams include the Solo Cup Crescents, of Oakland, Calif., the Santa Barbara, Calif., polo team, and the Milwaukee, Wis. team.

On Monday, Labor Day, the Cup Crescents will face Milwaukee on Pan American field at 3 p.m. at Oak Brook.

Mt. Prospect Tennis Team Finishes 4th

The Mount Prospect Park District Little League Tennis Team completed its first season in the Chicago District Tennis Association by finishing in a tie for fourth place out of 18 teams.

Walter Johnson, assistant superintendent, voiced pleasure with the Park District's tennis instructors, Bill Thompson and Rusty Walters. Johnson commented, "We offer a free tennis program open to all youth of the park district. I am pleased that we made such a fine showing in a league which consisted of all private tennis clubs, most of them charging $5 per hour for lessons."

THE RECENT Chicago District Tennis Association tournament included Mount Prospect tennis standouts such as Jack Allare, Dave Johnson, Chuck Hughson, Pete Krembs, and Pat Doran. Allare won one round in the league tournament before bowing out to first seeded Kayser of Hinsdale. Krembs won two rounds, defeating the third seeded player before losing to another top seeded player. Johnson, Hughson, and Doran ran into stiff competition in the first round and found themselves content to gain points for Mount Prospect in doubles competition.

The Mount Prospect team displayed an outstanding first year record of six wins and two losses in the Western Division. The wins came against Brentwood Tennis Club, Waukegan, Exmoor of Highland Park, Barrington Hills Country Club, Saddle & Cycle of Northshore area, Middlefork of Northfield, and Lake Forest Country Club. The losses went to Tennoqua of Deerfield and Dunham Woods of Wayne.

Name Golf Champions At Prospect

Mount Prospect Country Club's Village Green Golf Club championships were continued last weekend with Ray Felitto beating Joseph Manion and Richard Piehl defeating Don Killinger in the Championship Flight semi-finals.

Glen Adams won over Willard Pierson, Don Dobbs defeated Ed Degen, Roy Cowdrey triumphed over F. Serino, and Carl Hammerl beat E. A. Long in the "A" Flight quarter finals.

D. JOHNSON defeated D. St. Denis, and J. Scott beat R. Becker in the "B" Flight quarter finals.

D. Bertrand beat N. Serino in the "B" Flight semi-finals.

Ted Banka defeated T. Crnich, and Joe Kubik beat William Gravity in the "C" Flight semi-finals.

STANLEY Peterson defeated G. Courtney, J. Insolia beat Ray Barish, Ed Paul won over John Butler, and W. Vandervoort triumphed over R. Sumner in the "D" Flight quarter finals.

Bruno Pinkos beat K. Arnold, J. Szostek defeated R. Nitch, Robert Gits won over A. K. Smith, and F. Poczatek triumphed over S. R. Vallare in the "E" Flight quarter finals.

Officers Elected

Jordan to Head Classic League

Al Jordan, manager of Rolling Meadows Bowl, was elected president of the Paddock Classic Traveling League Saturday evening at a special meeting at Jeffery Lanes in Wheeling.

Jordan has been associated with the PCTL for three seasons and holds the second highest average among bowlers still active in the division.

In 167 Paddock Classic games Jordan has compiled a 194 average with a high game of 256 and high series of 701.

Other officers elected Saturday were John Emmert, vice-president; George Schmidt, secretary; and Hector Haley, treasurer.

IN ADDITION to the newly elected officers, members of the PCTL rules committee for 1964-65 are Norb Leja, Tony Sasso, Ernie Koche, Paul Zubak, and Herman Simonis.

The Paddock Classic division launched its season at Jeffery with a Kickoff Sweeper. Actual league play gets under way on PCTL opperating on a home-and-home basis. Two teams will compete at each of four houses.

Position rounds involving all eight teams will be held at River-Rand Oct. 31, Country Lanes Dec. 26, Casares Pro Bowl Feb. 20, and Gunnell's April 17.

The league will also operate under a seven-point system this year, instead of four as previously, with two points given for each victory and one point for high series.

Oak Brook Polo Team Meets Tulsa

The National Open Tournament, the blue ribbon event which features the outstanding teams and players in polo, will begin Sunday when Tulsa, Okla., defending champions, encounter a strong Oak Brook team at 3 p.m. on International Field at Oak Brook.

Tulsa's formidable four includes John Oxley, two goals, Bob Beveridge, six, Harold Barru, nine, and Billy Mayer, eight. The Oak Brook team will have Buddy Linfoot, six goals, Charles Smith, four, Julio Muller, eight, and Jackie Murphy, six.

IN ADDITION to Tulsa and Oak Brook the Open teams include the Solo Cup Crescents, of Oakland, Calif., the Santa Barbara, Calif., polo team, and the Milwaukee, Wis. team.

On Monday, Labor Day, the Cup Crescents will face Milwaukee on Pan American field at 3 p.m. at Oak Brook. ▲

Mt. Prospect Tennis Team Finishes 4th

The Mount Prospect Park District Little League Tennis Team completed its first season in the Chicago District Tennis Association by finishing in a tie for fourth place out of 18 teams.

Walter Johnson, assistant superintendent, voiced pleasure with the Park District's tennis instructors, Bill Thompson and Rusty Walters. Johnson commented, "We offer a free tennis program open to all youth of the park district. I am pleased that we made such a fine showing in a league which consisted of all private tennis clubs, most of them charging $5 per hour for lessons."

THE RECENT Chicago District Tennis Association tournament included Mount Prospect tennis standouts such as Jack Allare, Dave Johnson, Chuck Hughson, Pete Krembs, and Pat Doran. Allare won one round in the league tournament before bowing out to first seeded Kayser of Hinsdale. Krembs won two rounds, defeating the third seeded player before losing to another top seeded player. Johnson, Hughson, and Doran ran into stiff competition in the first round and found themselves content to gain points for Mount Prospect in doubles competition.

The Mount Prospect team displayed an outstanding first year record of six wins and two losses in the Western Division. The wins came against Brentwood Tennis Club, Waukegan, Exmoor of Highland Park, Barrington Hills Country Club, Saddle & Cycle of Northshore area, Middlefork of Northfield, and Lake Forest Country Club. The losses went to Tennoqua of Deerfield and Dunham Woods of Wayne.

Name Golf Champions At Prospect

Mount Prospect Country Club's Village Green Golf Club championships were continued last weekend with Ray Felitto beating Joseph Manion and Richard Piehl defeating Don Killinger in the Championship Flight semi-finals.

Glen Adams won over Willard Pierson, Don Dobbs defeated Ed Degen, Roy Cowdrey triumphed over F. Serino, and Carl Hammerl beat E. A. Long in the "A" Flight quarter finals.

D. JOHNSON defeated D. St. Denis, and J. Scott beat R. Becker in the "B" Flight quarter finals.

D. Bertrand beat N. Serino in the "B" Flight semi-finals.

Ted Banka defeated T. Crnich, and Joe Kubik beat William Gravity in the "C" Flight semi-finals.

STANLEY Peterson defeated G. Courtney, J. Insolia beat Ray Barish, Ed Paul won over John Butler, and W. Vandervoort triumphed over R. Sumner in the "D" Flight quarter finals.

Bruno Pinkos beat K. Arnold, J. Szostek defeated R. Nitch, Robert Gits won over A. K. Smith, and F. Poczatek triumphed over S. R. Vallare in the "E" Flight quarter finals.

All-American

Northwestern's new head football coach, Alex Agase, is one of the few players ever to earn All-American honors three times. He was an All-American guard at Illinois twice, and was named to the star-studded team a third time while a marine trainee at Purdue.

You will hereby take notice that the Attorney General of Illinois has filed a Complaint in Chancery in the name of the People of the State of Illinois, against each of the above named corporations in the Circuit Court of Cook County, Illinois, the said complaint in Chancery praying for the dissolution of each of the above named corporations. Complaints were filed June 17, A.D. 1964 and that summons has been issued June 17, A.D. 1964 by the Clerk of said Court and delivered to the sheriff of the county in which the principal office of each corporation is located, for service, and that said sheriff has returned said summons to the Clerk of said court with a return that he has been unable to obtain service on the above named corporations.

Now, therefore, unless you and each of you, the above named defendants and all whom it may concern, file your answer to the complaint in said suit or otherwise make your appearance therein, in the office of the Clerk of said Circuit Court of Cook County, Illinois, located in the County Building, Room 437, 118 N. Clark Street, Chicago 2, Illinois, on or before the 28th day of September, A.D. 1964 default may be entered against you at any time after that day and a Decree entered in accordance with the prayer of said complaint.

Dated this 27th day of August, A.D. 1964.

JOSEPH J. McDONOUGH
CLERK OF SUPERIOR COURT OF COOK COUNTY, ILLINOIS, CHANCERY DIVISION
WILLIAM G. CLARK
ATTORNEY GENERAL OF THE STATE OF ILLINOIS

Ordinance
No. 0-64-14

AN ORDINANCE AMENDING THE LIQUOR CONTROL ORDINANCE

NO. 0-60-12, AS AMENDED

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF VILLAGE OF BUFFALO GROVE, ILLINOIS,

SECTION [illegible] of said Ordinance is hereby amended to read as follows:

SECTION 6.

CLASSIFICATION—FEES

Such licenses shall be and are hereby divided into five (5) classes, to wit:

1. CLASS A LICENSES authorizing the retail sale of alcoholic liquors on the specified premises for consumption on or off specified premises. The annual fee for each such license shall be one thousand ($1,000.00) dollars per fiscal year beginning May 1, 1962. Class A Licenses shall be limited to one License for the first 10,000 inhabitants and one additional such License for each additional 10,000 inhabitants or fraction thereof.

2. CLASS B LICENSES authorizing the retail sale of alcoholic liquors on the specified premises, for consumption on or off the premises. The annual fee for each such License shall be five hundred ($500.00) dollars per fiscal year beginning May 1, 1962. Class B Licenses shall be limited to one License for the first 10,000 inhabitants and one additional License for each additional 10,000 inhabitants or fraction thereof.

3. CLASS C LICENSES authorizing the retail sale of alcoholic liquors on the specified premises, for consumption on the said premises only. The annual fee for each such License shall be ($400.00) four hundred dollars per fiscal year beginning May 1, 1962. Class C Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof.

4. CLASS D LICENSES authorizing the retail sale of all alcoholic liquors on the specified premises in original packages only, not for consumption on the premises where sold. The annual fee for each such License shall be five hundred ($500.00) dollars per fiscal year beginning May 1, 1962. Class D Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof.

5. CLASS E. LICENSES authorizing the retail sale of beer and wine on the specified premises to be sold only in the original packages and then only for consumption off the premises. The annual fee for each such License shall be three hundred fifty ($350.00) dollars per fiscal year or any fraction thereof. Class E Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof. The words Beer and Wine as used herein are defined as follows:

WINE—Any alcoholic beverage obtained by the fermentation of the natural contents of fruits, or vegetables containing sugar, including such beverages when fortified by the addition of alcohol.

BEER—Any beverage obtained by the alcoholic fermentation of an infusion or concoction of barley or other grain, malts and hops in water, including, among other things, beer, ale, stout, lager beer, porter and the like.

The word "PACKAGES" as used in Paragraphs 4 and 5 hereof shall mean all types of containers.

SECTION 10 OF THE LIQUOR ORDINANCE OF THE VILLAGE OF BUFFALO GROVE IS HEREBY AMENDED TO THE FOLLOWING:

Class "E" License shall be added to Class "B" "C" and "D" for closing hours. All other provisions of said section shall remain the same.

SECTION 13 of said Ordinance is hereby amended to read as follows:

SECTION 13.

a. DISPLAY OF LICENSE. Every Licensee shall cause the Liquor License to be hung in plain view in a conspicuous place in the licensed premises.

b. DISPLAY OF PREMISES. All rooms where liquor is sold for consumption on the premises shall be continuously lighted during business hours by natural light or artificial white light so that all parts of the interior of the premises shall be clearly visible. In case the view into any such licensed premises required by the foregoing provision shall be wilfully obscured by the licensee or by him wilfully suffered to be obscured, or in any manner obstructed, then such License shall be subject to revocation in the manner provided in this Ordinance. In order to enforce the provisions of the Section, the Liquor Control Commissioner shall have the right to require the filing with him of plans, drawings and photographs showing the layout of the premises.

SECTION 19 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 20 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 21 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 23 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 24 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dolllars." All other provisions of said Section shall remain the same.

The provisions and Sections of this Ordinance shall be deemed to be separate, and the invalidity of any portion shall not affect the validity of the remainder.

All Ordinances and parts of Ordinances inconsistent herewith are hereby repealed.

This Ordinance shall be in full force and effect upon its passage, approval and publication as provided by law.

Ordinance No. 0-64-14

AN ORDINANCE AMENDING THE LIQUOR CONTROL ORDINANCE NO. 0-60-12, AS AMENDED

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF VILLAGE OF BUFFALO GROVE, ILLINOIS,

SECTION ` of said Ordinance is hereby amended to read as follows:

SECTION 6.
CLASSIFICATION—FEES

Such licenses shall be and are hereby divided into five (5) classes, to wit:

1. CLASS A LICENSES authorizing the retail sale of alcoholic liquors on the specified premises for consumption on or off specified premises. The annual fee for each such license shall be one thousand ($1,000.00) dollars per fiscal year beginning May 1, 1962. Class A Licenses shall be limited to one License for the first 10,000 inhabitants and one additional such License for each additional 10,000 inhabitants or fraction thereof.

2. CLASS B LICENSES authorizing the retail sale of alcoholic liquors on the specified premises, for consumption on or off the premises. The annual fee for each such License shall be five hundred ($500.00) dollars per fiscal year beginning May 1, 1962. Class B Licenses shall be limited to one License for the first 10,000 inhabitants and one additional License for each additional 10,000 inhabitants or fraction thereof.

3. CLASS C LICENSES authorizing the retail sale of alcoholic liquors on the specified premises, for consumption on the said premises only. The annual fee for each such License shall be ($400.00) four hundred dollars per fiscal year beginning May 1, 1962. Class C Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof.

4. CLASS D LICENSES authorizing the retail sale of all alcoholic liquors on the specified premises in original packages only, not for consumption on the premises where sold. The annual fee for each such License shall be five hundred ($500.00) dollars per fiscal year beginning May 1, 1962. Class D Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof.

5. CLASS E. LICENSES authorizing the retail sale of beer and wine on the specified premises to be sold only in the original packages and then only for consumption off the premises. The annual fee for each such License shall be three hundred fifty ($350.00) dollars per fiscal year or any fraction thereof. Class E Licenses shall be limited to one License for the first 6000 inhabitants and one additional License for each additional 6000 inhabitants or fraction thereof. The words Beer and Wine as used herein are defined as follows:

WINE—Any alcoholic beverage obtained by the fermentation of the natural contents of fruits, or vegetables containing sugar, including such beverages when fortified by the addition of alcohol.

BEER—Any beverage obtained by the alcoholic fermentation of an infusion or concoction of barley or other grain, malts and hops in water, including, among other things, beer, ale, stout, lager beer, porter and the like.

The word "PACKAGES" as used in Paragraphs 4 and 5 hereof shall mean all types of containers.

SECTION 10 OF THE LIQUOR ORDINANCE OF THE VILLAGE OF BUFFALO GROVE IS HEREBY AMENDED TO THE FOLLOWING:

Class "E" License shall be added to Class "B" "C" and "D" for closing hours. All other provisions of said section shall remain the same.

SECTION 13 of said Ordinance is hereby amended to read as follows:

SECTION 13.

a. DISPLAY OF LICENSE. Every Licensee shall cause the Liquor License to be hung in plain view in a conspicuous place in the licensed premises.

b. DISPLAY OF PREMISES. All rooms where liquor is sold for consumption on the premises shall be continuously lighted during business hours by natural light or artificial white light so that all parts of the interior of the premises shall be clearly visible. In case the view into any such licensed premises required by the foregoing provision shall be wilfully obscured by the licensee or by him wilfully suffered to be obscured, or in any manner obstructed, then such License shall be subject to revocation in the manner provided in this Ordinance. In order to enforce the provisions of the Section, the Liquor Control Commissioner shall have the right to require the filing with him of plans, drawings and photographs showing the layout of the premises.

SECTION 19 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 20 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 21 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 23 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dollars." All other provisions of said Section shall remain the same.

SECTION 24 of said Ordinance is hereby amended by deleting the words "two hundred ($200.00) dollars" and inserting the words "five hundred ($500.00) dolllars." All other provisions of said Section shall remain the same.

The provisions and Sections of this Ordinance shall be deemed to be separate, and the invalidity of any portion shall not affect the validity of the remainder.

All Ordinances and parts of Ordinances inconsistent herewith are hereby repealed.

This Ordinance shall be in full force and effect upon its passage, approval and publication as provided by law.

You will hereby take notice that the Attorney General of Illinois has filed a Complaint in Chancery in the name of the People of the State of Illinois, against each of the above named corporations in the Circuit Court of Cook County, Illinois, the said complaint in Chancery praying for the dissolution of each of the above named corporations. Complaints were filed June 17, A.D. 1964 and that summons has been issued June 17, A.D. 1964 by the Clerk of said Court and delivered to the sheriff of the county in which the principal office of each corporation is located, for service, and that said sheriff has returned said summons to the Clerk of said court with a return that he has been unable to obtain service on the above named corporations.

Now, therefore, unless you and each of you, the above named defendants and all whom it may concern, file your answer to the complaint in said suit or otherwise make your appearance therein, in the office of the Clerk of said Circuit Court of Cook County, Illinois, located in the County Building, Room 437, 118 N. Clark Street, Chicago 2, Illinois, on or before the 28th day of September, A.D. 1964 default may be entered against you at any time after that day and a Decree entered in accordance with the prayer of said complaint.

Dated this 27th day of August, A.D. 1964.

JOSEPH J. McDONOUGH
CLERK OF SUPERIOR
COURT OF COOK COUNTY,
ILLINOIS, CHANCERY
DIVISION
WILLIAM G. CLARK
ATTORNEY GENERAL OF
THE STATE OF ILLINOIS

Consumer Protection

Home Owners Should Be Judicious Buyers

By WILLIAM G. CLARK

That bungalow for two, or three, or four or more . . . can be a haven for the family or an address for a finance company, depending upon whether or not mom and dad are judicious buyers of the comforts of life.

Before the moving van leaves your door and you begin to arrange the furniture, a salesman will probably stop by to try to interest you in storm windows, water softeners, carpeting, garbage disposals, landscaping, a garage or whatever he may decide you need.

Let's suppose the salesman is seeking to build you a garage "below our cost because it's not the building season." He'll tell you that this is the last one he can offer at the price and you can protect your car this winter as well as have a place for lawn equipment and the children's toys.

YOU LOOK at each other, nodding in agreement with his understanding of your needs. Yes, you say, a garage would certainly be an asset in more ways than one.

Bright-eyed, the salesman pulls a contract from his brief case, takes his pen from his breast pocket and says, "You won't be sorry!"

WHOA!!! Let's go about this the way you went about selecting your new community and your new home—wisely!

Tell the salesman you want to think it over. Ask him for the name of the company who will build it and the institution which will finance it. Allowing yourself enough time to check on the dealer, make a future date with the salesman. If he protests, saying that any delay will make it impossible for him to give you a good deal, count this [illegible] one point against dealing with him or his company, and approach the ultimate contract with even more caution.

WHEN THE salesman is out of earshot, you can treat the proposed purchase as a family matter. When it comes to making up your mind as to whether the garage would be a necessity or a luxury for you, the family budget is the first thing you place on the scale as a counterbalance.

If you can't afford it, forget it! No convenience is worth the worry of an extra monthly payment you can't afford.

Since the salesman was a "nice guy" and you'd like to deal with him, check out his company with your local chamber of commerce or business bureau. If they've had complaints, be wary.

WHEN SIGNING A CONTRACT

Suppose there have been no complaints, and the salesman returns for your appointment. Do you foolishly sign anything he presents while he makes glib promises of payments for referrals and agrees that certain things you want in the contract will be included even though they aren't in writing?

No! If you're wise, you'll still play it straight, keeping your mind on what you want in that contract he is asking you to sign. Don't leave blank spaces he can fill in later, and do read carefully everything on the contract before you sign it.

After the work has been completed, obtain waivers of lien for your own records; otherwise you may be liable for sub-contractor and supply company bills even though you have a "paid-in-full" receipt from the prime contractor.

MY OFFICE counts on the cooperation of the local merchants' organizations in putting fraudulent operators out of business before they fleece too many unsuspecting home owners. Particularly in the field of building additions and appliances, home owners should contact their local offices for reliable firms.

Before "An Act to Prevent Consumer Fraud" was drafted by my office and enacted by the Legislature, local merchants had no way of stopping fraududent salesmen. They could only ask compliance. By working with my office, they can now bring fruition to their efforts.

Be constantly on the alert to protect your family. Know your rigts and insist that they be honored.

Fonda Awarded Citation For Conservation Efforts

A Presidential Citation of the Soil Conservation Society of America was awarded to Morris Fonda, 837 S. Highland Ave., Arlington Heights, during the society's annual meeting last Wednesday in Jackson, Miss.

Fonda is director of agricultural marketing of A. O. Smith Harvestore Products, Inc.

The citation states that Fonda was selected for this honor because of "his special aid and assistance to the Society as Chairman of the Industry Relations Committee as well as his continuing daily efforts to advance soil and water conservation and for his leadership in developing new conservation products." Under his direction, his company recently developed and put on the market the "soil saver," a glass-fused-to-steel structure for water control and soil erosion control.

Fonda is a Fellow of the Soil Conservation Society and served as its president in 1951 and 1952.

He was a member of the USDA Soil Conservation Service staff from 1933 to 1947, after which he served with the National Association of Conservation Districts. He has also been active in Grassland Council work, Future Farmers of America programs, and has served as a land consultant to the Rural Life Conference at Manizales, Columbia.

In accepting the award, Fonda declared that rapid urbanization, industrialization and large population growth made the question of soil and water conservation a matter of greater urgency than ever before. "It deserves to be high on our agenda," he stated, "both among individual farmers as well as in government policy. The energies, knowledge and technology of private enterprise and the skill of our farmers must be joined with government on all levels to conserve our soil, one of the nation's most precious resources."

Fonda is an alumnus of Michigan State University (1931) where he majored in forestry and agriculture.

A PRESIDENTIAL CITATION of the Soil Conservation Society of America was made last week to Morris Fonda (left) of Arlington Heights by Society President Herbert Hopper. The citation was awarded for Fonda's continuing daily efforts to advance soil and water conservation and for leadership in developing new conservation products. (BB

Matronly Dresses At Zayre

The famed Molly Goldberg line of dresses—designed specifically to make the matronly woman stylish and comfortable—is now available in all Zayre department stores, including the northwest suburban store at 727 W. Golf Road, Des Plaines.

Zayre fashion merchandise manager Maxwell Goldstein recently announced at his offices here that the line had been added to the Zayre fashion collection thereby providing larger size ranges for Zayre fashion-minded customers.

GERTRUDE Berg, the "Molly Goldberg" of radio and television, designed the dresses to cater to the woman who needs half and large sizes. "The slimming effect of the cut of the dress and the up-to-date colors," Miss Berg told Zayre store managers recently, "will make the matronly woman as fashionable as her slimmer counterparts."

Miss Berg presented the line to Zayre store managers and district supervisors at a special meeting in New York City recently.

She recently returned from Europe and will soon begin touring the country. Miss Berg said she would be visiting various Zayre department stores as she tours. (BB

New Personnel Office to Open

Snelling and Snelling, which bills itself as "The World's Largest Personnel System," will open a Des Plaines office this week at 1415 Ellinwood St.

The system covers 38 of the top 50 major metropolitan areas in the country and can draw on over 65 million of the 82 million work force, according to officials.

Donald P. Rietz, former assistant secretary of the first Federal Savings and Loan Association of Elgin, is owner and manager of the Des Plaines office.

Rietz invited local job seekers to stop in and find out just how a national personnel service can help them.

The branch office will be staffed with qualified and trained employment counselors covering each major field of employment.

Realtors School To Begin Sept. 15

The seventh session of the Northwest Suburban Board of Realtors Real Estate School will begin on Sept. 15 at Prospect High School, 801 Foundry Road, Mount Prospect.

Classes will be held each Tuesday between 7:30 and 9:30 p.m., with the exception of Oct. 26, a Monday, through Nov. 3.

The curriculum includes lectures on the history of organized real estate, explanation and interpretation of the Realtor's Code of Ethics, brokerage practices and procedures, legal descriptions, deeds and conveyances, evaluation of property, listing property, financing forms used in real estate and closing procedure.

THE FACULTY is made up of qualified Realtors including Edward J. Busse of Mount Prospect; Albert C. Peters, John T. Peters and Paul Collins of Arlington Heights; Robert J. Darmstadt, M. Edward Smith, Ralph H. Martin and Albert L. Gundelach of Des Plaines and Wallace Schall of Chicago.

Robert W. Starck of Mount Prospect is chairman of the Education Committee, consisting of Robert J. Anderson of Palatine, Donald D. Florence and James W. Warriner of Arlington Heights, Eleanor Schiessle of Park Ridge and Arthur W. Pipenhagen of Des Plaines.

This course is not designed as a preparation for the real estate salesman's or broker's state examination, but rather to broaden the knowledge of those already engaged in the real estate field.

The first six terms of the board real estate school had a combined registration of over 568. All provisional associate members are required to attend one term and pass the written examination with a grade of 70 per cent or better. Certificates will be awarded for satisfactory completion of the course.

ADMISSION TO class will be by registration only. Members of the Northwest Suburban Board of Realtors may attend these classes free of charge. Members of other real estate boards and others interested must pay a fee. Booklets required for the course will be supplied at the time of registration and are included in the registration fee.

Application may be made at the board office, 1032 Lee St., Des Plaines, prior to Sept. 15. Information about fees may be obtained from the board office. 10BB

The curriculum includes lectures on the history of organized real estate, explanation and interpretation of the Realtor's Code of Ethics, brokerage practices and procedures, legal descriptions, deeds and conveyances, evaluation of property, listing property, financing forms used in real estate and closing procedure.

THE FACULTY is made up of qualified Realtors including Edward J. Busse of Mount Prospect; Albert C. Peters, John T. Peters and Paul Collins of Arlington Heights; Robert J. Darmstadt, M. Edward Smith, Ralph H. Martin and Albert L. Gundelach of Des Plaines and Wallace Schall of Chicago.

Robert W. Starck of Mount Prospect is chairman of the Education Committee, consisting of Robert J. Anderson of Palatine, Donald D. Florence and James W. Warriner of Arlington Heights, Eleanor Schiessle of Park Ridge and Arthur W. Pipenhagen of Des Plaines.

This course is not designed as a preparation for the real estate salesman's or broker's state examination, but rather to broaden the knowledge of those already engaged in the real estate field.

The first six terms of the board real estate school had a combined registration of over 568. All provisional associate members are required to attend one term and pass the written examination with a grade of 70 per cent or better. Certificates will be awarded for satisfactory completion of the course.

ADMISSION TO class will be by registration only. Members of the Northwest Suburban Board of Realtors may attend these classes free of charge. Members of other real estate boards and others interested must pay a fee. Booklets required for the course will be supplied at the time of registration and are included in the registration fee.

Application may be made at the board office, 1032 Lee St., Des Plaines, prior to Sept. 15. Information about fees may be obtained from the board office. 10BB

Reiter Retires From Railway

Robert F. Reiter of Arlington Heights retired Aug. 29 as a rate clerk for the Chicago and North Western Railway, ending a career of 37 years of service on this railroad.

Reiter, who lives at 116 S. Reuter Ave., plans to remain at his present home. His retirement plans call for some carpentry, some gardening, some reading and a few trips. (BB

Frieburg Attends School of Banking

John L. Frieburg, Jr., of the Bank of Arlington Heights, is among the 1,300 students from 39 states, Washington, D.C., and Honduras, who are attending the annual two-week residence session of the Graduate School of Banking at the University of Wisconsin in Madison.

The school, sponsored by the Central States Conference consisting of the bankers' associations of 16 states requires attendance for two weeks each year for three years for graduation.

A TOTAL of 415 seniors will receive their diplomas at the school's 1964 graduation exercises Friday night, Aug. 28. The School of Banking is one of the many schools, short courses, and conferences sponsored annually at the University of Wisconsin as education services for all citizens.

Attendance at the 1964 School of Banking enables its students at Wisconsin's State University not only to meet a large number of bankers from all over the country, but they also have the opportunity of hearing the school's distinguished lecturers, over 100 experts from all parts of the nation, who are recognized authorities in banking, economics, government, law and industrial, and agricultural and financial problems. HINTS TO HOMEOWNERS

by Richard H. DeLano, Associate Farm Advisor

ALERT HOMEOWNERS DIAL DAILY 392-3060

Clump white birch is one of the most attractive trees that can be planted in the Chicago area. The white outline of its stems creates a dramatic pattern against a dark background of evergreens or a tall hedge.

However, occasionally one or two of the stems in a clump will fail to develop. One trunk will grow in height and diameter while the other two will fail to grow. This situation will show up even under conditions where there is no obstruction and the birch is located in a fertile, well-drained soil. Often the clump is three or more years old when this uneven growth becomes apparent.

According to Dr. Marvin Carbonneau of the University of Illinois Extension Service, such a condition is usually associated with an infestation of leaf hoppers. He adds, that close examination will often reveal a swelling or clubbing of stem tips that reaches an inch in diameter.

SINCE SIX or more broods of leaf hopper can hatch in a summer, control is a summer-long job. Starting in May, a spray of Malathion must be applied every two or three weeks to keep the leaf hoppers under control.

Another insect that has been common on birches this summer is the leaf miner. It can be identified in the upper leaves as a small white worm that feeds on the interior leaf tissue. If the leaf is held to the light, the worm can often be seen feeding in brown papery patches. This condition is not to be confused with leaf scorch which affects both edge and interior of maple leaves.

Control action against the leaf miner should wait until next spring when the fly stage of the worm is active. Starting the first of May and at 10-day intervals, the new growth of birches should be given three sprayings of Lindane or Malathion. A second brood of leaf miners appears in July so an additional three sprays should be applied at ten-day intervals then.

me of the soil-applied systemic insecticides, such as cygon and systox, will also control leaf miner. With these systemic insecticides the material is absorbed by the roots and passed to the leaves where it kills the feeding worm. However, these systemic insecticides are not for use by the homeowner. They are deadly poisons that should only be handled by experienced nurserymen.

STRANGE things can also happen to birches that are overwatered. In a few cases this year we have seen leaves covered with a faint coating that resembles spray residue or a slight case of mildew. Examination with a hand lens showed it to be a crystalline material that was exuded by the leaves. It is a type of edema — the way a birch responds to over-watering. If you should notice such a condition, you can be assured that it is not harmful to the tree. However, it is unsightly, and thus you may want to reduce the amount of water applied to the trees.

From this list of conditions one might obtain the false impression that the birch is a different tree to grow. This is not so. We are merely describing unusual symptoms that are prevelant this particular summer.

Architect Announces New Firm

The son of a Mount Prospect resident has announced the formation of a new architectural consulting firm to be located in New York City.

ARNOLD W. THOMPSON

Arnold W. Thompson, son of Mrs. Emma Thompson, 603 S. Elm St., was former American Airlines director of facilities planning.

The new firm will provide professional guidance to airport and corporate managements in metropolitan or suburban areas in the programming, planning and budgeting of facilities, Thompson said.

Gas Company Financing Plan Okayed

Contract financing for residential and small commercial gas equipment installations has been approved for the Northern Illinois Gas Co. by the state commerce commission.

After testing the financing program for a year, the company has met with favorable response from heating contractors and customers, according to H. A. Diekmann, vice president of sales and advertising for the firm.

The purpose of the program is to increase residential and small commercial conversions to gas heat and increase the market for gas airconditioning, Diekmann said.

Lists Arguments in Favor Of High School Swim Pools

Evidently Mrs. Sanaghan has no teenage children, or she would understand the problem that faces young people of high school district 214—particularly those who are trying to promote school spirit and growth by participating in various athletic events. I refer in particular to those boys on the swimming teams. They have worked under a particular hardship.

For the past three years these boys from Arlington, Prospect, and Forest View High Schools have had to b etransported either by school bus or private car to the various pools where they could practice. For one reason the pool at St. Viator School was closed, necessitating the team to make other last-minute arrangements.

The Flick-Reedy pool is quite a distance from any of the schools, and is not regulation size, which immediately puts swimmers at a disadvantage. Some of the teams had to practice before school began in the morning, which meant getting up very early, practice, dress and be at school in time for 8 a.m. class. The boys were very faithful in spite of this routine, which showed their true desire to compete for their schools.

District 214, and only one other school in this entire northwest area are the only schools without pools, which I feel is a reflection on the people of this district. The situation is this: either we will have to build pools for our young people, or they will have to withdraw from inter-scholastic competition because they do not have the proper facilities.

Inter-scholastic competition is one of the best things that can happen to a boy. We know, because our son is now privileged to attend the Air Force Academy Prep School, due in large part to the training both in athletics and academics he received at Arlington High School.

So far as swimming for the girls, that could be optional, although I know of a great many who would prefer swimming to other sports. I myself took swimming every day for three and one half years in a large Chicago high school, sometimes going home in the winter with icicles hanging in my hair and never suffered any ill effects. Swimming is the only sport in which every muscle is put to use and is therefore a wonderful body-builder for anyone — young or old.

Come on parents, vote YES when the referendum comes up!

Feel Officials Drag Feet on Human Relations

Five years ago the Deerfield situation erupted. Awaking to find a bi-racial housing going up in their midst, elected officials panicked and abdicated their reponsibilities. Confusion reigned.

Citizens rallied, arraying themselves in two camps, whose bitternesses survive to this day. The victors were those who elected to use every legal means to prevent "outsiders" from entering their community, with the result that today Deerfield is a name that is uttered in the same breath with Cicero, Little Rock, and Birmingham. Moreover, they have for a memorial to their efforts a new park, called by some, "Loophole Square."

Many other communities have learned from this tragic mishandling of one of this century's major moral issues that we can't depend on objectivity in a time of crisis. For that reason Skokie, Niles, and Park Forest, among 75 others, have kept both a good name and a peaceful community. Village officials made a firm decision where the law lay, and made a public commitment thereto. They determined to be leaders of men, not followers of passions.

Why, then, do village officials in Arlington Heights drag their feet?

Why, with the very thorough study prepared and presented by the League of Women Voters before them, do they decline to see the evidence that while volunteer groups serve very useful purposes, among them education and mutual support, an official body commands respect more readily and effectively in difficult situations?

Now, the city of Des Plaines, which is the one being "watched" by President John Woods has been petitioned by its volunteer group to appoint an official body, because of its felt limitations. These limitations had already been delineated by the League's study. Among the weaknesses of volunteer groups is the lack of cohesion, lack of continuity, lack of discipline, in addition to a high (in this area particularly) rate of mobility among members. This would not be true of an appointed body whose aims and outlines were stable and continuing, no matter who the incumbent officers.

The Chicago Daily News carried a story a few months ago that among many other suburbs, Arlington Heights had a property listed with FHA for sale on a non-discriminatory basis (presumably a foreclosure.) Perhaps by now that property has been sold to whites. Or perhaps not.

Or perhaps some courageous individual, like the lady in Kenilworth, will decide to sell his home to a suitable Negro buyer in the interests of furthering the cause of racial justice, regardless of personal consequences. It is not impossible, though wildly improbable.

Or perhaps the new industry in the area, particularly around and connected with O'Hare field, will attract "outsiders" to our town. Then, to whom shall we turn for stability and guidance? To elected officials, who will refer us to well-intentioned but inadequate amateurs? To the police with Dixmoor overtones?

Or, on the other hand, do we want our officials, led by Mr. Woods, to appoint an official commission, responsible to the trustees, to keep up with the changing facts of community life, with the best methods of dealing professionally with human relations problems, and with the temper of the town, to assess possible trouble spots? Today we can choose. Tomorrow?

Says Retired Police Sergeant Will Be Missed

Sergeant Frank Grosso, who has recently resigned from the Roselle police force, will be missed by many citizens and other residents of the community.

Sergeant Grosso served for many years in a manner that is not always encountered with officers of the law. A problem was never too small or too big to receive his friendly consideration. On off-duty hours he was available for emergencies as well as for other service to the people.

On behalf of those working with Sergeant Grosso for the promotion of the Roselle Rose Festival during the past five years, as well as for others, I extend best wishes to the Sergeant and to Mrs. Grosso in their future endeavors.

Favors Drastic Action Against Bicycle Riders

Would it be possible for your paper or some other responsible community organization to sponsor an annual weekly festival in Palatine and area to allow drivers of defenseless automobiles to hit or in some manner destroy the bicycle riders from pre-school to post high school?

As these bicycle riders take delight—and this holds true for male as well as female of the animal—in either blocking the road as they ride two, three, five, or six abreast, or weave no-handed, daring the driver to come close, while they either shout obscenities or make foul gestures at the drivers, and as their parents obviously are in favor of this sort of behavior, we auto drivers have no recourse other than the above mentioned special "National Knock Off a Bicycle Week" or an adequate substitute.

'Explanation Would Ease Hurt Feelings'

The decision made by the board of directors of the AHLL to force the Yankee team into the playoff games in the major division, when the Yankee team was unable to field its full number of players, is one that requires some explanation. Since several weeks have passed since the end of the season, it appears that no explanation is forthcoming.

Certainly a distinct injustice was done to the manager, coaches and players of the Yankee team. Forced to go into the playoff series with eight players unavailable, most of them key players at that, the team carrying the name "Yankees" suffered two ingnorminious defeats. The opposing team was an excellent one, to be sure, but it must have been a rather hollow victory under the circumstances.

THE alternatives to sending the Yankees into the playoff were detailed in Ray McDonald's letter to the Fence Post on Aug. 20. It would have saved a lot of unpleasantness, argument and misunderstanding if any of these alternatives had been accepted.

Those regular Yankee players who participated in the playoff games were certainly humiliated, to say the least, and it took away the joy and pleasure of an otherwise highly successful season. I feel the manager, coaches and players of the Yankee team are to be congratulated on winning both halves of their league season.

Just an explanation by the board of directors in print would have gone a long way toward easing a lot of hurt feelings.

Anxious About Possible Harm Of Chemicals

Pesticides, insecticides and poisonous chemicals in the food we eat, the air we breathe and the water we drink are becoming a dangerous health threat to all of us.

The public health service has said it is virtually impossible to find a meal that does not have a trace of poison chemical. The threat that food chemicals pose is increased by the effects they may have on one another. One chemist is concerned with proving the "harmlessness" of small amounts of poison insecticides, another with artificial sex hormones injected into food, another with antibiotics, another with emulsifiers, another with dyes (coal tar products) and still another with preservatives. But almost nothing is known about what happens when they all meet in the vital organs of man. Prof. Rolf Eliassen of the Massachusetts Institute of Technology testified before a congressional committee to the impossibility of predicting the composite effect of these chemicals, or of identifying the organic matter resulting from the mixture. "We don't begin to know what that is," said Professor Eliassen.

It has never been proven that heart disease, cancer, liver diseases, diseases of the kidneys and many mental illnesses are not caused by chemical residues on the food we eat. When you think of bleaches, emulsifiers, anti-oxidants, preservatives, flavorings, buffers, acidifiers, alkalizers, moisteners, drying agents, extenders, thickeners, defoliants, fungicides, insecticides, pesticides, neutralizers, sweeteners, anti-caking and anti-foaming agents, conditioners, curers, hydrolizers, hydrogenators, maturers, and fortifiers that are put into our food, our water and in the air—no wonder the American people are consuming tranquilizers and sleeping pills by the tons of thousands.

Everyone should real "Silent Spring" by Rachel Carson and "Poisons In Your Food" by William Longgood, both can be obtained in the public library, and then write your Congressman, the Pure Food and Drug Administration and the United States Department of Agriculture.

3rd Slate Disqualification Called 'Sad Day for Illinois'

Friday Aug. 21 was a black and sad day for Illinois, when Gov. Otto Kerner and his electoral board disqualified on technical grounds the entire 3rd Slate of candidates for State Representatives from the Nov. 3 ballot.

A special meeting of the 3rd Slate executive committee and several other members was held at the 3rd Slate headquarters on Sunday afternoon. A motion was adopted to refer the matter back to the legal committee to further explore possibilities of this case and to make further recommendations back to the executive committee.

If it proves impossible for the 3rd Slate to get a place on the November ballot, this will be a great voter loss.

The list of unfortunate circumstances that have come about to cause this at-large election are namely, (1) the failure of the last general assembly to reapportion, (2) the failure of the special 10-man commission, (3) the at-large election system as set up by the special session of the legislation (which was adopted for self preservation), (4) the convention system by counties, where the candidates were selected by party obligation before election, and (5) and now the disqualification of the 3rd Slate that was trying to be put on the ballot by a will of the voter (namely 25,000 signatures.)

All the above facts should be given a great deal of thought when the voters go to the polls to cast their votes for 177 representatives out of 236 possible.

It is my hope that some organization in the state will be thorough and strong enough to make a study of each of the 236 candidates and come out with endorsed list to help the voters through this unprecedented election.

If it is finally decided that the 3rd Slate will not have a place on the ballot, I will be very sorry, but it has proven to be a good experience for me and I have certainly gained hundreds of new friends.

The entire 3rd Slate campaign was conducted on a high plane by a high caliber type person, no deceit, no cheating, no underhandedness. The enitre program was gotten together statewide in two months, and if one sits back to see what has been accomplished by this action, it is certainly amazing.

The hardworking intelligent executive committee of this organization are to be commended for their work.

The 3rd Slate was for good government and wanted to increase the quality of the legislatures. If nothing else has been accomplished, at least some of the deadwood in both parties has been removed. Leaders in both parties say 1964 is a strange political year with its racial overtones and the state-wide election of all 177 state representatives.

This fact was further emphasized with the announcement of Clare Booth Luce, long prominent in the Republican Party, that she would accept the Conservative Party nomination for United States Senator from New York.

The political unrest in both parties certainly leads to the belief of many major upsets in November and a further political party cleansing and reorganization.

I hope to become involved with an organization to screen the 236 candidates and then help make recommendation to the voters of the state as to who is best suited to serve in our State Assembly.

Lists Arguments in Favor Of High School Swim Pools

Evidently Mrs. Sanaghan has no teenage children, or she would understand the problem that faces young people of high school district 214—particularly those who are trying to promote school spirit and growth by participating in various athletic events. I refer in particular to those boys on the swimming teams. They have worked under a particular hardship.

For the past three years these boys from Arlington, Prospect, and Forest View High Schools have had to b etransported either by school bus or private car to the various pools where they could practice. For one reason the pool at St. Viator School was closed, necessitating the team to make other last-minute arrangements.

The Flick-Reedy pool is quite a distance from any of the schools, and is not regulation size, which immediately puts swimmers at a disadvantage. Some of the teams had to practice before school began in the morning, which meant getting up very early, practice, dress and be at school in time for 8 a.m. class. The boys were very faithful in spite of this routine, which showed their true desire to compete for their schools.

District 214, and only one other school in this entire northwest area are the only schools without pools, which I feel is a reflection on the people of this district. The situation is this: either we will have to build pools for our young people, or they will have to withdraw from inter-scholastic competition because they do not have the proper facilities.

Inter-scholastic competition is one of the best things that can happen to a boy. We know, because our son is now privileged to attend the Air Force Academy Prep School, due in large part to the training both in athletics and academics he received at Arlington High School.

So far as swimming for the girls, that could be optional, although I know of a great many who would prefer swimming to other sports. I myself took swimming every day for three and one half years in a large Chicago high school, sometimes going home in the winter with icicles hanging in my hair and never suffered any ill effects. Swimming is the only sport in which every muscle is put to use and is therefore a wonderful body-builder for anyone — young or old.

Come on parents, vote YES when the referendum comes up!

Feel Officials Drag Feet on Human Relations

Five years ago the Deerfield situation erupted. Awaking to find a bi-racial housing going up in their midst, elected officials panicked and abdicated their reponsibilities. Confusion reigned.

Citizens rallied, arraying themselves in two camps, whose bitternesses survive to this day. The victors were those who elected to use every legal means to prevent "outsiders" from entering their community, with the result that today Deerfield is a name that is uttered in the same breath with Cicero, Little Rock, and Birmingham. Moreover, they have for a memorial to their efforts a new park, called by some, "Loophole Square."

Many other communities have learned from this tragic mishandling of one of this century's major moral issues that we can't depend on objectivity in a time of crisis. For that reason Skokie, Niles, and Park Forest, among 75 others, have kept both a good name and a peaceful community. Village officials made a firm decision where the law lay, and made a public commitment thereto. They determined to be leaders of men, not followers of passions.

Why, then, do village officials in Arlington Heights drag their feet?

Why, with the very thorough study prepared and presented by the League of Women Voters before them, do they decline to see the evidence that while volunteer groups serve very useful purposes, among them education and mutual support, an official body commands respect more readily and effectively in difficult situations?

Now, the city of Des Plaines, which is the one being "watched" by President John Woods has been petitioned by its volunteer group to appoint an official body, because of its felt limitations. These limitations had already been delineated by the League's study. Among the weaknesses of volunteer groups is the lack of cohesion, lack of continuity, lack of discipline, in addition to a high (in this area particularly) rate of mobility among members. This would not be true of an appointed body whose aims and outlines were stable and continuing, no matter who the incumbent officers.

The Chicago Daily News carried a story a few months ago that among many other suburbs, Arlington Heights had a property listed with FHA for sale on a non-discriminatory basis (presumably a foreclosure.) Perhaps by now that property has been sold to whites. Or perhaps not.

Or perhaps some courageous individual, like the lady in Kenilworth, will decide to sell his home to a suitable Negro buyer in the interests of furthering the cause of racial justice, regardless of personal consequences. It is not impossible, though wildly improbable.

The Way We See It

Education Major Issue in Campaign

School bells are ringing this week and next, calling children all over Illinois back to the classrooms. We hope the sound of the bells is also heard by the candidates for public office.

Education is the biggest, most expensive and most important function of state and local governments. Unfortunately, the political office holders in Illinois have not been keeping up with the teachers, pupils and administrators in meeting the educational challenge of the times.

However, education is smack in the middle of this year's Illinois gubernatorial campaign and that is a good thing.

Gov. Otto Kerner is under fire for his veto last year of a bill increasing state aid to public schools and the Republican candidate, Charles H. Percy, plainly intends to keep the spotlight on this issue.

Percy stated his criticism of this veto with admirable conciseness in his testimony Monday before the Illinois Republican platform committee.

Percy said: "The Governor made education an issue when he vetoed the bill, passed by overwhelming bipartisan majorities of both houses (167 to 1 in the House, 35 to 10 in the Senate) to increase the level of state aid to education.

"The Governor said we didn't have the money. The Republicans said we did have the money. The fact is now clear, we do have the money. That veto was a double-edged sword. It deprived the schools of vitally needed funds, and it increased the already staggering burden on local property taxes.

"In Illinois, the state pays only about 20 per cent of the cost of schools; the rest is paid out of local property taxes. The national average, including all poorer states, is for the state to pay about 40 per cent.

"In 1960, Otto Kerner promised to increase the state support of schools. In 1963, he vetoes the bill to do just that." So spoke Percy to the platform committee.

At the time of the veto, Gov. Kerner cited the reason that the legislature had failed to provide for taxes to raise the $30 million involved. He indicated that Republicans had supported the bill only because they counted on his vetoing it for that reason.

However, the bill must be judged on its merits and not on the supposed motives of its supporters. If the Republicans were bluffing, a more forceful governor would have called that bluff and found the money for the schools, taking it from less urgent state projects if necessary.

We await with interest Gov. Kerner's amplification of his record and position on state aid to schools.

State aid is only one of several unfinished educational tasks.

Another is to provide more college facilities, especially of the junior college type. Much has been said on this in recent months.

Thirdly, many pupils in Illinois are being denied equal educational opportunity because they must attend too-small elementary and high schools which cannot take advantage of the new forward steps in curriculum and teaching methods because of their lack of size.

School consolidation has been practically stalled in Illinois for 15 years and it is high time it be resumed. The lever of state authority will be needed, as experience has shown.

A fourth important task, on which the candidates should declare themselves, is to remove the office of state superintendent of public instruction from politics by making it appointive rather than elective and taking its employes off the patronage lists.

Only a non-political state superintendent of public instruction can give the maximum leadership to the educational community.

The candidate for governor who gets an "A" from the voters in the subject of education will be a long way towards election in November.

Taking the Public Pulse

The question of whether to permit high-rise construction in Mount Prospect should be put before the citizens of the village.

High-rise buildings, whether apartments, hotels or office buildings, would substantially change the character of Mount Prospect and indeed the entire northwest suburban area.

At the Mount Prospect village board meeting last week, residents were told, substantially "you have no voice in determining the structure or character of this village," when the board voted 5-1 to approve a high-rise ordinance.

Nearly 120 people jammed the hall to object to the ordinance and to plead for a referendum on the subject. In voting against the ordinance, Trustee Frank Bergen was the only board member to uphold the right of property owners and taxpayers to have a voice in the decision.

Village President C. O. Schlaver justified the vote saying a referendum would not be binding on the board, and also that people of the village do not know enough about the ordinance to vote on it.

In normal decisions, elected officials have the right and the duty to take action without consulting the people through a referendum. However, a project of this magnitude and the interest already expressed by village residents both require the people be consulted and their advice followed.

When people do not express an interest in governmental problems a village board must act on its own, but Mount Prospect residents have spoken a desire to decide for themselves whether to permit high-rise construction.

Setting an Example

The library boards of the neighboring villages of Libertyville and Mundelein have voted to make their facilities available on a mutual basis. From now on, residents of either village may borrow books from either library and return them to either one.

This is a great benefit to readers. They will have more books to choose from. The libraries should benefit by attracting new patrons and more support in the future.

We have long advocated that libraries in the northwest suburban area make such cooperative arrangements. We hope that the Libertyville - Mundelein arrangement fulfills the hopes that stand behind it and encourages a spread of the idea to other communities.

'Speak Up!'

Auto Rules Suburbia

By DEL MARKS
Staff Writer

Transportation facilities, such as commuter trains and bus systems, have made increasingly important contributions to suburban living. But the automobile, which started off the big swing to the suburbs, is still leading the field.

The "Speak Up!" interviewer asked 10 passers-by in Elk Grove Village, Palatine, and Arlington Heights how they get back and forth to work each day. All said they depended on the automobile for transportation within the northwest suburban area. They also had several comments on traffic and road conditions.

The sharing of driving chores with co-workers and neighbors by using car pools and the need of many suburbanites to use their cars in their businesses were two reasons for driving mentioned most frequently by area drivers.

ART KLING, 87 Forest Lane, Elk Grove Village, is a member of a four man car pool for the daily 10-minute drive to their jobs at the Pure Oil Co. general offices on Golf Road.

Kling said each of the four men drives one day a week and they alternate on Thursdays. "By all of us going in one car, our wives can use the car most of the week," he said.

The car pool has been in operation for three years. Kling said they have experienced few traffic troubles except for bad weather in the winter and "that cement mixer you get caught behind every once in a while."

ANOTHER man who shares driving with his neighbor so their wives can use the cars is DeWayne Stecks, 570 Sycamore Dr., Elk Grove Village. They drive 12 miles into Melrose Park each morning.

Stecks said with the two men using one car for transportation to work, the two wives share the other car when necessary for errands and appointments. "The two families help each other," with this arrangement, he said, and each family gets along with one car.

Stecks said in his 2½ years of driving he has encountered few problems other than heavy traffic. He leaves home at 7:15 a.m. to miss the heaviest traffic but "when the streets are torn up or it's slippery, it slows us down," he said.

MRS. DENISE Baranowski, 831 N. Mitchell, Arlington Heights, is a suburban housewife who benefits from her husband taking turns driving with a co-worker. She said her husband is an electrical worker and his job requires a car for the many different places the work takes him.

The two men "travel all over the area," she reported, "working in Joliet this week, and maybe Palatine next." Mrs. Baranowski said with the men taking turns driving they save on car expenses and put fewer miles on their car in a year's time.

"It eliminates owning a second car," was the major benefit of car pools pointed out by Richard Sanger, 10 Woodcrest Lane, Elk Grove Village. He drives through "fairly heavy traffic" 11 miles to Morton Grove over a route that usually takes 40 minutes during the summer and 50 minutes during the winter.

SANGER has driven to Morton Grove regularly for seven years and he said he has become quite familiar with the many problems that can crop up in the daily drive.

"Heaviest traffic is always on Monday and Friday," said Sanger. He theorized more people drive on Friday because often when two people drive together on four days of the week, they each take their own cars on Friday.

Also added to the heavy business traffic on Friday is an unusually high number of drivers out to shop or for weekend fun, Sanger said.

ANOTHER driver who agreed with Sanger on the heaviest traffic occurring on Mondays and Fridays was Earl Stejskal, 203 S. Forest, Palatine.

Stejskal echoed Sanger's statements about Friday afternoon traffic, and also had some theories about Monday traffic. He said much of the Monday rush could be caused by salesmen and other business people who check with the home offices at the first of the week and drive in to report.

Stejskal drives an average of 300 miles a week through northwest suburban and Chicago area traffic. He commutes 20 miles each way to the northwest side of Chicago daily and also drives a company car on business all over the Cook county area.

He said suburban traffic is much heavier than when he moved into the area 15 years ago. The amount of traffic has grown faster than suburban development, he believes, and much of it is due to more young car owners and more two car families.

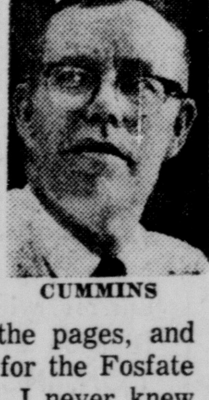
Admen Can Solve Dilemma

by BOB CUMMINS
Staff Writer

I remember when I was a very young lad I somehow got involved in a discussion on what make of automobile was the best and I gave the accolade to Buick.

I did it with such assurance and finality that all the others in the group asked me how I knew. I replied, "Because I read in the Saturday Evening Post, 'When Better Automobiles Are Built, Buick Will Build Them.' "

Well, they all laughed, of course, at the trusting child and I was never quite as trusting again.



CUMMINS

Now I have become acquainted with someone who is the complete antithesis of that child — not only does he not believe what he reads, he believes the exact opposite.

If he picks up a magazine, flips through the pages, and notes an ad that claims very good gas mileage for the Fosfate hardtop, he will pause and observe, "Hmmmm, I never knew the Fosfate was a gas burner."

And then he will flip a few more pages and come across another ad which reports how the Tangerine convertible has been given the styling award of the Pan-American Fashion Institute.

"That proves it," he will say. "Worst looking sled on the road. Why, the man who designed that couldn't design a shoe box."

I asked him to explain his philosophy and he did.

"If the Fosfate gave real good gas mileage, they wouldn't have to say so in an ad," he explained. "People that owned Fosfates would brag about it and everyone would know.

"It's the same principle a great outfielder follows when his arm starts to go bad. He knows he has only one good throw each afternoon in that tired old arm. And do you know when he cuts loose with it? In pre-game practice, when the outfielders are making their throws to the plate. Then the other team is afraid to run on him the rest of the day. He's printed his little ad and got his message across."

I mused over what my friend had said and saw the truth in it.

"I guess that means that President Johnson is going to keep turning off the lights," I said, "for the rest of the campaign."

"Exactly," he replied.

But we know that every action breeds an opposite reaction. I know that Madison Avenue will not take my friend's cynicism lying down. Certainly not, for his apostasy may spread and infect a large segment of the buying public.

But how to go about it? One immediately thinks of printing bad things about the Fosfate. This would enhance sales among the cynics. On the other hand, it would harm them among the true believers.

What is the way out of this dilemma? I can think of only one way. Leave a blank space in the ads in place of the key word.

Let the ad show a picture of a man at the wheel of his Fosfate pulling into his driveway and have him saying, "At the end of the trip, I looked at my Fosfate's gas gauge and thought, 'Holy smokes, what a .... car this is!' "

I suppose that would be playing it "double or nothing" but there is really no other way.

Fake Bargain Piques Buyer

by HESTER KLINE
Staff Writer

C. N. Parkinson made a name for himself by succinctly stating truisms of our day as "laws."

"If the buyer isn't buying, the seller isn't selling" is a maxim I would like to add to the statutes.

When Mother was teaching us girls the facts of life, she warned us to always hang onto our money until we were completely satisfied with the merchandise or groceries or whatever we were buying. That was before the day of pre-packaged everything, in the dim distant past when there were clerks to wait on trade.

KLINE

The lack of salespeople is one of the shortcomings of today's merchandising. A vague answer filters from public relations offices — "We can't find the help needed." There are also tales of applicants turned away from personnel offices, lack of job stability, split-shifts and other working conditions that are unattractive to career salespeople.

There's a dress in the window that sure looks svelte on that size 9 mannikin. I can just see myself being the hit of Saturday night's dinner party in that little number. But when I get to the department upstairs there isn't a sign of that style nor is there a saleslady in sight.

THAT'S BAD enough. It's even worse when it's a "better" dress, (meaning that the price is just a little steep right now before payday or maybe even after payday), and lo and behold there is a full rack of the dress in every size and every color.

Imagine going to the theatre, and when the lights come up for intermission seeing 29 women wearing your dress! At least, dear department head, don't put all those out on the rack at the same time. But then of course the store would have to have salesladies. Right back where we started, aren't we.

I WAS SO disheartened over the high price of poor potatoes last spring that I quit buying them. Prices for the mainstay of the Irish skyrocketed. Quality plummeted down.

Granted that potatoes start to grow on St. Patrick's Day, but I hated to watch those little white shoots pop right through the bag on the way home from the supermart. Not at 12 cents a pound.

So I quit buying potatoes. I'm sure my rebellion didn't hurt the economy much, but it helped my diet. I can now take a second look for that size 9 dress—well, an 11 anyway.

BUSINESSMEN had gleams in both eyes as they anticipated the merry jangle of the cash register during the Soaring Sixties. Countless new store blocks and shopping centers were planned and they are still being built. Many are doomed before being topped out.

Commercial expansion has over-compensated for the population surge, said John A. Barr, chairman of Montgomery Ward & Co., at the annual meeting last May of the National Industrial Conference Board.

He foretold a bright short-term outlook for consumer spending, but advised an extra push by retailers "to share fully in this benefit."

"One manifestation of this increased competitive atmosphere has been the growth of sharp pricing," Barr told the meeting. He predicted "intense price competition seems almost assured."

NOBODY LIKES a bargain better than I do, but I want no part of fake "specials" at the regular price, sloppy displays, beat-up merchandise, "reduced for quick sale" foods that are only a moment away from becoming penicillin.

My money will be spent in the stores where there are clerks who haves time for a friendly word, where there are neat displays of clean fresh merchandise. It may cost me a few pennies more, but I'll enjoy being treated like a valued friend.

'Speak Up!'

Auto Rules Suburbia

By DEL MARKS
Staff Writer

Transportation facilities, such as commuter trains and bus systems, have made increasingly important contributions to suburban living. But the automobile, which started off the big swing to the suburbs, is still leading the field.

The "Speak Up!" interviewer asked 10 passers-by in Elk Grove Village, Palatine, and Arlington Heights how they get back and forth to work each day. All said they depended on the automobile for transportation within the northwest suburban area. They also had several comments on traffic and road conditions.

The sharing of driving chores with co-workers and neighbors by using car pools and the need of many suburbanites to use their cars in their businesses were two reasons for driving mentioned most frequently by area drivers.

ART KLING, 87 Forest Lane, Elk Grove Village, is a member of a four man car pool for the daily 10-minute drive to their jobs at the Pure Oil Co. general offices on Golf Road.

Kling said each of the four men drives one day a week and they alternate on Thursdays. "By all of us going in one car, our wives can use the car most of the week," he said.

The car pool has been in operation for three years. Kling said they have experienced few traffic troubles except for bad weather in the winter and "that cement mixer you get caught behind every once in a while."

ANOTHER man who shares driving with his neighbor so their wives can use the cars is DeWayne Stecks, 570 Sycamore Dr., Elk Grove Village. They drive 12 miles into Melrose Park each morning.

Stecks said with the two men using one car for transportation to work, the two wives share the other car when necessary for errands and appointments. "The two families help each other," with this arrangement, he said, and each family gets along with one car.

Stecks said in his 2½ years of driving he has encountered few problems other than heavy traffic. He leaves home at 7:15 a.m. to miss the heaviest traffic but "when the streets are torn up or it's slippery, it slows us down," he said.

MRS. DENISE Baranowski, 831 N. Mitchell, Arlington Heights, is a suburban housewife who benefits from her husband taking turns driving with a co-worker. She said her husband is an electrical worker and his job requires a car for the many different places the work takes him.

The two men "travel all over the area," she reported, "working in Joliet this week, and maybe Palatine next." Mrs. Baranowski said with the men taking turns driving they save on car expenses and put fewer miles on their car in a year's time.

"It eliminates owning a second car," was the major benefit of car pools pointed out by Richard Sanger, 10 Woodcrest Lane, Elk Grove Village. He drives through "fairly heavy traffic" 11 miles to Morton Grove over a route that usually takes 40 minutes during the summer and 50 minutes during the winter.

SANGER has driven to Morton Grove regularly for seven years and he said he has become quite familiar with the many problems that can crop up in the daily drive.

"Heaviest traffic is always on Monday and Friday," said Sanger. He theorized more people drive on Friday because often when two people drive together on four days of the week, they each take their own cars on Friday.

Also added to the heavy business traffic on Friday is an unusually high number of drivers out to shop or for weekend fun, Sanger said.

ANOTHER driver who agreed with Sanger on the heaviest traffic occurring on Mondays and Fridays was Earl Stejskal, 203 S. Forest, Palatine.

Stejskal echoed Sanger's statements about Friday afternoon traffic, and also had some theories about Monday traffic. He said much of the Monday rush could be caused by salesmen and other business people who check with the home offices at the first of the week and drive in to report.

Stejskal drives an average of 300 miles a week through northwest suburban and Chicago area traffic. He commutes 20 miles each way to the northwest side of Chicago daily and also drives a company car on business all over the Cook county area.

He said suburban traffic is much heavier than when he moved into the area 15 years ago. The amount of traffic has grown faster than suburban development, he believes, and much of it is due to more young car owners and more two car families.

"Exactly," he replied.

But we know that every action breeds an opposite reaction. I know that Madison Avenue will not take my friend's cynicism lying down. Certainly not, for his apostasy may spread and infect a large segment of the buying public.

But how to go about it? One immediately thinks of printing bad things about the Fosfate. This would enhance sales among the cynics. On the other hand, it would harm them among the true believers.

What is the way out of this dilemma? I can think of only one way. Leave a blank space in the ads in place of the key word.

Let the ad show a picture of a man at the wheel of his Fosfate pulling into his driveway and have him saying, "At the end of the trip, I looked at my Fosfate's gas gauge and thought, 'Holy smokes, what a .... car this is!' "

I suppose that would be playing it "double or nothing" but there is really no other way.

Notice from Publishers

Paddock Publications believes that a variety of ideas and differences of opinion are healthy, stimulating, and a valuable asset to a free press and a free people.

It has always been our policy to make the Page of Opinion a "marketplace of ideas." The official editorial policy of this newspaper is expressed in the columns headed "The Way We See It."

The opinions of our regular columnists and the weekly staff contributors to our potpourri feature "Critic's Corner" are free-wheeling; they reflect the writer's independent viewpoint and not necessarily the official position of the newspaper.

The opinons of our readers are published on "The Fence Post" letters to the editor page.

We believe this diversity of opinion is a contribution to better informing our readers.

'Sudden Adulthood'

The Special Age of 12

by BETTY AINSLIE

What is so magic about the age of 12? Why suddenly is that gangling, long-legged youngster a new expensive addition to the family circle?

What is so special about the number 12 that makes all children suddenly adults when they arrive age-wise at this magic number?

That new 12-year-old is gazed upon with suspicion in nearly all paying places of entertainment. Not old enough to be left to baby sit for younger brothers and sisters or remain alone, he's brought along with the rest of the clan and helps slenderize the pocketbook.

At amusement parks the younger, pre-12 children have fun at their own kiddieland, but not the 12-year-old. Too big for the little rides, he's too young except in fare for the adult ones and must be accompanied on the big rides by an adult.

TAKE ALONG another same-age friend, and you've double trouble—more ideas and two to accompany on the roller coaster. Parents long over the thrills of the chute-the-chutes are suddenly pressed back on those contraptions and paying double for the excitement.

At the movies, 12 years means adult prices. Now he occupies no more room, is possibly less noisy than the eight or 10-year-old, but he now pays the same as dad.

This family, because of height, always paid adult prices early. It was embarrassing to explain that daughter and son really weren't in the adult-paying bracket. And if we wanted to prove our point it would be necessary to carry around birth certificates, so rather than argue we pay the difference and sulk inwardly.

YOU WANT TO eat out with the family? The 12-year-old is given the adult menu, and he orders and pays for the dinner foods. All this is fine if you've children who will eat adult portions and consume all the soup to nuts in-between. A little too old for the nursery rhyme menu of the small child, he still could probably use 12-year-old food portions, at a slightly lower price. But automatically at 12 he's supposed to eat like an adult and pay the same price.

At a smorgasbord, food is inexpensive for the under-12, but whether his appetite is adult or not, if he's a decade and two he pays the grownup rates.

Haircuts take a stiff leap for the 12-year-old. He sits quieter, doesn't struggle or turn like the 2 to 8-year-olds—usually sports a crew cut which is seemingly accomplished in a couple of minutes with an automatic special clippers; but he pays the rates of the fussiest adult.

Seems reasonable to charge a higher rate for a squirming child who wants a man's haircut, but he hasn't reached that magic age so goes for children's prices.

TAKE A TRIP, plan a vacation—if you've a 12-year-old you'll pay adult fare whether you go by train, plane or boat. All your sightseeing trips switch price listings at 12.

Last summer Son No. 2 was a runner up on 12 and our vacation consisted of new cities and sightseeing trips in each one. After the first questionable look from the ticket seller, we didn't bother to explain that this boy wouldn't be 12 until fall, just paid the adult prices.

Being short may not give your children the opportunity of seeing over heads at a parade, but think of how long they can slide along on children's admission prices.

Wonder who decided years ago, to make 12 the magic aging number? Who decided the 12-year-old begin paying as an adult?

BUT THERE IS a surprise for parents of the long-legged look older under 12-year-olds. A reprieve for the mom and dad who are a little tired of explaining that Johnny or Tommy is really just a spot over 11.

Some movie houses have an in-between price range now. A so called high school admission charge which might help out for that tall youngster. Now if we could only get a high school price haircut and a tween-teen dinner menu we might be getting someplace.

Tea to Recognize Women's Wide Community Influence

To recognize women's wide influence in the community, the League of Women Voters of Arlington Heights will give a tea Thursday, Sept. 17, with 200 of the area's women leaders as their guests.

Invitations for the tea, which will take place from 1:30 to 3 p.m. in Pioneer Park Field House, Arlington Heights, were sent out last week. They went to Wheeling and Elk Grove Township's women club presidents, women PTA presidents, precinct captains and committee women, school principals, elected officials, and wives of village presidents.

The tea will be one of the events planned locally by the league as part of its celebration of Women Voters Week, which begins Sept. 13. The week has been designated Women Voters Week by President Lyndon B. Johnson and it was proclaimed Illinois League of Women Voters Week by Gov. Otto Kerner.

"DURING ALL of our League of Women Voters Week activities we want to emphasize the increasing opportunities women face, and the increasing responsibility they should take to insure good government," explained Mrs. Russell Gardner, Arlington Heights League president. "That is why we are giving the tea.

"Our guests are our community's leaders. We want to meet them, learn of their many plans and projects, and help them learn of ours," she explained. "And we plan to askj them to join our 'Each One Reach One" campaign to help more women register."

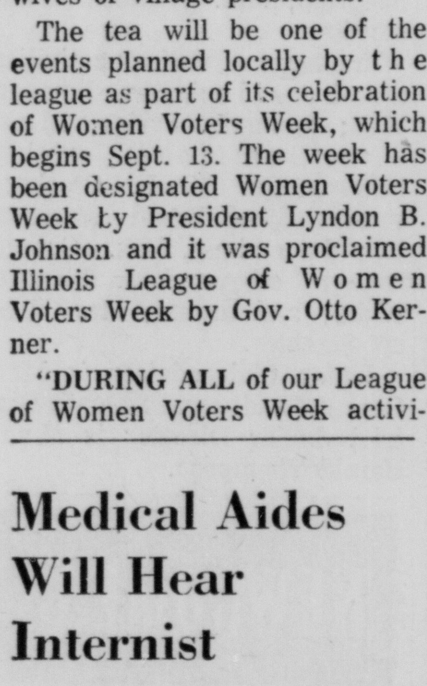
"Each One Reach One" is a key slogan of the Women Voters Week celebration throughout the nation. It was suggested by President Johnson after his President's Commission on Voting and Registration Participation which pointed out that 10 per cent fewer women vote than men.

"WE ARE confident that all our guests are now registered voters, for you cannot be active in community activities without being convinced how important voting is," Mrs. Gardner said. "But they may have friends who know other women who have not registered, either because they are new to the area or feel unqualified because they are not well informed. Often all these women need is a boost."

Mrs. Donald Krezek, voter service chairman, and Mrs. Paul Richardson membership chairman, are sharing responsibility for tea plans. Invitations were sent out by Mrs. Richardson and Mrs. Bruce Kelly. Refreshments chairmen for the tea will be Mrs. Horace S. Villars, hospitality chairman, and Mrs. Frank Moore.

Medical Aides Will Hear Internist

Dr. Morton H. Friedman, medical internist and head of staff at Holy Family Hospital and Plum Grove Nursing Home, will be the speaker at 8 p.m. Wednesday, Sept. 9, when Northwest Branch of the Chicago Medical Assistants meet in the Bank of Rolling Meadows.



MORTON FRIEDMAN

Dr. Friedman, who has been practicing in the area for eight years, was graduated from the University of Illinois, serving his internship and residency at Cook County Hospital. He will speak to the medical assistants on "The Do's and Don't of Emergency Treatment in the Medical Office.

The meeting signals the beginning of an intensive membership drive for the organization. Anyone employed in a medical office, lab or hospital who is interested in furthering relationship between the professional services and the public, is urged to attend meetings and participate in the organization activities. Further information may be obtained by calling LA 9-3162.

Bargain Mart

Old or New, Area Groups Offer Bargains Galore

PEO Sisterhood

The beginning of a college education for some girl from this area may well result from a rummage sale being staged this Friday and Satujday, Sept. 4-5, by Chaputer ER of the PEO Sisterhood.

The sale takes place at Gieseke's Store, corner of Campbell and Evergreen Streets, Arlington Heights, from 6 to 9 p.m. on Friday and from 9 a.m. to noon Saturday.

FURNITURE, garden, tools, good used clothing and toys will be sold, and there will also be a selection of "boutique" items.

The local PEO chapter has been conducting rummage sales for the past 10 years, finding the sales a profitable way to raise funds for PEO national and area projects.

Cottey Junior College, Illinois State scholarships, loans for education and International Peace scholarships are some of the major areas in which the local PEO channels its profits from such events.

HOFFMAN WOMAN'S CLUB

Sept. 11 News Clinic Aimed To Area Clubs

A down-to-earth session on how to write club publicity releases and the plain facts on the use of pictures will be explained to all club presidents and news chairmen submitting news copy to the Paddock Publications' newspapers during a 2-hour newspaper publicity clinic set for

Designed to help publicity chairmen write releases of interest to all readers, and therefore perform a greater service to area clubs, the clinic will be held at the Maitre d' Restaurant in Elk Grove Village beginning at 9:30 a.m.

Included will be a coffee break, with the clinic concluding at 11:30 a.m. in time for busy homemakers to be home with their school children by lunch time.

The clinic will include important data on copy preparation, what is "news," hints on writing style, deadlines, the need for accuracy, the use of names and an explanation of Paddock Publications' news and publicity policies.

OF SPECIAL value will be a discussion of news photos and a helpful talk by Paddock Publications' women's editors, Marianne Scott and Beth Weir, in which they will use specially-prepared illustrated posters.

Clinic speakers will also incude Charles E. Hayes, executive editor of the 15 suburban newspapers, and Thomas C. Grieger, assistant photo editor and staff photographer.

Valuable pamphlets will be passed out to those in attendance. It is expected that there will be some time for a question and answer period.

Interested club presidents and news chairmen are requested to make reservations for the clinic by phoning Mrs. Shaughnessy between 9 a.m. and 4:30 p.m. at Paddock Publications, CL 3-1520, Extension 261.

Stuttering Child

Offer Parent Tips On Speech Defects

Don't teach your child to stutter!

This may sound like foolish advice, yet many parents — because of lack of understanding — are directly responsible for the development of such speech defects in their children, advises the Illinois State Medical Society.

In an attempt to "help" the child, well-meaning parents sometimes hurry him to complete a sentence or—mistaking natural speech hesitation for a defect—supply him with the words to complete his thought. This so-called "help" may cause the child to become emotionally confused, resulting in habitual stuttering.

WHAT CAN parents do if their child already stutters?

Since emotional confusion is only one of many causes of stuttering, parents should have the child undergo a careful examination to rule out any physical malformation of the jaw, larynx, tongue, palate or nasal passageways. If these organs are normal, an examination should be made for nutritional disorders and, lastly, psychological disturbances. Meanwhile, every effort should be made to relax the child, to put him at ease and to treat him as though no defect existed. Observe a child in solitude, singing or talking to a doll or dog, and you will generally observe that there is no stuttering.

It is only when the tot is thrust into a position where he is exposed to ridicule by his playmates or impatience by his parents that the stuttering usually begins. The effort may be likened to a gasping for air.

Wise parents will encourage the child to talk. Making a game out of conversation will not only relax the youngster, which is most essential in the correction, but will instill in his childhood the great art of good speech. He should be placed under the guidance of experts in the problem who will help him overcome his handicap with special training.

IF YOU DON'T want to "teach" your offspring to stutter, remember . . . listen to what he has to say . . . let him speak freely . . . and don't correct his mistakes while he is talking.

And if the child already has a speech defect, seek help for him. Don't wait for him to outgrow it—maybe he won't.

Child Study Group Opens 20th Season

The Child Study Group of Barrington begins its Twentieth Anniversary season with its traditional "Guest Night" Wednesday, Sept. 9, at the Fireside Room of the Barrington Methodist Church, 311 S. Hough St.

Mrs. Walter Neisser of the National Conference of Christians and Jews will be the featured speaker, speaking on "Rearing Children for Today's World."

A native of Milwaukee, Mrs. Neisser graduated from Vassar College, majoring in psychology. She has been a special writer for Field Enterprises publishers of Childcraft and a group leader for the Association of Family Living. Her published writings include "Brothers and Sisters" and "The Eldest Child," the former earning the Parents Magazine Award for the best book in the field.

AS THIS IS the group's annual "Guest Night," all mothers of young children are invited, according to Mrs. Robert McEuen, chairman for the 1964-65 season, who urges all mothers of young children to attend meetings and also to join the group. "The group was founded in 1945 with the idea of bringing parents of young children together with experts in various fields of child care in the hope of making the job of child rearing a little easier," said Mrs. McEuen. Hostess for the evening included, Mrs. Michael Graft and Mrs. Phillip Brockington, both of Palatine, and members of the board.

Plan French Cuisine For Hospital Benefit

Shrimp cocktails, veal steak a faur, string beans almondine, pommes croquets, plus fruite garni, petite rolls and coup St. Jacques are on the menu for the "Running of the Sixth Annual Luncheon and Fashion Show" to be held at Arlington Park's Classic Club Tuesday, Sept. 15. Sponsored by the Northwest Community Hospital Women's Auxiliary, the fall luncheon and fashion show benefit will open with cocktails at 11, lunch at 12:30, with the fashions from Bea Dorsey's in Dundee concluding the benefit.

Chairmen of the benefit have announced that widespread acclaim afforded last year's benefit prompted a repeat performance at Arlington Park and that the "Sixth Running" promises to set another record. Proceeds will be applied against the Auxiliary's $100,000 pledge to the hospital building fund.

Tickets are now on sale and reservations may be made by calling CL 3-0208. Those attending have been asked to use gate 5 on Euclid Avenue for entrance to the club. (S

MISS ILLINOIS, Patricia Quillen of North Aurora, will be one of the models Tuesday, Sept. 15, at the luncheon fashion show presented by the Women's Auxiliary of Northwest Community Hospital. Fashions will be from the Beatrice Dorsey Shop and will include this black velvet bodice and white satin skirt with its embossed black velvet flowers. Miss Illinois, who is being dressed for the Miss America finals by Miss Dorsey, will come directly from Atlantic City to model in the hospital benefit. (S

Globe Is Gift Of Gardeners

A National Geographic Globe with a geo-meter and in its own stand was presented to Wheeling High School last week by Mrs. Allen Erickson, 908 Pebble, president of Four Seasons Garden Club.

The club held two money-making projects, a hat show and a rummage sale earlier in the year with proceeds to be used to purchase reference materials for local schools.

The presentation of the globe was the first step in carrying out this plan.

Booklet Gives Tips for Teens

On the social scene, "what to do when" can present problems for manner - minded teens. For example, if you spill something in a restaurant, do you apologize, clean up the mess or do nothing.

The third answer is correct. If a waiter isn't near when a glass is turned over or food is spilled, simply spread a napkin over the spot and say nothing. Talking about mishaps only impresses them on the minds of others.

THIS QUESTION and teen-tested advice are part of a new free 30-page booklet for the high school girl. "Are You in the Know?" answers questions on personality, dating, manners and good looks.

From advice on how to keep the conversation going on a date, to the correct way to wear a corsage, the new booklet answers more than 80 typical teen questions.

Free copies are available on request by writing to "Are You in the Know," Box 551-P, Kimberly - Clark Corp., Neenah, Wis. (S

Here's HAUGH to Plan a Party

Lunchbox Recipe Swap Can Be Fun at 'Coffee'

By DOLORES HAUGH

The time of the school bell will soon be upon us, and many a child is calling it "back to the peanut butter sandwich" time. There is nothing wrong with a peanut butter sandwich, but every day, five day a week, can get rather "sticky."

If you are a lunchbox-packer type mother, or even one who cooks lunches at noon, give a recipe-swapping lunchbox coffee before school starts.

INVITATIONS

Cut black construction paper slates and frame in yellow. With white ink write the following on the "blackboard":

School Daze, School Daze
Same old lunch at noon days?
This doesn't have to be this year.
Come over for coffee and you will hear
New recipes and ideas, too.
Lunchbox surprises, quite a few!
Don't delay, we're expecting you—
And you will have happier kids.

Sing to the tune of "School Days" and come at 11 a.m. and state date.

Also suggest that each guest bring one special idea she used for lunchboxes or lunch that the children particularly enjoyed last year.

PREPARATIONS

Keep them simple by making it an outside, help-yourself style. Use a calico print on your picnic table, or place three card tables together. Use a lunchbox with a plastic insert and fill it with flowers.

Place "Miss School Daze" beside the box. This is made by using a new notebook, spiral edge type. Place long lashes of black construction paper for eyes, a red eraser for the mouth, several yards of yellow adding machine tape for hair, stick two pencils on with scotch tape so they appear to be behind her ear, place a bow of calico on top and you have this charming miss.

Use coffee mugs and small paper plates, also paper napkins with a school on them or just in a contrasting solid color with the cloth.

PROCEDURE

When guests arrive serve coffee and your favorite cake and/or rolls. Then start in with the lunch box exchange. If you are lucky enough to have facilities to type and reproduce copies, type each guest's idea and add a few of your own and have copies duplicated and mailed to your guests.

Have a contest, closed vote, as to which one was the best idea and award the winner a new recipe box which you have made into a little red school house. Other prizes may be plastic containers which may be used in the lunch box such as pie holders, straws, etc.

Some lunch box ideas are:

1. Hot soup in wide mouth thermos, or hot chocolate or icy eggnog.
2. Make surprise combinations of cheese and meats.
3. Surprise toppings of chopped egg, crisp bacon crumbles or just sprinkles of cinnamon and sugar or graham crackers
4. Desserts and fruits unexpectedly added such as dried prunes, sugared grapes, etc. are "different."
5. Cookies cut with coffee can lids make big smiles and decorated cupcakes with a child's name do, too.

So get your lunchbox lunches out of the humdrums. With variety you can add a little spice to your school children's lives.

DAR Holds Brunch Meet

Eli Skinner Chapter, National Society of the Daughters of the American Revolution, met Aug. 27 for an August brunch and kick-off meeting at Perkins Pancake House in Arlington Heights. Chapter members were reminded of the Fourth Division meeting to be held Sept. 9 from 9 a.m. to 3 p.m. in First Methodist Church, Elgin.

Registration for the meeting will be from 8:30 to 9:30 with luncheon at noon. Eli Skinner chapter regent, Mrs. John L. Oster, will present one of 34 chapter regent's reports. Mrs. Oster, who is also state chairman of the Junior American Citizens Committee, NSDAR, will be among the state officers and chairmen speaking on the duties of their offices at the division meeting, and will travel to the seven divisions throughout the state speaking to Illinois NSDAR members on these duties.

Membership of Eli Skinner chapter is anticipating its second presentation of "Dunton Doorsteps," a tour of prominent historic homes in Arlington Heights. Date for this year's tour is Oct. 14 and tickets may be purchased from any chapter member or by calling Mrs. Maurice Garland, 358-6333.

Child Study Group Opens 20th Season

The Child Study Group of Barrington begins its Twentieth Anniversary season with its traditional "Guest Night" Wednesday, Sept. 9, at the Fireside Room of the Barrington Methodist Church, 311 S. Hough St.

Mrs. Walter Neisser of the National Conference of Christians and Jews will be the featured speaker, speaking on "Rearing Children for Today's World."

A native of Milwaukee, Mrs. Neisser graduated from Vassar College, majoring in psychology. She has been a special writer for Field Enterprises publishers of Childcraft and a group leader for the Association of Family Living. Her published writings include "Brothers and Sisters" and "The Eldest Child," the former earning the Parents Magazine Award for the best book in the field.

AS THIS IS the group's annual "Guest Night," all mothers of young children are invited, according to Mrs. Robert McEuen, chairman for the 1964-65 season, who urges all mothers of young children to attend meetings and also to join the group. "The group was founded in 1945 with the idea of bringing parents of young children together with experts in various fields of child care in the hope of making the job of child rearing a little easier," said Mrs. McEuen. Hostess for the evening included, Mrs. Michael Graft and Mrs. Phillip Brockington, both of Palatine, and members of the board.

Anyone desiring more information or those in need of transportation may phone Mrs. Norman Davis, 381-3037, a member of the membership committee. (S

WELCOME WAGON

'All-Out' Dessert Uses Fresh Pears

For that gala occasion when you want to go all-out on dessert, Pear Melba Cheese Pie is your ticket to culinary fame. It's a party-fancy dessert combining fresh California Bartlett pear halves, frozen raspberries and cream cheese in a well chilled treat for the eye and palate.

When buying fresh Bartletts this summer, look for yellow-skinned fruit if you want to use it in a recipe (or eat it out-of-hand) within a day or two. Green-skinned pears will turn yellow and become eating-ripe after a few days' storage in a paper bag at room temperature. Refrigerate them once they ripen.

PEAR MELBA CHEESE PIE

3 fresh California Bartlett pears
1¼ cups water
2/3 cup sugar
1 envelope plain gelatin
1 package (10 oz.) frozen red raspberries
1 teaspoon lemon juice
1/8 teaspoon salt
1 package (8 oz.) cream cheese
¼ cup milk
1 baked, cooled 9-inch pie shell

Pare, halve and core pears. In large shallow pan, combine water and 13 cu psugar; bring to boil. Add pears; cover and cook until fork-tender. Sprinkle gelatin over ¼ cup syrup from raspberries to moisten. Remove pears from pan; cool. Stir 3/4 cup boiling pear liquid into gelatin. Add 13 cup sugar, lemon juice and salt; stir until dissolved. Blend in raspberries and their syrup.

Chill until mixture mounds on spoon. Combine cheese and milk, reserving 1/3 cup; spread remainder into bottom of pie shell. Pour 2/3rds of gelatin mixture into shell.

Top with pears cut-sides up. Cover with remaining gelatin mixture. Dollop reserved cheese into centers of pears. Chill until set. Makes 6 servings.

An Idea for Last Summer Luncheon

If your reservoir of summer luncheon ideas is bone dry, yet you have one more important event on your social calendar, try this menu on "for size."

Most of the "girls" like chicken salad, so why not serve it with a new twist. To your favorite chicken salad recipe, add to taste chopped water chestnuts, sliced ripe olives, cashew bits and crumbled American blue cheese.

THE ZESTY flavor of the American blue cheese accents the mild flavor of the chicken and other salad ingredients. It will take chicken salad out of the realm of the ordinary luncheon food.

As an easy accompaniment to your cold chicken salad, try dipping packaged biscuits in melted butter and then in a combination of sugar and cinnamon. Place the rolls in a circle in a cake pan and bake according to package directions.

Fudgy brownies, ice cream and hot cups of coffee will complete your tasty luncheon.

Spanish Pastries

Tiny little pastries called Empanadillas will make a hit at your next party. These Spanish appetizers are made with a pastry of olive oil, egg and flour, and a filling of meat, fish, egg or almost anything you like. (Olive oil in the pastry gives it flaky crispness.)

For convenience, they can be made up in advance, frozen, and kept on hand to be baked shortly before they are to be served.

A TYPICAL Spanish filling calls for chopped cooked veal, raisins, onions, pimientos and parsley. Or use any other leftover meat or chicken. If you haven't enough meat, extend it by adding chopped hard-cooked eggs.

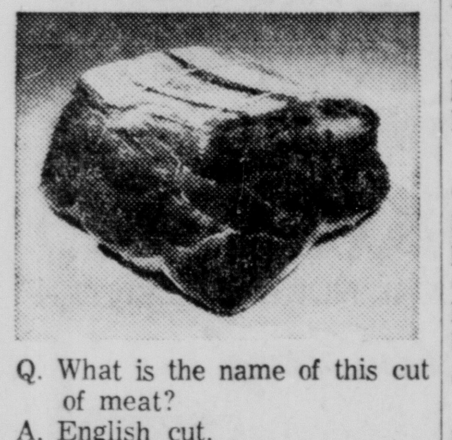
Pastry: Combine ½ cup Spanish olive oil, 1 egg, ¼ cup water and ½ teaspoon salt; sift in 3 cups flour. Knead as for pie crust, divide into four equal parts. Roll out on flour board to 1/8 inch thickness, cut circles with biscuit cutter. Place a teaspoon on half the circles, top with second circle and crimp edges together.

REPEAT WITH remaining pastry. Brush tops with a little oil. Bake at 400° for 25 minutes (30 minutes if taken direct from freezer). Equally good hot or cold.

Filling: Saute 1 cup cooked veal, beef or chicken, and 1 cup minced onion in 4 tablespoons Spanish olive oil. When onion is tender, add ¼ cup raisins, 1 2-oz. can diced pimiento, drained (or ¼ cup), ¾ teaspoon salt.

Simmer 5 minutes longer. Add 1 tablespoon minced parsley. A tablespoon or two of white wine or sherry may be added if desired.

MEAT COOKERY
Quiz



Q. What is the name of this cut of meat?
A. English cut.
Q. Where does it come from? How is it identified?
A. It comes from the chuck or shoulder section of beef. Backbone and blade bones are removed from the roast picture above. In some markets, the rib bones, pictured above, are also removed. In either case, the meat is then tied to form a compact, easiily carved meat cut.
Q. How is it prepared.
A. Braising is recommended for preparing this cut since it is considered less tender. This involves cooking slowly by moist heat. Occasionally, when this cut is high quality it may be roasted, especially on the rotisserie, if slow to moderate temperature is used, and cooking is done to the rare to medium stage. Tenderness is enhanced if the meat is carved into very thin slices.

Recipe Is 'No-Knead'

Young America Bakes Bread of Wheat Germ

Warm weather is still here and the fare of outdoor activities makes it next to impossible to gather the family indoors at mealtime. But let them have a whiff of bread a'baking, and they will be at the kitchen door in no time!

Appetites will be ravenous after all that exercise, so be sure to plan a hearty meal. This Wheat Germ Casserole Bread is ideal fare for amateur athletes who need extra nutrients.

Wheat germ, which comes from the seed portion of the wheat kernel is especially rich in protein and B vitamins. The germ portion of the kernel is usually eliminated in the milling of white flour.

This wholesome yeast bread is made by the easy batter method which does not require kneading.

The bread is baked "en casserole" for a new and different shape.

WHEAT GERM CASSEROLE BREAD

Makes 1 loaf

1 cup milk
2 tablespoons molasses
2 teaspoons salt
1 tablespoon Margarine
½ cup warm water (105 - 115 degree F.)
2 packages or cakes yeast, active dry or compressed
3 cups unsifted flour
½ cup wheat germ.

Scald milk; stir in molasses, salt and margarine. Cool to lukewarm. Measure warm water in large warm bowl. Sprinkle or crumble in yeast; still until dissolved. Add lukewarm milk mixture, flour, and wheat germ. Beat well.

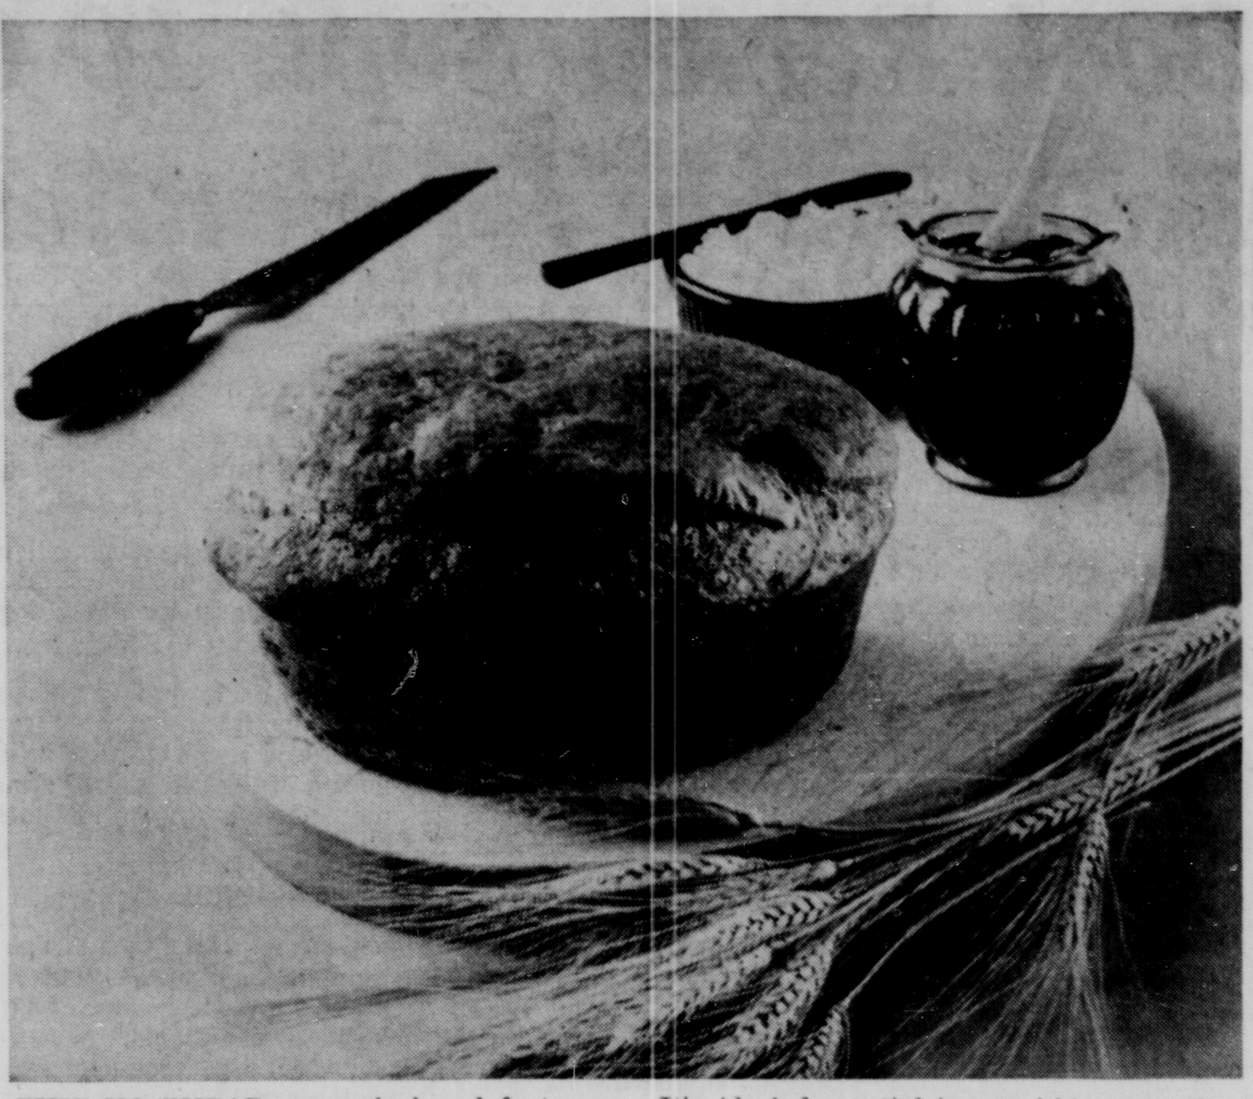
Batter will be stiff. Scrape batter down from sides of bowl. Cover; let rise in warm place, free from draft, until doubled in bulk, about 45 minutes.

Stir down batter and beat vigorously for ½ minute. Spread batter evenly in greased 1½ qt. casserole. Cover; let rise in warm place, free from draft, about 25 minutes.

Bake in moderate oven (375 degree F.) for 45 minutes or until well browned.

From Fleischmann Yeast Co.

For a quick summer dressing, mash ½ cup American blue cheese. Then add ½ cup each of buttermilk and mayonnaise. Blend well.



THIS NO-KNEAD casserole bread features the body-building nutrients in wheat germ. It's ideal for satisfying ravishing appetites stimulated by warm weather activities.

'All-Out' Dessert Uses Fresh Pears

For that gala occasion when you want to go all-out on dessert, Pear Melba Cheese Pie is your ticket to culinary fame. It's a party-fancy dessert combining fresh California Bartlett pear halves, frozen raspberries and cream cheese in a well chilled treat for the eye and palate.

When buying fresh Bartletts this summer, look for yellow-skinned fruit if you want to use it in a recipe (or eat it out-of-hand) within a day or two. Green-skinned pears will turn yellow and become eating-ripe after a few days' storage in a paper bag at room temperature. Refrigerate them once they ripen.

PEAR MELBA CHEESE PIE

3 fresh California Bartlett pears
1¼ cups water
2/3 cup sugar
1 envelope plain gelatin
1 package (10 oz.) frozen red raspberries
1 teaspoon lemon juice
1/8 teaspoon salt
1 package (8 oz.) cream cheese
¼ cup milk
1 baked, cooled 9-inch pie shell

Pare, halve and core pears. In large shallow pan, combine water and 13 cu psugar; bring to boil. Add pears; cover and cook until fork-tender. Sprinkle gelatin over ¼ cup syrup from raspberries to moisten. Remove pears from pan; cool. Stir 3/4 cup boiling pear liquid into gelatin. Add 13 cup sugar, lemon juice and salt; stir until dissolved. Blend in raspberries and their syrup.

Chill until mixture mounds on spoon. Combine cheese and milk, reserving 1/3 cup; spread remainder into bottom of pie shell. Pour 2/3rds of gelatin mixture into shell.

Top with pears cut-sides up. Cover with remaining gelatin mixture. Dollop reserved cheese into centers of pears. Chill until set. Makes 6 servings.

Recipe Is 'No-Knead'

Young America Bakes Bread of Wheat Germ

Warm weather is still here and the fare of outdoor activities makes it next to impossible to gather the family indoors at mealtime. But let them have a whiff of bread a'baking, and they will be at the kitchen door in no time!

Appetites will be ravenous after all that exercise, so be sure to plan a hearty meal. This Wheat Germ Casserole Bread is ideal fare for amateur athletes who need extra nutrients.

Wheat germ, which comes from the seed portion of the wheat kernel is especially rich in protein and B vitamins. The germ portion of the kernel is usually eliminated in the milling of white flour.

This wholesome yeast bread is made by the easy batter method which does not require kneading. The bread is baked "en casserole" for a new and different shape.

WHEAT GERM CASSEROLE BREAD
Makes 1 loaf

1 cup milk
2 tablespoons molasses
2 teaspoons salt
1 tablespoon Margarine
½ cup warm water (105 - 115 degree F.)
2 packages or cakes yeast, active dry or compressed
3 cups unsifted flour
½ cup wheat germ.

Scald milk; stir in molasses, salt and margarine. Cool to lukewarm. Measure warm water in large warm bowl. Sprinkle or crumble in yeast; still until dissolved. Add lukewarm milk mixture, flour, and wheat germ. Beat well.

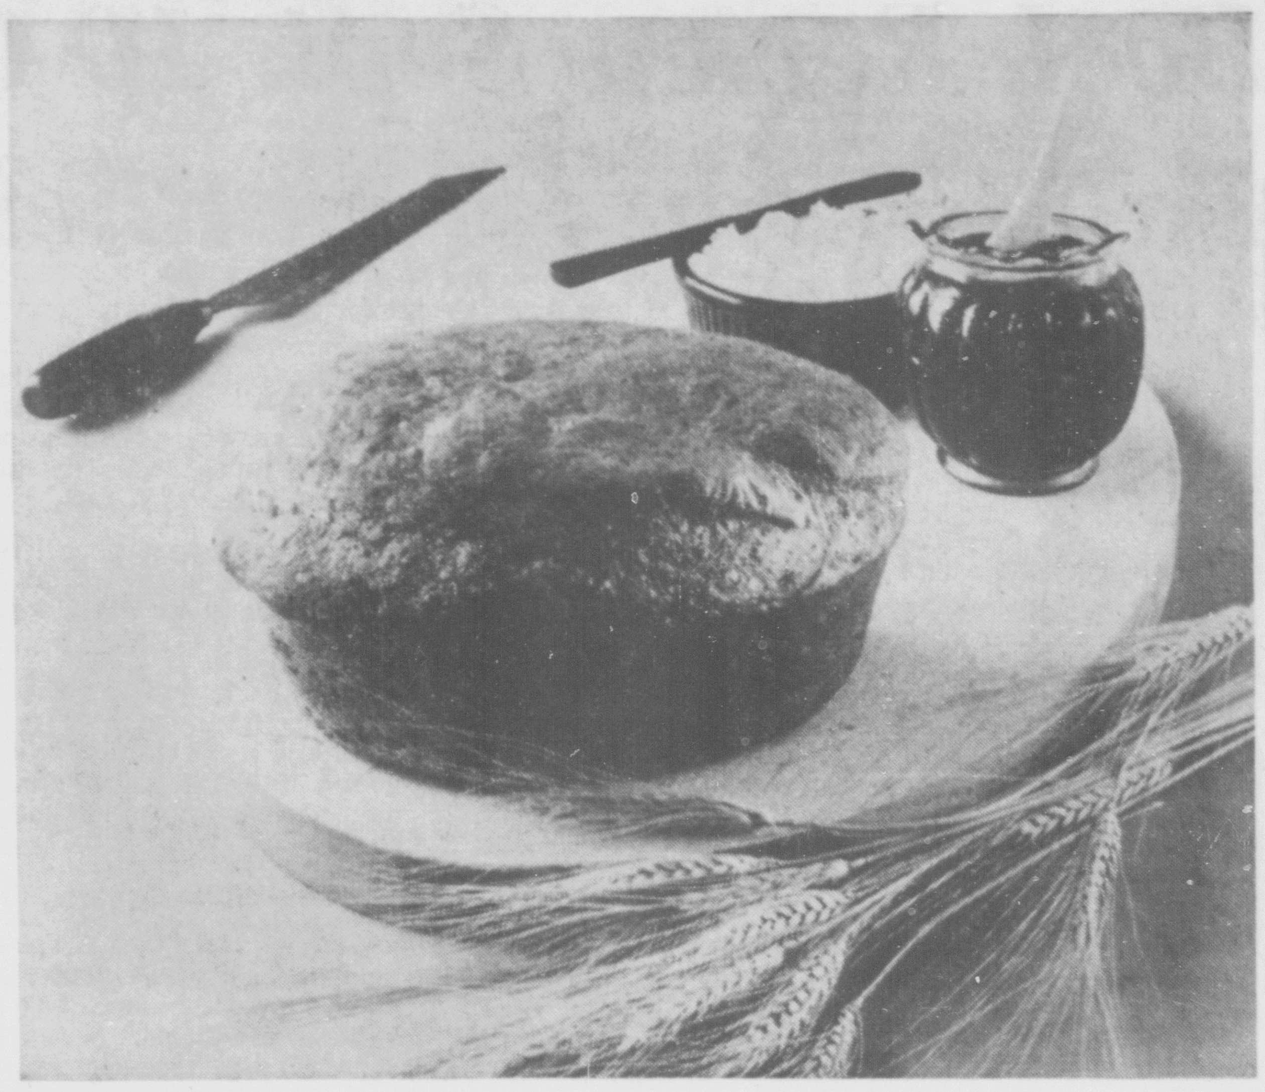
Batter will be stiff. Scrape batter down from sides of bowl. Cover; let rise in warm place, free from draft, until doubled in bulk, about 45 minutes.

Stir down batter and beat vigorously for ½ minute. Spread batter evenly in greased 1½ qt. casserole. Cover; let rise in warm place, free from draft, about 25 minutes.

Bake in moderate oven (375 degree F.) for 45 minutes or until well browned.

From Fleischmann Yeast Co.

For a quick summer dressing, mash ½ cup American blue cheese. Then add ½ cup each of buttermilk and mayonnaise. Blend well.



THIS NO-KNEAD casserole bread features the body-building nutrients in wheat germ. It's ideal for satisfying ravishing appetites stimulated by warm weather activities.

An Idea for Last Summer Luncheon

If your reservoir of summer luncheon ideas is bone dry, yet you have one more important event on your social calendar, try this menu on "for size."

Most of the "girls" like chicken salad, so why not serve it with a new twist. To your favorite chicken salad recipe, add to taste chopped water chestnuts, sliced ripe olives, cashew bits and crumbled American blue cheese.

THE ZESTY flavor of the American blue cheese accents the mild flavor of the chicken and other salad ingredients. It will take chicken salad out of the realm of the ordinary luncheon food.

As an easy accompaniment to your cold chicken salad, try dipping packaged biscuits in melted butter and then in a combination of sugar and cinnamon. Place the rolls in a circle in a cake pan and bake according to package directions.

Fudgy brownies, ice cream and hot cups of coffee will complete your tasty luncheon.

Spanish Pastries

Tiny little pastries called Empanadillas will make a hit at your next party. These Spanish appetizers are made with a pastry of olive oil, egg and flour, and a filling of meat, fish, egg or almost anything you like. (Olive oil in the pastry gives it flaky crispness.)

For convenience, they can be made up in advance, frozen, and kept on hand to be baked shortly before they are to be served.

A TYPICAL Spanish filling calls for chopped cooked veal, raisins, onions, pimientos and parsley. Or use any other leftover meat or chicken. If you haven't enough meat, extend it by adding chopped hard-cooked eggs.

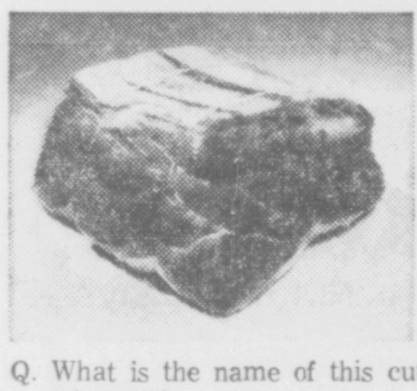
Pastry: Combine ½ cup Spanish olive oil, 1 egg, ¼ cup water and ½ teaspoon salt; sift in 3 cups flour. Knead as for pie crust, divide into four equal parts. Roll out on flour board to 1/8 inch thickness, cut circles with biscuit cutter. Place a teaspoon on half the circles, top with second circle and crimp edges together.

REPEAT WITH remaining pastry. Brush tops with a little oil. Bake at 400° for 25 minutes (30 minutes if taken direct from freezer). Equally good hot or cold.

Filling: Saute 1 cup cooked veal, beef or chicken, and 1 cup minced onion in 4 tablespoons Spanish olive oil. When onion is tender, add ¼ cup raisins, 1 2-oz. can diced pimiento, drained (or ¼ cup), ¾ teaspoon salt.

Simmer 5 minutes longer. Add 1 tablespoon minced parsley. A tablespoon or two of white wine or sherry may be added if desired.

MEAT COOKERY
Quiz



Q. What is the name of this cut of meat?

A. English cut.

Q. Where does it come from? How is it identified?

A. It comes from the chuck or shoulder section of beef. Backbone and blade bones are removed from the roast picture above. In some markets, the rib bones, pictured above, are also removed. In either case, the meat is then tied to form a compact, easily carved meat cut.

Q. How is it prepared.

A. Braising is recommended for preparing this cut since it is considered less tender. This involves cooking slowly by moist heat. Occasionally, when this cut is high quality it may be roasted, especially on the rotisserie, if slow to moderate temperature is used, and cooking is done to the rare to medium stage. Tenderness is enhanced if the meat is carved into very thin slices.

Book Review Sept. 10 Opens Fall Season for Panhellenic

PAN HELLENIC

Chicago Northwest Suburban Panhellenic Association will open its fall season with a book review by Mrs. C. D. Jenks of Arlington Heights at a luncheon Thursday, Sept. 10, at 12:30 p.m. in Arlington Park Golf Club, Rohlwing Road.

A council meeting, composed of a delegate and alternate from each sorority alumnae chapter in the northwest suburbs, will be held at 10:30, according to Mrs. Robert L. Gilmore of Barrington, president, who stresses that all sorority women in the area are invited to the luncheon and book review. Reservations for the luncheon should be phoned to Mrs. Verne Whitnell, CL 3-1150, by Sept. 7.

Mrs. Jenks, chairman of the contemporary literature group of the American Association of University Women, will review "Escape From Red China" by Robert Loh for the Panhellenic women. A graduate of the University of Illinois and a former seventh grade teacher in the Evanston public schools, Mrs. Jenks has recently joined the ranks of book reviewers through the newly-formed AAUW literature group, and this will mark her first appearance before an outside organization. She and her family reside at 1408 Miner St. in Arlington Heights.

THE REORGANIZED Northwest Suburban Panhellenic Association, now beginning its second season, will meet for luncheon programs at Arlington Park Golf Club Nov. 12, March 11 and May 13. Other activities will be announced as the season progresses. Any alumnae of National Panhellenic Conference sororities residing in the Northwest suburbs who would like further information about the group are urged to contact one of the following officers: Mrs. Robt. L. Gilmore, Alpha Chi Or[illegible], Barrington, president; Mrs. Joseph A. Meyer, Alpha Delta Pi, 2312 Kirchoff Rd., Rolling Meadows, vice-president; Mrs. William A. Meister, Alpha Gamma Delta, 402 N. Wilshire, Arlington Heights, secretary; or Mrs. Wilbur Mottweiler, Alpha Omicron Pi, 1904 Bonita Ave., Mount Prospect, treasurer.

KAPPA KAPPA GAMMA

Northwest Suburban Alumnae Association of Kappa Kappa Gamma will have a "Get Acquainted Tea" for their first fall meeting, Sept. 8, 1 p.m., at the Arlington Heights home of Mrs. Joseph Tolson, 1830 N. Kennicott.

Any new Kappa in the area who has not been contacted and is interested in attending meetings may call Mrs. Glenn Schmid, 358-5335.

ALPHA OMICRON PI

While working on tray favors for Illinois Children's Hospital, members of Northwest Suburban Alpha Omicron Pi will be meeting new friends and getting re-acquainted with old ones when the group begins its fall activities Wednesday, Sept. 9.

Mrs. George Kaeding will be hostess to the group for the 8 p.m. meeting in her Park Ridge home.

Any AO Pi alumnae in the area who have not been contacted and are interested in attending meetings of the group may call Mrs. John Holmes, 392-6640.

PI BETA PHI

When Arlington Heights Alumnae Club of Pi Beta Phi begins its monthly meetings Wednesday evening, Sept. 9, members will complete plans for the annual Settlement School sale. Hostess for the meeting will be Mrs. Gladys Hall, 325 N. Benton, Palatine.

The sale, to be held Oct. 1 and 9, offers to the public, hand-crafted articles made at the Pi Beta Phi Settlement School in Gatlinburg, Tenn.

The group will be meeting the second Wednesday of each month through May '65. Any Pi Phi interested in attending meetings may contact Mrs. Maxine Horwath, CL 5-2276, for information.

DELTA ZETA

Mrs. Walter Rogers, president of Delta Zeta, will be hostess Tuesday, Sept. 8, to alumnae of the sorority in her Rolling Meadows home at 2210 Cedar St. The meeting will be held at 8:30 p.m. and will include election of officers and a period of fellowship.

Those making reservations are asked to call Mrs. Rogers at CL 9-2616. (S

Lillian Preus Becomes Charles Ferry's Bride

Four attendants in blue floral print gowns preceded Miss Lillian Preus, daughter of the Roland Preuses, 277 W. Illinois, Palatine, down the aisle of Immanuel Lutheran Church, Palatine, for her marriage to Charles J. Ferry, son of Mrs. Mary Ferry of Cincinnati. The service took place July 25 wth Pastor Sauer officiating amid a setting of white mums and white glads.

The bride was given in marriage by her father and wore a floor-length gown fashioned with chantilly lace bodice and chantilly and white satin skirt with chapel train. The neckline of the gown was trimmed with sequins and the sleeves were long. A swedish crown held her elbow-length veil and she carried a bouquet of white roses and white orchids.

Joanne Hansen of Bensenville was the bride's maid of honor and her bridesmaids were her sister, Mrs. Charlene Thome of Palatine, Miss Lynne Hambrecht, also of Palatine, and Miss Cass Ferry, sister of the groom from Cincinnati. With their floral dresses, the girls wore matching blue headpieces shaped into a rose and they carried bouquets of white mums.

CHARLES PREUS of Palatine was the groom's best man and ushers were Ronald Enfranca of Kansas City, Mo., Jack Thome of Palatine and Ronald Peterson of Neenah, Wis.

Following the double ring service, which took place at 4 p.m., a dinner reception for 200 guests was held in the Palatine Fire Hall. Mrs. Preus received in a blue silk plisse crepe with white carnations, while Mrs. Ferry chose a beige suit with white carnations.

The newlyweds honeymooned briefly at the Flying Carpet, returning to Palatine Monday, where they are now living at the groom's residence at 878 Franklin. The new Mrs. Ferry is a graduate of Palatine High School and is employed by Butler Brothers in Des Plaines. Her bridegroom is with H. M. Harper, Morton Grove.

Mt. Prospect Juniors Begin '64-'65 Season

Special emphasis will be placed on the various committee groups Wednesday evening, Sept. 9, when Mount Prospect Junior Woman's Club holds its first meeting of the 1964-65 season in Mount Prospect Community Center at the Country Club. The groups provide members the opportunity of working on projects of particular interest to them, according to the president, Mrs. Jack Bornhoeft.

Senior Citizens, Literature and Drama, Health and Education and the American Home Committees are among those from which to select. After the business portion of the meeting, members and guests can meet with any of the group chairmen and discuss plans.

Women in the community interested in joining the club, which is a member oft he Illinois Federation of Women's Clubs and the General Federation of Women's Clubs, may call the membership chairman, Mrs. Robert Peterson at CL 9-3174. Transportation can be provided to meetings, according to Mrs. Peterson. (S

Garden Club Donates $150 To School

Last week, Mrs. Allen Erickson, president of the Four Seasons Garden Club; presented on behalf of the club, a check for $150 to Sol M. Minkoff, principal of the new Eugene Field School, for the purpose of purchasing reference materials for the school.

Earlier this year the club sponsored two money-making projects, a hat show and a rummage sale, planning to use the proceeds toward the purchase of reference materials for the school.

The week before the presentation to Mr. Minkoff, Mrs. Erickson made the first such presentation of reference materials, a National Geographic Globe with a Geo-meter to the Wheeling High School.

Aug. 22nd Newlyweds Reside in Champaign

Newlyweds of less than two weeks, Mr. and Mrs. Robert Sbarbaro, are now making their home in Champaign, where the groom is completing work toward his masters in business administration at the University of Illinois and where the bride is now a graduate assistant in Spanish at the University of Illinois.

Both young people are graduates of Purdue University, and their wedding took place Aug. 22 in Clinton, Indiana's First Christian Church. The bride is the former Alvera Peterson, daughter of the Henning Petersons of Clinton, and the groom is the son of Mrs. Jessie Sbarbaro, 300 S. Wa Pella, Mount Prospect.

Rev. Edward Barnes officiated at the 1 o'clock service, after which the wedding party and the bridal pair's families greeted the newlyweds at a reception in Blanford, Ind. The couple honeymooned for a week at the Lake Lawn Lodge in Wisconsin.

THE BRIDE, given in marriage by her father, chose a floor-length gown of crystalette over taffeta, fashioned with three-quarter sleeves. She carried a colonial bouquet of white carnations, sweetheart roses and lily of the valley.

Miss Mary Lester of Clinton was her cousin's only attendant and was in a 2-piece yellow lace street - length dress with bouquet of yellow and bronze daisies. James Kelly of Chicago was the groom's attendant.

For her daughter's wedding Mrs. Peterson chose a powder blue knit dress with navy accessories and Mrs. Sbarbaro chose a 2-piece emerald green sheath with beige accessories. Both mothers had corsages of pink carnations to complete their ensembles.

New address for the couple is 311 E. John St., Champaign, Ill. (S

Circle Women Set Friendship Coffee, Sunday

The women of the Bethany Circle of Grace Evangelical Lutheran Church, Euclid and Wolf Roads, are sponsoring a "Friendship Coffee" hour between the 9:30 and 11 a.m. worship services Sunday, Sept. 6. Mrs. Don Eckman, president of the circle, says that the purpose of this coffee fellowship is to give old and new members of the congregation an opportunity to get acquainted.

Bethany Circle is a part of the Grace Lutheran Church Women and meets the first Thursday afternoon of each month in a home of the members. Mrs. Donald May of Buffalo Grove, is the new president of the GLCW.

Elk Grove Jrs. Open Fall Season

A program featuring a handwriting analyst will follow the business meeting Wednesday, Sept. 9, when Elk Grove Junior Woman's Club holds its first fall meeting at the Maitre d' restaurant in Elk Grove Village.

During the 8:15 p.m. business meeting, a brief resume of activities planned for the coming year will be given by committee chairmen and the first place trophy will be awarded to the club for its winning float entered in the summer peony parade.

The September meeting is traditionally an introductory meeting for women of the Village interested in learning about the activities and purposes of the club. Those interested in attending this guest night may contact Mrs. Peter Arend, membership chairman, at 437-1086. (S

Sorority Activities

Book Review Sept. 10 Opens Fall Season for Panhellenic

PAN HELLENIC

Chicago Northwest Suburban Panhellenic Association will open its fall season with a book review by Mrs. C. D. Jenks of Arlington Heights at a luncheon Thursday, Sept. 10, at 12:30 p.m. in Arlington Park Golf Club, Rohlwing Road.

A council meeting, composed of a delegate and alternate from each sorority alumnae chapter in the northwest suburbs, will be held at 10:30, according to Mrs. Robert L. Gilmore of Barrington, president, who stresses that all sorority women in the area are invited to the luncheon and book review. Reservations for the luncheon should be phoned to Mrs. Verne Whitnell, CL 3-1150, by Sept. 7.

Mrs. Jenks, chairman of the contemporary literature group of the American Association of University Women, will review "Escape From Red China" by Robert Loh for the Panhellenic women. A graduate of the University of Illinois and a former seventh grade teacher in the Evanston public schools, Mrs. Jenks has recently joined the ranks of book reviewers through the newly-formed AAUW literature group, and this will mark her first appearance before an outside organization. She and her family reside at 1408 Miner St. in Arlington Heights.

THE REORGANIZED Northwest Suburban Panhellenic Association, now beginning its second season, will meet for luncheon programs at Arlington Park Golf Club Nov. 12, March 11 and May 13. Other activities will be announced as the season progresses. Any alumnae of National Panhellenic Conference sororities residing in the Northwest suburbs who would like further information about the group are urged to contact one of the following officers: Mrs. Robt. L. Gilmore, Alpha Chi O[illegible] Barrington, president; Mrs. Joseph A. Meyer, Alpha Delta Pi, 2312 Kirchoff Rd., Rolling Meadows, vice-president; Mrs. William A. Meister, Alpha Gamma Delta, 402 N. Wilshire, Arlington Heights, secretary; or Mrs. Wilbur Mottweiler, Alpha Omicron Pi, 1904 Bonita Ave., Mount Prospect, treasurer.

KAPPA KAPPA GAMMA

Northwest Suburban Alumnae Association of Kappa Kappa Gamma will have a "Get Acquainted Tea" for their first fall meeting, Sept. 8, 1 p.m., at the Arlington Heights home of Mrs. Joseph Tolson, 1830 N. Kennicott.

Any new Kappa in the area who has not been contacted and is interested in attending meetings may call Mrs. Glenn Schmid, 358-5335.

ALPHA OMICRON PI

While working on tray favors for Illinois Children's Hospital, members of Northwest Suburban Alpha Omicron Pi will be meeting new friends and getting re-acquainted with old ones when the group begins its fall activities Wednesday, Sept. 9.

Mrs. George Kaeding will be hostess to the group for the 8 p.m. meeting in her Park Ridge home.

Any AO Pi alumnae in the area who have not been contacted and are interested in attending meetings of the group may call Mrs. John Holmes, 392-6640.

PI BETA PHI

When Arlington Heights Alumnae Club of Pi Beta Phi begins its monthly meetings Wednesday evening, Sept. 9, members will complete plans for the annual Settlement School sale. Hostess for the meeting will be Mrs. Gladys Hall, 325 N. Benton, Palatine.

The sale, to be held Oct. 1 and 9, offers to the public, hand-crafted articles made at the Pi Beta Phi Settlement School in Gatlinburg, Tenn.

The group will be meeting the second Wednesday of each month through May '65. Any Pi Phi interested in attending meetings may contact Mrs. Maxine Horwath, CL 5-2276, for information.

DELTA ZETA

Mrs. Walter Rogers, president of Delta Zeta, will be hostess Tuesday, Sept. 8, to alumnae of the sorority in her Rolling Meadows home at 2210 Cedar St. The meeting will be held at 8:30 p.m. and will include election of officers and a period of fellowship.

Those making reservations are asked to call Mrs. Rogers at CL 9-2616. (S

Lillian Preus Becomes Charles Ferry's Bride

Four attendants in blue floral print gowns preceded Miss Lillian Preus, daughter of the Roland Preuses, 277 W. Illinois, Palatine, down the aisle of Immanuel Lutheran Church, Palatine, for her marriage to Charles J. Ferry, son of Mrs. Mary Ferry of Cincinnati. The service took place July 25 wth Pastor Sauer officiating amid a setting of white mums and white glads.

The bride was given in marriage by her father and wore a floor-length gown fashioned with chantilly lace bodice and chantilly and white satin skirt with chapel train. The neckline of the gown was trimmed with sequins and the sleeves were long. A swedish crown held her elbow-length veil and she carried a bouquet of white roses and white orchids.

Joanne Hansen of Bensenville was the bride's maid of honor and her bridesmaids were her sister, Mrs. Charlene Thome of Palatine, Miss Lynne Hambrecht, also of Palatine, and Miss Cass Ferry, sister of the groom from Cincinnati. With their floral dresses, the girls wore matching blue headpieces shaped into a rose and they carried bouquets of white mums.

CHARLES PREUS of Palatine was the groom's best man and ushers were Ronald Enfranca of Kansas City, Mo., Jack Thome of Palatine and Ronald Peterson of Neenah, Wis.

Following the double ring service, which took place at 4 p.m., a dinner reception for 200 guests was held in the Palatine Fire Hall. Mrs. Preus received in a blue silk plisse crepe with white carnations, while Mrs. Ferry chose a beige suit with white carnations.

The newlyweds honeymooned briefly at the Flying Carpet, returning to Palatine Monday, where they are now living at the groom's residence at 878 Franklin. The new Mrs. Ferry is a graduate of Palatine High School and is employed by Butler Brothers in Des Plaines. Her bridegroom is with H. M. Harper, Morton Grove.

Angel Food Cake is Sauced for Special Treat

CRANBERRY MOLD

1 tablespoon plain gelatine
1 cup pineapple juice
¾ cup sugar
1 tablespoon lemon juice
1 package cherry jello
1 cup hot water
1 cup raw cranberries, ground
1 orange and rind, ground fine
1 cup crushed pineapple, drained
1 cup chopped celery
½ cup chopped pecans

Soften plain gelatine in pineapple juice; heat until it dissolves. Add sugar, lemon juice and cherry jello that has been dissolved in hot water. Stir until blended and chill until partially set.

Add remaining ingredients and turn into a 2-quart mold. Chill until served; turn out on salad greens. Serves 12.

HAM ROLLS WITH CHEESE SAUCE

2 tablespoons soft butter
1½ tablespoons prepared mustard
1 cup ground ham
2 cups flour
4 tablespoons baking powder
½ teaspoon salt
4 tablespoons shortening
¾ cup milk

Add butter and mustard to ground ham and mix well. Sift together flour, baking powder and salt. Add shortening and blend in with fork. Add liquid to make a soft dough.

Turn out on floured board and toss lightly until outside looks smooth. Roll out ¼-inch thick in a sheet 12 inches long and 10 inches wide. Spread with ham; roll up like a jelly roll and slice in 2-inch pieces. Place the rolls cut-side-up (like a pinwheel) in a greased, 9 by 9-inch pan. Bake in a hot oven at 475 degrees about 14 minutes.

Serve with hot cheese sauce (undiluted cheese soup may be used.) Serves 8.

ANGEL FOOD CAKE WITH ORANGE SAUCE

1 angel food cake
4 egg yolks
Juice of 2 oranges
Rind of ½ orange, grated
1 cup granulated sugar
½ pint whipping cream, whipped

Beat egg yolks well until light and lemon-colored. Combine with orange juice, rind and sugar. Cook in the top of a double boiler for 20 minutes, stirring occasionally. Cool and fold in whipped cream. Store in refrigerator until used.

Spoon sauce over slices of angel food cake. Makes enough for one cake.

Classic Dessert Made Even Richer

by LOIS SEILER

"I have been eating this salad for many more years than I have been making it," said Mrs. James J. O'Hara in describing one of her favorite recipes.

"My grandmother always served this cranberry mold with her Christmas and Thanksgiving turkeys," she explained, "but we like it at other times of the year as well."

This tasty salad combines ground raw cranberries, ground orange, chopped celery, crushed pineapple and chopped pecans with cherry jello. Its crunchy texture, tart flavor and pretty red color make it an appealing accompaniment for ham and chicken as well as turkey.

"Men especially like this salad because it isn't sweet," Mrs. O'Hara said.

The cranberry mold also makes a nice accompaniment for this good cook's Ham Rolls with Cheese Sauce. "This recipe is particularly good for utilizing leftover ham," Pat O'Hara emphasized.

She grinds up leftover ham, combines it with butter and mustard and spreads this mixture on a biscuit dough.

Rolled up and cut to resemble pinwheels, the rolls are baked for a mere 14 minutes. Served with a cheese sauce (which can be made using a canned cheese soup), the appealing ham rolls need only a salad and vegetables as accompaniments.

For dessert this capable cook suggests a heavenly Angel Food Cake with Orange Sauce.

THIS LIGHT and delightful sauce combines beaten egg yolks, orange juice and rind and sugar. Cooked in a double boiler and cooled, whipped cream is then folded in and the sauce is spooned over slices of angel food cake. Easy to make, it is an elegant dessert treat.

The busy mother of five children, this homemaker not only enjoys cooking, but also does a considerable amount of canning and has a well-stocked freezer as well. Sewing is another of her primary interests.

The O'Hara family lives at 1539 N. Ridge in Arlington Heights. Their children are: Patricia, 9; Teresa, 8; Jimmy, 5; Megan, 3, and Kevin, 5 months.

MRS. JAMES O'HARA of Arlington Heights spoons orange sauce over slices of angel food cake while her children, Teresa, Megan, Jimmy and Patty, who is holding Kevin, happily anticipate tasting this heavenly dessert. This good cook's recipe for this delicious sauce, plus two other of her favorites for a cranberry mold and ham rolls with cheese sauce, are featured in the adjoining column. (SH

1 cup chopped celery
½ cup chopped pecans

Soften plain gelatine in pineapple juice; heat until it dissolves. Add sugar, lemon juice and cherry jello that has been dissolved in hot water. Stir until blended and chill until partially set.

Add remaining ingredients and turn into a 2-quart mold. Chill until served; turn out on salad greens. Serves 12.

HAM ROLLS WITH CHEESE SAUCE

2 tablespoons soft butter
1½ tablespoons prepared mustard
1 cup ground ham
2 cups flour
4 tablespoons baking powder
½ teaspoon salt
4 tablespoons shortening
¾ cup milk

Add butter and mustard to ground ham and mix well. Sift together flour, baking powder and salt. Add shortening and blend in with fork. Add liquid to make a soft dough.

Turn out on floured board and toss lightly until outside looks smooth. Roll out ¼-inch thick in a sheet 12 inches long and 10 inches wide. Spread with ham; roll up like a jelly roll and slice in 2-inch pieces. Place the rolls cut-side-up (like a pinwheel) in a greased, 9 by 9-inch pan. Bake in a hot oven at 475 degrees about 14 minutes.

Serve with hot cheese sauce (undiluted cheese soup may be used.) Serves 8.

ANGEL FOOD CAKE WITH ORANGE SAUCE

1 angel food cake
4 egg yolks
Juice of 2 oranges
Rind of ½ orange, grated
1 cup granulated sugar
½ pint whipping cream, whipped

Beat egg yolks well until light and lemon-colored. Combine with orange juice, rind and sugar. Cook in the top of a double boiler for 20 minutes, stirring occasionally. Cool and fold in whipped cream. Store in refrigerator until used.

Spoon sauce over slices of angel food cake. Makes enough for one cake.

Classic Dessert Made Even Richer

by LOIS SEILER

"I have been eating this salad for many more years than I have been making it," said Mrs. James J. O'Hara in describing one of her favorite recipes.

"My grandmother always served this cranberry mold with her Christmas and Thanksgiving turkeys," she explained, "but we like it at other times of the year as well."

This tasty salad combines ground raw cranberries, ground orange, chopped celery, crushed pineapple and chopped pecans with cherry jello. Its crunchy texture, tart flavor and pretty red color make it an appealing accompaniment for ham and chicken as well as turkey.

"Men especially like this salad because it isn't sweet," Mrs. O'Hara said.

The cranberry mold also makes a nice accompaniment for this good cook's Ham Rolls with Cheese Sauce. "This recipe is particularly good for utilizing leftover ham," Pat O'Hara emphasized.

She grinds up leftover ham, combines it with butter and mustard and spreads this mixture on a biscuit dough.

Rolled up and cut to resemble pinwheels, the rolls are baked for a mere 14 minutes. Served with a cheese sauce (which can be made using a canned cheese soup), the appealing ham rolls need only a salad and vegetables as accompaniments.

For dessert this capable cook suggests a heavenly Angel Food Cake with Orange Sauce.

THIS LIGHT and delightful sauce combines beaten egg yolks, orange juice and rind and sugar. Cooked in a double boiler and cooled, whipped cream is then folded in and the sauce is spooned over slices of angel food cake. Easy to make, it is an elegant dessert treat.

The busy mother of five children, this homemaker not only enjoys cooking, but also does a considerable amount of canning and has a well-stocked freezer as well. Sewing is another of her primary interests.

The O'Hara family lives at 1539 N. Ridge in Arlington Heights. Their children are: Patricia, 9; Teresa, 8; Jimmy, 5; Megan, 3, and Kevin, 5 months.

MRS. JAMES O'HARA of Arlington Heights spoons orange sauce over slices of angel food cake while her children, Teresa, Megan, Jimmy and Patty, who is holding Kevin, happily anticipate tasting this heavenly dessert. This good cook's recipe for this delicious sauce, plus two other of her favorites for a cranberry mold and ham rolls with cheese sauce, are featured in the adjoining column. (SH

John Boehner Jr. and Bride Take Peace Corps Training

A couple who met aboard a ship en route to Europe during the summer of '63 are still doing a lot of traveling, but since Aug. 1 it has been as Mr. and Mrs. John F. Boehner Jr. They were married in Oregon, Ohio, home town of the bride, Judith Lynn Kiss, and after a 2-week honeymoon at New York City and Cape Cod went back to Oregon to pack their wedding gifts and other belongings for a 2-year stint in the Peace Corps.

The groom, son of the senior J. F. Boehners, 733 S. Walnut, Arlington Heights, and his bride flew to Tempe, Ariz., last weekend to begin a 2½-month training period at Arizona State University prior to leaving for Mato Grosse, Brazil, their Peace Corps assignment.

THE BOEHNER family went to Oregon for the festivities, which included the wedding in St. Ignatius Church at 11:30 a.m. and a reception immediately following in Sunningdale Country Club Toledo, for 150 guests.

The groom is a '64 graduate of Southern Illinois University, majoring in communications. He was affiliated with Delta Chi Fraternity and a member of Sphinx Club, highest non-academic honorary for contributions to the university.

HIS BRIDE, daughter of Mr. and Mrs. Julius Kiss, is a Bowling Green State University graduate and was May Queen there in 1962. She was affiliated with Alpha Xi Delta Sorority while at the university. Last year she taught sixth grade in Madison School, Lakewood, Ohio.

The Kiss-Boehner rites were performed by Rev. C. C. HerinDghaus before an altar decked with white glads. The bride came down the aisle wewring a candlelight white peau de soie and lace gown with a chapel length train falling from the shoulder line. It was simply styled with short sleeves and an A-line skirt.

With the gown she wore a small crown headpiece of pearls and rhinestone to hold an off-white French illusion veil. She wore elbow-length white kid gloves and carried a cascade arrangement of white Amazon lilies and ivy.

AFTER GIVING his daughter in marriage, Mr. Kiss was seated with his wife who wore a rose silk sheath dress for her daughter's nuptials. The groom's mother chose a turquoise silk dress with a lace jacket, and each of the women had a white cymbidium corsage pinned to her shoulder.

The bride's sorority sister, Joyce Lynn Laibe of Indianapolis, was maid of honor, wearing a floor-length sheath dress of white eyelet over green taffeta. A circle headpiece with a blusher veil matched the green in her dress, and she carried a bouquet of mixed flowers featuring white, pink and purple with ivy.

HER ESCORT was Gerald Kouzmanoff of Arlington Heights, who was best man for his fraterity brother.

There were two bridesmaids, Judy Boehner, the groom's sister, and Mary Lou Farmer of Toledo, and also two flower girls, Lorraine and Regina Kiss, 5 and 4 respectively, who are nieces of the bride. All four were gowned exactly like the maid of honor and carried similar bouquets.

Seating the guests for the double ring rites were Edward Whitelaw of Summit, N.J., and James Kiss, the bride's brother. (S

Job's Daughters 103 Reveal Surprises

Friends' Night for Bethel 103, Job's Daughters of Arlington Heights, included a pleasant surprise last Wednesday. Sue Livingston of Arlington Heights, honored queen, kept the identity of the guest honored queen secret until the last moment, when it was disclosed that Vicki Slater of Arlington Heights would serve in that capacity for the evening.

The stage was decorated with a purple satin backdrop on which there were clasped hands with the names "Sue" and "Vicki" and silver letters reading "Queen For A Night."

AS HER SURPRISE guests of honor, Vicki chose Carol Herda and Diane Sharp, both of Arlington Heights. Miss Sue Heilig was soloist, greeting the guests with appropriate songs, accompanied by Olav Larsen, associate guardian of Bethel 103, at the organ. Members of the choir served in the other stations.

Mrs. Richard Heilig, guardian of Bethel 103, announced that the meeting scheduled for Wednesday, Sept. 9, will start promptly at 6:30 p.m., rather than the usual time of 7:30 in order to permit sufficient time for rehearsal afterwards.

Plan Luncheon

Two Mount Prospect women, Mrs. Dale Wilke, 217 Elmhurst, and Mrs. Raymond Ennes, 805 S. School, are among the chairmen working on the Sept. 12 luncheon and fashion show sponsored by alumnae of Carthage College.

The affair is being held at Itasca Country Club, and alumnae and friends of the college will serve as models.

Karen Stoltz

The engagement of their daughter, Karen Stoltz, to Lee W. Sorensen of Hoffman Estates, is announced by her parents, the Ralph W. Stoltzes of Barrington.

The bride-to-be was graduated from Barrington High School and attended Wesleyan College in Macon, Ga. Mr. Sorsensen, son of the senior Lee W. Sorensens, 141 Woodlawn, Hoffman Estates, is a graduate of Oak Park High School and Purdue University. He is currently employed by Johns Nigrelli Johns of Skokie.

The wedding is to take place Sept. 26 in Grace Lutheran Church, River Forest.

Patricia Andreasen Returns To U of I As Mrs. Tibbetts

Traditional bridal white was accented with pink touches to complement the rays of pink and lavender light shining through the stain glass windows of Southminster United Presbyterian Church, Arlington Heights, for the Aug. 1 marriage of Patricia Avis Andreasen and Gary G. Tibbetts.

The bride, daughter of Mr. and Mrs. Robert O. Andreasen, 1726 S. Brookview Lane, Palatine, was attired all in white for the 3:30 ceremony before an altar decked with white mums and

all gowned in pink silk shantung and carried pink and white glamellias to complete the color scheme. Their dresses were street-length with empire waistlines and modified A-line skirts.

Maid of honor was Claire Swanson of Chicago, and two Barrington girls, Penny Brown and Carolyn Wangelin, were bridesmaids. The bride's 13-year-old sister, Joan Andreasen, was junior bridesmaid and dressed exactly as the adult attendants.

THE GROOM, son of Mr. and Mrs. Donald Tibbetts of Omaha, had his brother, Dennis Tibbetts, as best man. Seating the guests were William Andreasen, the bride's brother; Roger Bland of Berkeley, Calif., and David Zimmerman of Madison.

The bride chose a floor-length silk shantung dress, styled similarly to her attendants' gowns, but the neckline and a front panel on the bodice and skirt were appliqued in alencon lace rosebuds studded with pearls. A small flat bow emphasized the empire waistline.

Holding her silk illusion veil in place was an alencon lace headpiece of the same rosebud motif on her dress.

She carried a crescent bouquet of white fuji mums with stephanotis.

DR. PHILLIP Sorce of West Chicago performed the double ring rites as Paul Eckley of Palatine, a friend of the bride's family, sang a solo entitled "Love." He was accompanied at the organ by Mrs. Clarence Wright of Mount Prospect.

The couple was feted later in the day at a buffet supper and garden reception at the home of the bride's parents. There the two families greeted 175 guests. Mrs. Andreasen wore a beige silk shantung dress with matching accessories. A corsage of pink rosebuds accented Mrs. Andreasen's attire; white rosebuds composed Mrs. Tibbett's corsage.

ONTARIO, Canada, was the site of the couple's 10-day honeymoon after which they settled in Urbana, Ill.

They are both students at the University of Illinois, the bride to graduate in February in social studies education. The groom, a graduate of California Institute of Technology, received his master degree in physics from the U of I and is now working on his PhD there.

Especially for Women

St. Theresa Women Mark Birthdays

Following the first fall meeting of St. Theresa Council of Catholic Women, each member will share her own special birthday cake, according to Mrs. Frank Jasonowicz and Mrs. Edwin Remian, hospitality chairmen. The meeting will be held at 8:30 p.m. Wednesday, Sept. 9 in the school hall, 445 N. Benton, Palatine.

New president of the group is Mrs. Victor Zielinski and serving as vice president is Mrs. Walter Wirsing. Mrs. John Smith is secretary and Mrs. Donald Vallely treasurer. Spiritual moderator for the group is Rev. Raymond Sullivan.

Committee chairmen for the new season are Mrs. Alfred Giesler, Catholic Action; Mrs. Joseph Koenig, community service; Mrs. Elmer Drabant and Mrs. George Heiland, Elgin Hospital; Mrs. Richard Meagher, Girl Scouts; Mrs. George Beatty, home school; Mrs. Jasonowicz and Mrs. Remian, hospitality; Mrs. Robert Gunto, Library; Mrs. Donaly Ewald, program; Mrs. Kendall White, publicity; Mrs. Stephen Majus, spiritual; and Mrs. Thomas Sammons, ways and means.

When to Salt

Salt all meat before cooking to bring out the full flavor, declares Pierre Frenay, internationally renowned chef and director of the Howard Johnson kitchens.

Declaring that there is no basis at all for the old belief that salt added to meat before cooking toughens it, Chef Frenay insists that salting in advance is necessary to bring out the full flavor of the meat and when the meat is cooked properly, over a steady not too hot fire, the salt actually makes the meat more juicy.

JUNE GRADUATES of Lake Forest College, Prudence Koppe of Chicago and Harry Bierma III of Arlington Heights, were married recently in the First Presbyterian Church of Arlington Heights and later feted at a reception in Old Orchard Country Club. The bride, daughter of Harold D. Koppe, will teach fifth grade in Highland Park, and the groom, whose parents are the junior Harry Biermas of 15 E. Willow St., is working for Baxter Laboratories in Morton Grove. The newlyweds are living in Lake Forest. (S

When to Salt

Salt all meat before cooking to bring out the full flavor, declares Pierre Frenay, internationally renowned chef and director of the Howard Johnson kitchens.

Declaring that there is no basis at all for the old belief that salt added to meat before cooking toughens it, Chef Frenay insists that salting in advance is necessary to bring out the full flavor of the meat and when the meat is cooked properly, over a steady not too hot fire, the salt actually makes the meat more juicy.

JUNE GRADUATES of Lake Forest College, Prudence Koppe of Chicago and Harry Bierma III of Arlington Heights, were married recently in the First Presbyterian Church of Arlington Heights and later feted at a reception in Old Orchard Country Club. The bride, daughter of Harold D. Koppe, will teach fifth grade in Highland Park, and the groom, whose parents are the junior Harry Biermas of 15 E. Willow St., is working for Baxter Laboratories in Morton Grove. The newlyweds are living in Lake Forest. (S

GOP Women Select Officers, Chairmen

Officers of the Wheeling Township Women's Republican Club were announced recently by President Mrs. Franklin Friday.

They are Mrs. William Andrew, first vice president and program chairman; Mrs. J. T. Davis, second vice president and ways and means chairman; Mrs. Dale Retherford, recording secretary; Mrs. Thomas Novotny, treasurer; and Mrs. Richard Sims, sergeant-at arms.

Also named were committee chairmen, which included Mrs. Harold Jenkins, campaign activities; Mrs. Bud Matt, membership; Mrs. Donald Anderson, legislation and resolutions; Mrs. Ronald Thon, newsletter.

MRS. GEORGE Coker, bylaws and revisions; Mrs. Jerry Van Heltebrake, education; Mrs. D. L. Marquis, GOP program; and Mrs. LeRoy Nelson, publicity.

The club's regular meetings will resume in September, at 8:30 p.m. the fourth Thursday of each month, at the Arlington Federal Savings and Loan Association meeting hall.

Republican women interested in becoming members are invited to call Mrs. Bud Matt at 392-3927.

Heights OES To Welcome Officials

Worthy matrons and worthy patrons of the neighboring areas will be special guests at the Sept. 10 meeting of Arlington Heights OES Chapter 992. They are being invited by Worthy Patron Neil Livingston and Worthy Matron Beverly Albrecht.

Mrs. Winnie Dobson and William Belter of Wilmette chapter will serve in the east, and Mrs. Helene Mueller of Des Plaines will be the guest of honor. The meeting begins at 8 p.m.

ON SEPT. 24 the worthy grand matron of Illinois, Mrs. Emma Ainsley, will visit the local chapter, accompanied by her official family.

The day card party set for Sept. 21 will be held in the home of Mrs. Katherine Strom, 816 Wilshire, Arlington Heights.

Dental Aides Meet Sept. 8 At Maitre d'

Northwest Branch of the Chicago Dental Assistants Association will hold their first meeting of the fall season Tuesday, Sept. 8, at the Maitre d' Restaurant in Elk Grove Village. Dinner will be at 7:30 and the meeting will be held at 8:30 p.m.

Speaker for the evening will be Dr. Kreiner of the Chicago Dental Association, who will speak on the dental assistant giving a clinic. To assist Dr. Kreiner, Gail Kulinck will demonstrate a patient recall system and Carolyn Gray will illustrate a clinic on oral phychology.

Meetings of the group will be held the first Tuesday of each month at the Maitre d' and reservations may be made by calling Rosel Schamne, CL 3-7477.

Make Carefree Grill With Apples, Sausages

'Tis the season of the picnic. And all across the land families are piling into cars and heading for the great outoors, never forgetting to pack the trusty grill for that favorite outdoor sport — barbecuing. But barbecuing, even as cooking in the kitchen, can keep someone slaving over a hot stove, so a carefree cookout like this nifty Sausage and Apple Grill that takes just the flick of a can-opener to prepare, and cooks itself, is sure to be a winner with the cook.

CAREFREE COOKOUT is this sausage and apple grill, cooked in foil on top of the grill with hearty sweet potatoes.

EASY TO PACK TOO, with nothing to spoil or spill. A can of those same convenient pie-sliced apple you use for making pies, whole sweet potatoes, sausages you've cooked beforehand, or you can use the ready-to-serve kind, and sugar and spice (which you'll have wrapped in paper.)

Heating time on the grill takes just thirty minutes; the neat foil package needs no watching, so that means time enough for a pre-prandial swim for the lucky chef.

SAUSAGE AND APPLE COOKOUT

(Serves four)

Pre-cooked or ready-to-eat sausages (enough for four).

1 can whole sweet potatoes.
1 can (1 lb. 4-oz.) pie-sliced apples, well drained.
½ cup dark brown sugar.
½ teaspoon ground cloves.
Heavy duty aluminum foil.

Arrange sausage links in a rectangle on a double thickness of heavy duty aluminum foil (cut about 18 inches long). Place sweet potatoes inside the rectangle. Mix brown sugar and cloves and sprinkle over the apple slices in row on tap of sweet potatoes. Wrap tightly in foil. Heat on grall about 30 minutes or until hot.

Hint: Mix sugar and cloves at home and take to picnic in foil package.

Cake Mix, Nuts Are Combined

Interested in a different dessert idea? Here's a delightful tip using cake mix and nuts.

To make an unusually good nut cake, the next time you use a packaged cake mix, set aside about 1 tablespoon of the flour mixture. Dust ½ cup of chopped nuts with the flour.

Then, after thoroughly mixing the cake according to package directions, fold the dusted nuts into the batter. Bake as usual and frost.

Whole nuts will make an attractive and delicious decoration on top of the frosted cake.

Savory Meat Ball Stew Is Help-the-Cook Dish

SIMPLE TO PREPARE, meat ball stew combines canned foods, a dash of dill weed and beef bouillon. Fresh tomatoes are added for color contrast. (SH

Chowder is hearty, simple fare and perfect for a summer meal. It can be simple to prepare, too, when the basis is a canned meat ball stew, chef seasoned, and needing only to be heated with some additional liquid and fresh tomatoes.

Served for contrast with a chilled crisp salad, Italian bread, and seasonal fresh fruits, it is sure to please family and friends.

It is, too, a help-the-cook dish. It can be reheated to serve late arriving members of the family or guests and it is delicious.

MEAT BALL CHOWDER

1 tablespoon butter or margarine
1 cup chopped celery
1 medium onion, sliced
2 cups beef bouillon
¼ teaspoon dill seed
2 (1 lb. 14 oz.) cans Meat Ball Stew*
2 medium tomatoes
1 cup light cream.

Melt butter. Add celery and onion and cook until tender. Add bouillon, dill weed and meat ball stew. Bring mixture to the boil; reduce heat and simmer, uncovered, for 15 minutes to heat thoroughly.

Cut off stem end of tomatoes and cut into wedges. Add tomato wedges and cream to meat ball mixture and continue to cook for 5 minutes longer. Makes 6 servings.

Cooking out? You may like to add flavor as well as variety to your cookery with one of these sauces, points out Reba Staggs, meat cookery expert.

CANTON MARINADE

When you plan to marinate meat, such as beef or lamb cubes for kabobs, several hours or overnight, use this mixture: Combine 2 small onions, chopped, 1 clove garlic, finely chopped with ½ cup salad oil, ¼ teaspoon pepper, ½ cup soy sauce, 2 tablespoons vinegar and ½ teaspoon powdered ginger. Mix well.

This gives you 1½ cups of marinade. It may also be used as a basting sauce when grilling or roasting meat.

TART BARBECUE SAUCE

Hot dogs and hamburgers take on a spicy flavor when you use this sauce. Combine ¾ cup vinegar with 1 tablespoon sugar, ½ teaspoon salt, 1 teaspoon dry mustard and 1 teaspoon chili powder with a dash of cayenne pepper. Cook 3 minutes.

This makes ½ cup sauce for brushing on meat.

Peach of a Treat

Delicious cottage cheese, a protein food that is low in calories, combines well with other foods to make interesting salads, main dishes and desserts. Now that the peach season is here, try this Peach Cottage Cheese Delight as developed by the Borden Kitchen.

PEACH COTTAGE CHEESE DELIGHT

(Makes 6 to 8 servings)

2 tablespoons (2 envelopes) unflavored gelatine
½ cup sugar
¼ teaspoon salt
2 egg yolks, beaten
¾ cup homogenized milk
1 teaspoon almond extract
1 teaspoon vanilla extract
½ teaspoon nutmeg
3 cups (24-ounces) Borden's Creamed Cottage Cheese
2 egg whites
2 cups sliced peaches, sweetened
OR
1 (No. 2½) can sliced peaches, drained

In top of double boiler, combine gelatine, ¼ cup sugar and salt. Stir in beaten eggs and milk. Cook over hot water, stirring constantly until mixture thickens, about 5 minutes. Remove from heat. Add flavorings. Cool.

SIEVE COTTAGE cheese into a large bowl; stir in cooled gelatine mixture. Chill in refrigerator until mixture mounds slightly when dropped from a spoon. about 15 minutes. Beat egg whites until stiff but not dry; gradually add remaining sugar. Beat until very stiff.

Fold into cheese mixture. Pour into lightly buttered 2-quart mold. Chill in refrigerator 2 hours or until firm. Unmold. Serve with peaches. Garnish with strawberries, if desired.

Dress Up Everyday Foods

Does that pizza look a little less than luscious? Before placing in oven add some wedges of mozzarella cheese and ripe olive halves to make a pretty design on top.

A can of tomato soup will make a nice sauce for hamburgers prepared for supper. Top with dabs of sour cream and chives before they come to the table.

Any meat platter can be dressed up with cling peach halves into which you've put a spoonful of marshmallow creme and a half a pecan meat.

Whip together softened butter with ¼ cup of frozen orange juice concentrate and a bit of confectioners' sugar. Whip and serve fluffy mounds on pancakes or waffles.

Slivered fresh mushrooms and pimiento strips will dress up chicken or turkey heated in its own gravy.

Looking for something new in stew? Small onions, potato balls and Italian green beans change the picture.

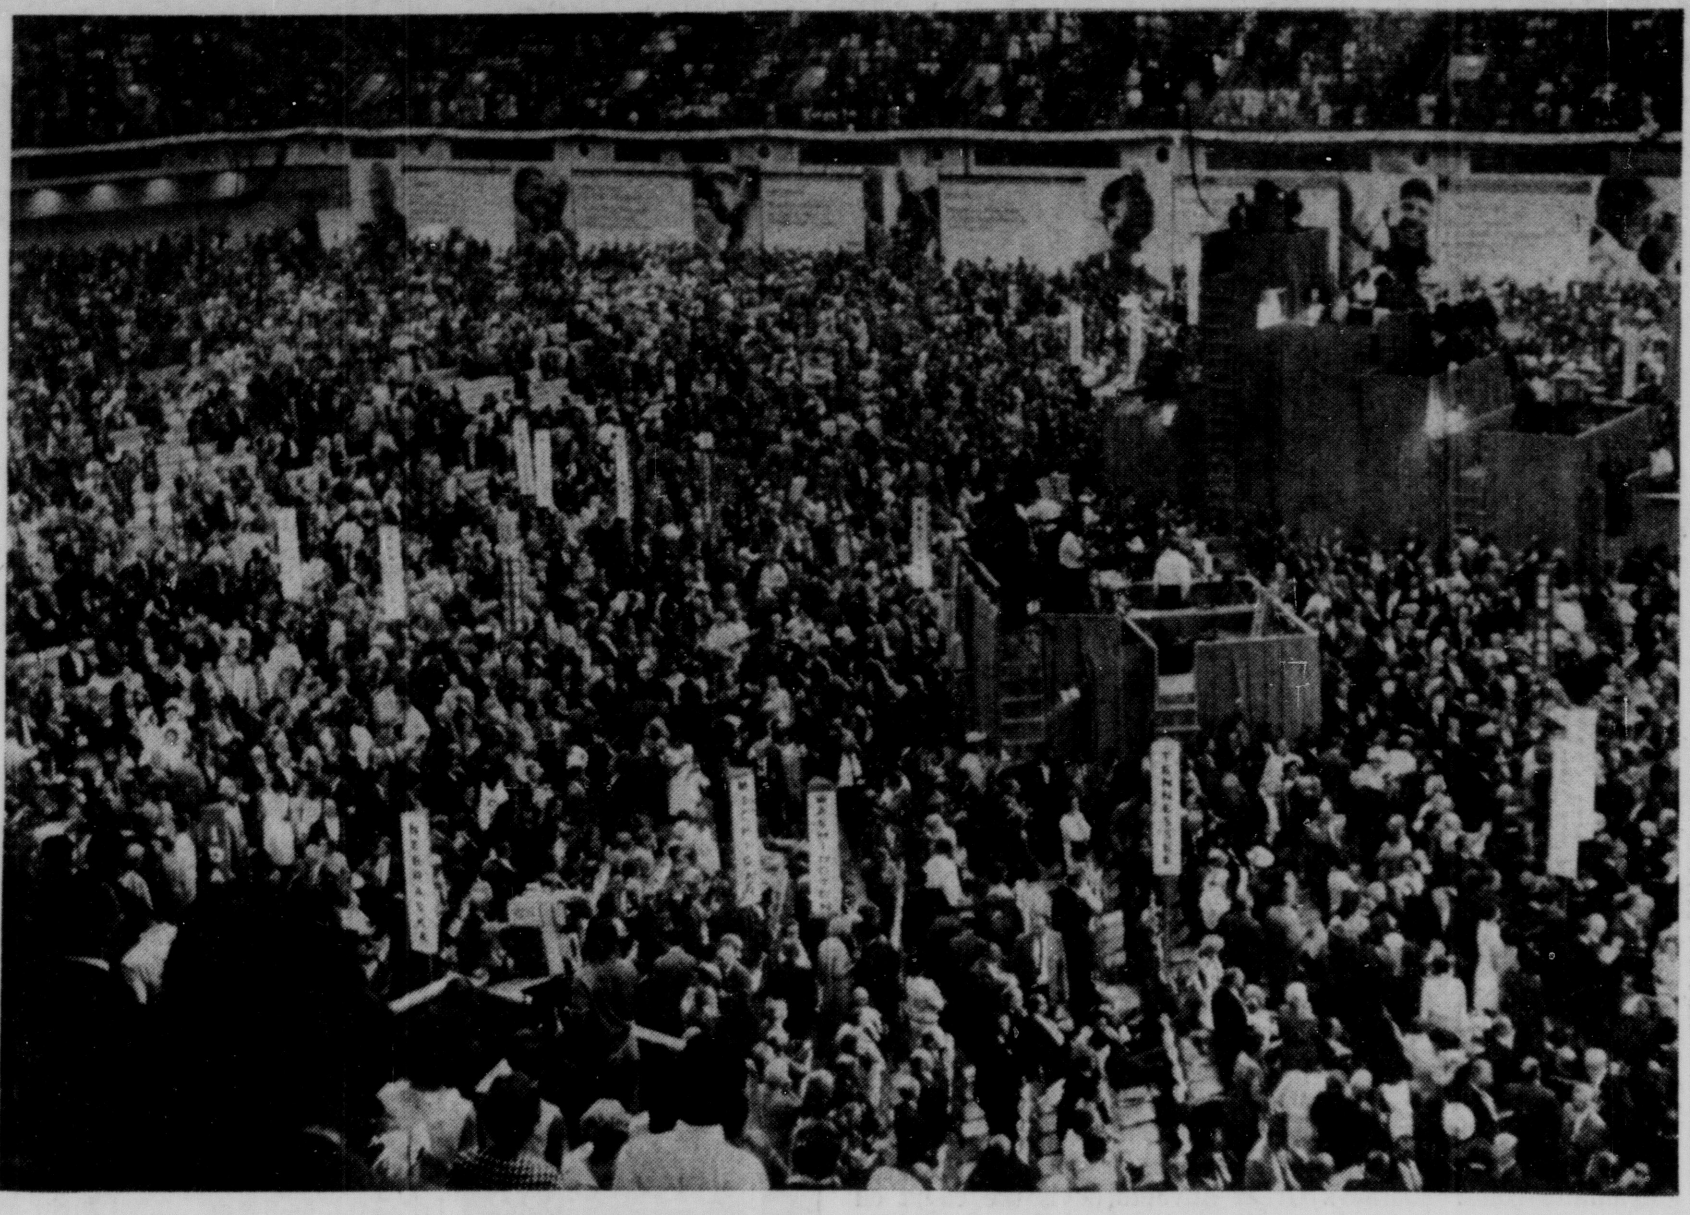
Delegates Optimistic on Chances in Suburbs



Delegates at Democratic Convention Cheer President Johnson

Predict Congress Victory

By ROBERT V. McCARTHY
Special to Paddock Publications

Atlantic City — The Illinois delegates from Cook County to the 1964 Democratic National Convention were optimistic about their party's chances in the Chicago suburbs . . . not only in 1964, but in the future as well.

"We're getting stronger there," assured Jerome Huppert, Cook County commissioner and a delegate from Illinois 13th Congressional District. "During the last eight years, the Democratic Party in the Chicago suburbs has been strengthened."

U. S. Sen. Paul H. Douglas expresses similar sentiments, but adds: "We have always had good people in the suburbs. The Democrats are poor people, and Republicans are incined to think rich people are good and poor people aren't good.

"Democrats, with all of their faults—and we have a lot of them—are the innovators," he said. "We have been such through the history of this country."

SEN. DOUGLAS said this is important to the suburbs because the suburbs need innovators. "Democrats aren't afraid to try something new."

He points to what he calls the "close-in" suburbs like Skokie, Niles, and Harvey where the Democrats have been picking up strength at a steady pace.

Raymond Krier of Niles Township, another Democratic delegate from the 13th District, thinks Democrats have to present a united front on local issues in the suburbs.

"That's what we did in Niles to overcome the Republican registration," he declared. But he agreed that Democratic Party personnel in Chicago suburbs are improving.

COMMISSIONER Huppert, however, thinks there is too much emphasis on differences between the urban and suburban areas of metropolitan communities.

"Eventually," he predicted, "you are going to see metropolitan government in Cook County."

Sen. Douglas is also concerned about this separation. "One of the worst features of the Goldwater campaign will be his effort to pit the cities and suburbs against each other," he said. "If the central city decays, the suburbs will suffer, too."

Douglas emphasized the mutual fate shared by the city and suburbs.

Commissioner Huppert is looking for the Democrats to score a big gain in the 13th Congressional District this year with the election of Lynn Williams, Democratic candidate for Congress.

"THIS GUY is fabulous," caimed Huppert, who thinks Williams is the type of Democrat who is emerging in suburbia. A businessman, he is past president of the Great Books Club, former vice president of the University of Chicago, and a graduate of Massachusetts Institute of Technology and Harvard Law School.

"If he wins, it will be the biggest upset in the Congressional elections in the entire country," said Huppert, who added: "And he will win!"

Delegates to this convention will provide an argument for Republicans who feel that suburbia is safe for Goldwater and Gubernatorial candidate Charles H. Percy.

In reply to a prediction by Harold Rainville, chief aide to U. S. Sen. Everett M. Dirksen, that Sen. Barry Goldwater will carry Chicago suburbs by a majority of 250,000 votes, Sen. Douglas said: "I think much more highly of the people in the suburbs."

RECALLING that President John F. Kennedy lost in these suburbs four years ago by only 100,000 votes, Douglas expects President Lyndon Johnson to do even better.

"The suburbs are largely Protestant," he explained, indicating the 1960 religious issue denied JFK of even more suburban votes. "And there is no religious issue this time."

While Douglas made no comment on Rainville's statement after the GOP convention that the suburbs are basically conservative, he does not think the Democrats will be hurt by what Rainville called the "middle cass rebellion" against high taxes and government spending.

"Eisenhower ran up the biggest peacetime deficit in history," recalled Douglas, who also disagreed that suburban GOP voters are upset over what Dirksen's aide called Negro militancy.

"I CAN'T BELIEVE," said Douglas, "that the people in the suburbs are against equal rights."

The Illinois Democratic senator plans to go into the suburbs this fall to campaign, and he thinks it will help if President Johnson campaigns in the suburbs.

Krier thinks Goldwater will hurt Percy's cause in the suburbs because of the Republican Presidential nominee's extreme views. The fact that Percy is making a major effort to win the suburban vote doesn't disturb the Niles committeeman. "I expect Gov. Kerner to work the suburbs just as hard as Percy," he said.

Commissioner Huppert said Kerner will maintain his strength in the suburbs.

"He came out of the 50th Ward in Chicago with a 24,000 majority," said Huppert, "and he did well in the northwest suburbs. He will again."

Oliver Dilks, Palatine Township committeeman, said Gov. Kerner redeemed every pledge he made in the 1960 campaign. Speaking of the GOP nominee, Dirks remarked: "...He talks like an adolescent."

Platform Architects Work With Suburb Voter in Mind

(Robert V. McCarthy is editor-in-chief of Dardanell Press, Inc., publishers of newspapers in Pittsburgh's eastern suburbs. He was in Atlantic City last week to report the 1964 Democratic National Convention for Paddock Publications as well as his own newspapers.)

by ROBERT V. McCARTHY

ATLANTIC CITY — A national political party platform is by necessity a brief statement of intent and accounting of stewardship spelled out in generalities with a limited amount of detail.

It isn't surprising, therefore, that the 1964 Democratic platform attempts to recognize the problems of the suburbs without much use of the words "suburbs" or suburban."

We have thumbed through this 85-page document in booklet form, and only once do we find the word "suburban'' and twice the word "suburbs."

McCarthy

This is so because the problems that confront the suburbs are the problems of others . . . in the cities and in some cases in the rural areas. These are the challenges ahead in protecting our national resources, air and stream pollution, urban renewal, mass transportation, education, and housing. They are properly noted in the 1964 platform of the Democratic Party.

Calling for more federal funds for education, it states:

". . .The demands on the already inadequate sources of state and local revenues place a serious limitation on education.''

It calls for exploring new methods of financial aid, and it proposes an expanded program of scholarships, loans and grants.

In the field of natural resources, this 1964 platform calls for projects developing municipal water supplies, recreation areas, and fish and wildlife enhancement. The Democrats also pledge to ". . .continue the attack we have launched on the polluted air that envelopes our cities and on eliminating the pollution of our rivers and streams.''

Suburban voters will be particularly interested in the plank devoted to the urban population. It predicts within the next 40 years the area of urban land and metropolitan population will double.

We know by now that the expansion the Democrats speak of will be for the most part in the suburban areas of the metropolitan complexes, and suburbanites can take heart that the platform recommends ". . .now is the time to redouble our efforts, with full cooperation among local, state and federal governments. . ."

They pledge to assist in broad community and regional development, urban renewal, mass transit and other programs for our metropolitan areas.

Thus it seems the Democrats have adequately recognized the presence of the suburbs and the problems they have. But these platform pledges really are nothing more than promises. That's all a platform pledge ever is, and it's worth nothing more than the amount of sincerity and dedication of the President and the Congress when the time comes to deliver.

There is, however, one way of measuring the worth of these pledges, and that's to study the record of how true these political promisers have been in the past in keeping their word. In 1960 the Democrats pledged to make possible the building of 2,000,000 homes a year by aiding the home building industry with special mortgage assistance. The Housing Act of 1961 was meant to do this. The Democrats maintain the annual construction rate has risen above 1.5 million units a year and is nearing the two million goal.

Seven hundred and fifty new urban renewal transactions have been approved since the start of the Kennedy-Johnson years, and a new below-market interest rate has been made available to encourage new rental housing for low and middle-income families.

The Democrats also point with pride in this platform to the Maternal and Child Health and Mental Retardation Amendments of 1963, as well as the Mental Retardation Facilities and Community Health Construction Act of 1963 as indications of their sincerity in the 1960 platform planks on public health.

Other accomplishments in the cities and suburbs that the Democrats claim have redeemed their 1960 promise are the Library Services and Construction Act of 1964; education grants totaling $153.1 million in federal funds to states for purchases of equipment and materials, and remodeling classrooms to strengthen instruction in science, mathematics and modern foreign languages; the Wilderness Bill; Water Conservation Fund Bill; Federal Water Pollution Control Act of 1961; and the 1961 Highway Act.

With all of this, however, it still remains for the Democrats to convince the voters of the sincerity of their 1964 pledges and their ability to deliver in the next four years, while it also remains for the Republicans to disprove them and convince the nation that their platform and their candidate hold out more to the United States.

So now the candidates have been chosen in both parties and the platforms written. The campaign begins, and across the country the American people will be charged with the grave responsibility of hearing the two parties and considering what they have to say. But they must also examine these platforms, for herein are the written words from which no deviation will be expected. . .nor should be.

Districting Verdict Suburb Boon: Douglas

by ROBERT V. McCARTHY

ATLANTIC CITY — The defense of the Supreme Court's mandate ordering reapportionment of the Illinois legislature under the one man-one vote principle is in the interests of Cook County suburbs.

This is the view of U. S. Sen. Paul H. Douglas, D-Ill., who is one of several liberals battling an effort in the Senate to force a delay in the high court's reapportionment mandate.

"The present apportionment," claims Sen. Douglas, "adversely affects the northwest suburbs of Chicago as well as several other suburban Chicago communities. They are under-represented now in the State Senate because of downstate rural domination of the Illinois House and Senate."

It's been estimated that a reapportionment of Illinois Senate districts along strict population lines would mean two more state senators for the city of Chicago, three more for the suburbs of Cook County, and three more for the fringe suburban areas surrounding Cook County.

"THE SUBURBS aren't as badly under-represented in Congress," said Sen. Douglas, "but they still don't have the voice in Congress they are entitled to. . . nor do the cities in our metropolitan areas."

Although there are Democrats in favor of delaying the effect of the Supreme Court mandate in the Germano case, Sen. Douglas said it is largely a Republican maneuver. His fellow Illinois senator, Republican Everett M. Dirksen, is the leader in the endeavor to delay the court's decision.

"By denying the suburbs their fair share of seats in the legislature, the Republicans are hindering the efforts of suburbs to solve their greatest problems," declared Douglas.

BECAUSE the suburbs don't have the representation they should have, explained the senator, they are unable to get legislation that will help them in the fields of water conservation, air pollution control, recreation and mass transportation.

Sen. Douglas is unimpressed with the argument that state senates should reflect the makeup of the U. S. Senate. "They aren't similar," he said.

"When the United States was formed from the original 13 colonies, the question was who was going to control the Congress," he said. The big states wanted representation based on population, but the small states wanted an equal voice

"Delaware threatened to break away and form an alliance with a foreign power, so to avoid this they compromised on two houses, one based on population, the other on an equal voice for all.

"BUT THESE were sovereign states," explained Sen. Douglas. "Political entities within a state, such as legislative districts, aren't sovereign but rather are creatures of the state."

While Sen. Douglas admitted that a one-house legislature such as exists in Nebraska has worked well there, he doesn't choose this as a solution to the disagreement over reapportionment of state legislatures.

"I believe in a large legislative body elected to short terms, and a smaller house like the state senates with longer terms of from 4 to 6 years. This," concluded Douglas, "leads to more mature consideration of legislation."

Applicants Sought

Applications are now being accepted for the 1965 Federal Service Entrance Examination, the U. S. Civil Service Commission has announced.

This examination, open to college seniors and graduates regardless of major study, as well as to persons who have had equivalent experience, offers the opportunity to begin a career in the Federal service in one of over 200 kinds of positions.

These positions are located in various Federal agencies both in Washington, D. C. and throughout the United States. A few overseas positions will also be filled.

DEPENDING on the qualifications of the candidates starting salaries for persons appointed from this examination will be $5,000 and $6,050 a year. A written test is required, except for those candiddates who have attained a sufficiently high score on the Graduate Record Examination Aptitude Test.

Applicants who file by September 17, 1964, will be scheduled for the first written test October 17, 1964. Six additional tests have been scheduled. The cosing date is April 15, 1965.

A limited number of Management Internships with starting salaries of $6,050 and $7,220 a year will also be filled from this examination. An additional written test is required and additional education or experience is required for the positions paying $7,220 a year.

APPLICANTS for these positions must file by Jan. 21, 1965.

New Exhibit to Open Countryside Season

A new exhibit of art works called "September View" opens the 1964-65 season at the Countryside Gallery beginning Sept. 8 and continuing until Oct. 1.

The show will include paintings, prints, drawings, sculpture, pottery, and handmade silver jewelry by 41 newly juried artists who will be represented in the gallery during the coming year.

There will be a reception to open the new year on Sunday, Sept. 13, from 1 to 4 p.m. to which the public is invited. Many of the participating artists will be present to greet and talk with interested visitors.

Of Countryside's 41 artists from 15 suburbs and Chicago are the following from Arlington Heights: Marge Brockman, Louise Elam, Patricia Laslo, Mary McDonald, Laster Rebbeck, Christine Siegfried, William Wimmer, and Aloise Zehner. Represented also are Win Jones and Maribe Hill of Barrington, and Ruth Adams Murray of Rolling Meadows.

A LARGE percentage of the gallery's artists are included in the 7th Annual Old Orchard Art Festival, Sept. 12 and 13. Both invitational and juried, this show is the only one of its kind in the Chicago area.

Beginning in January this year, various well-known artists, teachers, and critics comprising a selections committee recommended a total of 300 professional artists for the Art Festival, and of this group 130 were chosen by a jury of two painters and two sculptors.

Of this number, 13 are Countryside Gallery artists. They are Robert Appel, Chicago; Max Fleisher, Winnetka; Ethel Gellick, Chicago; Catherine Glosser, Niles; Helen Goldfus, Lincolnwood; Silvia Birch Halperin, Winnetka; Betty Jurgens, Chicago; Catherine Painter, Glenview; Belle Sanford, Highland Park; Barbara Schlenker, Deerfield; Alice Wright Uhlmann, Evanston; Janice Wetzel, Wilmette, and William Wimmer, who won honorable mention at Arlington Heights. Winner and Max Fleisher won honorable mention at Old Orchard last year.

CASH PRIZES donated by local businessmen and totaling $600 will be given as well as honorable mention awards.

All of the Countryside Gallery artists will have work for exhibit and sale at the gallery beginning Sept. 8. Gallery hours are from 1-4 p.m. Tuesday through Sunday. Please call 255-9718 during these hours for information concerning the gallery.

New Exhibit to Open Countryside Season

A new exhibit of art works called "September View" opens the 1964-65 season at the Countryside Gallery beginning Sept. 8 and continuing until Oct. 1.

The show will include paintings, prints, drawings, sculpture, pottery, and handmade silver jewelry by 41 newly juried artists who will be represented in the gallery during the coming year.

There will be a reception to open the new year on Sunday, Sept. 13, from 1 to 4 p.m. to which the public is invited. Many of the participating artists will be present to greet and talk with interested visitors.

Of Countryside's 41 artists from 15 suburbs and Chicago are the following from Arlington Heights: Marge Brockman, Louise Elam, Patricia Laslo, Mary McDonald, Laster Rebbeck, Christine Siegfried, William Wimmer, and Aloise Zehner. Represented also are Win Jones and Maribe Hill of Barrington, and Ruth Adams Murray of Rolling Meadows.

A LARGE percentage of the gallery's artists are included in the 7th Annual Old Orchard Art Festival, Sept. 12 and 13. Both invitational and juried, this show is the only one of its kind in the Chicago area.

Beginning in January this year, various well-known artists, teachers, and critics comprising a selections committee recommended a total of 300 professional artists for the Art Festival, and of this group 130 were chosen by a jury of two painters and two sculptors.

Village Theatre Starts Ticket Sale

Patron season memberships for Village Theatre of Arlington Heights are now on sale.

Season ticket holders are entitled to preferential seating for all plays, a choice of night for each production and a substantial savings over box office prices. Their names also will appear in the playbill if they enroll by Tuesday, Sept. 15.

THIS YEAR'S full-length plays are "The Gazebo" by Alec Coppell, a suspense comedy to be given Oct. 9 to 11 and 16 to 18; "Dinny and the Witches," a light commentary on mankind by William Gibson, author of "The Miracle Worker," scheduled for March 5 to 7 and 12 to 14 and "Mary, Mary," the popular sophisticated comedy b Jean Kerr, to be presented May 28 to 30 and June 4 and 5.

Patrons also receive complimentary tickets to the annual children's play.

Mrs. Al Estrella, CL 3-1819, is patron sales ticket chairman and may be called for further information. Last year 1,300 people from the northwest suburbs and Chicago were Village Theatre patron members.

Schedules Program On Picture Framing

Armand Lee Jr. of the Armand Lee & Co. Picture Framing Co. of Chicago will demonstrate proper picture framing Thursday, Sept. 10, at 8 p.m. in Pioneer Park fieldhouse, 500 S. Fernandez, Arlington Heights.

His demonstration was arranged by Countryside Art Center Inc. for its first meeting of the season. However, Barbara Houskeeper, program chairman, explained, the public is invited to join art center members for this program and may bring along any framing problems.

TEN GALLERY artists will attend, bringing unframed work, while Lee demonstrates framing possibilities with various type moldings.

Also an artist, Armand Lee Jr. has had 20 years of experience in the field. He is the second in a three-generation framing company, begun in 1941 by Lee and his father. The firm also maintains private collections throughout the country and restores and checks paintings for galleries, museums, artists and decorators.

Further information about the program may be obtained by calling the gallery at 255-9718, or the program chairman, Barbara Houskeeper, WI 5-2612.

Village Theatre Starts Ticket Sale

Patron season memberships for Village Theatre of Arlington Heights are now on sale.

Season ticket holders are entitled to preferential seating for all plays, a choice of night for each production and a substantial savings over box office prices. Their names also will appear in the playbill if they enroll by Tuesday, Sept. 15.

THIS YEAR'S full - length plays are "The Gazebo" by Alec Coppell, a suspense comedy to be given Oct. 9 to 11 and 16 to 18; "Dinny and the Witches," a light commentary on mankind by William Gibson, author of "The Miracle Worker," scheduled for March 5 to 7 and 12 to 14 and "Mary, Mary," the popular sophisticated comedy b Jean Kerr, to be presented May 28 to 30 and June 4 and 5.

Patrons also receive complimentary tickets to the annual children's play.

Mrs. Al Estrella, CL 3-1819, is patron sales ticket chairman and may be called for further information. Last year 1,300 people from the northwest suburbs and Chicago were Village Theatre patron members.

Schedules Program On Picture Framing

Armand Lee Jr. of the Armand Lee & Co. Picture Framing Co. of Chicago will demonstrate proper picture framing Thursday, Sept. 10, at 8 p.m. in Pioneer Park fieldhouse, 500 S. Fernandez, Arlington Heights.

His demonstration was arranged by Countryside Art Center Inc. for its first meeting of the season. However, Barbara Houskeeper, program chairman, explained, the public is invited to join art center members for this program and may bring along any framing problems.

TEN GALLERY artists will attend, bringing unframed work, while Lee demonstrates framing possibilities with various type moldings.

Also an artist, Armand Lee Jr. has had 20 years of experience in the field. He is the second in a three-generation framing company, begun in 1941 by Lee and his father. The firm also maintains private collections throughout the country and restores and checks paintings for galleries, museums, artists and decorators.

Further information about the program may be obtained by calling the gallery at 255-9718, or the program chairman, Barbara Houskeeper, WI 5-2612.

Eight Students Get Degrees

Eight area residents are among the summer graduating classes of three universities.

Six received degrees from Drake University.

Included in the Drake graduates were David W. Lange, 710 Waikiki Drive, Des Plaines, M. A. in biology in the college of liberal arts; Karen Ann Welin, 229 Geneva, Elmhurst, bachelor of music; Mary Elizabeth Clever, 2140 Forestview road, B. S. in education, and Woodrin Eugene Kee, 1711 Lake Street, B. A. in political science, both of Evanston; Phillip Ray Grimm, 807 S. Maple, in Mount Prospect, B. A. in history; and David L. Roberts, 1423 S. Norman Drive, Palatine, B. S. in business administration.

PAUL HOWARD Tetzner of Roselle was among students in a record summer class of 573 candidates for baccalaureate and advanced degrees to graduate from the University of Oregon recently.

Tetzner received a M. A. degree from the school.

Lois Ann Westerberg, Route 1, Palatine received her B. S. degree in electrical engineering from Ohio University during that school's 205th commencement Aug. 22.

She was among 509 students granted degrees at the exercises.

At Art School

Two students from Arlington Heights and two from Mount Prospect participated in the last of three week - long art schools held this summer at Allerton House, University of Illinois conference center. Those attending included Christine Drachman, 825 N. Patton, and Jeff Platt, 806 N. Kennicott Ave., both of Arlington Heights, and Linda Kidd, 1813 Bonita Ave., and Sherry Doane, 1201 Cleven Ave., both of Mount Prospect.

Student Excels At Rensselaer

Raymond J. Hughes, son of Mr. and Mrs. Raymond Hughes, 110 Pleasant Hill Blvd., Palatine, has been named to the dean's list for scholarship achievement during the past term at Rensselaer Polytechnic Institute, founded in 1824 and recognized as the first institution to award engineering degrees, starting in 1835.

In announcing the academic honors, Dean Ira E. Harrod noted that 795 students of the 2,903 undergraduates earned high scholastic averages. Forty-seven students compiled perfect averages last term.

To earn a place on the Dean's List at Rensselaer a student must have maintained an average during the semester of 3.0 (B) or better. The highest average a student at Rensselaer can attain is 4.0 (A).

Orientation Calls Two

Two area students will participate in a five-day orientation program before beginning classes Sept. 18 at Carroll College in Waukesha, Wis.

Roger A. Miller, 1357 S. Norman Drive, and Marilyn Beckker, 119 N. Emerson St., Mount Prospect, will start the program Sept. 13.

At Oklahoma

Michael Minkoff, 601 N. Eastwood, Mount Prospect, has completed an intensive study on computers at the University of Oklahoma in Norman. He is an undergraduate at the University of Wisconsin and was among 27 students who used the Oklahoma facilities for mathematics study in a non-credit science education program sponsored by the National Science Foundation. IN THE LATE 1830's, an American pioneer family takes their homemade raft down the Ohio River in the Metro-Goldwyn-Mayer-Cinerama production, "How the West Was Won." Shown, left to right, are Agnes Moorehead, Debbie Reynolds, Kimm Charney and Carroll Baker. Karl Malden is at the stern with Bryan Russell in foreground. The picture, filmed in Metrocolor on locations covering nine states, has a cast of 24 stars. It opens tomorrow (Friday) at the Des Plaines and Arlington Theatres. Matinees are scheduled at the Arlington tomorrow, Saturday, Sunday and Monday.

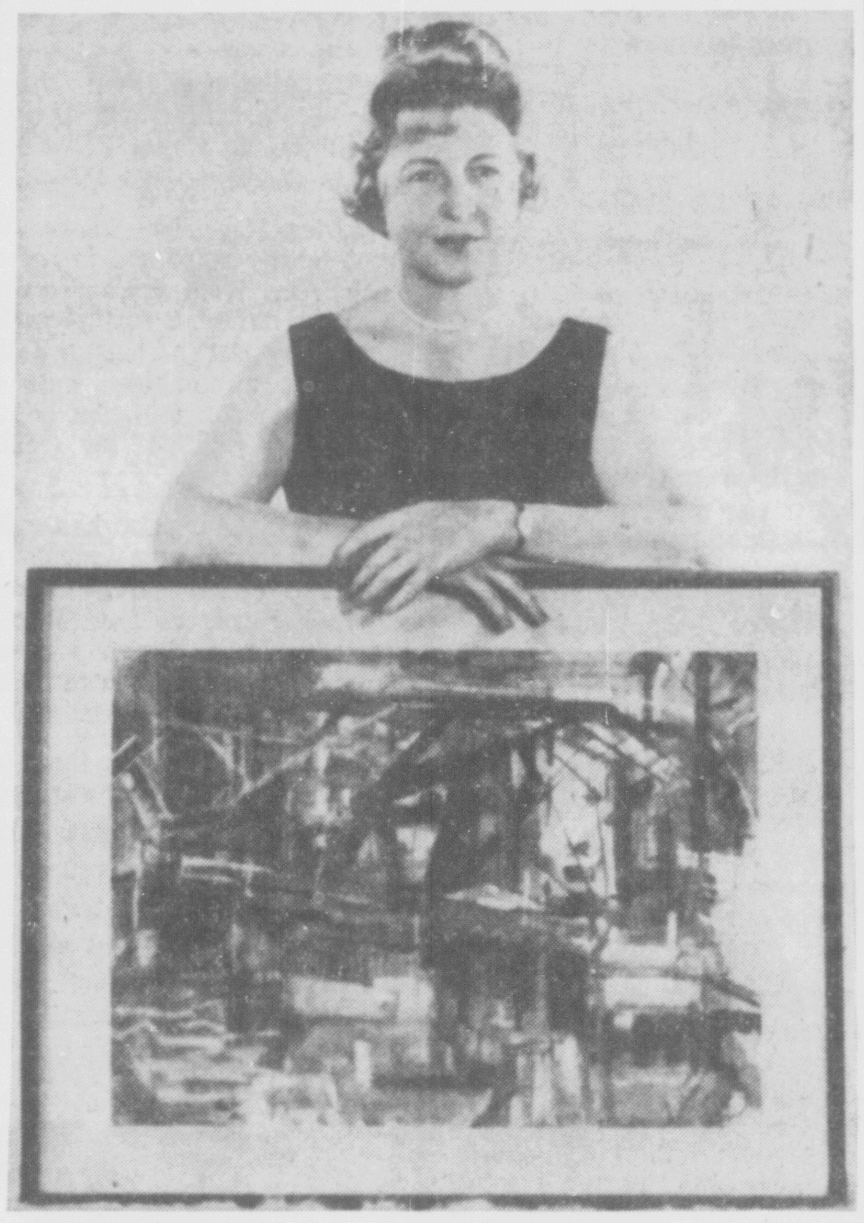
Two Artists Show Works in Suburbs



CAROL CRITCHFIELD of Riverside is one of two leading Chicago area artists exhibiting works at Baird & Warner's Mount Prospect office, 21 E. Prospect Ave., and at the Countryside Gallery, 10 W. Miner St., Arlington Heights. (BILL

Paintings by two leading artists are currently on display at the Mount Prospect office of Baird & Warner, 21 E. Prospect Ave.

The artists are Carol Critchfield of Riverside and Charlotte Pollari of Westchester, both of whom exhibit throughout the year at the Countryside Gallery, 10 W. Miner St., Arlington Heights.

CAROL Critchfield has staged several one-man shows, including the Art Institute, where she has studied. Her training also includes private tutoring under Eleanor Coen and George Rocheloeau. Since 1963, she has won numerous prizes at shows through ut the metropolitan Chicago area.

Charlotte Pollari was recently awarded the Art League "Best in Show" for the 1962-64 in Austin, Oak Park, and River Forest. Trained at the Art Institute and Academy of Art, she has also been tutored by such artists as Rudolph Pen, Martyl and George Rocheleau.

The public is invited to view the works of both painters at the Baird & Warner office and Countryside Gallery. (Bill

'Moon Is Blue' on Pheasant Run Bill

Margaret O'Brien and James MacArthur will star in the F. Hugh Herbert comedy, "The Moon Is Blue," opening at Pheasant Run Playhouse Friday, Sept. 11, and running through Sept. 20.

Miss O'Brien is a 22-year veteran of show business, having started her career when she was four years old. At the age of seven, she took an academy award as the outstanding child actress of 1944 for her performance in "Meet Me in St. Louis." She is among the few juvenile actresses to have successfully bridged the gap from child star to mature young actress.

Her co-star, James MacArthur, is the son of actress Helen Hayes and the late playwright-journalist Charles MacArthur.

FEATURED in the play will be Bill Morey, well known to Pheasant Run theatre-goers. He has appeared in four of the six productions so far this season.

Dan Dailey will continue in "Anniversary Waltz" at the dinner-theatre playhouse in St. Charles through Sunday.

In the children's theatre presentations, "The Red Shoes," starring Sheila Antill as Karen, the dancer, will be presented each Saturday at 2 p.m. for the next five weeks.

Golf Mill to Offer 'What a Way to Go'

The first musical comedy of the fall season, "What A Way To Go," will open tomorrow (Friday) at the Golf Mill Theatre. Its all-star casts includes Shirley MacLaine, Paul Newman, Robert Mitchum, Dean Martin, Gene Kelly, Bob Cummings and Dick Van Dyke.

Shirley MacLaine wears the most costly wardrobe in movie history in "What A Way To Go" with 72 different costumes designed by Oscar-winning Edith Head at a combined cost of more than $500,000. She has a matching coiffure for each wardrobe change.

Miss MacLaine also has quite a challenge in the range of emotions of her part. She portrays her role as Louisa as a 12-year old, a 17-year old and progressively later, as the wife of her six leading men.

The film will be on the Golf Mill screen at five performances daily during the Labor Day weekend. Coffee is served every evening in the theatre's TV lounge and the current art exhibit is by Joyce Pollakoff. (Bill

APEARING IN THEIR first full length motion picture are the crew of "McHale's Navy," the popular television comedy series. In the first row, left to right, are Tim Conway, Ernest Borgnine and Joe Flynn. Middle row stalwarts are Billy Sands, Gavin MacLeod and Yoshio Yoda, and in the top row, Edson Stroll, Gary Vinson, Carl Ballatine and John Wright. The Universal Pictures release is playing Friday and Saturday at the Catlow Theatre. (BILL

ROBERT MITCHUM plays one of Shirley MacLaine's five husbands in the CinemaScope-De Luxe color comedy, "What a Way to Go!", starting tomorrow (Friday) at the Oasis Drive-In Theatre. The film also stars Paul Newman, Dean Martin, Gene Kelly, Bob Cummings and Dick Van Dyke.

'Gigi' Is First Selection of Lombard Players

The Lombard Park Players have completed selection of their plays for the 1964-65 season.

"Gigi," in its original form will be presented on November 6 and 7. John D. Lamon, Lombard, is directing this play. He has put out a casting call to anyone interested in trying out for a part. Tryouts are to be held on Tuesday, Wednesday, and Thursday, Sept. 8, 9, and 10, at 7:30 p.m. in the Lombard Community House.

The other selections are "Alice In Wonderland," a children's play set for March 6 and 7, and "Kiss Me Kate," the season's musical, scheduled for May 14, 15, and 16.

Anyone interested in becoming a member of the Lombard Park Players may do so by contacting Dolette Ahlgrim, membership chairman, 627-4706.

WANT AD INFORMATION

DEADLINES

Classified advertising now appearing in Thursday editions, can also be scheduled in Sunday Suburbanite at the same time at advantageous discount. No classified advertising will be accepted for just the Sunday Suburbanite, without also appearing in the Thursday editions.

Tuesday at 3 p.m. for Thursday editions, and for Thursday-Sunday combination. Ads received until 10 a.m. Wednesday will appear in "Too late to Classify" section of Thursday editions. Thursday at Noon for Sunday Suburbanite for Sunday-Thursday insertions.

RATES

Reader classified rates: 20c a word first insertion, 17c a word repeated consecutive insertions. Minimum charge for any ad $2.00.

Display classified rates: $4.90 per col. inch first insertion, $4.20 per col. inch repeated consecutive insertions.

We also offer a contract rate to display classified advertisers. Special introductory offer, for limited time only, 50% discount on classified advertising appearing in the Sunday Suburbanite in addition to the Thursday editions.

BLIND ADS

A $1 service charge will be made for all ads when replies are to be received through this newspaper.

ADJUSTMENTS

If your ad appears incorrectly, notify us immediately. We accept responsibility for the first incorrect insertion only. Such responsibility is limited to such a proportion of the entire cost of the advertisement as the space occupied by the error bears to the entire space of the advertisement.

GENERAL INFORMATION

Ads will be taken over the telephone on a charge basis if the advertiser is listed in the phone book, or a subscriber to one of our newspapers. All ads appearing under "Situations Wanted" classification must be paid in advance.

WHEELING . . . AND DEALING

How much do you plan to invest in a down payment on a home of your own?

$100?
For this small sum you may choose from a number of three bedroom ranch homes, many with garages, basements and other plus features. 5¼% financing means painless monthly payments, and quick possession can be arranged. Call for details.

$1000?
Several fine three bedroom properties await your inspection. All are in desirable neighborhoods near schools and shopping centers. Our favorite has a modern cabinet kitchen, 1½ baths, carpeting, separate dining area, an oversized 1½-car garage, cyclone fenced yard and is in excellent condition inside and out.

$10,000 or more?
Those of you who are investors will surely be interested in our income properties or close in acreage. Better than normal returns can be anticipated from a wise investment now in real estate with a good growth potential. Our apartments are modern and have excellent rental histories. The vacant property has desirable location, sewer and water availability, attractive zoning.

A call to one of our representatives will bring full details on any of these offerings.

WHEELING . . . AND DEALING

How much do you plan to invest in a down payment on a home of your own?

$100?

For this small sum you may choose from a number of three bedroom ranch homes, many with garages, basements and other plus features. 5¼% financing means painless monthly payments, and quick possession can be arranged. Call for details.

$1000?

Several fine three bedroom properties await your inspection. All are in desirable neighborhoods near schools and shopping centers. Our favorite has a modern cabinet kitchen, 1½ baths, carpeting, separate dining area, an oversized 1½-car garage, cyclone fenced yard and is in excellent condition inside and out.

$10,000 or more?

Those of you who are investors will surely be interested in our income properties or close in acreage. Better than normal returns can be anticipated from a wise investment now in real estate with a good growth potential. Our apartments are modern and have excellent rental histories. The vacant property has desirable location, sewer and water availability, attractive zoning.

A call to one of our representatives will bring full details on any of these offerings.

IF YOU ARE A YOUNG MAN LOOKING FOR A GOOD FUTURE

THERE IS A GOOD OPPORTUNITY HERE.

As a world known manufacturing company, we are in need of a capable, ambitious young man, (20-35) who has at least a high school education, (with possibly some college) to work into a very important position.

The job consists of meeting and selling architects, general contractors, school teachers and a wide range of people in all walks of life. In addition, mechanical drawing will be required to make all drawings of our wide range of products.

Because the company is growing and expanding rapidly and having just moved to the Northwest area, the opportunity is excellent for advancement within the company.

IF YOU ARE A YOUNG MAN LOOKING FOR A GOOD FUTURE

THERE IS A GOOD OPPORTUNITY HERE.

As a world known manufacturing company, we are in need of a capable, ambitious young man, (20-35) who has at least a high school education, (with possibly some college) to work into a very important position.

The job consists of meeting and selling architects, general contractors, school teachers and a wide range of people in all walks of life. In addition, mechanical drawing will be required to make all drawings of our wide range of products.

Because the company is growing and expanding rapidly and having just moved to the Northwest area, the opportunity is excellent for advancement within the company.

Five Drivers Have Licenses Revoked

Five area residents had driving privileges revoked by the secretary of state this week because of driving while intoxicated.

The licenses and driving privileges of eight other persons were suspended, eight for having three moving violations within a 12-month period and one for violating a restriction on the license.

Probationary driving permits were granted to five motorists whose licenses were suspended previously but who did not have a total point accumulation of 62 points.

Those whose licenses were revoked were John A. Bever, 2965 Walter, Northbrook; William E. Hawkins, 620 N. Hickory, Arlington Heights; Dick Miller, 1139 Pratt Drive, Palatine; Jane L. Starur, 2100 Quail Lane, Rolling Meadows, and Ned Walker, Arlington Track, Arlington Heights.

THE LICENSE of Adan L. Ayala, 263 N. Quentin Road, Palatine, was suspended for violating a restriction on it.

Those whose licenses were suspended for having three moving violations included Donald J. Massey, 110 S. Chestnut, Streamwood; Bradley A. Smith, Box 36; Robert T. Helt, 1260 Church St., and Kalvis Krumins, 627 Greenwood Ave., all of Northbrook; Paul H. Kress, 3104 Martin Lane, Rolling Meadows; Frank C. Mata, 224 S. Milwaukee, Wheeling; George J. Garbacz, 165 St. Mary's Pkwy., Buffalo Grove, and Roland C. Strom, 2373 Irene Drive, Palatine.

Suspension of the license of Roger L. Banner, 142 W. Slade St., Palatine, was rescinded upon review of the record which disclosed that information received from the Municipal Court of Chicago was incorrectly coded as a conviction when in fact Banner was found not guilty. His record, therefore, does not show reports of conviction for three or more moving traffic violations within a year.

Probationary permits were granted to Garold W. Elledge, 115 E. Thomas St., and Roger W. Snow, 801 E. Marion St., both of Arlington Heights; Robert P. Lawrence, 704 W. Dempster, and James A. Esbrook, 810 Elmhurst Road, Mount Prospect, and John J. Zygala, 111 N. Wolf Road, Wheeling. A15

Prepare Study on Midstate Highway

A safety and traffic study showing the need for a limited access highway within a 50-mile corridor from the Illinois-Wisconsin state line to a connection with the new Interstate 57 near Centralia will be ready for presentation on Sept. 17.

John H. Crocker, general chairman of the Midstate (No-So) Expressway Committee, said that it will be given to his committee on that date by an engineering advisory committe headed by Gordon Lindquist, director of safety and traffic for the Chicago Motor Club. Crocker is chairman of the Board of Directors of the Decatur Citizens National Bank.

A general committee meeting will be held at Starved Rock State Park Lodge, noon, Sept. 17. After approval of the presentation, Crocker said it would be delivered in person by the project's steering committee to Governor Otto Kerner.

The steering committee consists of vice chairman from seven regional areas between Rockford and Centralia. It met Aug. 4 in Decatur and approved the presentation with suggestions for added data on the corridor's future highway safety and industrial development.

Lindquist, assisted by E. M. Chastain, consulting highway engineer from Decatur, will have the enlarged study completed for the Starved Rock State Park meeting, according to Crocker.

Others on the steering committee are: O. T. Banton, retired legislative correspondent for the Lindsay - Schaub newspapers, who is chairman of the Illinois Highway Study Commission created by the 1963 General Assembly; Charles Summerfield, president of the City National Bank and Trust Company, Rockford; C. D. Charlton, president of the LaSalle National Bank, LaSalle; E. G. Moody, Bloomington city manager; Harrison Mansfield, executive vice president of the Peoples Bank of Pana; H. E. Rogier, president of the First National Bank of Vandalia; and Forrest D. Sprehe, of the Centralia Cartage Company.

The general committee consists of 193 chairmen and members from the 34 counties touched by the 50-mile north-south corridor. (A15

Five Drivers Have Licenses Revoked

Five area residents had driving privileges revoked by the secretary of state this week because of driving while intoxicated.

The licenses and driving privileges of eight other persons were suspended, eight for having three moving violations within a 12-month period and one for violating a restriction on the license.

Probationary driving permits were granted to five motorists whose licenses were suspended previously but who did not have a total point accumulation of 62 points.

Those whose licenses were revoked were John A. Bever, 2965 Walter, Northbrook; William E. Hawkins, 620 N. Hickory, Arlington Heights; Dick Miller, 1139 Pratt Drive, Palatine; Jane L. Starur, 2100 Quail Lane, Rolling Meadows, and Ned Walker, Arlington Track, Arlington Heights.

THE LICENSE of Adan L. Ayala, 263 N. Quentin Road, Palatine, was suspended for violating a restriction on it.

Those whose licenses were suspended for having three moving violations included Donald J. Massey, 110 S. Chestnut, Streamwood; Bradley A. Smith, Box 36; Robert T. Helt, 1260 Church St., and Kalvis Krumins, 627 Greenwood Ave., all of Northbrook; Paul H. Kress, 3104 Martin Lane, Rolling Meadows; Frank C. Mata, 224 S. Milwaukee, Wheeling; George J. Garbacz, 165 St. Mary's Pkwy., Buffalo Grove, and Roland C. Strom, 2373 Irene Drive, Palatine.

Suspension of the license of Roger L. Banner, 142 W. Slade St., Palatine, was rescinded upon review of the record which disclosed that information received from the Municipal Court of Chicago was incorrectly coded as a conviction when in fact Banner was found not guilty. His record, therefore, does not show reports of conviction for three or more moving traffic violations within a year.

Probationary permits were granted to Garold W. Elledge, 115 E. Thomas St., and Roger W. Snow, 801 E. Marion St., both of Arlington Heights; Robert P. Lawrence, 704 W. Dempster, and James A. Esbrook, 810 Elmhurst Road, Mount Prospect, and John J. Zygala, 111 N. Wolf Road, Wheeling. A15

Prepare Study on Midstate Highway

A safety and traffic study showing the need for a limited access highway within a 50-mile corridor from the Illinois-Wisconsin state line to a connection with the new Interstate 57 near Centralia will be ready for presentation on Sept. 17.

John H. Crocker, general chairman of the Midstate (No-So) Expressway Committee, said that it will be given to his committee on that date by an engineering advisory committe headed by Gordon Lindquist, director of safety and traffic for the Chicago Motor Club. Crocker is chairman of the Board of Directors of the Decatur Citizens National Bank.

A general committee meeting will be held at Starved Rock State Park Lodge, noon, Sept. 17. After approval of the presentation, Crocker said it would be delivered in person by the project's steering committee to Governor Otto Kerner.

The steering committee consists of vice chairman from seven regional areas between Rockford and Centralia. It met Aug. 4 in Decatur and approved the presentation with suggestions for added data on the corridor's future highway safety and industrial development.

Lindquist, assisted by E. M. Chastain, consulting highway engineer from Decatur, will have the enlarged study completed for the Starved Rock State Park meeting, according to Crocker.

Others on the steering committee are: O. T. Banton, retired legislative correspondent for the Lindsay - Schaub newspapers, who is chairman of the Illinois Highway Study Commission created by the 1963 General Assembly; Charles Summerfield, president of the City National Bank and Trust Company, Rockford; C. D. Charlton, president of the LaSalle National Bank, LaSalle; E. G. Moody, Bloomington city manager; Harrison Mansfield, executive vice president of the Peoples Bank of Pana; H. E. Rogier, president of the First National Bank of Vandalia; and Forrest D. Sprehe, of the Centralia Cartage Company.

The general committee consists of 193 chairmen and members from the 34 counties touched by the 50-mile north-south corridor. (A15
